Successful Mothers March on Polio Brings in $1,139.48 Thursday

With $5,001.44 turned in up to Tuesday afternoon, and with returns from the city of Thief River Falls and rural areas of the county still incomplete, A. F. Berge, chairman of the Pennington county March of Dimes polio fund campaign, predicted that when all solicitors have filed their reports, the drive will have achieved its goal of approximately $6,000.

Helping materially to make the excellent showing was the highly successful Mothers March on Polio in the residence districts last Thursday evening, which brought in $1,139.48, more than $200 above the 1952 figure.

Approximately 100 women, representing seven local organizations, served as solicitors under the direction of Mrs. Elmer Zachar and Mrs. Orris Johnson. Alvin Christofferson, Glenn Carlson and Cliff Bjorkman drove the women to their assigned areas, and when the canvass was completed at 9:30, M. C. Gulbranson, A. F. Berge and Lucian Krause served lunch to the group.

Berge praised both the solicitors and the public for their hearty cooperation. He also lauded Mrs. Adam Lendobeja, rural chairman, and her solicitors, who to date have turned in collections totaling $1,160.95.

Nearly half of the total receipts, or $2,276.01, was collected in the Thief River Falls business district, where Steve Austin served as chairman. Other collections include the city schools, $307.02; rural schools, $44.98; rural clubs, $107.15; and 4-H clubs, [illegible]

Alvin Christofferson, publicity chairman, who also had charge of the radio polio show scheduled for Saturday, February 7, announced this week that the show, a regular feature of past polio campaigns in this city, had been canceled due to conflicting engagements.

Cross-Eyed Child Suffers Needlessly, Expert Says

A cross-eyed child suffers a needless handicap—he can be helped, says Pauline Brimhall, health specialist, University of Illinois. The younger the child, the easier it is to help him.

Don't assume, as many do, that the young child will just out-grow crossed eyes. He won't. Don't assume either, Miss Brimhall warns, that because one or both eyes turn only occasionally, or when the child is tired, it is unimportant. Many cases of "squint" are of this type.

The important thing is to have the child examined by a competent specialist when he is young. Some forms of treatment can be started as early as the age of one year. If treated early, preferably before the child is four years old, crossed eyes can usually be corrected.

The eye specialist may recommend glasses, exercises for the eye muscles, placing a patch over the good eye or possibly an operation. "The operation is not dangerous. Its effect on the child is about like a tonsil removal," according to a recent statement by the

Soaring

Soaring, as a sport as well as a science, was largely neglected in the first two decades of the aviation age, in favor of motor-powered aircraft. By the middle 1920's, however, its revival was being sparked by Germany. Soaring clubs sprang up across Europe. Slowly records crept upward in endurance, from minutes to hours, in distance, from tens of miles to hundreds, in height, from hundreds of feet to thousands. Headquarters of soaring in the United States has long been Harris Hill near Elmira, New York. Until 1942, there were only a handful of sailplane owners in this country, but World War II taught thousands of pilots to handle gliders. Today, scattered across the U.S., are dozens of soaring clubs. High altitude eddies such as the Sierra Wave are known to occur in other parts of the world, as when gales from the Mediterranean sweep across the Alps. Americans, however, have been the first to ride them. On the wings of the wind alone, daring pilots are soaring half again as high as the top of Mount Everest, world's highest mountain.

Cub Scout Leader Training Course in Progress Here

Second Session Tonight in Scout Room in Trinity Parish Education Bldg.

The first session of a Cub Scout leaders basic training course for cubbers in Thief River Falls was held January 26. This session, entitled Cub Scouting fundamentals, explained the history of the Boy Scouts of America. It also explained the organization of a Cub Scout pack and how a pack functions.

The second session of the course will be held in the new scout room of the Trinity Lutheran church tonight, February 4 at 8 o'clock. This session, entitled program planning, will teach the Cubbers how to plan their den and pack meeting programs through the use of literature provided them by the Boy Scouts of America.

Remaining sessions will be held on Tuesday, February 10, February 17, and February 26. Included in these meetings will be sessions on den meetings, den meeting place, achievement plan, den mother, den chief relationship, pack administration, and pack meeting.

These courses are not restricted to registered Cubbers, but any parents that wish to attend and find out a little more about the program of Cub Scouting are welcome to attend.

Those that attended the first meeting were Dennis G. Wegge, Neal S. Fox, Kenneth Nelson, Harvey Hanson, John Vondrachek, Mrs. A. O. Stokke, Mrs. Helen Wedul, Mrs. Kenneth Nelson, Mrs. Raymond Rambeck, Mrs. Millard Nelson, Mrs. Julius Borchert and Mrs. Robert Nick.

Morris Owen, leadership training chairman for the Pen-Ro-Shall district, and Axel J. Korsmoe, field scout executive, are in charge of the course.

Clouse Sisters Win WCTU Silver and Gold Medals

A double WTCU speech contest was held recently in the Black River church. Mrs. Martin Mosbeck of St. Hilaire, member of the local organization was in charge in the absence of Mrs. Basil Westacott.

Miss Phyllis Clouse won the gold medal on the selection, "The Last Entry."

And Mary Clouse, her sister, was awarded the silver medal for her interpretation of "My Car and Whiskey Killed a Baby."

A number of contests will be held locally in the near future. They will include silver, gold and pearl events.

The district hopes to have a diamond contest at the district convention which will be held in Thief River Falls in June, said Mrs. Westacott.

Christ Engen, Ringbo Pioneer, Buried at Holt

Christian Engen, Holt community pioneer, became ill on January 7th and passed away Saturday, Jan. 24, at Northwestern Hospital, Thief River Falls, at the age of 79.

Born in Norway, April 10, 1873, he came to America at the age of 7 years with his parents and settled near Warren for awhile. In 1889 they moved to Ringbo where his father was postmaster and Christ was his assistant.

In 1898 he homesteaded in Holt township and lived there until his death. He was supervisor on the township board for several years. He also was a member of the Emanuel Lutheran church of Ringbo.

On Nov. 7, 1900 he was united in marriage to Serina Offerdahl, at Ringbo. Left to mourn his passing are his wife and three children, Harry of Holt, Mrs. Florence Matjala of Tacoma, Wash., and Mrs. Sam Brown (Gladys) of Mayville, N. D.; twelve grandchildren and one great grand child, also one sister, Mrs. Alice Hammarsten of Thief River Falls. His parents, three brothers, four sisters, and three grandchildren preceded him in death.

Funeral services were held Jan. 29, at the Emanuel church at Ringbo with Rev. Reinhard Peterson of Greenbush officiating and burial was made at the Holt cemetery.

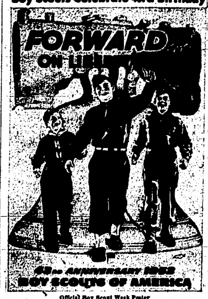
Boy Scouts Celebrate 43rd Birthday



Official Boy Scout Week Poster

Boy Scout Week, Feb. 7 to 13, marking the 43rd anniversary of the Boy Scouts of America, will be observed throughout the nation by more than 3,250,000 boys and adult leaders. Since 1910, more than 20,200,000 boys and men have been members.

"Forward on Liberty's Team" is the birthday theme and the emphasis is on "The Scout Family" of programs meeting the interests of boys in three age groups: Cub Scouting for boys 8, 9 and 10; Boy Scouting for those 11, 12 and 13 and Exploring for boys 14 and up.

The high point of Scouting in 1953 will be the third National Jamboree. More than 50,000 Boy Scouts will camp at a 3,000-acre tent city on the Irvine Ranch in the Newport Harbor area of southern California next July 17 to 23.

Services for Paul G. Stock Held Here Today

Paul G. Stock, a resident of Goodridge for the past 37 years, passed away at a local hospital on February 1. He was 65 years of age. Funeral services were held at St. John's Lutheran church at one o'clock this afternoon, with Rev. Floyd Kruger of Warren officiating. Final rites will be conducted at the German Lutheran church at Ortonville Thursday afternoon at two o'clock. Rev. Walter Going will be in charge of the latter service and the interment in the Evangelical Lutheran cemetery at Odessa.

The deceased was born at Odessa July 11, 1887, was baptized and confirmed in the Lutheran faith and grew to manhood there. His marriage to Miss Bertha Pomerenke took place in October, 1913. They farmed near Middle River until 1915 when they moved to Grand Plain township which has since been their home. He was a member of the school and township boards for many years and also was trustee of the Zion Lutheran church.

Surviving are two sons and two daughters: Lehart of Goodridge; Hulda of St. Paul; Rueben of Peridot, Arizona; and Grace of Odessa. He is also survived by his mother, Mrs. Johanna Stock of Odessa and the following sisters and brothers: Emil, Ewald, and Gustav of Odessa; Mrs. Paul Struck of Nassau, Minn.; and Mrs. Gust Pansch of Odessa. His wife, his father, and one brother have preceded him in death.

Eagles Aerie to Note Its Birthday

Banquet and Initiation Set for Tuesday Night

Feb. 6, 1898 the Fraternal Order of Eagles was instituted by six theatre owners who met in Seattle, Washington. In the 55 years since its inception the order has grown to over one and a half million members with Aeries in every state in the union as well as in Canada and U. S. insular possessions, with over 1800 individual Aeries and 600 Auxiliaries.

The local Aerie will commemorate a dual anniversary on Tuesday, Feb. 10th, both the 55th anniversary of the Order as well as their own 12th birthday. The local lodge was instituted Feb. 9th, 1941 and has grown to nearly 1,000 members. A banquet will be held at 6 o'clock in the Eagles auditorium. The Crookston ritualistic team will initiate a large class of new members at the meeting which follows the banquet. The latter part of the evening will be taken up by dancing to the Smokey Mountain Boys orchestra.

Harvey Helle, secretary of the local Aerie stated that visiting members and their ladies from neighboring Aeries, as well as Winnipeg, will participate in the annual celebration.

"From the very beginning of the Eagles," Mr. Helle said, "we have always been interested in social welfare programs. We have backed such programs as workmen's compensation, aid for the aged, old age pensions and pensions for widowed mothers."

The welfare program for which the Eagles worked the hardest was Social Security. "The Eagles worked for 14 years and spent one million dollars to push this idea," Mr. Helle said.

Barnacles Getting Third Degree at Duke University

Barnacles—those pesky creatures that look like miniature acorns and cause the shipping industry untold grief—are undergoing a scientific third degree in the Duke University marine laboratory in Beaufort, N.C.

Financed by the office of naval research, the three-year project is designed to uncover new knowledge about the growth and development of barnacles.

Barnacles are a major problem of the shipping industry. They "glue" themselves to ships soon after settling, secrete a shell-like base which protects them from poisons in the ship's paint, and then begin growing.

Barnacles must be removed from ships by dry-docking and scraping—a process which costs millions of dollars annually. Laboratory Director Dr. C. G. Bookhout of the Duke zoology department is in charge of the research program.

Dr. Bookhout is studying the relation of a barnacle's growth to its moulting cycle. "In moulting," he explains, "the barnacle within its shell periodically sheds a glove-like covering, or exoskeleton, made of a horny substance called chitin."

The Duke scientists is now trying to find out what effect, if any, the moulting periods have on the growth of the barnacle shell, and whether or not any changes in the shell's chemical make-up take place during moulting.

Barnacles "volunteer" for the study by attaching themselves to plastic panels hung beneath the Laboratory boat dock.

Bundy Will Show Korea Slides to C. & C. Thursday

The Civic and Commerce association at its luncheon meeting Thursday noon, February 5, in the Rex Cafe will view colored slides of scenes photographed in Japan and Korea by Warrant Officer Ivan Bundy of the local company of the National Guard.

Bill LaFave will report for the road committee on developments at a recent meeting of representatives of towns along Highway 59.

Other reports will be submitted by Elmer Bratsch on the membership drive now being concluded; by Don Olson of the public relations committee; and by Stan Mortenson, chairman of the governmental affairs committee.

Charles Richards Given Tribute by Modern Woodmen

Charles I. Richards, Thief River Falls, district manager for Modern Woodmen of America, has been notified that he qualified for membership in that organization's President's club for 1952. The local man was nineteenth high producer among the society's 2700 agents in the United States. Richards, who will receive a lapel pin for his accomplishments, has placed high in the society's top production clubs each year since 1946.

QUESTIONS answered for VETERANS

(This service is based on questions asked at Veteran Administration offices in the state. Answers are supplied by VA.)

Q: I have a chance to get an Atomic Energy Commission fellowship at a University. Would I also be eligible for monthly education allowance under the Korean GI Bill?

A: No. The law prohibits VA from paying the allowances to veterans whose education is paid for completely by the U. S. Government. Your AEC fellowship would come under this category.

Q: I'm a World War II veteran and I've just finished training as an accountant under the old GI Bill. Now I'd like to take a CPA coaching course, since I have some GI entitlement remaining. Could I do it?

A: No. VA's post-cut-off-date regulations allow you to take advanced training only when its' a normal progression from your basic course. Review or coaching courses—such as the CPA coaching course—do not represent an advancement to a higher level of knowledge, and therefore may not be taken after you've completed your basic course.

Q: I'm the widow of a World War I veteran and I'm figuring my annual income to see whether I qualify for a VA death pension. From time to time during the year, my relatives have given me gifts of money. Are they counted as income?

A: Yes. Gifts must be included in computing your income for pension purposes.

Q: I got a GI home loan when the top guaranty was $4,000. I understand it has been raised to $7,500. Am I entitled to another loan which would be guaranteed for the difference?

A: Yes. You would be entitled to another GI home loan which could be guaranteed for $3,500—the difference between the old and new top guaranties.

LIEUT. STEPHENS WRITES MORALE HIGH IN KOREA

In a letter to Walt Larson written January 18 in Korea, 1st Lieut. Grover Stephens, former local National Guardsman, writes, "You would surely be surprised to see the morale of the men over here. The enlisted men live just a little worse than the officers, but their morale is tops. I bring this up because I've heard so many people in the States hollering about how bad things are.—We also have a March of Dimes drive, and we have a quota of $497. Here is the problem. We have 51 Koreans in this outfit, who draw the equivalent of 53 cents per month, so you can see we are going to have a time to reach our goal. I am chairman of our company, so I am going to do my best to reach our quota."

From the State Capitol

By W. E. DAHLQUIST

A classic example of wishful thinking is a resolution adopted by the commissioners of Pennington County requesting that an additional 55 miles of county roads be added to the trunk highway system. If each of the three counties in our legislative district were to receive increases on this scale, and each legislative district in the state were to get its share it would mean a statewide increase in the trunk highway system from the present 12,000 miles to about 20,000 miles.

In 1932 more than 3,000 miles were added to the system and now, after more than 20 years, many of these miles are still in the same condition they were in when the state took them over. Four years ago we added 700 miles and it will take some time before these are reached. If another 8,000 miles were added not one of us would live long enough to see them improved unless we either increased substantially our tax load or reduced state aid to the counties.

My guess is that no additional mileage will be authorized in this session. I personally would be opposed to it. If, however, more miles are added I will try to get a fair share of the increase for my district.

There is no indication now that there will be an organized attempt to extend the trunk system. Hjalmar Petersen of Askov, for instance, one of the more vocal champions of better rural roads, is opposed to enlarging our already larger trunk system. He thinks 12,000 miles is enough.

There are only a few states that have more trunk highway mileage than Minnesota. Wisconsin has only 10,063 miles, and Michigan only 8,288. A North Dakota interim commission to study roads is proposing a reduction in that state's trunk miles from the present 6,595 to 4,331. Such a recommendation is based on a realistic approach to the entire road and street problem.

We don't improve our roads by merely transferring township roads to the county and county roads to the state. For a sound program there might be proper classification of roads and that classification should be based on traffic requirements and not on political expediency.

No one with a memory that reaches back over a period of more than twenty years, and a little sense of fairness, will maintain that we have not and are not making progress in road improvement. At all levels that improvement has come slowly. At all levels we still have far to go. Never will we have a road system with which we are completely satisfied.

There is a farm to market road problem and one of several things needed to improve farm to market roads is more money. I go along with those who believe some additional diversion of gas tax money for county roads can be justified. I will go along with those who say we do not need to wait two years for a study of financial need, and I believe a reasonable addition to the share of the gas tax diverted to local needs could, if properly presented, gain sufficient support among rural and urban voters to be approved. A proposal to increase this diversion from one-third to one-half almost carried several years ago with much less support than that given to Amendment No. 5 in the last election.

Amendment No. 5 failed largely because of its own obvious shortcomings. For one thing it was too greedy, seeking more than a reasonable share of road use taxes for local rural roads. It provided no direction as to its use and was an invitation to wasteful spending. It would have encouraged more rural road mileage rather than less.

It is a mistake to condemn all opposition to amendment No. 5 as selfish and short-sighted. And if another attempt is to be made to increase the diversion of road use taxes to rural roads then the farm groups and individuals sponsoring such an attempt would do well to consult with representatives of labor and business groups and get the views of these representative people as to the kind of diversion they would favor and under what conditions they believe further diversion would be fair and equitable. Three failures should be fairly convincing proof that there must be a new approach if the effort is to be successful, and in a new approach to this problem of speeding up the improvement of our rural roads let's keep in mind that providing more dollars is only one of the several ways to accomplish the purpose. Getting more for the dollars we are now providing is another way and a very important one.

Good management is just as important in the business of operating a rural road system as it is in the operation of a home, a farm, or a business. Good management in public affairs, however, is more difficult to achieve and maintain. Too often what is everybody's business is nobody's business. It is easy for the average individual to say "no" when called upon to spend his own dollars. It is not so easy for public officials to say "no" to the folks who vote when the spending of public money is the question.

The thing basically wrong in our county government is the way it is organized. It is not set up properly for good management of the increasingly large volume of public business for which it is responsible. One big shortcoming is its lack of executive direction. Each office is the private domain of an elected official. Under such an organizational handicap it is surprising that county government is as good as it is. It is because it is so loosely organized that we can justify more rigid restrictions and limitations on spending.

These are some of the things the fellows down here seem to agree on when they get tired of lying to each other about when they were young and the talk shifts to such things as roads. Most of them agree that progress is being made; that more counties are building well and according to plan, and that the old practice, once so prevalent, of each commissioner taking his share of the pool and scattering it throughout the area he governs according to his own whims, is definitely on the way out.

Capitol Chat

By Mrs. Coya Knutson
Rep. 65th District

This week I believe that women "missed the bus" in their opportunity to place a woman on the Board of Regents. In spite of the fact that both committees of the House came out in favor of Miss Outright, her candidacy became highly controversial among the members of both Houses. This was a strange precedent in the history of the Legislature because in substituting her name on the floor in the Committee of the Convention, the name of another candidate would virtually take on the aspects of a minority report. For the most part, minority reports have been frowned upon in the Legislature. In the future, it will be well for the women of our state to begin early to organize this effort of placing a woman on the Board of Regents.

Thursday, January 29, the Governor's wife served as hostess to the members of the Dome Club. This organization is made up of wives of the legislators. Their project usually consists of visits to various clubs, institutions and places of interest.

It has been my privilege to meet with the directors of the FHA this week to discuss loan problems concerning the 65th Legislative District. Leo P. Brown administrator for our region, made this statement, "In the statistical overall picture of our area, we had a near-normal crop yield. However," he said, "Money will be available for 1953 operations on a qualified, individual basis where farmers suffered a disaster." This does not mean, however, a refinancing program to pay old bills. May I urgently request that farmers who expect to make this type of loan get their applications in early to help the processing of such applications.

The House is still dealing with general bills and we have been requested to put in local bills early to help avoid the log jam of late and heavy bills.

Thus far we hear numerous speculations about school funds. Hearings began this week on basic aids. One proposal would leave basic aid at $70 with amounts distributed according to need up to a specified limit. The school lobby is by far the strongest lobby because it is supported by the people of the state. The "public pulse" will indeed play the leading role in this committee. It would be well if people were as concerned in other phases of state government.

Friday, January 30, the Appropriations Committee began hearings on the Department of Education's budget for the next two years. Nothing will be done by this Committee until the Education Committee comes out with its recommendations.

Thieves Sextet Wins Two Games; Will Face Crookston Tonight

The senior hockey Thieves, by winning a pair of games during the week, added four points to their league standings and moved into a tie for second place, trailing the leading Warroad Lakers by one point.

Three games are on this week's schedule for the local squad, with the Thieves playing the Crookston Pirates here tonight; traveling to Warroad for an important game against Lakers on Friday night; and crossing sticks against the Grand Forks Redwings here on Sunday afternoon.

Last Wednesday night the Thieves clipped the Redwings, 10 to 4, in a game that brought back memories of the rough-house hockey game between Fido Purpur's Amerks and Bill Zippel's club of years past. The game score was 3 to 2 in favor of the locals as the second period opened, when, after Paul Bedard had scored on a solo and Murray Balagus had flipped in a shot on a double assist from Church Russell and Ron. Castelane, the game became a fracas. Buzz Johnson and Church Russell engaged in turmoil in the southwest corner of the rink; and Prince Johnson and Lloyd Johnson had themselves some fisticuffs at the north end of the rink. Buzz and Church were given minor penalties; and Prince and Lloyd were given five-minute coolers.

In the comparatively sober third period, each team scored a pair of goals, giving the Thieves a 10 to 4 victory.

Playing at Crookston on Sunday in a game that, because of a break-down of the car that was carrying Crookston's Canadian imports, did not face off until 5:30 p. m., the Thieves recorded a 6 to 1 victory.

The Pirates trailed the Thieves by a 2 to 1 score until the 6:38 mark of the third period when Murray Balagus, on assists from Russell and Castelane, beat Schraeder. Balagus added another goal at 7:33, and seconds later, at 7:47, Paul Bedard boosted the Thieves' lead to 5 to 1. Mouse Efteland concluded the game's scoring when with Bedard on the assist, he tallied at 12:30.

The summary:

Two Cars Sustain Damage of $80 in Week's Collisions

Police reported two minor automobile collisions in the city during the past week, with damage to the cars involved estimated at $80.

A car driven by Mrs. Herman Hanson, Route 3, was struck Saturday morning at the intersection of Horace av. and Third st. by a truck driven by Kenneth Borsheim. Damage to the car was reported at about $40.

While traveling north on LaBree av. Tuesday afternoon of last week, a car driven by Rev. Robert Abbott was hit by a pickup owned by Irvin Sorter of Middle River and driven by Clarence Dau of Viking. The mishap occurred while Dau was turning from Fourth st. on to LaBree. Damage to the Abbott car was estimated at $40, with none to the pickup.

Prowler Cagers Win from Roseau Tuesday 39 to 30

Lincoln School Quintet Plays Erratic Variety of Basketball to Win

The Prowlers played erratic basketball on Tuesday night in defeating coach Ambrose Kramer's Roseau team on the Lincoln high court, winning by a 39 to 30 score. The Prowlers gained an early 8 to 2 first period lead, holding the Rams to a pair of free throws; and, with Art Johnson scoring five field goals, out-pointed Roseau, 17 to 13, in the second period, to hold a ten-point bulge at the intermission.

In the second half, the visitors outscored the Prowlers, 15 to 14, and held control of the ball the majority of the time. The Prowlers experienced difficulty in setting up their plays, and appeared sluggish in their passing.

The Rams, early in the final period, carried to within five points of the Prowlers, trailing by a 32 to 27 score; but a pair of quick baskets by LeRoy Aasland snuffed out the Roseau rally.

While the Prowlers were inept on offense, the local squad proved strong on defense, for Roseau was troubled by the shifting semi-zone defense that the rangy Prowlers set up.

In a preliminary game, the Prowler 'B' team rolled up a 50 to 35 win over the Roseau 'B' team.

The summary:

Comeback For Swan

America's largest waterfowl, the trumpeter swan, appears still to be on the come-back trail in the United States with the latest U. S. fish and wildlife service census figures showing a total of 571 birds, an increase of 36 over last year's count, the wildlife management institute reports. In 1935 only 73 birds could be found. The trumpeter swan was once found throughout most of North America, but its numbers were greatly reduced by relentless market hunting and destruction of its breeding habitat. In 1907, small flocks were discovered at Red Rock Lakes in Montana and in Yellowstone National Park, and restoration efforts were begun by the federal government. Refuges were established for its protection, and birds since have been transplanted to several western national wildlife refuges where new nesting colonies have been formed. Larger flocks breed in Alaska and in Canada, but most of these birds rarely reach the United States, preferring to winter in open patches of water where swift currents prevent the formation of ice.

Damascus Steel Is Held Inferior to Modern Kind

Best of its day, steel of the famed Damascus blade that flashed in the sun of Bible lands against the Crusaders of medieval times nevertheless is greatly excelled by the product of modern steelmakers.

The Damascene alloy was of iron and carbon, laboriously smelted and as varying in properties as the natural ore. Modern steel is amalgamated with metals of which the ancients never dreamed, is manufactured in unvarying quality, and surpasses the Damask product in strength, pliability, and willingness to stay sharp.

Saracens wielding swords of Damascus successfully barred the road of Jerusalem, goal of the zealous European Christian knights, through all the ancient Crusades. British General Allenby took the Holy City at last in the first World War, in an age when the rifle had replaced the sword.

Dispute Over Name

At the 1949 conference of the International Union of Chemistry, held in Amsterdam, it was decided that the element called "tungsten" in English-speaking countries, and "wolfram" in others, would be officially known by the latter name. However, "tungsten" had become so well established that the decision was not accepted in the United States. At their 1951 session in New York the Union decided to recognize both names. The official list of elements, in the 1952 report of the Committee of Atomic Weights of the American Chemical Society, includes only the name "tungsten."

GULLY...

By Mrs. Arnold [illegible], Gully, Ph. [illegible]

Mrs. Herman Johnson was suddenly taken ill on Saturday evening. Her family was called home, and all were there excepting Oscar who is at Kalispell, Mont. and Johnny in Milwaukee, Wisc. Dr. Anderson of Clearbrook visited her and also Pastor Landvik. Harry Johnson from south of Gully was there, also Mrs. Orville Calhoon and Mrs. Verny Lanman came to help care for her. Later Saturday evening Mrs. Lyle Quig of Grand Rapids, Mrs. Ross Weekly of Deer River, Mrs. Norman Bandkiev of Bemidji and Mr. and Mrs. Herb Mienert of Erskine came. Mrs. Mienert remained to help Irene care for their mother while the others returned to their homes Sunday or Monday and we are glad to report at this time she is feeling much better and we hope she continues that way.

Pvt. Robert Rutkowski arrived Friday morning from Fort Riley, Kansas to spend a short furlough with his folks the Peter Rutkowski's. He will leave again Thursday for further training. He came home in time to help his mother celebrate her birthday which was that same day. Other visitors at the Rutkowski home that evening to help here celebrate her birthday were Mr. and Mrs. Carl Forsberg, Mr. and Mrs. Kenneth Forsberg, Jerry Franky and Bradley and Beverly Melbo. They all enjoyed lunch together.

Mr and Mrs. Alex Erickson of Minneapolis came on Friday for a visit with friends and relatives here On Saturday Alex, Martin Christianson and Claude Knudson tried their luck at fishing. They returned to their home on Sunday.

Anton Knudson who has been ill with the flu was taken to the Fosston hopital on Friday and we're glad to report he is feeling better.

Pastor Landvick from Minneapolis was a guest for the weekend at the Gerald Hangaard home while here for the services.

Mr. and Mrs. Lloyd Erickson of Trail visited Sunday afternoon with her mother, Mrs. Christine Anderson and sister Cora Anderson.

Mr. and Mrs. Herbert Larson visited with his sister Mrs. Henry Nyland on Sunday afternoon.

Mrs. Russel Ringstad left last Tuesday to join her husband who is in the service in Germany. While on her way she stopped in Chicago and visted with Mrs. Bud Salmi (Stella Melbo) between trains then went on to New York where she sailed on the S. S. United States on Saturday.

Members of last winters shuffle board club met on Wednesday evening and it was decided to give the money in the treasury since last year to the March of Dimes which amounted to $37.15 acording to Treas. Lloyd Anderson. Verne Tharaldson served as chairman of the club which was disbanded at this meeting. Rather a nice way for a club showing as much action as playing shuffle board to spend its funds so that it may help someone unfortunate enough to have had polio to perhaps become active enough so he or she may enjoy playing shuffle board some day.

Mr. and Mrs. Virgil Knudson and Virginia left for Minneapolis on Sunday to spend a few days. Julie and Gayle are staying with their grandparents, Claude Knudson's.

The Lund Ladies Aid will meet at the church basement next Wednesday, Feb. 11, with a Christian Nurture program. Hostesses will be Mrs. Selmer Sorby, Mrs. Floyd Berg, Mrs. Marvin Nyland, Mrs. Russel Tharaldson and Mrs. Lloyd Anderson. All are welcome.

We are sorry to hear of the death of Mrs. Ole Rouland's father, Bernt Sorenson on Friday. We give our sympathy to the Sorenson family.

Mr. and Mrs. Arnold Brovold, Varol Ann and Gay were supper guests at the Ole Rindahl home Sunday evening and helped Mrs. Rindahl celebrate her birthday.

Clifford "Wally" Mattson spent two days last week at Lancaster visiting his mother there while working in the surrounding area with his calendar and specialty line.

Mr and Mrs. Harold Uglum and Mr. and Mrs. Otto Sigerud of near Goodridge visited their grandmother, Mrs. Marie Hanson on Saturday afternoon.

Administering Drugs

Clinical examinations show that the antibiotic drugs, like gold salts, must be administered with care and in tiny intermittent doses in order to help patients. Too large doses cause the L organisms to be killed all at once, flood out of the cells, make contact with the antibodies and cause a flareup increasing pain and illness. Slow administration of the agents inhibit the organism growth and kill only a few of the L organisms at a time. The disease, after a period of months, begins to be less active and an improvement of the laboratory tests occur. The investigators point out that cortisone, in the treatment of rheumatic diseases seems to act as a blocking agent, cutting off temporarily the meeting of the L organisms and the antibodies. An explanation for the temporary effect of cortisone may be provided by this new concept.

Other guests there were Mr. and Mrs Jack Woodford, Debby and Jill of Walker, Marie Moan of Moorhead, Mrs. Karie Moan and Selmer of Trail. Mrs. Moan had spent the past two weeks at the Stenvold home recuperating from the flu. Mrs. Moan is a sister of Mr. Stenvold.

Julian Gunderson spent last weekend in Bemidji with the Grundy Qualley family.

Mr. and Mrs. Richard Radniecki were Oklee callers Saturday and were also supper guests at the Al Radniecki home in Oklee.

Mr. and Mrs. Emil Lundeen, Erling and Merle were Thief River Falls callers Tuesday and also visited at the Cliff Storholm home.

Every polio patient in Minnesota benefits from the March of Dimes in some way, and four out of five need and receive direct financial assistance.

Development of Pictures

The sensitive part of photograph film is an emulsion of silver bromide. Development is a chemical process in which silver bromide is converted to metallic silver. This change occurs most easily where the emulsion was exposed to light, thus producing the developed image. After development the film is "fixed," with a chemical such as "hypo," or sodium thiosulfate, to remove the unexposed and undeveloped silver bromide. The fact that the silver in the image is finely divided into microscopic grains is the reason that it does not appear "silvery," as it does in a coin or teaspoon, where the silver is in one solid piece.

Prowler Cagers Take Two Games Past Week; Go to Bemidji Friday

Coach Bob Nick's cagers experienced considerable difficulty in adding Red Lake Falls and Grand Forks to their list of basketball victims this past week, being forced to play a three-overtime game in order to edge out the Eagles at Red Lake Falls, 51 to 49, on Wednesday night; and requiring a strong fourth period to pull away from the Redskins and defeat Grand Forks, 48 to 36, here Friday night.

On Friday night, Feb. 6th, the Prowlers will play Bun Fortier's Bemidji Lumberjacks at Bemidji.

Another game has been added to the Prowler basketball schedule. On Saturday night, Feb. 14th, as a preliminary to the St. Mary's vs. Concordia college game in Concordia's new gymnasium at Moorhead, the Prowlers will meet the Fargo high school Midgets.

The overtime game against the Eagles at Red Lake Falls on Wednesday night was the first time since the 1950-51 season that the Prowlers had been in an extra-period encounter. That 1951 game found the Prowlers edging out Halstad, 54 to 52.

Wednesday night's nip-and-tuck game found the Prowlers holding a 9 to 8 lead at the end of the first period, but in the second stanza, with Dick Williams scoring four field goals and a pair of free throws, the Eagles moved ahead to hold a 22 to 16 margin at the intermission.

With Gary Smith lofting in three field goals, the locals pared that Red Lake Falls lead to one point at the end of third period, trailing by a 31 to 30 score.

In the fourth period the Prowlers picked up that extra point, deadlocking the score at 43-all at the end of regulation time.

Both teams scored six points in the first overtime period, but a "rhubarb" was caused when, through the scorer's oversight, the Prowlers' Art Johnson was permitted to remain in the game after committing his fifth foul. And Johnson scored the field goal that sent the game into extra-extra overtime. In the second overtime period, neither team scored; but in the "sudden death" period, Duane Rafteseth, with a field goal, snapped off the game, giving the Prowlers a hectic 51 to 49 win.

In a preliminary game, the Red Lake Falls 'B' team defeated the Prowler 'B' squad.

Playing here on Friday night, in a game that was deadlocked eleven times, the Prowlers, with a sixteen-point fourth period, broke up their game with the Grand Forks Redskins, defeating coach Fritz Engel's North Dakota state champions, 48 to 36.

Moving into the final period, the locals held a 32 to 31 edge, and field goals by LeRoy Aasland and Art Johnson increased that margin to 36 to 31 early in the period. Dick McKinnon scored a fielder for the Skins, and Harold King added a free throw. With the score 36 to 34 for the Prowlers, the locals marked up four free throws, a pair of field goals, and two free throws to "rack up" the game.

The preliminary game found coach Ralph Skjod's Prowler 'B' squad defeating Louie King's Grand Forks 'B' team, 47 to 27.

PeeWee Hockey Team to Compete in State Tourney

The local PeeWee hockey team, undefeated in their season's play, will leave on Saturday morning to participate in the State PeeWee hockey tournament being played at Eveleth on Feb. 7th and 8th. The local club will, as a result of their win over Red Lake Falls last week, represent the seventh region and will meet the region three winner in a first round game on Saturday afternoon at 4:00 P. M. While the powerful Eveleth and Duluth sextets have been installed as the tournament favorites, the local club has been rated the tourney's "dark horse."

Members of the team, pictured above, left to right, front row: James Reese, James Hall, Freddie Dablow, Calvin Offerdahl, Jack Poole, Glen Carlson and Clifford Strand.

Back row: Greg Ranum, Arthur Cloutier, Duane Glass, Duane Erickson, Jon Wennberg, Dale Glass, Paul Bedard, coach; Pat Poole, Stanley Ranum, manager.

Missing from the picture are Robert Sauve and Colin Reese.

Local PeeWee Team Wins Regional Title; Enters State Event

In a regional PeeWee Hockey game played here Wednesday night, as a preliminary to the Thieves vs. Grand Forks Redwings game, coach Paul Bedard's local club defeated Louis Schmitz Red Lake Falls PeeWees, 7 to 1. As a result of the victory, which gave the locals the Region Seven title, coach Bedard's squad gained a berth in the state PeeWee tournament that is to be played at Eveleth on Feb. 7th and 8th.

The local PeeWees will play their first round game at 4:00 p. m. on Saturday, meeting the champion of Region Three which includes several Iron Range cities.

The local PeeWees held a wide edge over the Red Lake Falls PeeWees in the regional title game on Wednesday, with Red Lake Falls, goalie, LeRoy Houle, having 26 stops to the locals Cal Offerdahl's 5 stops.

Glen Carlson's goal, on an assist from Jack Poole, at 5:07; and Poole's rebound shot, following Chip Strand's goal-try at 10:28, gave the locals a 2 to 0 first period lead. Jimmy Reese and Duane Glass, with second period goals, boosted the locals lead to 4 to 0.

And the margin was increased to 6 to 0 early in the third period when Poole and Jimmy Hall connected for goals. Bill Page racked up Red Lake Falls' lone tally when, at the 8:37 mark, he slammed Wayne Page's rebound past goalie Offerdahl.

Art Cloutier closed of the game's scoring when, with Hall on the assist, he beat Houle with an angle shot at 10:20.

The summary:

Prowler Six to Meet Hallock Here Saturday

Local Team Defeated by Roseau Saturday 3 to 2; Move into Second Place

The Prowlers yielded first place in the regional conference standings when, on Shuck Dubore's goal with a minute and thirteen seconds to play, they lost a 3 to 2 decision to Oscar Almquist's Roseau high school sextet at Roseau on Saturday night. The win moved the Roseau club into first place in the conference rating, with the Rams having a record of seven wins and one loss. The Prowlers are in the runner-up position.

The local squad will conclude their pre-tournament schedule on Saturday night when they meet the Hallock high school sextet on the Arena ice. The eighth regional tournament is slated to be played at Warroad on February 12th and 13th. A sectional elimination tourney is scheduled for the Roseau rink on Feb. 9th, with the conference's four low-ranking teams playing to determine the two teams that will join the region's number one and two teams in the reagional tournament.

In the region's "climax" game at Roseau on Saturday night, coach Dennis Rolle's Prowlers and Oscar Almquist's Rams played on even terms until the final minutes of the contest. Each team scored a goal in the opening period—and that 1-to-1 score carried through into the third period. Darryl Durgin slapped in a shot early in the final stanza to give the locals a 2 to 1 edge; but Mike Robertson's poke at 1:40 tied the game at 2-all.

John Delmore, on an assist from Robertson, hit with a blue-line shot at 5:17, giving Roseau a 3 to 2 lead; and the Rams protected that margin until late in the period when, at 13:17, Lyle Guttu notched the evener. Half a minute later, Dubore, on a break, rushed up the ice, swerved past the lone Prowler defender, and beat Maruska to score the game-winning tally.

Playing at Warroad on Thursday night, the Prowlers surprised the highly rated Warriors by recording a 7 to 3 victory. The game, which was rough and hampered by numerous penalties, was a 2 to 2 affair until 12:10 of the second period when Guttu beat Bob Lewis. Durgin added a goal at 13:50, giving the Prowlers a 4 to 2 second period lead.

Guttu, on an assist from Marv Jorde, scored at 5:17; and after Jack Stoskopf had found the net with a long blue-line shot for the Warriors at 9:34; Guttu, on an unassisted goal, completed a "hat trick" performance at 10:05. Jorde ended the game's scoring at 12:27, giving the locals a 7 to 3 win.

The Warroad Lakers surprised the high-flying Roseau Cloverleafs on Sunday by scoring a decisive 7 to 2 win over coach Bob Sykes' Leafs on the Roseau ice. The victory boosted the Lakers into first place in the league standings. The Lakers, who have added Fort Frances' Frank Eisenzoph and Vern O'Donnell to their roster, will be hard-pressed to maintain their league lead for only three of Warroad's remaining seven games are to be played on the Lakers' home ice.

The Thief River Falls Thieves who added four points to their league standings this past week will be a factor in the league wind-up, for the Thieves have five games on their home schedule, with only three games to be played on "foreign" rinks.

An Added Attraction

As an added attraction to the Northwest hockey league game here tonight between the Crookston Pirates and the Thieves, there will be broomball game between teams representing the Eagles and the Elks. The broomball game is scheduled to start at 7:00 p. m., or later.

There is a rumor being circulated, and it has shortened the odds on the game considerably, that Dennis Cotton Langevin will not take an active part in the game, but will direct the Elks club strategy from the bench. It's strange that Cotton, who was called "Killer" when, in his younger days, he ranged up and down State avenue claiming the welterweight wrestling championship of the street, will be satisfied to sulk behind the beams at the Arena and refuse to come on the ice. To take such a passive role will be out of character for a fellow like Cotton, who boasts that his red corpuscles are the size of golf balls.

And, too, Cotton's timidity has served to shell-shock several more of the Elks Club team members. Frank Clinton, who was a stand-out athlete while attending Grand Forks Central high school, claims that he will be on the side-lines tonight.

The game, with the Elks playing under a handicap, will go to the Eagles.

A Chuck Davey Fan

Jimmy Doyle, the former Prowler all-state high school hockey defenseman and later a captain of the Michigan State college hockey team, and now an assistant to coach Bernie Broderick at Warroad, will be this territory's most enthusiastic rooter when Davey meets Kid Gavilan on Feb. 11th for the world's welterweight boxing championship.

Davey, like Doyle, is a graduate of Michigan State, and has a degree in education. Jimmy tells us that he and Davey were classmates in several education courses, and that his acquaintanceship with the clever southpaw boxer was nearly on a "buddy" basis. Of course Jimmy is emphatic in his claim that Davey will give Gavilan a boxing lesson next Wednesday night.

A Big League Prospect

Hockey fans who are in attendance at tonight's game between the Pirates and the Thieves should pay particular attention to Bill Reichart, who will be wearing jersey number five and playing wing for Crookston.

It is the opinion of Paul Bedard, and others, that Reichart, who is only seventeen years old, and who has a couple or three years of eligibility in Canadian junior hockey, is on the road to hockey's "big time." Reichart is, by a year or two, the Northwest hockey league's youngest player, and in spite of his youth he rates with the circuit's ablest.

That he is considered a top-flight hockey prospect is evidenced by the report that the youngster is already on the Chicago Black Hawks negotiation list. We hope that day will come when we'll be able to say, of Bill Reichart, that "we knew him when."

The Knox grade school hockey team, boasting the league's high-scorer in their lineup, hold a two-point edge in circuit standings over the runner-up Washington school team. Bruce Ranum, of the Knox team, has nine points to hold a one-point lead over Washington's Dale Wennberg in the individual scoring race. The leading scorer for the Northrop team is Wayne Halvorson with five points; and Harold Froehle of the St. Bernards has also collected five points.

Hockey Prowlers Take Williams 6-1

Local Six Assured of Berth in Regional Event

The hockey Prowlers, after being held to a 1 to 1 score through two periods of play at Williams on Tuesday night, exploded for five goals in the third period to win that important eighth regional conference game, 6 to 1, and clinch second place in the conference standings.

By their triumph, the Prowlers earned a bye in the regional tourney playdowns, being assured of a berth in the regional tournament scheduled to be played at Warroad on Feb. 12th, and 13th. On Monday, Feb. 9th, a sectional playdown will be held at Roseau, but the Prowlers, by their win last night, were given a bye in the sectional meet.

On Saturday night, Feb. 7th, the Prowlers will end their schedule, meeting Hallock on the Arena ice. There is a possibility that the locals can gain a first place tie in the conference standings, for the combination of a Warroad win over Roseau, and a Prowler victory over Hallock, would deadlock the Prowlers and the Roseau Rams for the top rung.

In that event, it is possible that a first place playoff game will be held, or that the number one position will be determined by lot.

Boy Scouts to Note Their 43d Birthday Week of February 7

The Boy Scouts of American, with its membership at an all-time high in excess of 3,250,000 Cub Scouts, Boy Scouts, Explorers and adult leaders, will observe the 43rd birthday of the organization during Boy Scout Week, Feb. 7 to 13.

The theme of the celebration which will be observed by 84,300 Cub Packs, Boy Scout troops and Explorer units throughout the United States, its territories and wherever American families live abroad, is "Forward on Liberty's Team." This is the name of the Scouts' three-year program which seeks to produce a greater functioning manpower and provide a higher quality program for its ever-increasing boy membership.

Boy Scout Week celebrations this year will stress "The Scout Family" depicting how parents and others of the family often have a relationship to the Scout Program. At "Open House" evening meetings Scouts will introduce members of their family to their fellow Scouts. At these meetings tribute will be paid to the American home, and its influence on the lives of boys and its place in a free society.

The actual birthday, Feb. 8, will be observed in countless churches of all faiths as "Boy Scout Sunday." Scouts and leaders will attend services in uniform. Members of many Scout Units will have their parents and other members of their families sit with them during the services.

Since its inception in this country in 1910, the Boy Scouts of America, and its individual members have always taken a strong position in respect to the place of organized religion in the nation's life.

In its latest report to Congress the Boy Scouts of America said that 58,934 institutions are sponsors for the nation's Scouting Units. Of this number 18,739 operate two or more Scout programs such as Cub Scouting for boys 8, 9 and 10 years of age, Boy Scouting for boys 11 through 13 and Exploring for those 14 years old and upward.

The Whole Scout Family, all three programs, are sponsored by 3,446 institutions, making it possible for a boy to enjoy the three Scouting programs under the same sponsorship for a ten year span, from age eight to eighteen.

Neil Mattson was elected to succeed him and Richard Engen, William Schaefer and Warren Nelson were elected to the troop committee.

Blue Cross Plan Pays $13 Million Benefits in 1952

One out of Every Three Minnesotans Protected under Hospital Plan

Minnesota Hospital Service Association announced an increase in hospital and medical care benefits paid to Blue Cross-Blue Shield subscribers totaling approximately 1½ million dollars during 1952.

"The increase in benefits paid," according to Arthur M. Calvin, executive director of the Minnesota Hospital Service association, "is a direct result of our efforts to provide Blue Cross and Blue Shield subscribers with the increased protection they need to meet today's higher hospital costs."

The Blue Cross hospital care plan sponsored by 169 Minnesota hospitals paid subscriber benefits totaling $13,448,823.13 in 1952, Mr. Calvin said. This is an increase of $921,606.32 over the benefits paid in 1951, which were $12,527,216.81.

The Blue Shield medical-surgical care plan sponsored by over 2,750 Minnesota doctors paid subscriber benefits totaling $3,659,143.96 in 1952, as compared with 3,095,137.99 paid in 1951. This was an increase of $564,005.97.

A pioneer in pre-paid health-care protection, Minnesota Blue Cross was created in 1933 and its present enrollment is approximately one million subscribers, or 1 out of every 3 Minnesotans. Its companion plan, the Blue Shield medical-surgical plan was organized in 1947, and its subscribers total over one-half million Minnesotans.

Ask Entries for Quartet Contest at Winter Shows

A male quartet contest, patterned after the famous Barber Shop Quartet Contests, will be a feature of the music program at the forthcoming Red River Valley Winter Shows and Northwest School Farmers' Week which will be held at Crookston, February 23-27.

The male quartet contest, for adults, will be held on Tuesday, February 24, with the elimination preview held during the afternoon and the ten best quartets singing on the evening program.

The chief object of the contest, according to T. M. McCall, president of the Winter Shows Board of Managers, is to encourage group singing in the Red River Valley counties, with emphasis placed on the Barber Shop Quartet Singing.

The quartet contest is to be strictly an amateur event this year, according to T. W. Thorson, which means that not more than one member of any quartet can derive more than 50 per cent of his income from music. Each quartet will be permitted to sing two numbers of their own choosing.

All quartets desiring to enter the contest should send in registrations to Red River Valley Winter Shows, Music Committee, care of Northwest School, Crookston, before February 10.

Agriculture Chief to Use Price Supports

Secretary of Agriculture Benson announced Wednesday he is fully aware of declining agricultural prices and will use the price support powers of the government to help stabilize farm markets.

This assurance came after a number of congressmen had expressed concern over the agricultural situation and has asked the new farm chief and his aides to consider the matter immediately.

Benson did not take as grave a view of the farm price outlook as have some others, particularly farm leaders in congress.

"Opinions differ," the secretary said, "as to the future course of prices to be received by farmers.

"Our analysis in the department leads us to expect no major changes during the next several months, particularly in view of the continuing high level of consumer income."

Farm prices declined 12 per cent during the last year and are about 18 per cent below the peak reached in February, 1951. Prices paid by farmers, on the other hand, remained virtually unchanged during the last year.

As a result, Benson said, net incomes of farmers have been squeezed severely.

"We shall continue," he said, "to use such price-supporting devices as are available to us when and if prices sag below the levels prescribed by Congress."

Farmers Union Offers Prizes in Essay Contest

A contest offering $325 in savings bonds for the best essays on world trade in farm products has been announced by the Minnesota Farmers Union.

The contest is open to all active members of Minnesota Future Farmers associations in the high school agricultural departments around the state, according to Edwin Christianson, president of the Minnesota Farmers Union.

The contest subject is "How Do World Markets Affect Us As Minnesota Farmers." The essays must be between 1,000 and 1,500 words, and must be submitted on or before April 1.

Contest literature and official entry blanks have been supplied to all agricultural teachers in the high schools.

A TREND IN REVERSE

It has gotten so that it is no longer news when a Minnesotan packs up and leaves for a warmer climate, taking with him the stake acquired in the north. It has become more or less a trend. In the case of at least one individual recently arrived in our city, the trend is reversed. A few weeks ago we read in the columns of this paper that one Otto Holton has purchased the Pennington Hotel, as an investment, and is buying a house with the idea of enjoying the years of his retirement in Thief River Falls.

A few years ago Mr. Holton, a retired Minneapolis contractor, joined the trek for Florida. His object was there to find some sort of an enterprise in which he could be moderately active, and to spend his remaining years under the warm sun of the alluring south. The sun proved to be all that was claimed for it—during two or three months of the year. The other nine or ten brought out its true character. Friendly warmth gave place to a torrid, merciless heat, wholly insupportable to a northern bred person. In addition business came to a grinding stop when the brief tourist season ended. So, our new fellow citizen has concluded that Minnesota, and northern Minnesota at that, is a vastly better place in which to retire. Not only is the climate more to his liking, but here are twelve months of uninterrupted business activity rather than the two or three obtaining in Florida.

Another observation made by our new arrival is interesting. Hospitals in Florida are full of people suffering from tropical or other illnesses directly attributable to the climate. Who has ever seen or heard of a resident of this community suffering from a disease chargeable to the climate?

We trust that the trend started by Mr. Holton will become such an everyday occurrence that an instance of it will not be considered especially news worthy.

A FORECAST OF A RECAST

We read even in the Republican press that the present administration has been guilty of a number of fumbles since the inauguration, among which that pertaining to the new secretary of defense is perhaps the gravest. It is true that the ball was recovered in each instance but yardage was undoubtedly lost. It is charitable to say that the tendency to fumble is due to 20 years of lack-of-practice on the part of the Republicans.

On the other hand, the Democrats have fumbled and will probably continue to fumble in their functions as an opposition party, likewise due to lack of practice. This leads to the conclusion that the two parties may have been sadly miscast last November. A job of recasting is forecast for the year 1956.

SCHOOL ELECTION

Let's not forget the school election next Tuesday, February 10th between 7:00 and 9:00 P. M. Read the news item of this election in this issue. The tract proposed to be bought can be had cheap. It is needed; it will be still more needed a few years from now. The school board is here looking ahead, a commendable practice on the part of public officials. It is hoped there will be a resounding majority of votes cast in favor of the proposal.

BY WAY OF A BOOK REVIEW

The most widely read book, as usual at this time of the year, is that bearing the exciting title "Helpful Information on How to Prepare your U. S. Income Tax Return."

The book is by no means completely repulsive as might be supposed. It has its lighter vein. Heart interest is not lacking. However, it would seem that the authors, contrary to good literary practices, are inclined to moralize and to point a lesson. For instance, definitely bachelorhood is frowned upon. For what single man can remain unstirred when he reads that a wife and child are each worth $600 in exemptions even though acquired at the eleventh hour of the taxable year? Apparently it has not occurred to the authors that such an implicit invitation may tend to pervert the cherished traditions of June or later summer or fall marriages.

On the other hand, in unblushing advocacy of the institution of marriage there is a touching chapter dealing with "joint returns"—a symbol of marital unity that may, if we understand the implied lesson here pointed to, in time be embodied in the vows exchanged at the altar. We may well soon find that a promise "forever to file jointly" may be substituted for the obsolete "obey."

On the whole the book is a credit to the authors. Interest never lags. There is suspense, too. The lugubrious early chapters deal with the hard facts of the income. Perhaps one feels here a somewhat grating insistence upon the concept of the wholeness and completeness of one's income. If so, there are other chapters that make more pleasant reading. These deal heartwarmingly with the subject of exemptions and deductions, and are, in reader interest, easily the high points of the book.

Some crudities in the book are noted. Such a one comes at the very end when one's mind is full of grateful thoughts of exclusions, exemptions and deductions. The reader is here the victim of an emotional let-down. For, without any previous warning, he is bluntly told he must multiply the mutilated remains of his income by the unreasonably harsh and unmanageable figure of 22.2 per cent. Admittedly, the climactic impact is terrific. Nevertheless, the reader is inevitably left with a sour taste in the mouth. A more easily manipulated percentage figure such as 10 per cent would have added immensely to the popularity of the book.

Notwithstanding, the volume has its points. Among current best sellers this one is decidedly a "must."

Editor's Note—Dr. A. E. Jacobson will write this column for the issue of February 11.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

For some children a nap is almost automatic, but for others it's an ordeal. There are some helpful procedures for establishing a good nap routine. It's a good idea to undress young Sue and put her to bed right after the noon meal, every day. A familiar routine, carried out every day, becomes habitual; Sue is less likely to be tempted to beg to go out and play, or to ask if she can watch just one television program. Undressing helps because she has already learned to associate undressing with going to sleep.

There are some other advantages to this routine, too. Rest following a meal aids digestion, for one thing. For another, if Sue gets involved in some active play after eating and then is asked to take a nap, she is much more likely to refuse and even if you do get her to bed, it is harder for her to go to sleep. A nap which starts in the middle of the afternoon may mean too, that Sue won't be ready for bed at the usual bed time in the evening.

Many parents find it difficult to decide when it's all right for the child to give up his nap. Children do differ tremendously in their need for rest; even the same child has different needs on different days. For most children, though, a nap is still desirable up until the time they start school. But "nap" may come to mean something different as a child grows older. Perhaps it becomes a "rest time," when the child, alone in his room, looks at books or plays quietly. Under these circumstances, a youngster who hates the word "nap" may, if he really is tired, actually fall asleep.

The best indicator, really, as to the child's need to continue the afternoon nap, is his behavior. If, without the nap, he is irritable, fussy, unhappy, and with the nap remains his usual sunny, good-natured self, then it will be worth the parent's effort to try to keep the nap in the schedule. Don't be upset if the nap-need vanishes quite suddenly. Often it seems to work out that way. If you observe your own youngster's behavior, naps need not present difficult problems.

Political Roundup

By Arthur Naftalin

The big battles of the 1953 legislative session were still in their formative stage this week as the session entered its second month.

Last week the legislators had a surprisingly lively to-do over selection of University of Minnesota Regents, but, in the main, the session's work was proceeding in easy stages as the major committees began examining the problems ahead.

Bills on a wide range of subjects—reshuffling administrative agencies, reapportioning the legislature, increasing state employees' pay, launching a state-financed educational television project, amending the presidential primary act, giving arrest powers to liquor control agents—were pouring into the hopper or were nearing completion. But the big money items, such as major appropriations and tax proposals, were still some weeks away from consideration.

The Regents Fight

Former State Senator Karl Neumeier of Stillwater emerged as a new University Regent when a joint house-senate session turned down the appeal from various women's organizations for the naming of a woman Regent. The leading woman candidate was Prudence Cutright, former assistant superintendent of schools in Minneapolis, who early gained committee support but went down to defeat when the conservative leadership in the two houses swung behind Neumeier. Other incumbent regents were renamed. The women's groups promised they would continue their campaign and would be after one of the four positions that will be named by the 1955 session.

Public Institutions

The senate finance and house appropriations committees continued their detailed study of requests from the division of public institutions. Committee members were pressing hard on Acting Director Jarle Leirfallom, who outlined his plans for extensive reforms in the state penal system and supported the administration's claims that the mental health program has moved steadily ahead, despite difficulties. Hottest exchange came over the recent difficulties at Stillwater which preceded the resignation of Warden Leo F. Utecht. Leirfallom insisted the investigation he conducted was necessary and that, in any case, both he and Utecht were in agreement on the proposals for reform.

Reapportionment

There was growing interest this week in the problem of equalizing the size of populations in legislative districts. The first bill on the subject proposed that 10 new members be added to the house in order to give larger representation to the most under-represented of the districts, namely those in Hennepin, Ramsey, Dakota and Olmsted counties. This bill's prospects were not especially good, but some legislators thought a constitutional amendment placing one house on a population basis and the other on an area basis, and providing for automatic reapportionment in the event the legislature failed to act, might be submitted by this session for action by the voters in the 1954 election.

Educational Television

Backed by an impressive Citizens Committee for Educational Television, a proposal was before the legislature asking $2,150,000 for the launching of a statewide TV network. Under the plan the University would operate the network, carrying out policies formulated by a citizens' commission. First steps in the program would include a key station in the Twin Cities costing $819,000, a smaller station in Duluth costing $147,000, and another station at Marshall costing $253,000. There is an urgent note behind this proposal, because channels to be allocated by the federal government for educational purposes must be claimed by June 2, which means action must be taken in this session.

Reshuffling Agencies

Bills introduced last week provided the first steps in adoption of the recommendations of the Little Hoover Commission. One proposal would create a department of legislative services, grouping all activities, such as interim committees, research on pending legislation and bill drafting, under one department. Another would create a department of legislative post-audit, abolishing the position of public examiner. If the legislature goes all the way with the citizens' committee backing proposals to reshuffle the agencies, it would create new departments for public safety, commerce, health, labor and industry, licensing and inspection, and education. This would mean the elimination of 21 major administrative units and 12 minor boards.

Presidential Primary

Before this session is over, we may see a vigorous fight over whether the Presidential primary act should be continued. Critics of the act, led by Senator Leo J. Lauerman of Olivia, want outright repeal. Others, like Representative P. Kenneth Peterson of Minneapolis and Senator Philip S. Duff, Jr., of Kasson, original supporters of the act, want to amend it in the light of the 1952 experience. Duff last week introduced a bill that would return election of delegates to the national convention to the state political parties acting through their conventions. This would retain the popular preferential notion but give parties the opportunity of naming their own delegates.

In Memoriam

In memory of our dear baby Milton David Fjeld, who left us 1 year ago February 5.

You have left us dearest darling
For your home beyond the skies
God thought best to cease your suffering.
So he called you home on high.
We have missed you dearest darling.
Everyday has seemed so long.
But when we think of how you suffered,
We have breathed a prayer and song.
With the angels you are happy,
And in the joys that never end.
You have reached your home in heaven,
And we know you're happy there.
We can't wish you back dear darling.
To the world with woe and care
We are thankful to you dear darling.
For you've taught us how to live
And by trusting in your Jesus,
A home in heaven he will give.

Sadly missed by parents, Mr. and Mrs. Melvin Fjeld and sisters Marlys, Beverly and Mrs. Frank Roisland. 5p

Card Of Thanks

We wish to express our sincere thanks to our relatives, friends and neighbors for all their kind help and sympathy during the illness and death of our beloved husband, father, and brother. Especially do we wish to thank Rev. E. C. Mead for his words of comfort, the pallbearers and Mr. Gulbranson for their kind services. Miss Karen King and Miss Devera Borchert for their beautiful music, and to those who gave flowers and memorials. Mrs. Barbara Horejsi, Mr. and Mrs. Wesley Horejsi, Mr. and Mrs. Albin Novak, Mr. and Mrs. Fred Gebhardt, Mr. and Mrs. Charles Hamann, Mr. Bill Horejsi. 5c

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

Don't Be Fooled

Don't be fooled by the big hay crops of recent years. Plan to seed enough so that an average or small crop will leave you enough hay, warns S. B. Cleland, extension farm management specialist at the U. of M. Plan on two acres of hay for every cow—one acre for the cow and another for her young stock. If that turns out to be more than you need, pasture off the rest. It pays to have plenty, says Cleland.

Collects Profiles

Russell Edwards, soil scientist for the SCS at St. Peter has collected more than 30 soil profiles of the major soils in the St. Peter area. The profiles are strips of soil taken vertically from ditch sides, road cuts or drainage ditches without disturbing or mixing the layers of topsoil, subsoil and parent material. They are used by farm planners to show farmers the differences in the various soils on the same farm and how to use and treat them to the best advantage. Edwards preserves the soil profiles with clear plastic to keep them from drying out and shattering. "A farmer should know as much as possible about his soil in order to use it wisely," says Edwards.

Winter Harvest

Many farmers owning timber tracts are preparing for summer building by well thought-out winter timber harvests, points out Parker Anderson, extension forester at the University of Minnesota. Prior to cutting, select trees to be cut as to sizes and species that will be most desirable to meet building needs. Knowing in advance the amount of lumber which can be produced by various sized trees is not difficult. Volume estimate cards and cards explaining log scaling are available on folders and sheets from your county agent. The woodlot is a part of the farm, and by proper cutting and management can be a profitable contribution to farm returns and home needs, says Anderson.

Don't Get Stung

Some alfalfa seed is being advertised in Minnesota that's not a good buy, warns L. J. Elling, agronomist at the University of Minnesota. Nomad, Talent, Rhizoma and Williamsburg are varieties that are being offered for sale in our state which are not superior to the recommended varieties. And prices being asked for seed of these varieties are unreasonably high, says Elling.

Times classified ads are a sound investment if you have anything to sell.

Roy Gilbert, son of Mr. and Mrs. Fleet Gilbert, has also been stationed at Fort Leonard Wood, since last summer when he entered the service.

The local creamery group of Group Health held their annual meeting Jan. 23 at the Grygla Hall. Mr. Russell Lewis was present and gave a report from the St. Paul Office, and Mrs. Adolph Erickson, collector for the creamery group, reported that 228 families are members in this group. In the Group Health Federal Credit Union, the local unit has 46 depositors and 20 loans have been approved. Movies were shown and free lunch tickets were given at the close of the meeting. About 60 people were present at the meeting.

Selective Service Operation Explained

By Col. Lloyd T. Lilygren

SERIES V

(This article pertains to the need for manpower for the Armed Forces)

Currently we are faced with a need for approximately one million men for the armed forces this year. It is to be expected that Minnesota will have to furnish its fair share of manpower to the armed forces consistent with the maintenance of an effective national economy. Minnesota's share of this figure is about 2. % or about 21,000 men.

Every industry, including agriculture would like to know the answer to that question. You can readily understand why there can't be any definite answer, but in the case of both industry and agriculture, if Congress does not extend the age limit beyond 26, and it does not appear that they will, then Selective Service will have to continue scrutinizing all requests for occupational deferments even more carefully than in the past.

Maybe some nonveteran fathers will have to be called up. Shorter deferments for students are likely and perhaps a higher passing mark on the College Qualification Tests will be required.

We have many times expressed the opinion that we believed it was the intent of Congress not to induct veterans until the supply of all physically fit single, nonveterans, nonveteran married men without children, has been exhausted. I am sure that all of us will acept this intent as being a very sound philosophy.

We must keep faith with our veterans of World War II to the extent that they will not again be inducted into the armed forces until the supply of all others has been exhausted. To this end our local boards are committed and they should have the wholehearted support of every citizen in their community.

In regard to industry, on November 30, 1952, we had only 344 registrants in that group, so we cannot expect a great deal of manpower from the classification.

Now as for agriculture, Minnesota has approximately 8,543 registrants in this group classified as II-C or approximately one-tenth of the nation's total. Probably no classification has a greater bearing on the national health, safety, or interest than the Class II-C classification given to those engaged in agriculture. Local Boards will have to carefully follow Section 1622.24 (a) of the Selective Service Regulations as referred to under Series I of these articles.

A lot of thought and study has been given to the policies set up as suggestions to the local boards in considering farm deferment cases. Deferments are not to be granted for the convenience of the registrant or his employer or parents, **but only** in furtherance of the national health, safety, or interest. The law states that we must process for induction those **who are made available**, starting with the oldest ages first.

Further, the employer must prove that there is no replacement either by placing a bona fide request for a hired man with some employment agenciest or by advertisement in newspapers, etc.

It must be further proven that the land in question cannot be maintained in good production by others than the registrant. Deferments can only be given on a temporary basis when found to be necessary in the national health, safety, or interest, even then only until adequate and competent replacements are available.

In an effort to be of assistance to all our local boards and drawing upon our experience during World War II, this headquarters has set up certain suggested policies for the selection for induction of those registrants engaged in agriculture which we believe to be fair and equitable; at any rate, we believe we have a humane and practical approach to a problem that is difficult at best and will never be satisfactorily solved.

Recommended policies suggested that registrants be placed in five categories, thus establishing each in his importance to the national health, safety, or interest. These categories will be explained in our future articles.

Co-op Units Hold Annual Meetings

Most Sessions Slated from January to March

January, February and March are the months during which most of the farmer-owned cooperative organizations hold their annual meetings, notes John Brandt, president of Land O' Lakes Creameries, Inc.

These meetings usually get under way soon after the middle of January, and the following six weeks are really crowded with these important farmer gatherings. While some of them are held in the early part of January and during March, the number is decidedly less than during the rush period of late January to early March.

These meetings are the business sessions of the marketing division of the farm factory. While many of our cooperatives are celebrating their 40th, 50th and 60th anniversaries, the interest and significance of these cooperative annual meetings came into prominence within the last 20 or 25 years.

It is well within the memories of many of the older members of our cooperatives when the annual meeting did not attract a large percentage of the membership. It was sometimes barely possible to get a quorum present to transact business. But this situation has changed rapidly and for the betterment of the understanding and support of cooperatives during the last 20 years.

Twenty-five years ago it was an oddity to see women present at one of these meetings, Brandt states. Now these farmer cooperative meetings attract just about as many women as men and have become a business and social function of real importance to the communities they serve.

Summary of 1952 Fishing Results

Game and Fish Division Reports on Creel Census

Minnesota's "average summer angler" is now pictured as a still fisherman who plies canepole, rod and reel or just plain drop-line for an average of 3.3 hours at a whack and takes home 2.4 fish weighing a total of 1.5 pounds.

This thumb-nail of a summer angler emerges from summary figures released by the bureau of fisheries, Minnesota division of game & fish, on a creel census on 23 Minnesota "typical" lakes.

The lakes censused were selected by the fisheries research unit as being representative of Minnesota fishing waters and are scattered over the state including areas around the Twin Cities, Mankato, Glenwood, Brainerd, Grand Rapids and Detroit Lakes.

Out of every hundred fish taken by summer anglers from the census lakes 11 were northern pike, 8 were walleyes, 40 were sunfish, 20 were crappies, 2 were bass and the remainder of miscellaneous other kinds.

Mud Lake Refuge Reports for 1952 on Construction

85,560 Cubic Yards of Dirt Moved by Draglines in Raising Five Dikes

Personnel of the Mud Lake national wildlife refuge wound up heavy construction and major repair work on December 31st. Due to lower water levels, and generally dry working conditions it was possible to commence construction and major repairs early in May, and continue on through until January 1, with a minimum of the usual difficulties stemming from soft roads and dikes.

Dike and dam repairs must be accomplished annually to maintain the 30,000 acres of waterfowl marsh area at proper levels for production of aquatic food and cover plants that provide the necessary habitat for waterfowl, and other desirable species of wildlife.

During the period of May through December of 1952 the following was accomplished by refuge personnel and a small crew of local laborers and operators:

85,560 cubic yards of dirt moved by draglines in repair and raising of five separate dikes;

3,621 cubic yards of pit-run gravel loaded, hauled, dumped and spread to protect dike slopes and dike tops.

65 cubic yards of large rock laid for waterways.

Two water control dams were rebuilt; one new open spillway was constructed. Brush from 4,000 feet of dike was removed preparatory to re-building.

Groups Will Meet at Winter Shows

Many Associations to Convene in Crookston

Valley-wide farm organizations will hold annual meetings at the Red River Valley Winter Shows February 23-27, at Crookston.

The Red River Valley Livestock association meeting of members and stockholders will be held at the Crookston Armory, Winter Shows headquarters, at 1:30 p. m. on Monday, February 23.

The 9th District Horticultural society and the Red River Valley Crops and Soils association will hold noonday luncheon meetings on Tuesday, February 24. The horticultural society elects officers for the year at their afternoon meeting. Officers and directors of the Red River Valley Dairymen's association and officers and directors of the Northern Minnesota Poultry association will hold mid-winter luncheon meetings at the Shows on Wednesday, February 25.

On Thursday, February 26, the Red River Valley Development association will hold its annual business meeting at the Shows at 4:00 p. m. Following the business meeting, the association will hold its annual "recognition" banquet for the 1953 Valley Farmer and Homemakers from each of the Red River Valley counties. Members of the Minnesota legislature, representing the house and senate, will be honor guests at the banquet.

The annual Stockmen's Dutch Lunch for livestock breeders and consignors at the livestock sales will be held on Wednesday evening, February 25.

MEMORY LANE
PLAYER PIANO
Remember when the Browns bought the first player piano in town? Think of it—a piano that played and piece perfectly without your touching the keys! They popped up and down themselves. No wonder the youngsters were enthusiastic. What was the use of taking lessons and practicing hour after hour when such a piano had been invented? Remember?

Eyestrain Is the Price People Pay for Progress

Dr. Louis J. Girard, a New York ophthalmologist, believes that the demands of our complex civilization have made us acutely aware of our eyes because "the demand for acute vision is far greater in this highly complex civilization."

"Our eyes are no worse and, in some respects, are better than those of previous generations," he wrote in an article published by Today's Health."

Eyestrain will not permanently damage the eyes, Dr. Girard points out.

"Continuing to strain the eyes when eyestrain symptoms are present can certainly aggravate the condition but it has not been known to produce organic changes in the eyes. It is not thought that the eye is capable of straining itself into permanent damage."

As for watching television, Dr. Girard writes that it is "inconceivable that the television screen would harm the eyes of a person on the other side of the room, television contains no harmful rays.

"Watching television to excess can cause symptoms of eyestrain, but not permanent injury. If the viewer needs glasses, has aniseikonia (unequal images are seen by the two eyes) or a muscle imbalance, he is even more likely to get symptoms of eyestrain. But if the eyes are normal or defects have been properly corrected, no symptoms will result from watching television.

"Knowing this, common sense should dictate the length of time anyone should spend gazing at the television screen."

Dr. Girard gives several reasons for eyestrain. The most common reason is a refractive error that calls for glasses. Undercorrected farsightedness, astigmatism, presbyopia or "old sight" and overcorrected nearsightedness may produce eyestrain symptoms. Proper glasses can correct these types.

Muscle imbalance, a disturbance in the delicate eye muscles that synchronizes the movements of both eyes, is another reason for eyestrain. Such affliction can be alleviated by proper glasses, certain eye exercises and, sometimes, by surgery.

Prolonged use of the eyes, improper illumination and a number of organic eye diseases can also cause eyestrain.

NATURE NOTES

A Spring Valley quarter pound egg, 7 ¾ by 9½ inches, was promptly outclassed by a somewhat smaller but strangely heavier 4½ ounce entry from Staples, measuring 5 3/4 by 8½. Average egg weight is supposed to be 2 2 ounces. A meadowlark and a pocket gopher were counted among scarce January wild life at Morris. Two horses on the J. W. Smith farm near Jackson shared their forage with a fawn.

WESTERN EGGS to JACK FROST
NORCAL BRONZE POULTS
100% From Western Eggs!
We hatch ONLY eggs flown direct from the original NORCAL STRAIN in California. We do NOT hatch from any local Norcal breeders. These eggs are produced from flocks that are Pullorum clean and have been tested for Paratyphoid (which can be just as troublesome as Pullorum). No eggs are shipped from flocks with any record of Sinusitis or other respiratory disease.
YOUR ASSURANCE OF QUALITY & PROFIT!
Despite last year's uncertain market, our breeders made good profits. Practically 100% of last year's customers have already reordered our NORCALS. Our Beltsville White Poults are also in great demand.

Funeral Held Thursday for Mrs. Mary Olson of Eden

Funeral services were held Thursday afternoon from the Salem Lutheran church south of Gully for Mrs. Louis Olson of Eden township. The Rev. Arthur Grimstad officiated.

Mrs. Mary Olson passed away Sunday morning, Jan. 25th at St. Mary's hospital, Superior, Wisconsin.

Mary Olson, an early settler of Eden township, was born in Varmland, Sweden on July 7, 1871 to parents Paul and Marit Paulson. She came to America at the age of seven years with her parents and lived at Hickson, N. Dak. until they came to Eden township. She was baptized in Sweden and was confirmed after she came to this community. In 1895 she was united in marriage to Louis M. Olson. To this union 12 children were born. Mrs. Olson was a life long member of the Salem congregation and received a Life Membership pin from the Ladies Aid there.

Her husband and six of her children preceded her in death. Left to mourn her passing are three daughters and three sons. They are Mrs. O. L. Quam, (Clara) of Superior, Wis. Mrs. Herbert Samson (Ruby) of Trail, Mrs. Obed Matson (Nina) of Fosston, Clarence of Red Lake Falls, Henry of Superior, Wis. and Nobel of Colfax, Wis. Also surviving her, are two brothers, Lars Paulson of Trail and Carl Paulson of East Grand Forks; nine grandchildren, four great grandchildren and several nephews and nieces.

Due to failing health she has spent the past several years with her daughter Pearl.

Mrs. Otto Voeltz spent Thursday evening at the Violet Weberg home visiting her daughter Sylvia, who is employed at the Weberg home.

Mr. and Mrs. Carl Newton returned home from Aitken after spending a month with their sons down there.

Mr. and Mrs. Olaf Gelein of Fosston spent the weekend with their son-in-law and daughter, Mr. and Mrs. Elvin Evje at Trail.

Look what's worrying the low-priced three!

THERE's a big story in the price of this beauty—but an even bigger one in what you get for that price.

You get the highest horsepower and compression ratio ever engineered into this Buick Series—from the extra-thrifty F-263 Fireball 8 Engine newly designed for this Golden Anniversary SPECIAL.

You get an even wider front seat than this roomy Buick had before—plus a new tilt-away feature that means easier in-and-out.

You get real big-car comfort, from deep, soft cushions with new zigzag type springs in both the seats and the backs.

You get the steady going and the sweet handling ease that come of a still finer Million Dollar Ride. Steering ratio is increased. Front wheels have been brought to zero-caster. And here, of course, you get coil springs on each wheel, full-length torque-tube drive, rigid and massive X-braced frame—ride features you get in no other car at the price.

But—you get the idea.

And when you realize that the figure on this big, brawny, beautiful Buick SPECIAL is just a few dollars more than you'll pay for one of the so-called "low-priced three"—we're sure you'll say: "*This* is for me!"

Come in and try it out—then tell us if we're wrong or right.

Salzburg

Built to suit the lavish taste of powerful archbishops who made it the "Germanic Rome," Salzburg is a city of princely palaces and magnificent churches, dominated by the massive bulk of the cathedral—a copy of St. Peter's in Rome. The city straddles the turbulent Salzach river which runs through green alpine foothills shadowed by the twin mountains of Kapuzinerberg and castle-topped Monchsberg. Aside from its musical fame, Salzburg has long been a strategic and important city. It is the headquarters of the U. S. Zone of Austria and the capital of Salzburg province, as well as the junction of several important routes from western Europe to the Orient. The site has been occupied since pre-Roman times. The original settlement was replaced by the Roman trading town of Juvavum, sacked by barbarian invaders in the fifth century. The modern city grew up around the monastery and bishopric founded about 700 A.D. by St. Rupert of Worms.

A Treatise on Bread Softeners

"Lack of Flavor in Bread" Termed Big Problem of Baking Industry

A Vice President of the American Baking Co. of Georgia speaking before The American Institute of Baking said there is a "tendency to overevaluate some factors in bread scoring at the expense of taste and eating qualities of bread."

This bakery official was critical of emulsifiers and softeners and said that their applications to bread formulas have been "misdirected." "We have put ourselves on the spot by not being properly advised by our scientific people" inferring that he is of the opinion that the use of such additives was a mistake.

Referring to the type of bread that he believed the Industry should produce, he said that the Baking Industry had been "embarassed by a lady in New England, who lacking in all our scientific know-how, has been able to produce and market a Good FIRM Loaf of Bread that people really buy.". . . . . Is this man "talking through his hat?"

Why do so many people ask themselves "Why can't we get bread like our mother used to make?"

These two questions should give the housewife some food for thought when making up her shopping list.

Your Grocer has Jung's "BIG BEN" Bread and HOME MADE TWINS. Call for either of these when placing your bread order.

Accidents Claim over 1,600 State Citizens in 1952

Home Accidents Lead as Death Cause, Taking 588 Lives During Year

Accidents claimed the lives of more than 1,600 people in Minnesota in 1952.

According to the division of vital statistics, state department of health, the leading cause of accidental death was home accidents which took 588 lives. Motor vehicle accidents were a close second with 569 deaths.

Other leading causes were public accidents such as drownings which caused 300 deaths, and occupational accidents which were responsible for 155 death. Although accidents, which caused a total of 1,628 deaths in Minnesota last year, are an important cause of death in all age groups in the state, they are the leading cause of death in the age group 1-35.

In addition to the 588 lives lost in home accidents last year, state safety officials estimate there were 88,000 non-fatal injuries from home accidents causing disability for at least one day.

"Accidents in the home now rank ninth among causes of death in the United States," Dr. Otis L. Anderson, chief of the bureau of state services of the U. S. public health service, says. "Home accidents kill more than 28,000 persons each year, seriously cripple 110,000 and cost the American economy dearly in manpower and money."

Dairy Group to Promote Use of Dry Milk Product

This year The American Dairy association will feature the use of non-fat dry milk as an ingredient in home recipes.

In featuring the ingredient, A.D.A. is filling a much needed gap in the industry's promotion of this product. Already non-fat dry milk is being sold to the nation's housewives in small packages that amounts to over 100,000,000 pounds a year.

A.D.A. will also stress the fact that non-fat dry milk accounts for 35 per cent of milk proteins. Help is coming tot the dry milk industry on several fronts due to the fact that the nation's dairy farmers have invested in an advertising program of their own across the nation, known as The American Dairy association.

This is an industry-wide force for advertising and merchandising all dairy products.

'U' Regents Named by Legislature

Former Senator Wins over Miss Cutright

The Minnesota legislature last Wednesday elected former Senator Karl Neumeier, Stillwater, to the board of regents of the University of Minnesota and re-elected three other regents.

Neumeier's election became a certainty when the senate and house, meeting in joint session, voted 131-62, to substitute his name for that of Miss Prudence Cutright, Minneapolis, on a slate submitted by the senate and house University committees.

Re-elected to the board were Dr. Charles Mayo, Rochester, and J. S. Jones, St. Paul, regents-at-large and Lester Malkerson, Minneapolis, representing the fifth congressional district.

Neumeier will be at regent-at-large. All regents serve six-year terms.

47 Fatalities in January Traffic

State Total Compares with 28 Deaths in 1952

More people were killed last month in traffic accidents on Minnesota's streets, rural roads and highways than in any other January in 11 years, according to preliminary reports made public today by the state highway department.

With 47 deaths reported, the month's toll exceeded the previous high for January of 45 deaths, which was recorded in 1947. The past month's deaths were also 19 more than the 28 total for January of 1952.

Following last year's excellent achievement in saving 78 lives, as compared with the 1951 toll, January's wave of fatal accidents literally has the highway department's safety experts "stumped." They placed most of the blame for January's bad record on the drivers themselves, inasmuch as the department has gone to greater pains than ever to sand icy stretches, blade off ice and snow and in every way attempt to make the highways as safe as winter conditions permit.

"Minnesota motorists," stated the safety experts, "must realize that normal winter weather and road conditions call for reduced speeds, greater caution and constant vigilance while driving. The warnings and advice given out by the highway department through newspapers and radio stations are intended to prevent accidents and deaths. They will if motorists will heed them and drive accordingly."

Governor Honors School Patrols

Designates Week of Feb. 22 for Tribute to Members

Minnesota's more than 17,000 school safety patrol members including those in Thief River Falls, will again have their fine contribution to safety recognized this year as a result of a proclamation issued by Governor C. Elmer Anderson designating the week of February 22 as "School Safety Patrol Week".

In his proclamation, the governor pointed out that:

"The children of Minnesota are protected in a thorough and effective manner by the school safety patrol.

"The young members of the school safety patrols endure many dangers and discomforts in guarding their school comrades from the hazards of traffic accidents.

"The members of the school safety patrols must develop to a great degree the qualities of loyalty, courage and self-responsibility.

"It is fitting that we should set aside a special week to pay tribute to the boys and girls who faithfully give of their time and energy so that the school safety program can be carried out successfully."

The governor also commended the various civic and community organizations which sponsor and aid the school safety patrol and help make its work more effective.

The first school police system was begun in St. Paul in 1920. Nine years later, the American Legion in the state voted to sponsor a state-wide school safety patrol system as one of its civic betterment programs.

Fertile Voters Approve $275,000 School Bond Issue

Fertile voters on January 27 approved a $275,000 school bond issue that they had rejected earlier in December.

Purpose of the bond issue is to make additions to the present school plant. An eight room elementary school is planned along with a music rehearsal room and a combination industrial arts and agricultural room. Remodeling is planned also, according to school board president James Jacobs.

The vote showed a large turnout with 597 persons voting yes for the proposal and 258 voting no. Last December the voters turned down the same proposal by a vote of 360 to 342.

The need for additions to the present school plant is the result of a reorganization of rural schools in the Fertile area which took place last summer. At that time 23 schools were brought into the Fertile system.

Jacobs said that the board hopes that construction would start in the spring. A date for bids on the construction has yet to be set.

Don McKenzie of Crookston Dies

Rites Held Saturday for Newspaper Publisher

Donald A. McKenzie, 57, president of the Crookston Times Printing Co., publisher of the Daily Times, died in a Crookston hospital Thursday.

Mr. McKenzie was widely known throughout northern Minnesota as a newspaperman, civic leader and sportsman.

A heart ailment had kept him confined to a hospital or home most of the time since last June.

Born in Crookston Feb. 7, 1895, he was the son of Mr. and Mrs. W. E. McKenzie. The father was founder of the Crookston Daily Times.

Donald McKenzie was publisher of the newspaper since 1928 and was active in various journalistic associations.

He is survived by his wife and two sons, Capt. William E. McKenzie, stationed in Germany, and Donald L. McKenzie, Crookston.

Funeral services have been tentatively set for 2:30 p. m. Saturday in the Houske chapel.

Smoking chimneys, once a sign of warmth in the home, are becoming rare since householders began to learn that fuel will not smoke if it is burned properly.

Airline Appoints Publicity Chief

North Central Airlines, Inc. announced the appointment of David A. Moffitt, manager of publicity. According to Howard A. Morey, president of the company, Moffitt will have charge of distribution of public information, press relations, and a company publication which is contemplated in the near future. Moffitt, aged twenty-six, is a graduate of the University of Minnesota school of journalism, and for the past two and one-half years has been associated with the Winona Republican-Herald.

In 1951, a total of 240 million tons of bituminous coal was mechanically cleaned, as compared with less than 200 million tons the previous year.

Coal is the most plentiful and most available of any of the energy sources in America.

C. and C. Assn. Memberships Hit 298 Total

Committees Report on Various Activities at Meeting Last Thursday

A total of 298 firms and individuals have been signed up to date for membership in the Civic and Commerce association, including 36 new members, it was announced by Elmer Bratsch, membership chairman, at last Thursday's luncheon meeting in the Rex Cafe.

Of the total, Bratsch said, 35 per cent sent in their dues without solicitation, while the remainder were signed by 23 teams of solicitors. He added that $7,413.50 in dues was paid in cash, with pledges of $3,308 for a total of $10,721.50.

Chairman Bill LaFave of the road committee reported on a recent Highway 59 meeting at Karlstad, at which the group went on record in favor of extending the highway due north from Lancaster to join Canadian Highway 59 at the border.

Stan Mortenson, chairman of the governmental affairs committee, told of a recent conference with the city council relative to a rearrangement of the city wards and the proposed staggering the expiration of aldermanic terms.

He explained that while the ward setup can be realigned by action of the council, it will be necessary for the state legislature to enact a law revising the terms of aldermen.

Don Olson, chairman of the public relations committee, announced that the C. & C. has available for distribution two kinds of Thief River Falls booster buttons, one to be worn when attending events in other towns, and the other for use by local people when this city is host to conventions.

Evan Bundy, warrant officer with the local National Guard company and a veteran of the fighting in Korea in 1952, showed an interesting collection of colored slides taken by him of scenes behind the battle front in Korea, as well as scenes in Japan.

L. A. Ihle, association president, announced that the next meeting will be held Thursday evening, February 19, at the Elks club rooms, and that the program, dealing with social security, will be presented by John X. Lynskey, executive secretary of the Pennington county welfare board.

60 Pennington Co. Farmers Share in Dairy Farm Tour

Study Loose Housing at Castleman Farm, Erskine and Farm at Terrebonne

Sixty Pennington county farmers visited dairy farms in Polk and Red Lake counties on a tour Thursday, February 5, conducted by County Agent Ray Mitteness along with Ralph Wayne, extension dairyman from the University Farm.

Visited were the Erving Castleman farm at Erskine and the Leonard Casavan farm at Terrebonne. Mr. Wayne gave a brief talk pointing out that loose housing has the advantage of saving labor and building costs; however, cows in this type of housing require slightly more feed and more straw than with conventional housing. He also pointed out that loose housing can be made to meet grade "A" specifications as did the Casavan barn.

Coffee and doughnuts were served at the end of the tour by E. J. Peltier, manager of the Goodman Farm Electric, Thief River Falls.

McEldoon Joins Insurance Agency

Lloyd N. Bennes, district agent for the Lincoln National Life Insurance company, this week announced the appointment of Lyell C. McEldoon of this city as special representative of the Bennes agency in this territory. McEldoon was formerly associated with the Larson company.

'53 Kiddies Carnival Attracts over 1,000

Bray Mutual Sec'y

EDGAR A. NAPLIN

Of Polk Center township and a native of Pennington county, who last Wednesday was elected to succeed the late John O. Swanson as secretary of the Bray Mutual Fire Insurance Co.

A graduate of St. Hilaire high school and of Gustavus Adolphus college, St. Peter, Naplin was employed as social worker by the Polk and Pennington county welfare boards until 1942 when he became executive secretary of the Freeborn county welfare board at Albert Lea. He served there until his resignation last year, when he purchased his father's farm in Polk Centre, where he lives with his wife and three sons.

In Albert Lea he had served four years as chairman of the Freeborn county chapter of the National Foundation for Infantile Paralysis, as well as being active in Community Chest and church work, and past president of the Albert Lea Junior Chamber and of the PTA.

An atmosphere of happy pandemonium prevailed in the municipal Auditorium last Thursday evening when an estimated more than 1,000 youngsters, many of them from the surrounding rural area, had a hilarious time at the annual midwinter Kiddies Carnival sponsored by the Thief River Falls Lions club.

Accentuating the carnival spirit were hundreds of balloons and large quantities of confetti in addition to the presence of two clowns in the persons of Cliff Bjorkman and Vic Jung.

Each of the various attractions had a steady stream of customers, the offerings including a country store, beauty parlor, dart game, pin the donkey's tail and others. Much diversion also was supplied by an animated horse loaned by the Thief River Amusement Co.

Prizes galore were distributed to the children, 4,000 container bags having been donated by the Lewis-Howe Co. of St. Louis, makers of Tums, thru the agency of Parkins Corner Drugs.

Tom Fuller served as chairman of the highly successful event, assisted by R. S. Eldevik and nearly the full membership of the Lions club.

Dr. N. D. Nickerson Leaves City to Set up Fairmont Clinic

Was Co-founder of Falls Clinic Here and Member of Board of Education

Dr. Neil D Nickerson, specialist in internal medicine, who has practiced in Thief River Falls since July, 1949, and who was one of the founders of the Falls Clinic, is leaving today for Fairmont, Minnesota, where he will establish a clinic in association with his brother, Dr. Roger Nickerson, and cousin, Dr. Harold Williamson. They will take over the offices of Dr. Roscoe Hunt, who is retiring.

Dr. Nickerson Monday evening tendered his resignation as a member of the local board of education, on which he has served since July, 1952. He also served for some time as director of the Community church choir, and, with Mrs. Nickerson, has served on the program committee of the Knox school PTA unit.

Mrs. Nickerson, who with their four children will join her husband in Fairmont as soon as living quarters have been secured, also has been an active member of the hospital auxiliary group organized last year by wives of local doctors.

TRF Creamery to Meet Next Monday

Annual Meeting Slated in Auditorium at 2 p. m.

Members and patrons of the Thief River Falls Cooperative Creamery association will hear reports on 1952 operations of the plant at the annual meeting to be held next Monday afternoon February 16, at 2 o'clock in the municipal Auditorium.

Otto Saugen, secretary, announced that two directors will be elected, the terms of Saugen and Albert D. Hanson expiring at this time.

Other business to be considered by the membership includes discussion of a proposal that the creamery engage in the manufacture of cheese, canned milk or dry milk as a means of expanding the outlet for dairy products.

Lunch will be served at the close of the meeting.

Nelson and Neal, Duo-piano Team, to Play Here Feb. 23

Next Number in Artists' Concert Series Given in High School Auditorium

Nelson and Neal, the Australian-American duo-piano team, will be heard here Monday evening, February 23 at 8:15 in Lincoln high school auditorium under the sponsorship of Northwest Concert association, David Vaaler, president, announced today.

Harry Lee Neal, a Tennessean, was for some years a radio announcer in the United States and did radio commenting for the Australian Broadcasting Commission. In Philadelphia, he held an executive position and produced television shows for the local CBS outlet, WSAU-TV. This was in addition to the year and a half television series which Mr. and Mrs. Neal presented from Philadelphia.

Mrs. Neal, or Allison Nelson, was considered Australia's leading child prodigy. She concertized extensively throughout the country and, in 1944, she became the youngest person ever to tour the ABC Celebrity Concert Circuit, where she played in every major city in Australia.

On this tour, she played twice with Eugene Ormandy and the Sydney Orchestra. Mr. Ormandy was so impressed that he immediately arranged for her to obtain one of the coveted scholarships in the Curtis Institute of Music in Philadelphia. While studying with Rudolf Serkin at the institute, she did numerous tours in the south and east and appeared twice as soloist with the Philadelphia Orchestra under Eugene Ormandy.

About this time she fell in love with Harry Neal, a fellow-student at Curtis and they became a duo-piano team. Shortly afterwards, they began their Philadelphia television series and were married. Miss Nelson returned to Australia for another tour during 1950. After completing his 1950 American tour, Harry Neal joined her in Australia for a year's work for the Australian Broadcasting Commission, including a coast-to-coast broadcast. They returned to the United States recently.

The tour direction is under the University of Minnesota Concert and Lecture Service.

Two Men Address Rotary Club; Plan for Winnipeg Trip

Autobiographical and classification talks were given by two new Rotarians, O. D. Gifford, Soo Line agent, and Art Christianson, local grocer, at the Rotary club luncheon Monday noon in the Elks club rooms. It was indicated at the meeting that 25 or more club members will attend the three-day International Good Will meeting in Winnipeg February 20-22, making the trip in the private car of E. A. Hamerski, division superintendent of the Soo Line.

Board Accepts Resignation of Dr. Nickerson

School Board Votes to Consider Bids March 2 for Purchase of Bus

In response to a request from State Senator W. E. Dahlquist, *tentative arrangements* were made by the Thief River Falls board of education at a meeting Monday evening for a conference on school matters with other towns in this area on Saturday, February 28, when Dahlquist will be present.

The board voted to accept the resignation tendered by Dr. Neil D. Nickerson, who has served on the board since last July, and who is leaving today to practice in Fairmont, Minnesota.

Action was taken to call for bids on a new school bus, with bids to be opened at a special meeting Monday, March 2. It was indicated that the old bus to be replaced will be retained for emergency use.

Arrangements were made for the district to take over from Erickson, Solheim & Ness, contractors on the Northrop school addition, the $211,710 insurance on the structure, which was carried by the contractors while the addition was being erected. The policies will be divided among three local agents in accordance with plans worked out at the board's January session.

The board agreed to close the schools on Monday, February 23, for Washington's Birthday, which this year falls on Sunday.

Marvin Lindberg requested that the board grant the use of the Lincoln gymnasium for the style show to be staged next month by the American Legion post in cooperation with local merchants. The request was granted tentatively subject to certain conditions being met.

Detailed report on the annual convention of the Minnesota School Board association in St. Paul last week were given by L. N. Bennes and Fred Koop, board members, and Supt. W. G. Claffy.

Boy Scouts Court of Honor Set for Monday, Feb. 16

A large group of Thief River Falls Boy Scouts will participate in the annual court of honor to be held next Monday evening, February 16, at 8 o'clock in the Scout room in the Trinity parish education building.

Boys from Troops 57, 59 and 60, sponsored by St. Bernard's, Zion and Trinity churches will be advanced in rank, highlighted by the promotion of three boys to the coveted Eagle scout rank.

Walter Kavanaugh, district advancement chairman, will be in charge of the ceremony.

Voters Approve School District Land Purchase

Only 81 voters took part in the special election of School District 18 in the Auditorium Tuesday evening. By a margin of 73 to 8 the voters approved the request of the school board that it be authorized to purchase at a price of $7,000 a tract of land equivalent to two and one-half city blocks in Rafteseth's addition west of Arnold av. S. and two blocks south of Lincoln high school. H. B. Rafteseth is the owner of the property to be transferred, which will be developed for use as a new Lincoln athletic field.

Werstlein Named Head of Airport Commission Here

George W. Werstlein was elected to succeed G. A. Frahm as chairman of the Thief River Falls municipal airport commission at its organization meeting Monday evening at the airport. Wallace Tunberg was named secretary, other members being Gordon Ballingrud and Aldermen G. S. Bergland and Tom Fuller. Meetings will be held at the airport the first Monday evening of each month, it was agreed.

The commission voted to turn over to the Civic and Commerce association the matter of arranging an airport dedication program for early in the summer.

This locality enjoyed another week of mild winter weather, interrupted only by a slump to -18 Sunday morning. The mercury hit the week's high of 24 Tuesday, when also an inch or two of snow arrived.

Marilyn McCrum 1st in Speaking Contest

A small audience enjoyed the annual 4-H radio speaking contest held Saturday afternoon, February 7, in the city Auditorium, with 13 4-H club members participating. All contestants spoke on the topic, "What Responsible Citizenship Means to Me."

Marilyn McCrum, daughter of James McCrum and a member of the Smiley 4-H club, won first place and Glenn Koglin of the Kratka club and Beverly Oaki of the Mavie club followed in second and third places. Others taking part in the contest included Connie Alberg, Rocksbury; Dorothy Anderson, New Solum; Helen Sorenson, and Arlan Solem, Steiner; Darlene Sabo, Mavie; Donna Wik, Shirley Ann Wik, and Roger Corbet, St. Hilaire; Dianne Lendobeja, Smiley; and Lorette Bolstad, Silverton.

Marilyn McCrum will take part in the district radio speaking contest to be held Wednesday, February 25, at Crookston.

Judges for the county contest were Miss Thora Skomedahl, Douglas Tegtmeier, and Lester Swanson.

Washington PTA Auction Nets $36

Members Enjoy Unusual Musical Program Monday

The treasury of the Washington school PTA unit was enriched to the extent of $36 as the result of an auction of contributed articles held at the February meeting Monday evening. Serving as auctioneers were Art Smith, Karl Kollitz and Roy Langevin, who were attired in humorous costumes.

Presenting songs with combs were the Anders Sisters, bearing a suspicious resemblance to the Andrews Sisters of radio fame, the trio including the Misses Marion Dahl and Corinne Johnson and Mrs. Max Jensen.

Mimicking the Spike Jones band was a kitchen band consisting of Mmes. Victor Kvikstad, Robert Nick, Margaret Race, Irvin Wilson, Art Smith and Emmett Israelson.

Mar. 16 Set for Vote on Court House Bonds

The Pennington county board at a meeting Monday set Monday, March 16, as the date of a special election to vote on a proposal to issue $295,000 in bonds to finance the construction of a new court house in Thief River Falls, County Auditor C. W. Rodekuhr announced today.

In addition to the amount of the bond issue, if approved, the county has on hand $77,500 to aid in financing the building and equipment, with additional amounts due from other sources.

Rodekuhr stated that the county at the end of 1952 had a bonded debt of $84,000, of which $52,000 is scheduled to be paid off this year, with $23,000 in 1954 and the remaining $9,000 in 1955.

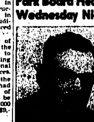
Farmers to Visit Strickler Bros. Farm February 18

Pennington county farmers attending the tour to Strickler Bros. farm at Angus on Wednesday, February 18, are asked to meet at 1 p. m. in the city Auditorium in Thief River Falls, said County Agent Ray Mitteness.

W. F. Morris, extension specialist, will be on hand to discuss the methods of preserving forage crops and the labor saving management of beef cattle at the Strickler Bros. farm, located three miles south and one mile west of Angus.

Those wishing to go will make arrangements for their own transportation.

Barzen Reelected Park Board Head Wednesday Night



ROY M. BARZEN

Roy M. Barzen, who has served as president of the Thief River Falls park board for more than 15 years, was reelected to that post at the annual reorganization meeting last Wednesday. Also retained in office were Lawrence Bjorkman, vice president; and Art Christianson, secretary. Other members are Ben I. Froiland and Melvin Carlson.

Working Plans for Hospital Addition to Start in March

May Be Prepared to Call for Bids by Midsummer, Architects Announce

Latest information from Bettenburg, Townsend and Stolte, architects for the Northwestern Hospital addition, indicates that their organization will begin the working plans and specifications some time in March, Harold W. Peterson, administrator, announced this week.

It is expected that all preliminary architectural plans may be cleared through the local hospital board, the state department of health, and through the United States department of health authorities associated with the Hill - Burton hospital construction act by early March. Following these clearances, the architects will go ahead with final working plans and specifications which could be completed some time in July.

Final review of the working plans and specifications by all authorities concerned and the filing of Part 3 of the U. S. Public Health Service application forms for federal aid under the Hill-Burton program is necessary before bidding for construction can be started.

The architects state that the earliest time for the taking of construction bids would be in July.

It should be noted said Peterson, that the above schedule must assume the highest degree of cooperation and agreement between all parties if it is to be made effective.

Evangelist R. J. Dalzell and his sons, Ronald and Floyd, who have appeared many times in Thief River Falls and are well-known through their radio program, "Message of Life" are having a family reunion as they unite in meetings to be held commencing Sunday evening Feb. 15, in the Evangelical Free church in this city.

Mehrkens Named on Hospital Board

The board of trustees of Northwestern Hospital, at a meeting Monday evening, elected Maynard H. Mehrkens, well-known local farmer, as a member of the board to succeed the late Gus Hillyer. Notified of his election, Mehrkens attended Monday's meeting.

Snag Develops in Realigning Council Terms

East Grand Forks, One of Five Cities Affected by 1895 State Law, Objects

The proposal, originating in the Civic and Commerce association, that the legislature be asked to change the law of 1895, under which this city and four others operate, to provide staggered terms for members of the council has struck a snag, it was revealed in a report by City Attorney Robert A. Wurst at the council meeting Tuesday night.

It has been indicated that in order to change the law it will first be necessary to secure agreement among the five cities affected by it as to the nature of the changes. The other cities are East Grand Forks, Red Lake Falls, Melrose and Cloquet.

City Attorney Mamie of East Grand Forks stated in a letter that officials there were opposed to changing the law as suggested here, largely on the ground that it would involve holding a city election each year.

George W. Christie, editor of the Red Lake Falls Gazette, wrote for the mayor of that city, suggested making the law permissive rather than mandatory. He added that officials there are opposed to holding the city election on the same day as the state election.

With Melrose and Cloquet still to hear from, the council deferred further action on the matter.

The council granted a permit to the Thief River Grain company to erect a 34,000-bushel capacity addition to its elevator on the Soo Line right-of-way at an estimated cost of $30,000.

A communication was read from School District 18 requesting abatement of taxes assessed in recent years against the old Central school grounds, now the site of a school skating rink and parking area. The application was approved and passed on to the county board.

The bid of the Times for official newspaper was accepted on the same basis as last year, and the bids of the Union State and Northern State banks for official city depositories also were accepted.

A petition for bituminous treatment of Zeh st. from Knight av. to Arnold av. was read and ordered filed pending receipt of

Future Farmers Chapter to Share in Sheep Project

One of Three Chapters in Minnesota to Share in Purebred Sheep Raising

The Thief River Falls chapter of the *Future Farmers of America* has been selected as one of three chapters in Minnesota to participate in a cooperative purebred sheep project, it was announced this week by Stanley Nelson, vocational agriculture instructor in Lincoln high school and chapter advisor.

The project is a joint undertaking between the Sears Roebuck Foundation, the state association of Future Farmers and local members. The purpose of the plan, Nelson said, is to encourage the establishment of purebred sheep raising as a part of the supervised farming programs of vocational agriculture students.

Assisting Nelson in supervising the project will be County Agent Ray Mitteness, Don Lawrence of the soil conservation service and Stuart McLeod, manager of Land O'Lakes Creameries in this city.

Participating in the project will be Arlen Solem, Clifford Johnson, Richard Westacott, Henry Sorenson and Darryl Johnson. Each of these boys will acquire five purebred ewes, with the Sears-Roebuck Foundation paying one-half of the purchase price, and also furnishing the use of a purebred ram thru the state association.

The program will continue for a two-year period, during which time the students will return to the state association 25 per cent of the increase from their ewes and 75 per cent of the proceeds of the sale of wool.

Loretta Cullen Becomes Bride of Edw. Stucy

Loretta Mary Cullen, daughter of Mr. and Mrs Thomas Cullen of Goodridge, became the bride of Edward Lloyd Stucy, son of Mr. and Mrs. Edward Stucy of Goodridge, in a double ring ceremony at St. Bernard's Rectory Saturday morning, January 31. Rev. Keough Patnode officiated, with relatives and close friends in attendance.

The bride, given in marriage by her father, wore a gown of white rayon satin, styled with net yoke, long tapered sleeves, and skirt extending into a train. A beaded headdress secured her fingertip veil, and she wore a rhinestone necklace with matching earrings, gifts from the groom. White carnations and red roses made up the bridal bouquet which was tied with white satin streamers.

Attending the bride was her sister, Miss Agnes Cullen, who wore a yellow taffeta formal with a fingertip veil of matching net. She wore a rhinestone necklace, a gift of the bride, and carried a bouquet of white carnations and yellow roses. Lawrence Kiesow, cousin of the bride, was best man.

For her daughter's wedding, Mrs. Cullen was attired in a wine colored suit and the mother of the groom wore a navy dress, each with corsages of pink carnations and roses. Mrs. Margaret Cullen, the bride's grandmother, also wore a navy dress with a similar corsage.

A reception was given by the bride's parents at the Goodridge dining hall. The bridal party was served at a table centered with a three-tiered wedding cake topped with miniature bride and groom. Waitresses were Darlene Merritt, Sharon Pittman, and Mrs. Lawrence Neuschwander. Mrs. Henry Hovet, sister of the groom, cut the wedding cake. Mrs. Allan Jones and Mrs. Orris Olson were in charge of the serving, and Miss Eloise Hedeen registered the guests.

The couple are making their home on the groom's farm near Goodridge. Prior to her marriage, the bride was employed as bookkeeper for the Torgerson Oil Company of this city.

Born February 9, 1863, in Czechoslovakia, one of 16 children, Mrs. Havel came to this country with her parents at the age of three months, making the sixweeks journey across the Atlantic in a sailing vessel.

She spent her girlhood in New Prague, Minnesota, later moving with her parents to Angus, where she met John Havel, to whom she was married in Crookston in 1882.

With her husband and family, she came to Thief River Falls in 1895, and lived here since. Her husband, a carpenter, died in 1942. Of their six children, three died in their early youth, others being John Jr. and James Havel, both deceased, and Mrs. Kinsela. Her descendants also include 11 grandchildren and nine great grandchildren.

Mrs. Havel enjoys good health, being very alert mentally and having good eyesight and hearing.

Pvt. Francis Loeffler Wed to Erskine Girl

Marriage vows were exchanged at eleven-thirty Saturday, January 10, by Miss Adeline Hallebrot, daughter of Mr. and Mrs. Ole Hallebrot of Erskine, and Pvt. Francis H. Loeffler, son of Mr. and Mrs. Joseph Loeffler of rural Thief River Falls. Rev. Keough Patnode performed the double ring ceremony in St. Bernard's Rectory.

The bride wore a gown of white satin, designed with a net yoke edged with pearl beading, long sleeves which came to a point at the wrist; peplum also edged with pearl beading, and full skirt extending into a train. Her "something borrowed" was a fingertip veil of illusion net edged with Chantilly lace, which the groom's sister, Mrs. C. Stodola, had worn at her wedding. She carried a bouquet of pink roses and carnations and her only jewelry was a pair of gold earrings.

Attending the bride was Miss Leah Loeffler, sister of the groom, who wore a gown of blue rayon with net overskirt, complemented by matching headdress. She had a corsage of pink carnations and her rhinestone earrings were a gift of the bride.

The groom was attired in his army uniform. His best man, Stanley Wiener of this city, wore a light brown suit and had a white carnation boutonniere.

A wedding reception was given at the home of the groom's parents following the ceremony. A miniature bride and groom topped the wedding cake which centered the serving table.

The bride will remain in Thief River Falls while the groom left January 21st for Fort Leonard Wood, Missouri, where he is stationed.

Brooks Farm Boy Dies Accidentally

Billy Lieske, Age 13, Hangs Himself in Barn

Billy Lieske, 13-yr.-old Brooks farm boy, is dead as a result of playing with a rope noose in the farm barn.

The son of Mr. and Mrs. Edward Lieske, he had been helping his father do chores in the barn Monday evening. When his father went to the house he remained in the barn, playing with some ropes, one of which had a noose on the end.

He apparently slipped while playing and was hung. When Billy failed to come in for supper his father came out to the barn to get him and found the body hanging from the noose.

Red Lake County Coroner, Dr. Lester Dale said the boy suffered a broken neck in the accident.

The boy's mother was visiting in Brainerd at the time of the accident.

Besides his parents, he is survived by a brother, Floyd of Brooks, six sisters, Mrs. Lloyd Sullivan of Brainerd and Arla, Wilma, Roseann, Margaret and Nita of Brooks, and his grandmother, Mrs. Edna Milligan of Minneapolis.

He was born Aug. 22, 1939, at Plummer and had lived on the farm in Terrebonne Township southwest of Red Lake Falls. He was a pupil in the eighth grade at Mentor.

Final Rites For Mrs. Ole Grovum Held at Grygla

Funeral services for Mrs. Ole Grovum, whose death occurred at a local hospital on February 7, were held Tuesday afternoon at St. Petri Lutheran church at Grygla, Rev. J. M. Erickson officiating.

Mrs. Grovum was born in Houston county, Minnesota, March 20, 1872, and later moved with her parents to Nielsville. She married Ole Grovum in 1887 and they farmed there until May, 1897, when they came to Marshall county and homesteaded near Grygla. About ten years ago she moved to the village of Grygla where she has since made her home.

Surviving are a daughter, Mrs. Simond Stenerson of Crookston; three sons, Tom of Thief River Falls, Obert and Palmer of Grygla; twenty grandchildren; fourteen great grandchildren; and a brother, Simond Rue of Grygla. Her husband and five sons have preceded her in death.

Rites For Mrs. C. Peterson Set For Saturday

Mrs. Carl A. Peterson of Climax, formerly of Thief River Falls, passed away at a Crookston hospital early Tuesday afternoon after an illness of several months. She was 64 years of age.

Funeral services will be conducted by Rev. Walter Pedersen of this city and Rev. Carl J. Carlsen of Climax at the Zion Lutheran Church in Thief River Falls at two o'clock Saturday afternoon.

Selma F. Ecklund was born in North township, Pennington county, September 13, 1888. She married Carl A. Peterson at Crookston on October 14, 1912. They made their home in Crookston until 1931 when they moved to Thief River Falls, and in 1945 they moved to Climax where they have since resided.

She is survived by her husband; one daughter, Mrs. Harold Saastad of Thief River Falls; two sons, Hartley of Holt and Arnold of Minneapolis; four sisters, Mrs. Ellen Swayze of Miami, Florida, Mrs. Halvor Rhodegard and Mrs. Anton Hall of this city, and Mrs. Olga Ecklund of Moline, Ill.; and four grandchildren.

Services Held at Rochester For W. P. Wilson

Funeral services for William P. Wilson, who passed away at Rochester on Feb. 3, were held at Rochester on Friday afternoon, Feb 6, Rev. D. T. Beadle of Eveleth, formerly of Thief River Falls, officiated and burial was made in the cemetery at Lake City, Minn.

Mr. Wilson was born in Wabasha County, near Lake City, on May 7, 1880 and grew to manhood there. In 1900 he graduated from the University of Minnesota Agriculture School. On Aug. 26, 1903, he married Miss Anna E. Brown, and in 1909 they left Lake City for Reynolds, N. D. where they farmed for several years before coming to River Falls township in 1911, where they lived for 32 years.

He was active in many community affairs while residing in River Falls township. In 1944, the Wilsons retired from farming and moved to Thief River Falls. Mr. Wilson had been in failing health for several years.

He is survived by his wife Anna, and four sons and three daughters: H. M. Wilson of Detroit Lakes; George W. Wilson of Kansas City, Mo.; Capt. W. J. Wilson of the U. S. Air Force at Sherman, Texas; and Glenn M. Wilson of Salt Lake City, Utah; Mrs. A. W. Brink of St. Hilaire, Mrs. J. W. Opheim of Rochester; and Mrs. Bert Mosleth of Thief River Falls, and ten grandchildren. His parents, three brothers, two sisters, and one grandchild preceded him in death.

Earle Ripley Jr. Dies Suddenly at G. Forks Saturday

Earle Ripley, Jr., son of Mr. and Mrs. Earl Ripley of this city, passed away at St. Michael's Hospital in Grand Forks Saturday afternoon following a brief illness. He was nineteen years of age on January 25.

Funeral services were held this afternoon at the Community Methodist church, Rev. E. C. Mead conducted the final rites and officiated at the interment in Greenwood cemetery. Pallbearers were Paul Hamilton, Jack LaSalle, Marlin Bjerge, Roger Williamson, James Winjum, and David Fast.

Earle Passon Ripley was born in Minneapolis January 25, 1934, the son of Mr. and Mrs Earl P. Ripley. Two years later he came with his parents to Thief River Falls. He attended Sunday school and was a member of the Community Methodist church. In 1952 he graduated from Lincoln high school, where he had been active in hockey and was student manager. Since last fall he had been a student at the University of North Dakota.

Those who remain to mourn his death are his parents, Mr and Mrs Earl P. Ripley of this city, and two brothers, Calvin and Merton, also at home; three sisters, Mrs Edward Srelling of Fergus Falls, Mrs. Palmer Overbye of Minneapolis, and Mrs. Paul Whyte of Oshkosh, Wisc.

Funeral Services Held on Monday for Justin Hanson

Justin Hanson, a resident of the Goodridge community for the past 48 years, passed away on February 2 at the age of 50 years. Funeral services were conducted by Rev. O. O. Bjorgan at the Ekelund Lutheran church Monday afternoon. Pallbearers were Clarence Dahlen, Frank Krbechek, John Kulseth, Swen Omlid, Henry Sunsdahl, and John Sunsdahl.

Mr. Hanson was born at Leland, Iowa, August 19, 1902. At the age of three years he came with his parents to Highlanding township where they homesteaded. He was baptized and confirmed in the Lutheran faith.

On January 18, 1922 he married Miss Selma Thoreson in Thief River Falls. He took part in church and community activities, serving as township assessor, on the Triple A committee, and was also chairman of the board of directors of the Goodridge Co-op Creamery Ass'n. He was a member of the Ekelund congregation and had held various offices in the church.

He is survived by his wife Selma and a son, Orlin, at home; his mother, Mrs. Ellen Hanson of Thief River Falls; and a cousin, Mrs. Norman Kriel of Goodridge. His father preceded him in death.

600 to Attend State Co-op Wool Growers Meeting Here Feb. 21

An attendance of approximately 600 sheep raisers from thruout Minnesota and South Dakota is anticipated at the annual convention of the Minnesota Cooperative Wool Growers association to be held Saturday, February 21, in the municipal Auditorium in Thief River Falls, it was announced today by W. E. Morris of University Farm, St. Paul, secretary.

The day's program will start with a shepherd's clinic in the morning for practical sheep growers. Several talks and demonstrations will be presented by Mr. Morris and other sheep specialists.

A noon lunch will be served to the assemblage in St. Bernard's dining hall.

The afternoon program will include talks on the wool marketing situation and related subjects, and the meeting will close with the annual business meeting and election of officers to serve the association during the coming year.

The co-op, a leading handler of wool, has its headquarters in Minneapolis, and maintains warehouses in that city and in Wadena, Minnesota, and in South Dakota.

Knox PTA to Hear Discussion Feb. 16 of Delinquency

Juvenile delinquency will be the theme of the next meeting of the Knox PTA unit to be held at the school Monday, February 16, at 8 p. m.

A moving picture on the subject will be shown, followed by a round table panel discussion by all of those in Thief River Falls who deal with juvenile delinquency in any official capacity.

These people will include Herman A. Kjos, juvenile court judge; Arthur Rambeck sheriff; Kenneth Judy, chief of police; Ray Wahlstrand, local representative of the Youth Conservation Commision; L. W. Rulien, county attorney; Roland F. Winterfeldt, field representative for the division of social welfare; and Patricia Chaput, social worker, Pennington county welfare board.

John X. Lynskey, executive secretary of the welfare board, will act as moderator.

Council Advised of Objection to Staggered Terms

(Continued from Page One)

other similar petitions.

Rev. Jonas Helland proposed renting the Auditorium for a series of evangelistic services the first two weeks in July, and asked if a special rental arrangement could be made for that period. The matter was referred to the building committee for action.

The council approved a request from Fire Chief Roy Langevin that he be authorized to engage two more volunteer firemen in addition to the present 16. The men, he said, are paid $10 per month.

A scheduled hearing was conducted on the assessment roll for bituminous treatment work done last year, and the roll was approved, no objectors appearing at the session.

At the request of City Clerk P. G. Pederson, first reading was given a proposed ordinance changing the date of the regular meetings of the council from the second Tuesday of the month to the third Tuesday.

The city attorney informed the council that the library board has jurisdiction over salaries of the library staff, subject to the board keeping within the budget approved by the council.

After a brief discussion, the council voted to reject a request passed along by the recreation board that the city contribute $750 to the Majorettes drum corps to pay for the services of an instructor.

Council President Carl Gjernes stated that he had been requested by the county board to arrange for a joint meeting to discuss various problems that will arise in the event a new court house is to be constructed in this city. Action on setting a date was deferred.

Junior Chamber Hears Report on U. S. Convention

The Junior Chamber of Commerce, at its dinner meeting last Thursday evening at Inga's Cafe heard a report by Gordon Relerson concerning the national Jaycee convention to be held in Minneapolis in June.

He added that no more room reservations for Minnesota Jaycees could be filled, but that local members have reserved ten rooms.

The local chapter voted to cooperate with the U. of M. Alumni club in the observance of Minnesota week early in March. It also voted to support the blood donor project when the Great Northern blood procurement car visits Thief River Falls later in the year.

Edgar A. Naplin Is Named Secretary of Bray Mutual Co.

Succeeds Late J. Swanson; Changes Are Made to Amend Firm's Corporate Status

At a well-attended annual meeting of the Bray Mutual Fire Insurance Co. in St. Hilaire last Wednesday afternoon, the membership heard the financial report revealing that the company now has in force more than $10,499,000 in insurance policies.

Members voted unanimously to adopt new articles of incorporation and by-laws, as well as policy provisions making the firm a standard township mutual fire insurance company.

Alfred Longren was reelected a director for a three-year term, and Edgar A. Naplin, acting secretary, was named to the board to succeed the late John O. Swanson.

Following the meeting the board organized by reelecting Paul Thyren president, Alfred Longren, vice president; and A. G. Hallstrom treasurer; and by electing Edgar Naplin secretary.

The membership adopted a resolution praising the late secretary, John O. Swanson, for 44 years of faithful service to the company. Another resolution recognized Renold Johnson of Rt. 4, Thief River Falls, for 30 years service as a Bray Mutual agent.

The annual report revealed that at the end of 1952 the company had total assets of $37,915.01. During the past year 31 claims were paid, aggregating $6,928.36. Insurance in force gained approximately $750,000 in 1952.

Legion, Auxiliary to Meet Monday

To View Motion Picture of National Convention

Ecklund-Holmstrom Post 117, American Legion and its Auxiliary will conduct regular monthly meetings on Monday evening, February 16, at the club rooms.

The main feature of the meeting will be a showing of a 30-minute color film of the national Legion convention which was held in New York City last August, to be shown to a joint meeting of the post and auxiliary. Highlights of the picture will be the appearance of the Democratic and Republican presidential candidates and the day-long main parade.

Several topics to be taken up by the post will include plans for the annual Legion style show and a report on the district rehabilitation meeting held recently in this city.

Following the presentation of the movie, a lunch will be served by the Auxiliary.

Goodridge Girls Locked 12 Hours in Outdoor Toilet

After being inadvertently locked in an outdoor toilet near the school playground in Goodridge last Thursday night, two girls ages ten and eleven, spent the night there before their plight was discovered Friday morning at 7 o'clock when Ted Rustad, Goodridge mail carrier and owner of the property, heard their calls for help.

The girls were the daughters of Mr. and Mrs. Carl Elg and Mr. and Mrs. Herman Sturre of Goodridge, and were the object of a widespread search during the night. They had last been seen on the school playground at 6 p. m. Thursday.

Rustad had latched the door of the toilet early in the evening, not knowing that anyone was inside.

Home Wiring to Be Topic Feb. 17

County Homemakers Are Invited to 2 Meetings

Adequate and efficient wiring in the home is the concern of many homemakers throughout Pennington county and for that reason meetings on electricity were included in the home extension program for the coming year.

Two open meetings to be conducted by the home agent, Mrs. Sylvia Olson, are scheduled for next week on the topic, "Safe Use of Electricity." The first of the meetings is to be held in the Civic and Commerce rooms of the city Auditorium on Tuesday, February 17, and the second at the Goodridge gymnasium in Goodridge, on Friday, February 20. Both meetings will begin at 1:30 and continue until 3 p. m.

In addition to receiving information on adequate and efficient wiring, the homemakers will also have the opportunity to learn how and when to make simple and minor electrical repairs and how to make the home a safer place in which to live.

The two meetings are sponsored by the county extension service as part of the home program. The public is invited to attend.

ALMOST 1/3 IS PATENTED OIL CREME BASE

So simple!

Just one NUTRI-TONIC waving lotion for ALL types of Hair — including little girls' hair...

and—so lavishly Oil-rich, it waves in little as 10 minutes

All textures of hair respond wonderfully to the mild, sure action of Nutri-Tonic permanent's ONE waving lotion.

Nutri-Tonic's timing eliminates any need for lotions of various strengths. Inability to judge the one most suited for your hair is no longer a problem.

You simply stop the waving by neutralizing when test curls show you have just the amount of curl you want. Nutri-Tonic neutralizer rebuilds hair strength, then locks the waves in... makes them last longer... permits re-waving at customary intervals.

Nutri-Tonic is so Oil-rich it gives the loveliest of all waves. Saves up to 7 hours time.

From the State Capitol

By W. E. DAHLQUIST

The first tax on the sale of gasoline for the purpose of providing revenue for roads was imposed by the state of Oregon in 1919. It proved to be a popular tax and soon was adopted in every other state. Now Oregon has pioneered again in the field of highway use taxes, this time with what is known as a weight-distance tax on trucks. This new tax has already been adopted in New York and Idaho, and, in a modified form in Kansas, Colorado and Wisconsin. It is predicted that it too will soon be adopted generally throughout the country.

We have introduced a bill that provides a somewhat similar measure in Minnesota and as is to be expected it will be vigorously opposed by those adversely affected by it. As I understand its provisions this will be mainly those who operate the heavy tonnage trucks.

There has been much controversy over the years about the relationship between truck tonnage and road damage. In order to determine the facts a group of eleven eastern states joined forces in an experiment to learn by scientific experiment the results of increased tonnage and speed on pavement. They appropriated $246,000 to conduct tests under actual driving conditions. On the basis of these Maryland road tests it is now known definitely that the heavy tonnage trucks are causing road damage out of all proportions to the tax that is now imposed on them.

The big bulk of our road use tax dollars come from passenger cars and small trucks. There are not enough of these tax dollars to enable us to build the kind of roads required for the heavy tonnage trucks. Here in Minnesota we have protected ourselves to some extent by weight limits. A tax that will become progressively severe as weight increases will discourage the type of highway hauling that perhaps should be prohibited.

One of the disadvantages that goes along with a weight distance tax is the high cost of collection. In Oregon it is costing nearly eleven per cent of the revenue from the tax to enforce it. Along with the enforcement, however, there are some advantages, for instance, a better check on overloads.

Hats off and a round of cheers to the Minnesota Crop Improvement Association. The president of this organization, C. P. Simpson of Waterville, Minnesota, appeared before us in finance committee this week. After going over the recommended budget of $5,000 which the state has been appropriating to assist in the good work, Mr. Simpson informed us that the officers of the Association had checked on their program and had come to the conclusion that they would be able to get along on a smaller appropriation. He suggested that we cut the $5,000 item in half. We agreed that was one for "Believe-It-Or-Not-Ripley."

The University of Minnesota is an independent branch of our government by Constitutional authority. In the election of the Board of Regents the Legislature does have some measure of control, and through appropriations, of course, the activities of the University can be extended or curtailed. But it may be fairly said that what the University does with the dollars it gets is its own business.

In recent sessions, as University operating costs have become more of a problem, the legislature has become increasingly aware of this independence and this awareness was a factor in the election of Karl Neumeier as regent.

House and Senate University committees charged with the responsibility of submitting a slate of nominees, were yielding to pressure for a "woman on the board" in support of Miss Prudence Cutright, Macalester College faculty member. It was this late stage that Neumeier's name was mentioned, and the mention was all that was needed.

His election was a "natural." Prudence Cutright was not a strong candidate, not because she is a woman but because she is an educator. My guess is that it would be difficult to elect a teacher to the school board in any community, and that is not a reflection on teachers.

And, among members of the legislature, Karl Neumeier is highly respected. He has served in late years as chairman of the tax committee. He is handy with a pencil and not given to extravagant ideas. I believe he will be a good man on the Board and will be especially helpful in bringing about a better understanding between the University and the Legislature.

Local Delegates Back From School Board Convention

Lloyd N. Bennett, president of the Thief River Falls board of education; Fred Koop, board member; and Supt. W. G. Claffy returned late last week from St. Paul, where they had attended the annual convention of the Minnesota School Board Association in the St. Paul Auditorium.

J. R. Lindgren of Two Harbors was elected president for the coming year.

The association went on record in favor of increasing basic school aid from $70 per pupil to $100, and opposed further extension of school district reorganization plans in the state.

Community Chairmen to Meet at 1:30 in C. C. Room

The Home and Community chairmen will meet Thursday, February 12, in the Civic and Commerce rooms in the city Auditorium. The meeting will begin at 1:30 p. m.

A full program is scheduled for the afternoon. In addition to the business matters to be considered, a short discussion will be held on a topic which is of interest to all homemakers, "Who Gets the Consumer's Dollar." Following this discussion the woodenware craft project will be introduced and the chairmen will begin the craft by painting and finishing wooden trays and plates.

Refreshments will be served by Mrs. Matt Mutnansky of Goodridge.

Hockey Prowlers Take Hallock 3-1 Saturday Evening

Locals Deadlocked with Roseau for First Place in Conference Standings

The hockey Prowlers concluded their 1952-53 schedule on Saturday night when, after giving Hallock a 1 to 0 lead early in the second period, coach Rolle's squad rapped in a pair of goals to gain a 2 to 1 second period edge, and, on Marv Jorde's third period tally, added a goal for a 3 to 1 victory.

The Prowler's win, combined with Warroad's 5 to 2 triumph over the Roseau Rams in a game played at Warroad, deadlocked the Prowlers and the Rams for the first place in the conference standings. In a drawing held here, Roseau gained the number one position, and a favored berth in the regional tourney that opens on Thursday night at Warroad. Roseau will play Williams, and the Prowlers will cross sticks with Bernie Broderick's Warroad club.

Mike McMahon's shot from the blue-line, at 7:09; and Jorde's nudge, after circling the net, at 8:04, gave the Prowlers their 2 to 1 second period lead over Hallock on Saturday night. Hallock, on Ron Anderson's rebound on Les Walters' drive, gained a 1 to 0 lead at 1:32 of the second period.

Jorde, with seconds of the game remaining, ended the scoring by taking an assist from Lyle Guttu and then beating goalie Jerry Knutson from close in.

The summary:

Thief River Falls H. S. (3)

Goal—Maruska. Defense—McMahon, Sabo, Zavoral, Vraa, Reese. Wings—Helgeland, Hajostek, Guttu, Durgin, Teal. Centers—Poole, Jorde.

Hallock H. S. (1)

Goal—Knutson. Defense—Youngren, Rustad, Johnson. Wings—Anderson, Walters, Pearson, Bergh. Centers—Ferguson, Rabe.

Scoring by periods:

	1st	2nd	3rd	
Thief River Falls	0	2	1	—3
Hallock	0	1	0	—1

First period scoring—none. Penalties—Bergh.

Second period scoring—Anderson (Walters) 1:32; McMahon (Vraa) 7:09; Jorde (Vraa) 8:04. Penalties—Durgin, Ferguson.

Third period scoring—Jorde (Guttu) 14:23. Vraa, Poole.

Stops:

Engineers Group Met on Friday in Thief River Falls

A group of 23 men affiliated with the Northwest chapter of the Minnesota Society of Professional Engineers met last Friday evening in the Rex Cafe.

The chief topic of discussion was the state convention to be held in St. Paul February 25 to 27, as well as the observance of Engineer's Week starting February 23.

Appointed to handle publicity for the observance were Joseph Seidel, Thief River Falls; Robert Husey, Crookston; and Harry Paine, Bemidji.

The chapter will hold its next meeting in Red Lake Falls March 13.

Robert Bell Heads Sportsmen's Club

Group Endorses Goose Lake Restoration Plan

Robert Bell was named to succeed Harry L. Schuster as president of the Pennington County Sportsmen's club at its annual election Tuesday evening of last week.

Alvin Christofferson was elected vice president, and Everett Amundgaard and Elmer Bratsch were reelected secretary and treasurer respectively.

Bruce Higinbotham, president of the Red Lake County Sportsmen's club, reported on a campaign being conducted to bring about the restoration of Goose Lake in Western Pennington and Northern Polk counties, and the Pennington County group voted to endorse the project.

Motion pictures were shown by John Anderson, and Ole Neas served lunch at the close of the meeting.

The Warroad Lakers, playing a pair of draw games against the Hallock Lions and the Thieves, and defeating the Crookston Pirates on Sunday, picked up four points to maintain their Northwest Hockey league lead, having a one point edge over the runner-up Roseau Cloverleafs. The first place duel between the Lakers and the Leafs should focus attention on the game between the two clubs that will be played at Warroad on Sunday afternoon.

The Thieves, holding a three-point bulge on third place over the fourth place Grand Forks Redwings, will have an opportunity to move up on the league leaders by playing the cellar-dwelling Hallock Lions in a pair of games this week. On Wednesday night the locals will play the Lions at Hallock; and on Sunday afternoon the Lions will return the game by meeting the locals on the Arena rink.

Seasonal Slump in Employment Here Last Month

Employment in Thief River Falls showed a seasonal slump from 2,753 in December to 2,526 in January, it is revealed in the monthly report of R. S. Eldevik, manager of the Thief River Falls office of the state employment service. Currently, he added, employment is .6 per cent higher than in January, 1952, but 2.8 per cent under the same month in 1951. The report states that very little hiring is anticipated until spring when farm and construction activities are resumed.

100 BOOSTER FED hens lay an extra 35 dozen eggs per month!

Last year, in their four best laying months, American hens averaged 56.4% egg production—a total of 140 dozen eggs per month per 100 hens.

* But look at the average for Booster-fed hens!

Booster feeders in four states reported figures showing that: Booster-fed hens averaged 70.2% egg production . . . equal to 175 dozen eggs per month per 100 layers.

What a difference Booster Feeds made for these poultrymen!

Booster Feeds gave them 35 dozen extra eggs from every 100 hens, compared with the nation's average.

If you want dozens of extra eggs . . . switch to Poultry Booster Feeds. Try Booster Feeds . . . see how they boost production and boost poultry income! Ask for details today!

1953 Studebaker on Display Feb. 16

Taxerass Implement Co. to Show Improved Models

For the second time since World War II the Studebaker Corporation has unveiled a line of passenger cars that promises to set the pace in future design for the automobile industry.

The new models—Studebaker's 1953 Centennial line, will go on display at the Taxerass Implement Co., local dealers, next Monday, February 16.

Designed by internationally-famous Raymond Loewy, Studebaker's 1953 cars break as sharply with American contemporary design as did their predecessors immediately after the war. Although they reflect to some extent the influence of European styling, they retain the comfort, stamina, and roadability so characteristic of Studebaker cars.

Complementing the styling changes will be the availability of mechanical power steering for the Commander series, the first time this type of power steering has been adapted for passenger car use. Power steering for the popular Champion will be offered later in the year.

From the engineering standpoint, Studebaker's power steering will undoubtedly claim the spotlight. Developed by Borg-Warner, the new steering system represents the first adaptation of mechanical power steering for general passenger car use. It obtains its power directly from the engine and reduces by as much as 75 per cent the steering effort required by the driver.

Studebaker's economical 6-cylinder powers the Champion series while the Commander series features a V-8 engine which has set outstanding performance and economy records.

Unemployment Insurance Man in City Tuesday

John Ekman, district field auditor for the Minnesota division of employment and security, will be at the employment office in Thief River Falls next Tuesday, February 17th, to answer questions regarding unemployment insurance rates for 1953.

The division has recently mailed to all employers required to pay unemployment insurance tax, their 1953 rates. According to R. S. Eldevik, manager of the Thief River Falls office of the state employment service, hundreds of dollars in possible savings are overlooked by employers each year who pay no attention to their rates.

Mr. Ekman will be in the Thief River Falls office all day Tuesday to assist employers in this area with any questions they may have about their rates and the advisability of making refunds of charges against their accounts where rates have increased.

Any employer, accountant or bookkeeper is invited to phone or personally contact Mr. Ekman.

Watchmakers Unit Elects McIntosh Man as President

At a meeting of the Northwestern Watchmakers Guild in Crookston Sunday evening, Odin Welmen of McIntosh was named president, succeeding Bart Wangenstein of this city, who had served the past two years.

E. Walter Johnson of Crookston was elected vice president, and Clifford Larson of Fosston, secretary. Directors include Wangenstein and E. J. Tallman of Thief River Falls.

The program at the meeting included a talk on diamonds by Merton Anderson of Crookston and motion pictures shown by Charles Munn, also of that city.

Good Attendance at Northrop PTA Monday Evening

The Northrop PTA unit met Monday, Feb. 9, and it being fathers night, there was a notable increase in the number of men attending. At a short business meeting the group decided that future meetings should be held on the third Monday of each month instead of the second.

An enjoyable program was presented, consisting of community singing, led by Albert Ahlquist and accompanied on the piano by Robert Harmon. Two vocal solos were presented by Frank Summerside, accompanied by Mrs. Walter Larson, and a medley of songs on the piano and solovox by Erwin Kline.

An interesting talk was given by Elliot Wahlstrand, who is associated with the youth conservation commission of Minnesota.

Lunch was provided by the second grade mothers, and served by the fathers.

Former Resident Appears in Polio Film Shown Here

Included among the nurses appearing in the short movie, "Thru the Years," recently shown at the local theatres in connection with the polio fund drive, was Mrs. Oscar Hauge, formerly of Thief River Falls and St. Hilaire, and now serving as a nurse in Rancho Los Amigos polio hospital in California. The film shows a large number of patients being kept in iron lungs in the hospital. Mrs. Hauge is the sister-in-law of Mrs. Otto Johnson of St. Hilaire, and she was a member of the state champion Legion auxiliary drum corps here in 1938-9.

Bemidji Overwhelms Prowlers There 88-46: Next Two Tilts Away

The Bemidji Lumberjacks, using a fast-break offense and an all-court press, raced away to a 30 to 8 first period lead over the Prowlers in the basketball game played at Bemidji on Friday night, and went on to trounce the locals, 88 to 46.

This week's schedule will find coach Bob Nick's squad traveling to Crookston for a district game against an improving Pirate club on the Crookston floor; and on Saturday night, playing as a preliminary to the St. Mary's vs Concordia state college contest, the Prowlers will meet the Fargo high school Midgets in Concordia's new field house.

With Jim Parker, Jim Lawrence, Larry Shaskey, and Don Phelps doing the scoring for the Lumberjacks, coach Bun Fortier's Bemidji team made a shambles of the Prowlers vs. Jacks game at Bemidji on Friday night, rolling up a 30 to 8 lead at the end of the first period, and a 46 to 19 advantage at the intermission.

Numerous times during the game, the agile Lumberjacks intercepted passes deep in the Prowler zone, and then would break in for lay-up shots. Bemidji, particularly in the first period, were hitting the baskets with uncanny accuracy, with Shaskey and Phelps being outstanding. Phelps, getting nine points in the first period, a pair of free throws in the second period, and eight points in the third quarter, was the game's high scorer with nineteen points.

The Prowlers' Art Johnson earned runner-up honors with six field goals and six free throws.

In the preliminary game, the Bemidji 'B' squad, by a 63 to 20 score, defeated the Prowlers 'B' team.

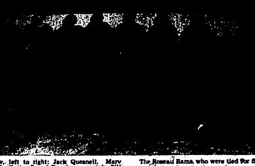
Prowler Hockey Team Enters Region Play Thursday



Front row, left to right: Jack Quesnell, Marv Jorde, Lyle Guttu, Darryl Durgin, co-captain Bill Maruska, Jack Hoppe, Bob Helgeland, Joey Poole, co-captain Mike Hajostek, and Bradley Teal. Back row: student manager Cal Vraa, Sid Vraa, Jim Zavoral, Les Sabo, Mike McMahon, Neil Aase, Ron Reese, and coach Dennis Rolle.

The Prowler high school hockey team, winners of the eighth regional title the past two years, and boasting an over-all season's record of ten wins and three losses, and a conference record of eight wins and two losses, will begin defense of their regional crown on Thursday night when, in a tournament being played at Warroad, coach Dennis Rolle's squad meets the ever-dangerous Warroad Warriors in a first round game, with the face-off scheduled for 9:00 P. M.

The Roseau Rams, who were tied for first place with the Prowlers in the conference standings, were given the top berth in the regional tourney pairings when they won the draw which was held here last week. The Rams will meet coach Gene Kafka's Williams club in the other first round game on Thursday night.

This year, the eighth region is entitled to two berths in the state high school tournament, with the winner and runner-up being eligible for next weeks' tourney in St. Paul. Consequently Thursday night's games will be bitterly contested.

The regional championship game is slated to be played on Friday night, with the face-off time at 7:30. Following the championship tussle, the losers of Thursday night's games will play for the consolation honors.

Keeping Score with "Huck" Olson

Take Your Choice

All roads, for northwest high school hockey fans, will be leading to Warroad's Memorial rink this week, where, on Thursday and Friday, the ninth annual eighth regional hockey tournament will be played. The first round pairings will find Roseau, the region's number one team, playing Williams, the number four team; and the defending champion Prowlers, the region's number two team, meeting the Warroad Warriors, the number three team.

It was unfortunate that a drawing had to be held to determine the region's number one and number two teams. Roseau and Thief River Falls concluded their conference schedule on Saturday night, and finished with eight wins and two losses each to tie for top place.

A drawing was held here on Sunday, and Quentin Jones, in the presence of witnesses, drew first place for the Roseau Rams. Such a method of determining a tournament pairing is unsatisfactory, and especially so when the two teams involved, the Rams and the Prowlers, had ample time to engage in a playoff game on neutral ice.

As for naming the winners of Thursday night's game, and the winner of the regional final on Friday night, it's a case of paying your money and taking your choice. Whatever edge there is must be given to the winner of the Prowler vs. Warroad game on Thursday night, for that winner should win the regional title on Friday night.

To Provide Thrills

The only certainty about this week's tournament is that it will provide its full share of thrills. Thrill-making has been the pattern of the regional hockey tournament since they were started back in 1945. Who can forget Roseau's 6 to 4 win over a powerful Prowler squad here in 1946, scoring two goals in the final period to break a 4-all tie? And Roseau went on to win the state title.

Playing at Warroad in 1950, against a heavily-favored Williams, the Prowlers gained a 2 to 0 lead, but Williams evened the score and forced a "sudden death" overtime, and in that overtime period, John McKinnon scored to give the title to the northerners. In 1951, the Prowlers were hard-pressed to hold off a threatening Williams sextet, being forced to play a "man short" in the final minute and having a difficult time to protect a 5 to 4 lead.

And last year, of course, the regional finals, played here, was a thriller between Warroad and the Prowlers, and it was only on Jack Erickson's booming shot in the sudden death overtime that the locals gained a 4 to 3 win.

Smiley vs. Silverton

Art Dicken, who is in charge of arranging added attractions for the Thieves' hockey games, has booked a preliminary game for next Sunday that should be a dilly. The hockey teams representing Smiley and Silverton will play an ice hockey game.

There have been a pair of broomball games played as preliminaries, and they provided the fans with a lot a fun and laughs, and some low scoring; but Sunday's game will be different. The two teams are well-matched, and from the information that is being released, it would be wise if Art signed up three or four referees to work the game. When those two teams begin applying "power" plays they won't be fooling, and it will be fortunate that the Arena's side-boards are anchored to steel beams.

Well Done, PeeWees

The local PeeWee hockey team returned late Sunday night from the state tournament at Eveleth, and coach Paul Bedard's squad, defeating Hibbing, 4 to 1, in a first round game on Saturday afternoon, and losing to a rangy Eveleth club, 9 to 1, on Sunday afternoon, made a creditable showing.

The local club, and they were genuine PeeWees, played fine hockey in the tourney, holding Eveleth to a 2 to 0 score at the end of the first period, and 3 to 1 score at the close of the second period. Eveleth, incidentally, won the state championship, defeating Duluth, 4 to 3, in a finals game that required an overtime period.

Glen Carlson, who scored all of the locals' goals in the triumph over Hibbing on Saturday afternoon, and goalie Cal Offerdahl, were the standouts for Bedard's club in the first round game. Sunday afternoon's game against Eveleth, and that Eveleth club is capable of playing against the majority of the state's high school teams and be an even-choice in winning, found the locals holding the Rangers to a 3 to 1 score until the third period. Chip Strand accounted for the lone local goal.

Miscellany

Did you know that Peg Torrison, who is Minneapolis' top-ranking woman bowler, and has held that rating for the past several years, is a native of Thief River Falls? At one time, her father was proprietor of the Torrison Bros. clothing store, having his place of business in the building now occupied by the Montgomery Ward retail store.—We've received an item stating that Paul Hamilton is a member of the St. Olaf college freshman hockey team. Last week, in a game against the Carleton frosh, Paul scored the lone goal for the Oles as the Carls won, 3 to 1.—With a lull in local activities on the athletic front tonight, there is a probability that a number of fans will accompany the senior hockey Thieves to Hallock. Or, if the Hallock trip is a bit too far, the fans may stop off at Argyle to witness the basketball game between the Grand Forks American Legion team and the Argyle - Newfolden squad. Local fans will have an interest in that game at Argyle for Maynard Johnson, the former Gopher and Macalester cager, will be playing with the the Argyle-Newfolden club.

Thieves Win, Lose and Tie in Week's Games; Hallock Here Sunday

The senior hockey Thieves, after being surprised by the Crookston Pirates and given a 6 to 2 setback in a game played on the Arena ice, came back to play a 5-all draw with the Warroad Lakers at Warroad on Friday night and defeat the Grand Forks Redwings, 7 to 5, here on Sunday afternoon, gaining three points and a solid third place in the league standings.

Tonight the locals will travel to Hallock for their first appearance of the year on the Hallock ice, meeting the Lions in a league game; and on Sunday afternoon, playing here, the two teams, the Lions and the Thieves, will meet in a return game.

The combination of expert goal-tending by Buddy Schraeder, and a "hat trick" performance by veteran Sergio Gambucci gave the Crookston Pirates a well-deserved 6 to 2 "surprise" win over the Thieves in a game played here on Wednesday night.

Moving up to Warroad's spacious rink on Friday night, the Thieves, after trailing by a 2 to 0 score at the end of the first period, and a 3 to 2 score at the close of the second stanza, ripped through the Lakers for a pair of quick goals in the opening minutes of the final period. And when Jerry Lavergne, at the 14:07 mark, scored on an unassisted play, the Thieves held a 5 to 3 lead.

Mike Hupchuk scored a Laker goal at 17:57, to narrow the Thieves' lead; and at 18:58 Rich Ricard tallied on a disputed play, giving Warroad a 5 to 5 draw. The Thieves were vehement in their protests, claiming that the Lakers were off-side on the play.

Playing on their home rink on Sunday afternoon, the Thieves, after trailing through the first two periods, and playing without the expert services of their player-coach, Paul Bedard, who was with the local PeeWee sextet at Eveleth, hit for four goals in the third period to defeat the Grand Forks Redwings, 7 to 5. The Thieves' far-ranging center-ice player, Murray Balagus, proved to be the game's outstanding goal-getter, racking up six goals. The Thieves' other goal was scored by Ron Castelane, who flipped a backhand shot past goalie Ralph Engelstad early in the third period.

Balagus, playing at a wing on the line that was centered by Jerry Lavergne and which had Darryl Lund on the other flank, scored once in the first period, twice in the second period, and three times in the final period. As a result of his six-goal splurge, Balagus, who was out of action for quite a spell because of a hand injury, moved up the ladder in the Thieves' individual scoring race. Balagus has a total of 23 points, having scored seventeen goals and had six assists. Castelane, with 28 points, is on the top rung; while Bedard, Lavergne, and Russell, each with 25 points, are sharing the runner-up spot.

$350,000 U. S. Bond Goal Set for '53 in Pennington County

One of the first official acts of the new secretary of the treasury, George M. Humphrey, was to ask the cooperation of public-spirited men and women in promoting the sale of U. S. savings bonds.

In a letter to the national chairman, national director, state chairmen and state directors, Secretary Humphrey said, "As I assume my duties as secretary of the treasury, I want to send a special message to the public-spirited men and women who are engaged in the vitally important task of promoting the sale of U. S. savings bonds.

"It is our intention to review carefully all Treasury operations to consider what adjustments may be required in the interest of efficient operations, but, in advance of this review, I wish to tell all of you that President Eisenhower and I recognize fully the value of the savings bond program and are prepared to give our enthusiastic support.

"The sale of U. S. savings bonds promotes thrift, gives the holder a buffer against misfortunes, and makes him a partner of the government. The sale of government bonds to millions of the citizens of this country is a vital part of a sound debt management policy."

The federal government will try to sell $350,000 worth of savings bonds in Pennington county this year, according to J. M. Roche, county bond chairman. Goal for Marshall county is $425,000, and for Red Lake county $100,000.

The state goal has been set at $100,600,000 which includes $66,800,000 in Series E bonds, $17,800,000 in Series H bonds, and $16,000,000 in Seris J and K bonds. Series E and H bonds, which yield three per cent interest when held to maturity, are designed for sale to individuals. The J and K series, designed for institutions as well as for individuals with substantial amounts to invest, pay 2.76 per cent when held to maturity.

The government hopes to make its Minnesota Series E quota as follows: $15,000,000 in payroll savings, $15,000,000 in farm sales, $3,000,000 in sales to business and professional people, and $33,8000,000 in over-the-counter business. Series E bonds are on sale at banks, post offices, and many other financial institutions.

Farm Employes Subject to Social Security Setup

Regularly Employed Workers Covered by Plan Says Grand Forks Office

Thousands of farm or ranch workers and their families now have social security insurance protection, according to Walter D. Kistler, manager of the Grand Forks, North Dakota office of the Social Security Administration.

Agricultural labor has been covered by social security since January 1, 1951, when the worker is regularly employed, Mr. Kistler explained. The farm or ranch worker who has put in the past two years in regular agricultural work has insurance protection for two more years for his family in case of his death. Each additional year of work will extend this protection for two more years.

Mr. Kistler urges regular agricultural workers to make sure their employers are properly reporting their wages on social security returns because no social security credit can be given unless the returns are properly made. These returns must be made every three months and sent the Director of Internal Revenue. They must show the worker's correct name, social security number, and wages. The tax, shared by worker and employer, is sent in with this report. The worker should show his social security card to his employer so that the employer's report will be correct.

A leaflet explaining social security for farm or ranch workers is now available at the Grand Forks social security office, and will be mailed promptly to anyone wishing a copy. This is OASI-25a.

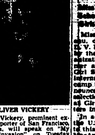
Middle River Is Planning Village Water System

The Middle River village council, at a recent meeting, engaged the services of Douglas Stewart, consulting engineer of this city, to make a survey of the cost of installing a municipal water distribution system in the village.

The survey, will be completed in about a month, after which the council will be in a position to call a special election, at which voters will be given an opportunity to approve or reject a bond issue to finance the project.

Stewart is also serving as engineer in connection with a similar project at Strandquist.

At Winter Shows



OLIVER VICKERY

Oliver Vickery, prominent exporter-importer of San Francisco, California, will speak on "My Moscow Invasion" on Tuesday evening, February 24, at the Red River Valley Winter Shows, Crookston.

Mr. Vickery attracted worldwide fame at a Soviet-sponsored international economic conference at Moscow advocating a free enterprise system. He made the trip as an individual and not as a representative of the U. S. Government and was permitted to visit the leading cities of Russia and take pictures. He will show these after his address.

Improved Driving Conditions Factor in High Death Toll

With more people killed to date on Minnesota's highways so far this year than there were in the entire first two months of 1952, state highway department safety experts believe they may have discovered at least one of the reasons for the wave of traffic deaths.

Driving conditions this winter, generally speaking, have been much better than early last year, they pointed out. Whereas last January saw most of the state's roads virtually covered with a sheet of ice, the roads this year have been in much better shape, with the icy conditions confined to small and scattered sections of the state. There have also been, as every winter, isolated patches of packed snow and ice on the roads.

The department engineers believe that too many motorists, starting out on a trip with near-perfect roads and good driving conditions, fail to notice worsening conditions until it is too late and they become involved in a skidding accident. On the other hand, if all roads were ice-covered, as they were much of last winter, most motorists would drive more slowly and carefully, and although the number of accidents might increase their severity would decrease very drastically.

Roseau Girl Scout to Attend Leaders Camp in Finland

Miss Audrey Niemela, High School Senior, One of Five Girls Selected for Trip

Miss Audrey Niemela of Roseau, daughter of Mr and Mrs. D. V. Niemela, has been selected by the National Girl Scout organization to go abroad this summer as a representative of the Girl Scouts of the U.S.A. in an international patrol leaders' camp to be held in Finland. Announcement of Miss Niemela's selection was received this week at Girl Scout council headquarters in Thief River Falls.

In addition to Miss Niemela the U.S.A. Girl Scout delegation to this event will include: Loren MacArthur, Sacramento, Cal., Anne Marcy, West Palm Beach, Fla., Nancy Ann Potter, Scarborough, New York, and Patricia Gallant, Reading, Mass. The group will be chaperoned by Mrs. L. M. Browning, Washington, D. C., a Community Adviser, National Field Staff.

Miss Niemela is a Senior at Roseau high school and has been active in Girl Scouting for 6 years, and is an experienced camper. She is a member of Troop 4 whose leader is Mrs. Maurice Flagstad. Miss Niemela participated in several senior conferences throughout the council in recent years, and attended the Regional Conference in St. Paul in 1950. Her community activities include dramatics, band, and orchestra, church, and school interests.

The five delegates to the Finnish camp will sail for Europe on The S. S. United States which leaves New York City July 10. The encampment itself will be held in Pargas, Finland July 17-31.

Selection of participants in the program of international exchange was made on the basis of camping skills, knowledge of Girl Scouting, interest in international friendships, and ability to serve as a representative of both community and country as well as of the Girl Scout organization.

THE PRESIDENT'S CABINET

In a recent news article the new Cabinet that President Eisenhower has assembled was characterized as the Cabinet "made up of millionaires and a plumber." The inference was made that no great good could be expected to accrue to the country as a whole by entrusting to such a selfish and self centered group the destiny of our nation in these critical times. The writer of the article seemed to be convinced that possession of wealth by any individual carried with it the onus of graft and guilt and set that individual apart as one in whom we, the people, could place no confidence.

I cannot subscribe to such a line of reasoning. From its earliest history this country has been referred to as the land of opportunity — a place where every individual had a chance to start wherever he happened to be and go as far as his ambition, industry and integrity would carry him. The "millionaires" in President Eisenhower's Cabinet are living proof that this country is still the land of opportunity. With only one exception, John Foster Dulles, all of the men of wealth in the Cabinet have "made their own." Through the exercise of thrift, industry, good judgment, and a laudable ambition to achieve and succeed, they have earned their fortunes, and in earning them they have gained the respect and confidence of their fellow men.

This is evidenced by the numerous positions of responsibility that have been entrusted to them. Mr. Dulles inherited not only a considerable fortune but also has an heritage of statesmanship, in that his grandfather served this country honorably and with distinction in the Department of State. With respect to the plumber in the Cabinet, there seems to be a generally accepted belief that members of that craft always turn up at the job without the necessary tools. When the job has been appraised, however, they know what tools are required and where to get them and they proceed to do the job at hand in creditable manner. I believe that Mr. Durkin will do as well with the job he has now been called to do in the President's Cabinet.

Instead of misgivings, I have confidence in the Cabinet of "millionaires and a plumber." It seems to me that our destiny as a nation, in so far as it is in the power of the President's Cabinet to shape that destiny, is in good hands. From personal experience these men know that success and distinction can be achieved under the way of life that was established for us by the founding fathers. Conditions that enabled them to achieve in their chosen fields also prevail for those who seek success and distinction in other spheres of activity. It is most reasonable to believe that these men will use their talents and their good judgment to perpetuate this, our land, as the land of opportunity.

AN OBJECT LESSON

The breaking of tradition by President Eisenhower as he prefaced his inaugural address by a personal prayer for Divine guidance and strength to meet his forthcoming task was a noble and inspiring gesture. It is not given to many men to rise to the heights of world acclaim that President Eisenhower has attained. Yet at the very height of his attainments he chose to manifest his sense of humility before God to a listening world. There has been precious little evidence of such humility in high places the past decade or two. There may well be an object lesson for those of us in the lesser stations of life, public or private, to emulate the example of this great leader of men. Humility is a great virtue. Let's practice more of it.

WHAT ABOUT A JUNIOR COLLEGE

The Junior College as a part of our educational system has not developed very rapidly in Minnesota. In other states, particularly in California and Washington, it has become very popular. The reason may be that in Minnesota the Junior College is supported entirely by the local community, its only source of revenue being tuition charged the students and local taxes. This makes for a heavy tax burden in the areas where these colleges are located. In California the Junior College student earns the same state aid that is earned by the high *school student.* In Washington a slightly different formula is used but in both instances the State contributes considerably to the support of the Junior College program.

Minnesota as a state contributes a great deal of money to support the Teachers Colleges and the University. The program of education offered the first two years at these institutions and other colleges is the same as is offered in the Junior Colleges. If we subsidize this program in one institution we should be consistent and treat them all the same.

This leads up to the suggestion that Thief River Falls might well be considered the logical place for a Junior College to serve this northwestern area of the state. Geographically this is the place for such a facility. On the basis of a study made several years ago it was determined that this was the most desirable place to establish an Area Vocational School. That school is now operating and is proving to be a worth while addition to the over all program of education offered here. The enrollment is increasing and the program is being gradually expanded. The Area Vocational School is a decided asset to our community.

The conditions that led to the placing of the Area Vocational School here are equally applicable to the location of a Junior College. We are centrally located, we can serve a large area, and there is a considerable number of high school graduates that could and would attend Junior College here who cannot now do so. Several bills have already been introduced in the Legislature dealing with state aid to Junior Colleges as well as regulating the establishment of these schools in desirable locations. This could well be the time for us to do some thinking and planning for the establishment of a Junior College as an addition to the excellent school system that we now have.

Looking Backward

1923—THIRTY YEARS AGO

Railroad traffic was disrupted by the worst winter storm since 1896. The Soo Winnipeg train did not attempt to make its runs for two days.—Albert S. Lieberman, local clothier, purchased the ready-to-wear business of the Sapero company in the Citizens bank block.—Paul Engelstad was elected a director of the Red River Valley Livestock assn.—Halvor Rhodegaard bought out the interest of his partner, Carl Christofferson, in their grocery store on Third st., and the latter will devote his attention to his store on the east side.

1933—TWENTY YEARS AGO

Following the fire that razed the Auditorium, in which its equipment was destroyed, the local telephone exchange was moved to the second floor of the Union State bank building, and in a few days was functioning normally.—A. F. and Ray Gauger, St. Paul architects, were designated to draw plans for the new postoffice to be built on LaBree av.—Dr. Edward Bratrud succeeded C. G. Matson as president of the local chapter of the Izaak Walton League.—Ed Evenson, who had served as city treasurer for 35 years, died at Aberdeen, S. D.

1943—TEN YEARS AGO

The bonded debt of Pennington county declined from $568,000 in 1941 to $520,000 at the end of 1942, the annual financial statement revealed.—Train and bus schedules were interrupted by the worst storm of the current winter.—Shoes were being rationed as a wartime measure.—Roy M. Barzen was reelected president of the local park board.—Ralph Gustafson left for Schenectady, New York, where he has accepted a position with the General Electric Co.

Commercial Club Meets

The annual meeting of the Plummer Commercial Club was held Monday evening Jan. 26. Pres. Emil Malwitz reviewed the objectives that the club had in mind at the beginning of 1952 and then how much had been done. It was agreed by all that the club had served as an integral part of community life for the past year. Listed as three of the high points of the year were: (1) the sponsoring of a well attended football banquet to honor our outstanding team, (2) sponsoring again of the annual Christmas party of the children, (3) helping to organize the rural fire fighting protection committee. This committee has not as yet reached its full objective, but has made the rural area conscious of the need for rural fire protection.

Although there were no definite projects set up for 1953, it will be the club's aim to promote affairs which will benefit our community. One of the possible projects will be the continuance and improvement of the city park which was started some time ago.

The officers who will guide the club's activities for 1953 are. President, Emil Malwitz; vice president, Olaf Skatvold; secy.-treasurer, Kenneth Monson.

Mrs. Tilde Grovum Called by Death

Mrs. Tilde Grovum passed away at Northwestern Hospital in Thief River Falls on Saturday, Feb. 7, at the age of 80 years, 10 months, and 17 days. She had been a patient at the hospital only a few days.

Funeral services were held on Tuesday, Feb. 10, from the St. Petri Lutheran church of Grygla with Rev. J. M. Erickson officiating. Pallbearers were Henry, Carl, Martin and Otto Holte and Leonard and Francis Haack. Interment was made in the family lot in the church yard cemetery.

Tilde Sophie Rue Grovum was born March 20, 1872 in Houston County, Minn. When she was a small girl the family moved to North Dakota, where she grew into womanhood. She was united in marriage to Ole Grovum at Climax, Minn., Jan. 29, 1897. They moved to Marshall County in May 1897 and homesteaded in Ekwall township. In 1929 they moved on another farm in Valley township where she remained until 1942 when she moved into the village of Grygla. This remained her home until death. She leaves to mourn her passing, one daughter, Mrs. Julia Steenerson of Crookston, three sons, Tom of Thief River Falls, Obert and Palmer of Grygla, one brother, Simon Rue of Grygla, twenty grandchildren and fourteen great grandchildren. She was preceded in death by her husband, five sons, one sister and three brothers.

The St. Olaf Luther League which met at the church on Sunday evening, was well attended. The program included readings by Gerald McLean, Wanda Nomeland, Angeline Austad, Dennis Svenpladsen, and Sharon Saurdiff. Two songs were sung by a group of girls and Marian Anderson sang a solo.

A short business meeting followed the program with Robert Qual presiding. Marlys Larson was elected to serve as secretary.

Lunch was served by Mmes. Elmer Hylland, Erwin Nelson and Irene Sandberg.

Gunder Grovum and Bill Reid of Thief River Falls were callers here on Monday.

TWO BY TWOS HELP MAKE NEWS

One would expect a boy to be born some time during most any day in Minneapolis, and at pretty regular intervals at Fort Leonard Wood, Mo. One recent Monday it came about that the mothers were sisters, which made Mr. and Mrs. T. A. Dahlgren of Shakopee grandparents twice the same day.—Mrs. Robert Kent of Brooten and Mrs. Virgil Cummins of Benson were "hospital mates" early in August, 1951; daughters, born two days apart, were named Patricia. The last week in January 1953 Mrs. Cummins and Mrs. Kent again were hospital mates; sons, 24 hours apart, were named Michael.

40,000 ITEMS TO CHOOSE FROM. A saw, hip boots, rivets—or a steel shaft for a power shovel, a length of clothesline, some scouring powder—these are only a sample of the variety of goods stocked in this iron mining company warehouse at Hibbing. And Glenn Anderson just hands them out—for use in the company's mines. Minnesota's iron mining industry spends $2,000,000 a week on an almost endless list of "must" purchases of equipment, services, supplies of all kinds. The mining industry can buy even *more* from other job-providing firms if it can maintain its competitive position in the iron ore market. A fair deal for Minnesota's iron mining industry means a good deal for you.

How To Improve Your Soil

Why do some soils produce good yields when others don't?

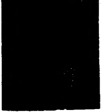
There are usually two reasons, explains Dr. W. W. Brookins, agronomist for the Flax Development Committee. One is fertility. The other is humus. Both can be conserved or improved with the help of grass and legumes.

We all know that alfalfa and clover add nitrogen to the soil. This is the reason legumes are commonly known as "soil builders."

But grass and legumes also add precious humus. Soil lacking humus is dense, hard for moisture, air, or roots to penetrate. On the other hand, soil rich in humus is loose, mellow, well aerated, holds moisture where it falls, and stays moist for a longer time. Such fields provide ideal conditions for helpful soil bacteria and are less likely to erode.

"You can buy fertilizer," Brookins points out, "but you can't buy humus."

"Pennington County farmers can increase their grass acreage considerably and still harvest as many bushels of corn and grain as before," according to Brookins. This is because the farmer who regularly seeds and plows under sufficient legumes or grass will generally receive higher yields from the next crops raised on this land. Since the value of the forage is considerable, it's like adding new acres to the farm.



Dr. W. W. Brookins

Free Booklet on Grass

How to make more money through grassland farming is the subject of a new booklet published by the Flax Development Committee. It includes the latest information on how to obtain better pastures and more hay per acre. The Flax Development Committee, incidentally, is interested in grass since Flax is the best nurse crop for starting new seedings. Write to the Committee, 700 Baker Building, Minneapolis, for free copies.

Report to the People

By Governor C. Elmer Anderson

Rural School Changes

I think you will be interested, as I was, in a tabulation of enrollment in Minnesota's ungraded elementary (rural) schools prepared by the state department of education.

The report showed, to my surprise, that there were 70 school districts in the last school year with an enrollment of one pupil each. There were 109 districts that had only two pupils each and 147 districts with only 3 pupils. Some 1,852 schools had less than 20 pupils each. The great bulk of the ungraded elementary schools, 78 per cent in fact, had from 5 to 19 pupils.

Nearly all the very small schools, with 4 or less pupils, were closed, it developed, and pupils in the district were being transported to other districts, as were children from many of the schools with larger enrollments.

Back in 1942, Minnesota had 7,289 ungraded elementary (rural) schools, with 957 closed and transporting their children to other districts. Last year it had 5,826 such schools, with 2,138 closed and transporting their pupils to other districts. Of the rural schools remaining open last year, some 90 per cent were one-teacher schools.

The trend over recent years, it appears, is to reduce the number of schools and gradually develop larger units in the hope that opportunities for the children may be improved.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls convened in regular session in the Council Chambers on January 13, 1953. All members were present.

Minutes of the meeting of December 8th, 1952 were read and the same were declared so adopted.

Mayor Simons presented the following appointments: Members of Airport Commission for term expiring December 31, 1954: Wallace Tunberg, Gordon Ballingrud and George Werstlein. Library Board membership: C. W. Pope, C. G. [illegible] and John Lynskey for the term expiring December 31, 1955. F. A. Rinkel as member of Board of Cemetery Commissioners, for the term expiring December 31, 1957. Arthur Christiansen member of Park Board for term expiring December 31, 1957. Alderman Hunt moved that such appointments be confirmed and ratified. Alderman Bergland seconded the motion. All members voted in favor thereof and the motion was by the President declared passed and adopted.

Stanley Mortenson and John X. Lynskey of the Governmental Affairs Committee of the Civic & Commerce Association appeared before the Council and suggested that the Council take steps to provide for staggered terms of Council members and also recommended that proceedings be instituted to re-arrange the Wards of the City and suggested that a committee of the Council be appointed to work with the Committee of the Civic & Commerce Association in the matter. The President announced that he would make such appointment at a later date.

R. G. Mabey appeared before the Council and requested an increase in salary as Assessor of the City.

Alvin Anderson, residing at 104 Markley Avenue North appeared before the Council and stated his objections to removal of No Truck signs along First Street, alleging that such street was not in proper condition after Bituminous Treatment to stand such traffic and that such street might be damaged by such traffic. He was informed that the signs would be reinstalled prior to the spring break-up.

The Council was informed of the filing with the Clerk of personal injury claim, Judith Helgeland, a minor, by Leonard Helgeland, father and guardian in the amount of $10,000 for injuries sustained on December 11, 1952, while skating on outdoor rink at Old Central School Grounds and further claim in the amount of $2,000 for hospital, Medical and Surgical expense.

Application for permit to use street of the City for moving of a building was presented by Jennings Jensen, which application bore approval of the Building Inspector. Alderman Lund moved that such permit be granted contingent on the filing and approval of Indemnity Bond in the amount of $1,000. Alderman Bergland seconded the motion which was adopted. Bond was later presented in said amount with personal surety of Jennings Jensen, Andrew Norby and Donald Thyren, which was approved by the City Attorney and the same was accepted and ordered filed.

Application for building permit was presented by C. E. Becker, bearing approval of the Building Inspector for a Motel, to be situated on Lots [illegible], Block 36, Red Lake Rapids cost [illegible]. Alderman Fuller moved approval of the same with the stipulation that no public driveway be made to the premises from Pine Avenue. Alderman Lund seconded the motion which was duly adopted.

There was presented Auto Owners Insurance Company Workmen's Compensation and Employers Liability Policy No. [illegible] A, dated January 1, 1953, Robert J. Lund Agency. Alderman Bergland moved that the same be accepted. Alderman Fuller seconded the motion which was duly adopted.

There was presented by State of Minnesota an agreement for purchase of power in connection with Radio Contract [illegible] for Radio Station in the City of Thief River Falls. Alderman Lund moved that the same be accepted and that the same be executed by the proper officer of the City of Thief River Falls. Alderman Hunt seconded the motion which was duly adopted.

The following applications were presented for licenses to sell cigarettes and papers. American Legion Club, Red Owl Stores, Car-Tyr Company, Mrs. John E. Langseth, Harry Phillips, Ethel Laymon, John Stewart, Inga Shetler. Alderman Lund moved that the same be approved and that licenses therefor be issued. Alderman Hunt seconded the motion which was duly adopted.

Pursuant to Advertisement for bids for trucking equipment for use by the Department of Streets 4 bids were in the hands of the Clerk. Alderman Christensen moved that the same be opened and read, which motion was seconded by Alderman Lund and carried. Proposals were submitted by Tunberg Motor Company; Forkenbrock Motor Company; C. Gustafson & Sons, Inc. and Northern Chevrolet Company. The same were considered and a motion was introduced by Alderman Christensen that they be laid over for further study to the next meeting. Alderman Bergland seconded such motion which was carried.

There were presented the following petition for bituminous treatment of streets, 2 coat, from intersection of Atlantic Avenue and Third Street, thence one block South to Second Street, thence one block west on Second Street to Horace Avenue, such petition being signed by L. M. Farnsworth, Mgr. Consumers Co-operative Association, Tom Fuller, Manager, Thief River Co-operative Creamery and others. The same was ordered referred to the City Attorney. A petition for construction of concrete curb and gutter, signed by Theo. P. Kusmak, Wendell Olson and others, previously filed was also ordered referred to the City Attorney.

Alderman Fuller introduced a motion that notice be published in the Official Paper calling for proposals for official paper and depositories of public funds for the year 1953, bids to be opened and considered on February 10, 1953. Alderman Hunt seconded the motion which was adopted.

There were presented Street Commissioners Report of Bituminous Surfacing Treatment 1952 and Special Assessment Roll covering the same, indicating the amount to be specially assessed against benefited properties by reason of such improvement. Alderman Hunt introduced a motion that such assessment rolls be filed with the Clerk and that he give notice in the official paper that the Council will meet on February 10, 1953, in the Council Chambers, at eight o'clock P. M. to further consider the assessments, at which time all persons interested therein may be heard. Alderman Lund seconded the motion which was duly passed.

Alderman Bergland introduced a resolution directing transfer from Current Expense Fund to Mayor's Contingent Fund the sum of $[illegible] for contingent expense during the fiscal year 1953 and moved its adoption. Alderman Christensen seconded the motion and said resolution was duly passed and adopted.

Alderman Lund introduced a resolution with respect to salary of operator of Power plant Tony Nelson, and moved adoption. Alderman Bergland seconded the motion and the resolution was duly passed.

Alderman Lund introduced a resolution establishing salary of Supervisor of Hockey and outdoor recreation and moved its adoption. Alderman Fuller seconded the motion and said resolution was duly passed and adopted.

Alderman Bergland introduced a resolution directing execution of project application for proving lighting facilities at the Municipal Airport, Project 9-21-033-[illegible] and moved its adoption. Alderman Christensen seconded the motion. The roll was called on question of adoption and all members voted in favor thereof, whereupon the resolution was declared adopted.

Alderman Fuller then introduced a resolution accepting First Amendment to Grant Agreement with the United States Government, increasing the maximum obligation of the United States from $[illegible] to $[illegible], and by substitution of the dimension "[illegible]" feet in place of "150" feet so that dimension will read "(approximately 80 feet by 2700 feet)" Project No. 9-21-033-202, Thief River Falls Municipal Airport, and that the proper officers of the City be directed to execute the same and transmit the same to the Department of Aeronautics of the State of Minnesota, and moved adoption of such resolution. Alderman Hunt seconded such motion. The roll was called on question of adoption and all members voted in favor thereof, whereupon the resolution was by the President, declared passed and adopted.

There was presented Street Commissioner's report and statement of assessments for elimination of noxious weeds within the City during the year 1952. Alderman Fuller introduced a resolution directing the issuance to warrants to the persons named therein and that the amounts therein be certified to the County Auditor for entry on his books as a tax upon such lands and moved adoption of such resolution. Alderman Bergland seconded the motion. The roll was called on question of adoption and all members voted in favor thereof, whereupon the resolution was declared passed and adopted.

Alderman Bergland introduced a resolution approving for payment various current bills against the City and moved its adoption. Alderman Lund seconded the motion. The roll was called on question of adoption and all members voted in favor thereof. The resolution was declared adopted.

The meeting was then ordered adjourned to January 27, at eight o'clock P. M.

Kusmak, Wendell Olson and others for the construction of concrete curb and gutter from intersection of Merriam Avenue and First Street, extending thence North to intersection of Merriam Avenue with Mussey Street, Alderman Fuller moved that notice be given in the official newspaper that such petition would be further considered by the City Council in the Council Chambers on February 10, 1953, at which time all persons whose property is liable to be assessed may be heard. Alderman Lund seconded the motion which was duly carried.

The Council then proceeded to further consider proposals on file for the furnishing of motor equipment for use by the Department of Streets. Alderman Lund introduced a resolution accepting the bid of Forkenbrock Motor Company for one 1953 Dodge 2-ton, Model HA 152, chassis and cab $[illegible], with Deluxe cab at additional cost of $29.75 and moved the adoption of such resolution. Alderman Christensen seconded such motion. The roll was called on question and all members voted in favor thereof, whereupon the President declared the resolution passed and adopted.

In the matter of condemnation of certain lands in Zeh's addition for the purpose of disposition of sludge material from the Water Treatment Plant, there was presented by the Engineering Department a plat with descriptions to show and explain the lands proposed to be taken. Alderman Lund introduced a resolution accepting and ordering the filing of said plat in the office of the City Clerk, appointing O. L. Ihle, W. W. Prichard, C. M. Hellquist, Helmer Ostrom and Lars Hylden as Commissioners to view the land to be taken and ascertain and award the amount of damages or compensation to be paid for such property to be taken and moved the adoption of such resolution. Alderman Christensen seconded adoption. The roll was called on question and all members voted in favor thereof. The resolution was then by the President declared passed and adopted.

In the matter of vacation of a part of the alley in Block 8, Meehan's Addition, Alderman Christensen introduced a resolution declaring the South eighty-five feet of the alley in Block 8 of Meehan's Addition to Thief River Falls, duly vacated and moved adoption of such resolution. Alderman Bergland seconded such motion. The roll was called on question and all members voted in favor thereof, whereupon the resolution was declared passed and adopted.

The President appointed Mayor Simons and City Attorney Wurst to represent the City on a civic committee in a proposed redistricting of the City as to voting Wards.

Alderman Bergland introduced a motion that the City Attorney be directed to prepare an ordinance regulating closing hours of Municipal Liquor Dispensary and licensed clubs with the City. Alderman Fuller seconded the motion which was adopted.

The meeting was then declared adjourned.

CARL E. GJERNES,
President of the Council.

TRUST FUNDS GIVE EDUCATION A LIFT

Val Bjornson, former newspaperman now Minnesota state treasurer, spoke on trust funds at a recent convention of the National Association of State Officials, pointing out that of 30 states with permanent state funds Texas leads in amount with Minnesota second, accounting for more than half the impressive total of $1,120,000,000. Nearly the entire amount is dedicated to one form or another of education, to which the importance is sharply brought home by Mr. Bjornson's estimate that the daily income from these funds is $70,000. Of Minnesota's neighbors Iowa has no such fund, Wisconsin about [illegible] million, South Dakota [illegible] million, North Dakota nearly [illegible] million. Sidelight: the name of the Treasurer of the State of Texas is—Jesse James!

Livestock Program at Winter Shows Set for Week of Feb. 23d

Livestock producers of the Red River Valley counties will have a full week of activities at the 43rd annual Red River Winter Shows at Crookston, February 23-27. O. M. Kiser, secretary of the Red River Valley Livestock association, announces that the stalls and pens in the livestock barns will be filled to capacity and that temporary shelter is being erected to house the sheep show. More than 200 head of purebred foundation livestock, selected from the best herds and flocks of the Red River Valley, will be sold at the two-day sales on February 26 and 27.

February 23 will be contest day for junior and adult judging teams; February 24 will be Futurity day with more than 100 heifer calves, bred gilts, lambs and ewes entered by junior exhibitors for judging on that day. Features of the Futurity judging day will be the exhibition of senior calves and Advanced Futurity cows with calves at side, and the noonday parade of Futurity cattle entries.

Open class judging of livestock and poultry, always an educational feature of the show, will continue through Wednesday, February 25. The Stockmen's Dutch Lunch will attract some 250 stockmen on Wednesday evening, February 25.

The Livestock Day program on Wednesday, February 25, will be of primary interest to beef and dairy cattle producers. The summary of pasture trial experiments with beef cattle, the panel discussion on all methods of handling and putting up hay, and the discussion on the outlook for marketing dairy products will be the highlights of the Livestock Day program.

Livestock specialists appearing on the program include Professors A. L. Harvey, Department of Animal Husbandry, and S. L. Coulter, Department of Dairy Husbandry, both of University Farm, St. Paul, and H. D. Fausch of the Northwest School and Experiment Station, Crookston. Members of the panel discussion group will include William and Ben Strickler, Euclid; Wayne Ewing, Beltrami, V. M. Gibbons and O. M. Kiser, Crookston.

Crops Day Set for Tuesday, Feb. 24, at Crookston Shows

Prominent Speakers to Discuss Developments in Field of Grain Crops

Producers of registered, certified, and market varieties of grain will gather for Crops Day at the Red River Valley Winter Shows at Crookston on Tuesday, February 24. Other crops activities during Winter Shows week include the grain and potato judging contests for agricultural school students and agricultural students of the high schools on the opening day of the show, February 23; the 4-H grain clinic on February 25; and Potato and Sugar Beet Day on Thursday, February 2.

The Red River Valley Crops and Soils Association will hold a noonday luncheon for its members and guests February 24. State and national authorities will give the latest information on control of wild oats and grassy weeds, why sweet clover stands fail, the grain sanitation program, 1953 crop variety recommendations, and a fertilizer program for small grains.

Speakers will be Professors R. S. Dunham of the department of agronomy; B. A. Haws, department of entomology; Ralph Crim, extension agronomist, and Paul Burson, soil testing laboratory, all of University Farm, St. Paul; and O. C. Soine agronomist, Northwest School, Crookston. Panel discussion members will include H. F. Skyberg, Fisher; Art Wardner, Grand Forks, N. D. Richard Radway, Roseau; and L. M. Bond, Crookston.

The by-product coke ovens of the Fairless Work of U. S. Steel at Fairless Station, Pa., will consume 1,200,000 net tons of bituminous coal a year.

Selective Service Operation Explained

SERIES VI

(This article pertains to Defense Manpower Policy 6)

On June 26, 1952, the President of the United States signed an Executive Order (Defense Manpower Policy No. 6) on essential apprentices and approved a policy on agricultural labor.

This order does not permit permanent exemption of any agricultural worker from selective service. Rather, it provides a more orderly basis for granting the temporary deferments which local boards have customarily extended to qualified individuals. When an occupational deferment is granted, it is necessary that vigorous action to recruit and train a replacement be initiated and maintained.

It further provides that the selective service system shall work with the state agricultural mobilization committee in the development on a state basis and application on a county basis of methods for measuring the quantitiest of agricultural commodities being produced for market by registrants as compared with the average annual production per farm worker from local average farms. This cooperative effort was previously initiated under Local Board Memorandum No. 13, issued November 15, 1948, and amended February 10, 1952.

In compliance with the obligations placed upon selective service, as well as other federal agencies, representatives of the Minnesota state headquarters for selective service met with the state agricultural mobilization committee on July 23, 1952, for the purpose of coordinating and implementing the manditory requirements of Defense Manpower Policy No. 6.

At this meeting it was outlined that the basic policy of agricultural classification II-C was laid down in Section 1622.24 of the selective service regulations, which provides that in II-C shall be placed any registrant who is employed in the production for market of a substantial quantity of those agricultural commodities which are necessary to the maintenance of the national health, safety, or interest — as modified by Section 1622.23 of the regulations which defines "Necessary Employment."

At this meeting we also outlined a philosophy of selection for induction of registrants engaged in agriculture, which had been developed out of our World War II experience; namely leaving one able-bodied man on every farm unit and the five categories of selection proposed to our local boards first in August 1950 and February 9, 1951. It was pointed out that Under-Secretary McCormick of the United States Department of Agriculture endorsed a similar policy, in his memorandum No. 1, dated February 21, 1951, addressed to the chairmen of the state agricultural mobilization committees.

After a complete discussion of the categories, the point system was then considered. A form including provisions for units of production of farm-commodities had been developed at the Minnesota state headquarters for selective service, which was presented at this meeting. These units to be valued on the basis established under Report No. 189, proposed by the University of Minnesota department of agriculture, bureau of agricultural economics. The units of production on each farm to be evaluated and computed by the county agricultural mobilization committee.

After a thorough discussion, it was the unanimous decision of the committee that the point system be not adopted, and by resolution, it was recommended that the present policies of selective service be continued; that is, leaving one able-bodied man on every farm unit. It was their opinion that it adequately serves the national health, safety, or interest.

MPL No. 50 (Farm Data) was presented. The Committee carefully analyzed this form, offered certain recommendations and changes, which were adopted in order to carry out the intent and requirements of Defense Manpower Policy No. 6. This form is to supplement our regular agricultural inventory, which has been used in the past and is to be used in all agricultural cases.

The executive order requests the department of labor to assist local boards and others with information on the availability and supply of persons with agricultural skills who can replace deferred farm workers. Deferments can only be given on a temporary basis when found to be necessary in the national health, safety, or interest, and even then only until adequate and competent replacements are available.

New Secretary of Agriculture Will Speak in St. Paul

A record crowd of well over 3,000 livestock producers is expected to attend the 32nd annual convention of the Central Livestock association in Hotel St. Paul and the St. Paul Auditorium, Wednesday, February 11.

Ezra T. Benson, United States secretary of agriculture, will be the featured speaker at the banquet session Wednesday evening in the St. Paul Auditorium. Mr. Benson will be preceded by an introductory address by United States Senator Edward J. Thye.

The address of Mr. Benson will constitute his first appearance before any major agricultural group since he took office under the new administration.

Declining farm prices and uncertainty as to the trend of Governmental programs that affect the operations of the livestock and meat industry have whipped up intense interest in this year's annual meeting of the Central Livestock Association.

Crookston to Get New Water Tank to Cost $125,000

Construction of a new 500,000 gallon water tank for the city of Crookston water supply has been announced by Otter Tail Power Company.

Chauncey Carlson, Otter Tail representative, said work will start as soon as materials are delivered, probably in July. The company hopes to have the tank completed by November. Its overall height will be 143 feet or 31 feet higher than the present tank.

Purpose of the increased height is to increase the water pressure which is reportedly too low for present city needs. The new tank will have nearly 10 times more capacity than the present tank. Pressure will be increased about 20 per cent.

Estimates place the cost of the welded steel storage tank at approximately $125,000.

$148,000 Damage in State in 1952 by Forest Fires

State Director Reports 1,235 Blazes Burned over 47,300 Acres Last Year

The costs and accomplishments of Minnesota's 1952 forest fire record are summed up in an annual report made to Clarence Prout, director of the division of forestry, for transmittal to the U. S. Forest Service, Milwaukee, as is required by the federal law called the Clarke-McNary Act.

The final accounting of 1952 shows that there were 1,235 fires during the year, which burned 47,300 acres of forest and grass land, and caused damage and destruction amounting to $148,394.00.

The number of fires is greater than any year since 1948. The area burned and the damage in 1948 and 1949 were larger than this year. But the danger of fire was never greater than during the late summer and fall of last year officials report, and serious fire losses were avoided only by the extreme carefulness of people in the forest areas.

Weather conditions, such as precipitation, wind, temperature and the amount of moisture in the air, are a controlling factor in the start and spread of forest fires.

The report lists the costs of fire prevention, which includes the cost of supervision, field men salaries and expense, permanent improvements, and cost of tools and equipment, at a total of $1,098,653.31. Costs of fire suppression, which includes additional labor and operation costs, amount to $58,965.13 or a grand total of $1,157,618.44 as the cost of protection and control of forest fires in Minnesota for 1952.

Under the Clarke-McNary Act the state is reimbursed for part of the costs of prevention and 1952 Minnesota received $263,071.00.

CONSERVATION IS EVERYBODY'S BUSINESS

During the past biennium 123,000 acres have been added to Minnesota's game refuge and public-hunting grounds. Eleven new fish rearing ponds covering 272 acres add nearly four million to the state's fingerling fish capacity — about 10 million — with ultimate goal of double that figure. Nearly half a million added brought game food-and-cover plantings to 2,685,100.

Fourteen million game and furbearing animals taken during the biennium were valued at $65,000,000; ninety million pounds of fish at $70,000,000. To bag all of which hunters and fishers are estimated to have laid out $250,000,000.

Garbage Disposal (or Garbage Grinder)

Remember when mother's garbage disposal consisted of a flock of hens and a few pigs? Every scrap and peeling was saved for them. Mother would have considered it sheer waste to have all those things carried away in the sewer. However, it goes without saying that she would have enjoyed the convenience of modern garbage disposal. Remember?

WESTERN EGGS
JACK FROST

NORCAL BRONZE POULTS
100% From Western Eggs!

We hatch ONLY eggs flown direct from the original NORCAL STRAIN in California. We do NOT hatch from any local Norcal breeders. These eggs are produced from flocks that are Pulorum clean and have been tested for Paratyphoid (which can be just as troublesome as Pullorum). No eggs are shipped from flocks with any record of Sinusitis or other respiratory disease.

YOUR ASSURANCE OF QUALITY & PROFIT!

Despite last year's uncertain market, our breeders made good profits. Practically 100% of last year's customers have already reordered our NORCALS. Our Beltsville White Poults are also in great demand.

Mr. and Mrs. Helmer Hanson (nee Irma Tvedt) are the parents of a son, David Helmer, born Feb. 2.

Miss Alma Smeby of Thief River Falls spent the weekend at the home of Mr. and Mrs. Martin Smeby, and audited the books for the creamery.

Mrs. Lowell Anderson was a patient at the hospital in Karlstad from Thursday till Saturday.

Norris Skadsem and Alfreda Skadsem left for Minneapolis on Sunday evening. Norris is on his way back to camp, and from there overseas again.

"The cookbooks arrived Monday and are now on sale," states Mrs. Evonne Olson, president of the Newfolden Legion Auxiliary Unit No. 427. The Auxiliary is sponsoring the sale of the cookbooks. Containing recipes furnished by local women, the cookbooks sell for one dollar apiece. They may be purchased from Mrs. Clarence Cook or Mrs. Olson.

From where I sit ... *by* Joe Marsh

Just a Little "Outdated"

Back in December we sent out our yearly calendar. It listed the last date for renewing drivers' licenses, and things like the dates for registering to vote, when the hunting and fishing seasons open —even suggested you note down the wife's birthday, too.

I figured dates like these were important to keep in mind—and this was a good way to do it. Unfortunately, it now turns out I never really paid close attention to my own calendar!

Not 'til today that is—so here I am not able to drive the car this weekend until I get my driver's license renewed on Monday!

From where I sit, I guess good advice, like charity, should begin at home. I'm always advising all of you to worry less about your neighbors (what they do, or say, and whether or not they should enjoy a temperate glass of beer) and pay more attention to whether you yourself are doing the right thing. Guess I'll "make a note" to follow my own formula!

Over 47,000 Belong to 4-H Clubs in State

Minnesota 4-H clubs are now reaching a third of the rural farm boys and girls in the state as compared with a fourth 10 years ago, Leonard Harkness, state 4-H club leader at the University of Minnesota, said today.

A total of 47,257 boys and girls were enrolled in 4-H clubs in the state in 1952.

Four counties had 4-H enrollments of more than 1,000 each: Hennepin, Ramsey, Olmsted and North St. Louis. Blue Earth and Freeborn counties followed closely with more than 900 young people enrolled. Carver county ranked highest in the percentage of members who completed all their projects.

In addition to reaching rural farm boys and girls, 4-H work has been expanded to appeal more and more to young people in small towns and suburban fringes of the larger cities in the state, according to Harkness.

Slightly more than a quarter of a million young people have been members of Minnesota 4-H clubs since 1912. Many of these 4-H "graduates" are making use of the citizenship training they received in club work as outstanding leaders in their own communities, Harkness said.

The 4-H clubs are organized groups of young people who are engaged in community, farming or homemaking activities under the guidance of cooperative extension workers and local volunteer leaders trained by them. Any boy or girl between the ages of 10 and 20 may enroll who agrees to "learn by doing" by carrying a project.

The groups elect their own officers, plan and conduct programs based on the needs and interests of the young people, hold regular meetings and take part in community activities.

Each year, 45 to 50 million tons of coal move across Ohio for shipment over the Great Lakes.

Turkey Authority Forecasts Future

State Output Slated to Rise by 400,000 Birds

A little birth control is called for in 1953 by Dr. W. A. Billings, Minneapolis. Control, that is, among turkeys that outdid themselves in '52, resulting in national surpluses and prices under wieners with financial loss to many growers.

Dr. Billings, extension veterinarian at the University of Minnesota and wise mentor of Minnesota's big turkey growing industry, told growers that with little hope of reduced feed and poult prices a little sensible birth control is the only answer. "You need not quit raising turkeys, but don't proceed on the premise that the other fellow will be a bit disgusted and reduce his numbers and that this will be a fine time to raise twice as many."

Minnesota production in 1953, despite last year's experience, is estimated this week by the U. S. Department of Agriculture to hit 5½ million birds—approximately 400,000 greater than a year ago. This estimate is based on the number of breeder hens held over for this season's hatch.

USDA estimates in other states are cut, which will probably put Minnesota into the national production lead. California ranks First; Virginia second in numbers, but Minnesota second in tonnage because of its favorite broad breasted bronze over Virginia's favorite, the little Beltsville whites.

State Bankers to Aid Tree Planting

To Cooperate with "Keep Minnesota Green" Agency

A long range "Keep Minnesota Green" program intended to help revitalize one of Minnesota's great natural resources and perpetuate the beauty and wealth of the state, is under way according to A. G. Sirek, executive vice president of the State Bank of New Prague, and chairman of the agricultural and conservation "Keep Minnesota Green" sub-committee of the Minnesota Bankers association. The 663 member banks within the boundaries of Minnesota are being asked to participate in the program.

"In 1889 Minnesota lead the nation as a lumber state, while today it ranks 27th," Mr. Sirek said. "Minnesota has 19 million acres of land where tree planting is necessary to save soil, protect wildlife and replenish our supply of lumber. It is alarming to know that, today, timber cutting is greater than annual growth."

"A comprehensive program has been worked out in cooperation with the 'Keep Minnesota Green' organization and county agents," Mr. Sirek explained. "Each division of the association has been asked to appoint a committee and meet before February 20, to consider the purchase of necessary tree planting machines. County agents and soil conservation committees throughout the state have agreed to operate and care for the machines, and assume all details of putting into motion a vigorous, long range tree planting program in Minnesota."

Warren Woman Is Awarded Range

Wins by Registering at Rural Electric Show

Four upper midwest women from Minnesota and North Dakota are now the proud owners of new electric ranges as a result of their attendance at the rural electric cooking schools that were held last fall throughout the Red River Valley.

The cooking schools were sponsored by Minnkota Power Cooperative and its ten member rural electric cooperatives in conjunction with Frigidaire, General Electric and Crosley appliance distributors and dealers.

The prize winners were:

Mrs. Ernest Anderson, Warren, Minnesota, winner of a Crosley electric range.

Mrs. George S. Jones, Ten Strike, Minnesota, winner of a Frigidaire automatic electric range.

Mrs. Harry Holm, Valley City, North Dakota, winner of a General Electric range.

Mrs. J. O. Nystrom, Northwood, North Dakota, winner of a Crosley electric range.

More than 50 cooking schools were held last fall, and featured representatives of the rural electric cooperatives, while the schools were conducted by outstanding home economists from Frigidaire, General Electric, Crosley and Occident Flour Mills.

Lee Nicholson, utilization director of Minnkota Power Cooperative, Inc., estimated that more than 10,000 housewives were in attendance at these schools.

The two new atomic energy plants that are to be built in the Ohio River valley are expected to utilize about 7½ million tons of coal annually for the generation of electricity.

Haulers Are Given Advance Notice of Load Limitations

Heralding the coming of spring, the Minnesota highway department has sent advance warnings to shipping and hauling organizations, advising them to complete as much of their heavy hauling as possible while winter conditions prevail.

As it has in the past, the department expects to place spring restrictions, varying from seven tons down to three tons per axle as circumstances may require, on approximately 8,000 miles of the state's 11,900 mile trunk highway system. Imposition of the initial restrictions is dependent on weather conditions in the weeks ahead.

These restrictions are posted as required, based on engineers' calculations and past experience on each particular road. Every effort is made to avoid restricting any highway until such action is absolutely necessary to protect the people's investment in the road. Likewise, as road and weather conditions improve later in the spring, load limits are eased as conditions justify, and restrictions are removed as quickly as practicable.

English Experiment With Coal Pipelines

The English plan to build experimental coal pipelines from mines to power stations in the Midlands, and the scheme, if economical, will lead to the construction of a 100-mile pipeline from the Midlands to London to carry 5 million tons of coal a year for power stations.

Conservation of Soil Topic at Session Feb. 11

Pennington Co. District Reports on Progress at Meeting in Auditorium

More than 200 interested persons last Wednesday afternoon attended the annual meeting of the Pennington county soil conservation district in the municipal Auditorium. The district now comprises all but four townships in the county.

The group heard the annual report of Paul Engelstad, chairman, and Maynard Mehrkens, secretary of the district, and talks by Don Lawrence, technician; O. C. Soine, agronomist at Northwest School and experiment station, Crookston; and C. O. Ebling, Soo Line agricultural agent, who illustrated his remarks with sleight-of-hand stunts.

A feature of the program was the presentation by Hilmer Lunke, chairman of the selection committee, of the Minneapolis Star and Tribune plaque to Mr. and Mrs. Maynard Mehrkens for their achievements in soil conservation during 1952.

With the term of Alfred Longren as supervisor of the local district expiring this year, Longren and Andrew Skaar of Norden township were nominated for the post, with the election to be held in connection with the township elections in March.

Mr. Soine reported on perfor-

Winter Concert by Lincoln Band Set for March 1

Ninety Musicians to Be Directed By Harmon In Lincoln Auditorium

The annual winter concert by the 90-piece Lincoln high school concert band will be presented Sunday afternoon, March 1 at 3 o'clock at the high school auditorium. Robert Harmon will direct.

Feature numbers of the concert this year will be presented by four soloists and an instrumental quartet, three of the five numbers using band accompaniment.

Janet Nelson will play David Bennett's difficult modern piano solo, "Repartee," while Gene Bratsch will play "Trumpeter's Lullaby," written for trumpet solo, another of Leroy Anderson's new band hits. Ivanette Hanson, Shirley Ann Wik, Janice Hanson, and Durelle Newbury are members of the French Horn quartet which will play "The Four Hornsmen."

Marjorie Havel will render a triple tonguing baritone solo "Maid of the Mist," accompanied by Barbara Bjorkman, while Marilyn Johnson and Beverly Wegge will play a clarinet duet. Their own modified version of "Tea For Two," accompanied at the piano by Janet Nelson.

"Perpetual Motion" by Strauss, "The Student Prince" overture by Romberg, and "Highlights From Porgy and Bess" by Gershwin will also be included on the afternoon's program.

There will be no charge for this year's concert, and the public is cordially invited to attend.

University Week Noted Here Mar. 3

Dr. Akerman to Speak at Dinner at Legion Club

The University of Minnesota Alumni club of this city, in cooperation with the Junior Chamber of Commerce, is sponsoring a program Tuesday evening, March 3, in the Legion club rooms, in observance of University Week, Ray Mittenes, president of the local club, announced this week.

Following the serving of dinner at 6:30, the group will hear an address by Dr. John Akerman, head of the aeronautical engineering department at the University of Minnesota and in charge of the research laboratories at Rosemont.

Robert S. Harmon is arranging other details of the program. Wallace Tunberg and Gordon Reierson are co-chairmen of the committee in charge of ticket sales.

Manager of Co-op

CARL NADASDY

General manager of the Minnesota Cooperative Wool Growers association, who will submit his report on the past year's business at the annual convention Saturday in the municipal Auditorium.

Social Security Discussion Topic at C. C. Thursday

Panel of Speakers Will Debate Merits of Plan for Revising Present Law

An unusually interesting program in the form of a panel discussion of proposed changes in the federal social security program has been arranged for a meeting of the Civic and Commerce association Thursday evening, February 19, at 6:30 in the Elks club rooms.

L. A. Ihle, president, announced that Alvin Christofferson will serve as moderator of the discussion program.

The speakers' panel will include Lloyd N. Bennes, local insurance man, who will serve as actuary; R. S. Eldevik, manager of the local office of the state employment service; John X. Lynskey, executive secretary of the Pennington county welfare board; County Auditor C. W. Rodekuhr; Walter D. Kistler, manager of the Grand Forks social security office; and Roland Winterfeldt, field representative of the state division of social welfare.

A question and answer period will follow the discussion.

Instruments to Help Planes Land Put in at Airport

Installation of instruments to enable North Central Airlines planes to land at the Thief River Falls airport under unfavorable weather conditions has been completed, and the equipment was put into use last Friday, Chet Matthews, station manager, announced this week. The apparatus supplies a signal which enables the pilot to bring his plane down by means of instruments. In the past, the planes occasionally have been unable to land here because of poor visibility.

Building Occupied as Court House Erected Nearly 60 Years Ago

If Pennington county voters at a special election Monday, March 16, approve the issuance of $295,000 in bonds to finance the construction of a new court house, it will mean the passing from the scene of an old Thief River Falls landmark.

The dilapidated building now used for a court house was originally built by the then village of Thief River Falls probably in 1894, according to Martin Bothun, who has lived here since 1890. Mrs. Fred Holzknecht, another pioneer resident, has a similar recollection.

The village used the building for a variety of purposes. It provided space for the village offices and for the fire hall, and later accommodated what was the start of the present public library. The hall on the second floor was used for meetings, church services and an occasional dance.

When Pennington county was organized in 1910, the building was taken over for court house purposes, at first on a rental basis, with the county later acquiring title. It was enlarged by the installation of a full basement, and the frame structure was stuccoed.

The city offices were moved in 1911 into the Auditorium which was destroyed by fire in 1933, while the present fire hall was built in 1912.

During the intervening years the condition of the court house deteriorated to such an extent that it was condemned by the state fire marshal's office in 1947. Shortly following, the district court room was transferred to the city Auditorium, and last year the county welfare office, also formerly on the second floor of the court house, was moved into rented quarters.

The court house advisory committee, at a meeting last September, had urged that steps be taken immediately to arrange for a vote on a $295,000 bond issue, and, if the bonds were approved, to proceed at once with construction. Members of the committee, in addition to the county board, Auditor C. W. Rodekuhr, Bill LaFave, Carl Gjernes, Vivian Copp, John L. Radniecki and Elmer Johnson, St. Hilaire.

C & C Assn. Asks Town Officers to Meeting Feb. 28th

Township officers from thruout Pennington county are being invited to attend a meeting in the Legion club rooms Saturday afternoon, February 28, at 2 o'clock, sponsored by the Civic and Commerce association, L. A. Ihle, president, stated today. He added that the principal topic of discussion will be the improvement of county roads and means of raising taxes to finance the work. W. E. Dahlquist, member of the state senate from this district, will be present to speak to the group, Ihle said.

Soil Conservation Plaque Winner

Maynard Mehrkens of Rocksbury township is shown above holding the plaque awarded him last Wednesday for his outstanding record in soil conservation in the Pennington county district.

Shown with him are Mrs. Mehrkens and Hilmer Lunke, chairman of the selection committee, who made the presentation in behalf of the Minneapolis Star and Tribune.

Mehrkens, who owns 240 acres of land and rents an additional 240 acres, gives his father, Henry Mehrkens, credit for originating the sound farming practices now being carried out.

He uses a crop rotation calling for seeding one-third of his land to alfalfa and grass each year, and he uses a good deal of commercial fertilizer. About 2¼ miles of open field drainage ditches have been dug on the farm to remove surplus water.

Mehrkens now has a herd of 43 Holstein cattle, 23 of which are now being milked, and he also has a flock of 375 chickens.

Decision Reached in Suit Involving Local Physicians

Judge J. H. Sylvestre of Crookston Rules in Favor of Defendants

A decision in favor of the defendants and intervenors was handed down in district court last week by Judge J. H. Sylvestre of Crookston in the case of the Bratrud Clinic, a co-partnership of Dr. Edward Bratrud, Dr. Theodor Bratrud and B. I. Froiland, plaintiffs, vs. Dr. Neil D. Nickerson and Dr. W. M. Feigal, defendants, and Dr. Robert M. Watson and Dr. George Van Rooy, intervenors.

The partnership arrangement between the doctors involved in the suit had been terminated July 1, 1951, and the action was brought to determine whether the contract between the Bratruds and the other doctors prevented the latter from establishing their own clinic in Thief River Falls or within a distance of 65 miles.

In his summary of the case, covering 32 typewritten pages, Judge Sylvestre reached the following conclusion, "That each of the defendants and intervenors has the right to practice as a physician or surgeon at the city of Thief River Falls, and within a radius of 65 miles therefrom, independently of the professional business and practice carried on by the plaintiffs under the name of the Bratrud Clinic and that such right is not impaired by the provisions of the certain partnership agree-

Lincoln Actors to Present 3 One-act Playlets Tuesday

Miss Patricia Hoffman to Direct Production in High School Auditorium

The Thespian Dramatic Festival, which will be presented in the Lincoln high school auditorium Tuesday, February 24, at 8:30 p. m. will include a variety of plays.

"Antic Spring" by Robert Nail, is a comedy presented largely without stage setting or props. Included in the cast are Lila Hanson, Horal Wartenburg, Ilene Pearson, Roger Dorn, Pat McElwee, Don Ueland, and Marlys Elofson, who is student director.

"Where the Whirlwind Blows," a drama, has its setting at the home of a Russian peasant woman during the revolution. Pat Wold, Dianne Lendobeja, and Ara Peterson with Barbara Bishop as student director, help to make this a moment of tense excitement and intrigue.

"Aria da Capo," is probably the most unusual of the three plays. Half of the play is a light modern drama and the rest, which has little or nothing to do with the first, is a tragedy. Barbara Teal and David Thompson participate in the first part and Mike Hajostek and Duane Lawrence enact the tragedy. The entire play is presided over by John Thorstad, who plays the mask of death. Marilyn Stenberg is student director for this play.

The entire production is under the direction of Miss Patricia Hoffman.

Elks Are Host to 300 at Fathers and Sons Banquet

Nearly 300 men and boys attended the Elks annual Fathers and Sons banquet Tuesday evening in the Elks club rooms. Kern Olson served as master of ceremonies for the program, which included a talk in behalf of the fathers by Philip Prichard, the response by Gene Bratsch and remarks by J. E. Bloomquist, exalted ruler of the lodge. The program was completed with the showing of movies, followed by games and the distribution of treats.

Schools, Banks and Postoffice to Close Monday

While local business places and county and city offices will be open next Monday, February 23, the schools, postoffice and banks will remain closed in belated observance of Washington's Birthday, which falls this year on Sunday. Postmaster R. J. Dryden announced that there will no mail deliveries or window service Monday.

TRF Creamery Reports Gain in 1952 Volume

Members Vote at Annual Meeting to Diversify Output of Local Plant

Volume of business handled by the Thief River Falls cooperative creamery increased from $660,404 in 1951 to $739,182 in 1952, it was revealed in reports submitted at the well attended annual meeting Monday afternoon in the municipal Auditorium.

Included in the total for last year was creamery department, $705,453; buttermilk dryer department, $17,596; food locker department, $15,261; and rentals, $870.

The 807,510.2 pounds of butterfat received in 1952 was enough to manufacture 989,374 pounds of butter, the highest total in post-war years. However, 31,402.8 pounds was sold in the form of cream, and the total amount churned was 980,435 pounds, compared to 880,177 pounds in 1951.

Including patronage refunds of 1.24 cents per pound, the average net price paid for all butterfat was 80.17 cents per pound in 1952, compared to 76.64 cents in 1951.

At the business session, Otto Haugen and Albert D. Hanson were reelected members of the board of directors.

By a decisive vote of 131 to 41, the directors were authorized to install equipment for the manufacture of dried whole milk and cheese, with the added possibility of selling whole milk to the Warren creamery, which has installed milk-canning equipment.

The new equipment will be installed on the second floor of the creamery building, leaving the butter manufacturing department on the main floor unchanged.

Members of the board are leaving late this week in company with Tom Fuller, manager on an inspection tour of equipment installations in eight or ten Minnesota towns. Fuller stated that a month or two will be required to get delivery on the needed equipment.

Holiday Closings of Stores Are Set

Merchants Committee Reveals 1953 Schedule

Following a meeting of the merchants committee of the Civic and Commerce association, Gordon Ballingrud, chairman, stated that Thief River Falls stores will remain open Friday evenings until 9 o'clock, starting March 27.

He also announced that stores will close from 12 noon until 3 p. m. on Good Friday, April 3, and will remain closed all day on the following holidays:

Memorial Day May 30, Independence Day July 4, Labor Day September 7, Thanksgiving Day November 26 and Christmas Day December 25. In addition to closing New Years Day January 1, stores in the city also will be closed the following day, Saturday, January 2.

Interruption in Electric Service Monday Morning

Electric current supply in parts of the city was shut off for about 45 minutes shortly after 7 o'clock Monday morning when a main fuse in the municipal power plant blew out, knocking out a transformer. Three of the five circuits serving the city were affected by the mishap.

Raised to Eagle Scout Rank Monday

The three Boy Scouts pictured above were advanced to the coveted rank of Eagle Scout at a court of honor Monday evening in the Trinity parish education building. The boys are, right to left, Edward Fillatrault, son of Mrs. Myrtle Fillatrault; James Parkins Jr., son of Mr. and Mrs. James Parkins; and David Thompson, son of the Rev. and Mrs. G. S. Thompson.

Boy Scout Court of Honor Raises Three Boys to Eagle Rank

A large group of local Boy Scouts, members of Troops 57, 59 and 60 were promoted in rank at an impressive court of honor Monday evening in the Trinity parish education building. Walter Kavanaugh, Agassiz council advancement chairman, presided as chairman.

The program, which was witnessed by 200 persons, was highlighted by the elevation to Eagle Scout rank of Edward Fillatrault, James Parkins, Jr. and David Thompson. Scoutmaster Morris Owen conducted the ceremony, with Rev. Walter M. Pedersen conferring the awards.

Life Scout awards were presented by John Vondrachek to Lee Bakke and Ronald Lawrence, while Dr. R. M. Helm conferred Star Scout awards to Donald Jorstad, Kenneth Jones, Elling Iverson, James Haugen and Robert Rosengren.

First class scout awards were presented by Don Lawrence to Thomas and Peter Froehle and Lee Gustafson, Troop 57; Paul Bakke, Paul Smith, Alden Moe, Darryl Smith and Arnold Johnson, Troop 59; and David Rasmusson and James Solheim, Troop 60.

Given second class awards by Charles Emanuel were Daniel Casey, Richard Langevin, Luke Maidment, William Walker, Wayne Johnson, Reginald DeMars, Robert Pahlen, John Gustafson and Anthony Kosojed, Troop 57; Jerry Christianson and Richard Toomey, Troop 59; and Arlen Booren, Richard Hanson, Bruce Johnson and Jack Stewart, Troop 60.

The court of honor, which opened with the invocation by Dale Larson, also included a tenderfoot investiture, a vocal selection by the Trinity church boys' choir and the benediction by Rev. G. S. Thompson. Clarence Knudsen served as clerk of the court of honor.

Duo-piano Team will Bring Instruments for Concert Feb. 23

Most concert pianists on tour hope and pray that their sponsor in each city will provide a good piano for the concert. Nelson and Neal, the duo-pianists who will appear here under the auspices of the Northwest Concert association at Lincoln high school auditorium on Monday evening, Feb. 23, at 8.15 have no such worries.

These brilliant young artists take their own Baldwin grand pianos along to each performance. Furthermore, they personally tune the instruments, thus eliminating another worry which some local sponsors are occasionally inclined to overlook.

Concert goers in some cities seem surprised to see Nelson and Neal attired in evening gown and white tie and tails, respectively—arriving at the auditorium in a rather large truck. However, this is their mode of transportation while on tour. The truck chassis was especially built to accommodate two grand pianos safely and comfortably. Because of the heavy load, Mr. Neal says that it takes him about three hours to drive 100 miles.

Tuning of the instruments is doubly important where two pianos are involved since the sound resulting from one piano being higher or lower in pitch than the other would be unpleasant, to say the least.

Despite the rigors of touring, Mr. and Mrs. Neal, like most concert artists, feel that the efforts represented by the loading and unloading, driving, tuning and practice are worthwhile when the spine-tingling surge of applause rises from the audience of their concerts.

Tour direction is under the University of Minnesota Concert and Lecture Service.

Rotarians Go to Winnipeg Friday

Local Club Was Host to Eagle Scouts on Monday

At their weekly luncheon Monday noon in the Elks club rooms, approximately 25 members of the local Rotary club indicated they would join in a week-end trip to Winnipeg to participate in a three-day International Good Will meeting, sponsored by the Winnipeg club.

The local delegation will make the trip, as in past years, on the private car of E. A. Hamerski, division superintendent of the Soo Line.

The club had as its guests Monday three Boy Scouts who were to be elevated to Eagle Scout rank that evening. The boys, David Thompson, Edward Fillatrault and Jim Parkins, were introduced by the Rev. G. S. Thompson, father of David, and each of them spoke briefly on what scout work has meant to them.

Completing the program was a classification talk given by Robert J. Lund, a recent addition to the club's membership.

Auditorium to Be Scene of Annual Convention and Shepherds' Clinic

From 600 to 800 sheep raisers from thruout this state and South Dakota are expected to attend the annual convention of the Minnesota Cooperative Wool Growers association in the Thief River Falls Auditorium Saturday morning and afternoon, February 21.

This prediction was made by Henry Scheff of Wadena, field representative for the association, at a conference with members of the conventions and agriculture committees of the Civic and Commerce association.

Those attending will register for free tickets for a noon lunch to be served in the St. Bernards dining hall, and for door prizes to be awarded during the day.

The morning program will open at 9:30 with the showing of a sound film dealing with the sheep industry, and will be followed at 10 o'clock by a shepherds' clinic to be conducted by W. E. Morris, livestock specialist from University Farm, St. Paul; Harold Glass of Armour & Co., Grand Forks; and Gordon Clow of Lancaster, state sheep shearing champion.

Among the fifteen topics to be discussed and demonstrated are sheep handling, time to breed, care of newborn lambs, worming, dusting and spraying, wool preparation and shearing and tying wool.

The afternoon session will open at 1:30 with a discussion of the sheep outlook by Lyle Lamphere of the Central Livestock assn., followed by a report on the wool situation by Carl Nadasdy, general manager of the state wool growers association.

The convention will close with a panel discussion of sheep growers problems, followed by the annual business session and election of officers.

County Red Cross Drive for $4,624 to Start March 2

National Goal Is Set at $93,000,000; R. J. Dryden Is Pennington Chairman

Pennington county has been assigned a quota of $4,624 in the 1953 American Red Cross fund drive which will get under way Monday, March 2, R. J. Dryden, campaign chairman, announced today.

He added that Stanley Gibson and Philip Hess had accepted responsibility for the solicitation in the business district, and that Walter Ekeren will handle special gifts. Team captains to serve in the residence districts of Thief River Falls and in the rural sections of the county will be announced by Dryden next week.

The American people are being asked during March to provide the Red Cross with $93,000,000 to meet its budget needs. This is $7,000,000 more than originally contemplated, due to the fact that the Office of Defense Mobilization has asked the Red Cross to make available all the blood-derived gamma globulin possible for use in preventing paralysis in polio victims.

Alvin Christofferson, local blood procurement chairman, reminded citizens that the Great Northern blood donor car will return to Thief River Falls April 20 to 24 inclusive.

Hugh Carlson New Head Pennington Co. Auto Dealers

Hugh Carlson was elected president of the Pennington County Automobile Dealers Association, succeeding Art Johnson at the annual meeting of the organization held Monday noon in the Rex Cafe terrace room. Kendall Gustafson is the new vice-president, succeeding Steve Austin, while Romal Burtness was re-elected for another term as secretary.

Elaine Thompson Becomes Bride of Norman Bruneau

Elaine Joenette Thompson, daughter of Mr. and Mrs. Elmo S. Thompson of Thief River Falls, became the bride of Norman Bruneau, son of Mr. and Mrs. N. J. Bruneau of Goodridge, in a double ring ceremony at St. Bernard's Catholic Church at nine o'clock Saturday morning, February 14. One hundred wedding guests were present as Father Keough Painode officiated at the nuptial ceremony, followed by a High Mass.

The bride, given in marriage by her father, wore a gown which she had designed and sewed. Fashioned of white slipper satin, the bridal gown, train length, was styled with strapless bodice under white nylon lace with tiny collar and long tapered sleeves. Her fingertip veil of bridal illusion fell from a coronet of seed pearls and beads, and her only jewelry was a pearl choker and matching drop earrings, a gift of the groom. She carried a spray bouquet of American Beauty roses accented by white carnations.

Attending the bride was Miss Ann Bruneau of Goodridge, sister of the groom, as maid of honor, and Mrs. Robert Stulestad, friend of the bride, as bridesmaid. They wore ballerina length gowns of aqua and dusty rose, respectively, with yokes and overskirt of nylon tulle. Each carried a colonial bouquet of American Beauty roses and white carnations. Mothers of the bride and groom wore similar corsages.

Patricia Hanson of Goodridge, wearing a colonial gown of mint green taffeta and nylon tulle, was flower girl, and Kenneth Franke served as ring bearer. Best man was Lloyd Hanson of Goodridge, brother-in-law of the groom, and groomsman was Philip [illegible] of Gonvick.

Parents of the bride entertained forty relatives and friends at a wedding breakfast in the Rex Cafe. For their trip to St. Paul, where they will make their home, the bride wore a cadet blue fitted suit with black accessories. The groom will continue his work at Seegers in St. Paul. The bride was employed as bookkeeper for the Nash-Finch Company in Thief River Falls up to the time of her marriage.

Out of town guests at the wedding included relatives from Gonvick and Bagley, Minn.

Mrs. Wm. Holmes is Hostess to Zehlians

Mrs. Wm. Holmes entertained the Zehlian group of the Woman's Club Thursday evening at her home. The evening was spent in modeling clay and painting ceramics. The hostess served a lovely lunch from a table beautifully decorated in the Valentine motif. Members packed a box of articles for the German Youth Assistance program sponsored by the Federation of Woman's Clubs.

Kay Frolland Notes 14th Birthday on Valentine Day

Fourteen girls were present at a birthday party honoring Kay Frolland on her fourteenth birthday Saturday, February 14. Games were played and refreshments served by Kay's mother, Mrs. Wm. Frolland. The Valentine motif was carried out in table decorations and the birthday cake. Gifts were presented to Kay by each of the following guests: Janice Helgeson, Gail Kolberg, Carol Bishop, Jacqueline Carlson, Karen Austin, Sandra Sandvig, Cleo Hayes, Rosanne Lizakowski, Jeanne Dahlen, Darlene LaFave, Dalys Kellberg, Jean Cockrell, and Beverly Haugen.

Local Couple Exchange Vows Here Saturday

Janet Irene Humes, daughter of Mr. and Mrs. R. A. Humes of Thief River Falls, and Glenn Vincent Fossum, son of Ingval Fossum, also of this city, were united in marriage at Trinity Lutheran Church at seven o'clock Saturday evening, February 14. Rev. G. S. Thompson performed the double ring ceremony. Attending the couple were Mr. and Mrs. Ronald Grovum of Minneapolis.

A reception was given at the home of the bride's parents following the ceremony. Out of town guests were Mr. and Mrs. Norval Folland of Karlstad, and Mr. and Mrs. Torger Folland of Halma, uncles and aunts of the bride.

The bride and groom are graduates of the Lincoln High School. Following a short wedding trip they will make their home in Minneapolis where both are employed.

Meeting of Eagles Auxiliary Held Monday

The Eagles Auxiliary held their regular meeting Monday, Feb. 16th in the Eagles Hall, and initiation was conducted for ten candidates. The captains for the next membership drive, who were appointed by the auxiliary membership director are: Mmes. Francis Hendrickson, Eleanor Johnson, Helen Dahl and Alice Vraa.

The chairman of the Benefit Card Party given on Feb. 2nd reported that the party had netted $61.00 and the amount will be equally divided between the Polio March of Dimes and muscular dystrophy fund. Hostesses for the evening were: Mmes. Gladys Odegaard, Olga Rygh, Grace Toomey and Gladys Loeffler.

Newcomers Club Held Dinner Dance at Eagles

Members of the Newcomers Club entertained their husbands at a dinner dance at the Eagles Club Wednesday evening, February 11. The committee on arrangements was composed of Mrs. James Diase, Mrs. E. C. Engquist, Mrs. Richard Meyer, and Mrs. Lyle McEldoon.

Dinner Meeting of B.P.W. Club Held at Rex Cafe

The B.P.W. Club held their monthly dinner meeting at six o'clock Tuesday evening, February 10, in the Terrace Room of the Rex cafe. Mrs. Lucille Hulbert, chairman, was in charge of the business meeting. It was planned to have a food sale Saturday, February 28, at either the S & L store or the B & W Supermarket. Miss Emma Tandberg was appointed chairman in charge, with Miss Norma Iverson and Miss Thora Skomedal assisting. A rummage sale will be scheduled later, with Mrs. Myrtle Lendobeja in charge. Funds are being raised to fulfill the pledge for the hospital building project.

The district president announced April 19th at the tentative date for the spring district meeting. Miss JoAnne Wedul and Mrs. Hulbert reported to the group on the business transacted at the winter board meeting held in the Radisson Hotel in Minneapolis February 7th and 8th. The 30 clubs in the state have a total membership of over 2,000.

A regional meeting will be held in July at Fargo and members are urged to wear their Minnesota Gopher State emblems. On April 25 a Small Business Clinic will be held in St. Paul for the benefit of anyone interested in starting or continuing a business. The required registration fee is one dollar per applicant. Mr. J. M. Malmquist of the division of industrial research has praised the club in the past for "their great work" in presenting the Small Business Clinic. He has stated that Minnesotans suffer from an inferiority complex and also that industrial development in Minnesota is not on par with other states. "We have the brains, but we have been thinking in terms of agriculture and farming for so long we don't even try other things," he asserted. The clinic recently held at Duluth was successful and plans are being made for another at Mankato.

JoAnne Wedul was in charge of the program on International Relations. She had invited Miss Barbara Elofson, airline stewardess, to speak on the countries visited in her travels. Miss Elofson told of her impressions of the people and their customs as compared with the Americans. Her first trip took her from Seattle to Anchorage, Alaska, stopping on the island of Shemya in the Aleutians and on to Tokyo. Another trip was a vacation excursion which took her from New York to Lisbon, Madrid, Rome, Florence, Venice, Zurich, Paris, Copenhagen, Olso, Amsterdam, and London.

There will be a state convention in Virginia in May and reservations should be made early.

Party Marks Birthday of Jeffrey Lee Lierboe

Annual Institute for 4-H Leaders Set for March 14

75 Pennington County Adult and Junior Leaders Expected to Participate

The annual 4-H leaders' institute for Pennington county adult and junior leaders will be held Wednesday, March 14, in the Thief River Falls Auditorium beginning at 10:30 a. m., County Agent Ray Mitteness announced today.

The 75 adult and junior leaders of the county's 4-H clubs will be among more than 10,000 4-H leaders in the state who will be given special help thru district or county institutes held early in 1953.

"The 4-H Leader and the Local Club" will be the theme of the one-day meeting this year. Suggestions will be given on how to help 4-H members with their projects and how to train officers for their responsibilities. Understanding the needs of youth and the 4-H leader's part at the monthly meeting will be other topics discussed. Recreation helps will include how to have fun in small spaces.

Principal speakers at the institutes will be Osgood Magnuson, district 4-H club supervisor, and Evelyn Harne, state 4-H club agent.

Mid-week Lenten Rites at Trinity

First of Series Set for Tonight, Ash Wednesday

A series of Lenten Mid-week services will begin this evening (Wednesday) at Trinity Lutheran church. With services scheduled for each Wednesday evening at 8:00 o'clock thruout the season of Lent, Pastor Thompson has announced as the theme for his sermons: "So Rich A Crown."

The four choirs of the church will share the seven Wednesday evenings as they bring anthems appropriate to Lent. A suitable memento of the season will be given to all who attend all of these special services faithfully.

"The Flame of Courage" is the title of the Ash Wednesday sermon. The anthem will be sung by the chapel choir under the direction of Frank Summerside. Mrs. A. L. Hamilton will be at the organ to play a brief recital of Lenten music at 7:45.

Social Action Unit Will Meet Feb. 23 to Elect Officers

The Pennington County Social Action committee, outgrowth of the former local temperance society, will hold its annual meeting Monday, Feb. 23, at 8 p. m. in the Civic and Commerce room.

Besides the annual election, the program will be featured by the showing of two informative films "Drug Addiction" and "Nationalism." Members and prospective members and friends are urged to attend.

Since Rev. Wesley Lindblom will be leaving the city next week, this will be the last time that he will preside over the committee.

Rev. Dahlstrom at Covenant Church

Pastor Elmer B. Dahlstrom of the First Covenant church, Greeley, Colorado, will speak at the forenoon meeting, 11 o'clock, next Sunday in the Mission Covenant church, said L. W. Lindholm, pastor, who stated that Mr. Dahlstrom is a native of the Black River community and son of Alfred Dahlstrom, Thief River Falls.

Missionary Don C. Bruck of Japan Evangelical Mission will speak and show colored slides of missionary work in Japan Thursday night, 8 o'clock, at the Covenant church.

Survey of Site of Hospital Addition Being Completed

Must Be Finished by March 1 to Qualify for $414,000 Federal Grant

The property survey covering the location of the new addition to Northwestern Hospital is being pushed to completion during the next two weeks in order to meet the planning schedule.

Representatives of the Twin City Testing & Engineering Laboratory of St. Paul, Minnesota, have been authorized to finish the subsoil investigation during this period. All other phases of the property survey are being expedited by A. O. Stokke, city surveyor.

These investigations, together with all necessary certifications of accuracy of the survey, are required as a part of the scheduled reports necessary to obtain the $414,000 hospital building grant through the U. S. Public Health Service.

The deadline for this step is March 1, and members of the hospital board are putting forth all necessary efforts to meet scheduled deadlines.

Soil Conserving Annual Meeting Held Wednesday

(Continued from Page One)

mance records of wheat, barley, oats and flax varieties tested at the experiment station, and also discussed some of the new chemicals and soil conditioners now being used.

Mr. Ebling expressed concern as to the lowering of the water table in this area in recent years, and urged the conservation of the supply. He declared that the government, in promoting the soil conservation program, is merely helping itself by taking part in an effort toward national security.

Following the meeting lunch was served in the Civic and Commerce rooms.

The fourth annual report of the soil conservation district, submitted by Maynard Mehrkens, points out that more drainage work than usual was accomplished during the fall of 1952 because of the shortage of rainfall and the late freezeup, and to the further fact that the district now owns a crawler-type tractor and scraper for use by farmers in digging drainage ditches.

Among the 1952 accomplishments were drainage of 4,460 acres, seeding 1,355 acres to grass and legumes, fertilizing 1,307 acres, crop rotations on 1,159 acres, and reorganization of 1,293 acres of field. Group drainage projects benefiting 14 farms totalling 4,050 acres were carried out, involving the construction of 4.8 miles of ditches and other work.

Boys Committed to YCC; Caught in Act of Burglary

Apprehended by the proprietor of a local elevator while they were in the act of taking money out of the office till, two boys, ages 16 and 15, were held and turned over to the police and Sheriff Arthur Rambeck. A checkup revealed that the younger boy was currently on probation for a previous offense, and the older one had recently been released from probation. The pair were brought into juvenile court Tuesday, and were committed by Judge Herman A. Kjos to the custody of the Youth Conservation Commission, and were taken to the reception center at Red Wing by Sheriff Rambeck.

Mayor Proclaims Engineer's Week

Simons Gives Tribute to Professional Engineers

George J. Gibeau of Red Lake Falls, president of the Northwest chapter of the Minnesota Society of Professional Engineers, announced today that Mayor Harry E. Simons of this city has proclaimed February 22-28 as "National Engineers' Week in Thief River Falls."

The week is sponsored by the National Society of Professional Engineers to pay tribute to the contributions the engineering profession has made to the American standard of living. The week coincides with the date of George Washington's birth, because the first president was himself an accomplished engineer who constructed many notable projects.

In his proclamation, Simons praised the engineering profession for having developed and brought to fruition many of the vast benefits to our economic, industrial and social wellbeing.

Gamble Robinson Co. Adds Medical Plan for Workers

Gamble Robinson Co., food distributing organization which several years ago established a broad profit sharing plan for its employes, is pioneering again with a hospital-medical plan which covers not only the employe but his dependents as well.

J. E. Hendrickson, manager of the Thief River Falls Gamble-Robinson branch, announced the program today. The company, he states, is paying the full cost of the plan which provides accident and sickness benefits, ambulance and hospital expenses, surgical expenses, x-ray and laboratory costs, medical care, maternity benefits, and special polio insurance.

All employees and their dependents are insured without cost to them by the Gamble Robinson hospital-medical plan.

From the State Capitol

By W. E. DAHLQUIST

Back in 1946 only one of the forty-eight states spent more than it collected. In 1951 the expenditures exceeded revenues in twenty-seven of the states. Minnesota was not among the twenty-seven.

Minnesota was not one of the red ink states in 1951 but our state probably will qualify for membership in that unselect society before another year passes. This year, for instance, our school aids will take more money out of the income tax fund than the taxpayers will put in. That is on the basis of the present aid schedule. If, as the educators ask, the basic aid is increased from $70 to $100 per pupil unit, not only will the expenditures exceed the income but that big balance we have in the income tax fund will be more than washed out in two years.

With that kind of spending for this one item alone the legislature that convenes in 1955 would have to look around for sixty million additional tax dollars. That is the kind of spending the conventions tell us we must do. I am glad that the school men I know personally, teachers and board members, tell me to pay no attention to convention resolutions. Conventions are crazy, they argue, and I agree with them.

To make both ends meet and keep out of the red the next two years we will not be able to provide for all our needs. It will be necessary, therefore, to decide which of our needs are most urgent. High on the list of necessities in my book is the need for immediate housing for the 400 mentally retarded youngsters, and some oldsters, who have been committed as urgently in need of institutional care but whom space has not been made available.

Much lower on my list is a request for a new cafeteria, at one of our teachers colleges. Here is what the book says about this need:

"Between 250 and 300 students are being served three meals a day in a small area designed for seating 110. There are insufficient storage facilities and working areas in the kitchen. Such crowded conditions work to the detriment of the general health and well-being of the student, particularly where the meals must be served within the hour allocated in the school schedule. All meals are eaten in an atmosphere of confusion and pressure as those who are waiting in line clamor for a place at the tables."

Poor kids. I know its tough. I know from personal experience because several times a week I eat at the cafeteria down in the subbasement of the Capitol. A little research on the operations, however, satisfies me that the eating conditions at the teachers college could be worse. I am sure the students do not suffer as we suffer down here.

The Capitol cafeteria, which serves only one meal a day, has 250 chairs, but with this limited time of its operation, the cash register rings 1400 times in a normal day. That appeals to me as a pretty good operation. I think the state some day should build us a better dining room, but not now. For the time being we'll just suffer along with the kids in college.

The estimated cost of the school cafeteria is $415,000 which would become a half million before completion. That half a million would be better spent providing beds for the mentally retarded still on the waiting list.

Before we go much further in the expansion of our education facilities maybe we should make sure we are moving in the right direction. Recently a group of responsible University of Minnesota professors stated in a resolution that our public schools, elementary and secondary, are failing in their responsibility of preparing young people for higher education. That is a serious charge and deserves study.

At the other end of our public education system is the University itself, twice as big as it was 20 years ago. We are told it will double in size again in the next twenty years. Is that what we want? And if that is what we want do we want that expansion to continue in Minneapolis?

And in the middle we have the teachers' colleges and junior colleges, all struggling to grow greater. No doubt there is a place for them but there is very real doubt about them being in their right place now.

We have been drifting in the expansion of our educational facilities and this drifting has been needlessly expensive and wasteful. Let's pull into port for an overhaul and for a charting of the course we will be able to follow for the next few years. Being able includes our ability to pay. And let's have this study made by practical people and not by the long haired men and short haired women who are constantly crusading.

4-H Club News

Mavie 4-H Club

The Mavie 4-H club held their regular meeting at the Geo. Breznay home Friday, February 13.

We were very happy to have as guest Miss Norman Gustafson, a former 4-H member in Minnesota. She showed slides and told of her trip to Denmark. One very interesting thing was that they celebrate the 4th of July in our honor. They raise the American flag and also one of each of the 48 states.

The special business was the play and music contest. We chose a committee to pick out a play. Interesting demonstrations were given by Marie Breznay on "Making a Custard" and by Margaret Wayne on "Milk Drinks."

The topic for discussion was clothing. Mrs. Sylvia Olson showed us slides on "What To Wear With What," along with the kinds of necklines best suited for each of us. We want to thank Mrs. Olson for coming out. Following this Claudia Habedank and Shirley Oski rendered a number in song.

After the program games were played and enjoyed by all after which a delicious lunch was served by Mrs. Breznay.

The next meeting will be held at the Alice Habedank home.

Rocksbury 4-H Club

The Rocksbury 4-H met on February 11. Fern Mathson reported on the leaders meeting which was on Sunday evening at the Carl Alberg home. The club decided on two plays.

The program opened with community singing. A team demonstration on "Sewing Tools" was given by Nancy Gunderson and Virginia Finstad. Connie Alberg gave her radio speech and a demonstration on "Darning" was given by Virginia Walsberg. A report was given by Connie Alberg on the trip to Crookston which she and Fern Mathson attended as the junior leaders from our club.

Valentines were enjoyed by all. We wish to thank Virginia Walsberg for making the beautiful Valentine box.

Lunch was served by Victor Walsbergs and Carl Laursens.

The next meeting will be on Friday, March 13.

Jan Finstad, Reporter

Smiley 4-H Club

The Smiley 4-H Club had a good meeting at the Smiley Hall Friday, February 13.

The adult leaders, Mrs. Adam Lendobeja and Mrs. Norton Nelson, gave interesting reports on the leaders meeting. It was arranged to have a home furnishing project meeting on March 6.

An interesting program was arranged by Patty Torkelson, Bette Rude and Nelda Nelson. There were two demonstrations by Marilyn McCrum on "How to Make a Tailor's Cushion," and by Phyllis Beiswenger on "How To Sew on a Button," project talks were given by Gloria Johnson on "Selecting Fabrics" by Dianne Lendobeja on "Curtains."

A song was sung by a group of girls; Norma Gustafson, a past 4-H member who was chosen as an exchange student from Minnesota to Denmark, showed slides and told about them. Recreational games were supervised by Marilyn McCrum and Gayle Peterson. A delicious lunch was served by the A. Konickson and Norton Nelson families. — Shirlee Beiswenger, reporter.

Electricity Use to Be Topic Friday

Meeting Scheduled in Goodridge Gymnasium

The meeting on the topic "Safe Use of Electricity" will be held Friday, February 20, at the Goodridge gymn at Goodridge, beginning at 1:30 p. m. This is the final open meeting included in the home extension program for this year.

Discussed at the meeting will be information relative to the importance of having adequate and efficient wiring in the homes and how and when to make simple electrical repairs. Special emphasis will be placed on how to practice safety with electricity, whether in the home or about the farm buildings.

The public is invited. Lunch will be served immediately following the meeting.

Lions Club Notes Boy Scout Week

Morris Owen, Two Eagle Scouts Luncheon Guests

In observance of National Boy Scout Week, the Lions club had as guests at its luncheon meeting last Wednesday in the Rex Cafe Scoutmaster Morris Owen and two scouts who were elevated to Eagle rank at a court of honor Monday evening.

Owen presented the boys, Jimmie Parkins and Edward Fillafault, each of whom spoke briefly on the meaning of scouting. A third Eagle scout, David Thompson, was unable to be present.

Club President Bill LaFave thanked the members for their work which made the recent Kiddies Carnival an outstanding success.

Majorettes Turn Down Bid to March in Pasadena Fete

Group Also Invited to Appear in Spring Lilac Parade in Spokane, Wash.

Mrs. David Carlson, director of the Marching Majorettes, received a letter last week from E. Felton Taylor, chairman of the Pasadena Tournament of Roses parade, inviting the majorettes to take part in their festivities on New Years day.

She has announced that her group will not make the trip, due to limited funds. Mr. Taylor states that the parade is mainly a pageant of flowers and there is only a small amount of funds available for the units.

The group has also received an invitation to appear in the spring lilac parade in Spokane, Wash., but Mrs. Carlson states that the trip there would depend on whether the group can work in a combination of appearances, at Williston, N. Dak., and at the Great Falls rodeo in Montana.

Ken Kennedy of WDAY has corresponded with the corps in connection with the appearance of the group at the annual band festival in the spring. A definite date has not been set.

Barbara Teal, acrobatic majorette with the corps and daughter of Mr. and Mrs. Clemen Teal, was shown in a close-up in a newsreel film of the St. Paul winter carnival shown at a local theatre last weekend. She was the only majorette shown. The banner bearers, Gail Gulseth, daughter of Mr. and Mrs. Howard Gulseth; and Carol Quam, daughter of Mr. and Mrs. Sig Quam, were also shown.

Large Crowd at Knox PTA Monday

A very interesting program was presented at the meeting of the Knox PTA on Monday evening. A large crowd enjoyed the films shown and took part in the discussion which followed. It was announced that the fathers will have charge of the March meeting. Lunch was served by the mothers of the second grade pupils.

Reindeer Men

Near the town of Les Eyzies in southern France is a famous cave where there is evidence that human beings lived and died 20,000 years ago. These cave dwellers were known as "Reindeer Men." On the walls of the caves there still remain paintings of prehistoric animals in bright colors that look as if they had just been painted. These paintings indicate that the Reindeer Men possessed a high degree of artistic skill and knew how to make excellent paint by grinding the pigment with oil. To make their paint, they used clays from the earth—red, brown, yellow and black—and mixed them with animal fats or oils in vessels made from the lower limbs of the reindeer.

Prowler Quint Comes up with 2 Victories; Face Detroit Lakes

Coach Bob Nick's Prowler cagers recovered the winning habit this past weekend, scoring a pair of triumphs. On Friday night, playing at Crookston, the locals won an important district game, rallying in the second half to defeat the Pirates, 50 to 42. Playing at Moorhead on Saturday night, against the Fargo high school Midgets in a preliminary to the St. Mary's vs. Concordia game, the Prowlers registered a 59 to 52 win, marking the second time this season that the locals had beaten the Fargo club.

After an absence of more than two weeks, the Prowlers will be playing on their home court when, on Friday night, they meet the Detroit Lakes Lakers, one of the "powers" of sixth region basketball, on the Lincoln gymnasium floor.

In the district game at Crookston on Friday night, the Prowlers, after trailing by a 12 to 10 score at the end of the first period, and a 26 to 21 score at the intermission, rolled up fifteen points in the third period, getting eleven of the points on free throws, to move ahead of coach Al Droen's crippled Pirates. Bobby Christensen, who entered the Prowlers lineup in the second half, was instrumental in giving the locals their win, the nimble guard scoring four field goals in the last two periods of play.

By their triumph over the Pirates, the Prowlers clinched first place in the district conference standings and will be "seeded" as team number one in the 31st district tourney that will be played in the North Dakota U fieldhouse the first week in March.

Playing at Moorhead on Saturday night, the Prowlers, with Gary Smith hitting for seventeen points, and with Christensen, continuing to show his point-getting and play-making ability, defeated Acey Olson's Fargo high school quint, 59 to 52. Smith's seventeen-point total marked the second time this season that the Prowler co-captain had hit that figure, with his previous seventeen-point game being against East Grand Forks early in January. Christensen scored nine points against the Midgets, being especially sharp on his free throws, hitting on seven of nine tries.

In the final minutes of the Fargo game, coach Nick sent the Prowler 'B' team—Dale Liggett, Louie Wedul, Lee Kjos, George Clifford, and Mark Bjorkman— into the contest, and the youngsters, all sophomores, played creditable basketball.

Basketball Band Will Perform at Game Here Friday

Nonsense will be the order of the evening—at least between halves—at the Thief River Falls-Detroit Lakes basketball game Friday, February 20th.

The 60-piece Lincoln High School basketball marching band, ably assisted by David Vaaler on the public address system, will present "Going Fishing."

Dressed to fit the occasion —fishing—the band will make numerous formations and play "Sailing, Sailing," "Row, Row Row Your Boat," "Anchors Aweigh," "Lazybones," "Three Little Fishies," and other songs to fit the narrator's account of the "1953 bedtime story."

Grand Forks, 4, at Roseau, 2.
Crookston, 6, at Warroad, 6.
Hallock, 3, at T. R. Falls, 5.
Crookston, 3, at Grand Forks, 5.
Roseau, 3, at Warroad, 8.

This week's schedule:
Feb. 18th—
Roseau at T. R. Falls
Grand Forks at Hallock
Feb. 22nd—
T. R. Falls at Hallock
Warroad at Grand Forks
Crookston at Roseau

With less than ten days of the schedule remaining, it appears that the championship of the Northwest Hockey league will be in doubt until the final games on Feb. 25th. Four teams, Warroad, Thief River Falls, Roseau, and Grand Forks, are championship possibilities. Warroad, holding a one-point lead, will play two of their remaining three games on "foreign" ice, meeting the Redwings at Grand Forks and the Thieves at Thief River Falls.

The Roseau Cloverleafs, who have held a top rank all season, will play the Thieves at Thief River Falls on Wednesday night, and then finish with a home-and-home series with the Crookston Pirates.

Paul Bedard's Thieves have clinched a playoff berth, and are in a favorable position to overtake the Warroad Lakers and gain the top rung. Following tonight's "crucial" game against the Roseau Cloverleafs, the Thieves will play the Lions at Hallock on Sunday, and then conclude their schedule by meeting Warroad here on Feb. 25th. A three-game sweep would give the Thieves the league title.

Thief River Rifle Club Wins Match from Crookston

In a rifle match held in the rifle range of the Arena Monday evening, the Thief River Rifle club defeated the Crookston club by a score of 1519 to 1477.

The high shooters for the Crookston club were: Howard Ofstedal, 380; Jerry Hitchcock, 373; Alan Gosline, 367; Andrew Welter, 357.

High for the Thief River club were: Ernie Bjerken, 383; Leonard Hanson, 381; W. G. Maves, 379; Einar Swanson, 376.

Herb Jung acted as the official scorer. Lunch was served in the rooms by Don Johnson and Don Toomey.

Thieves Down Hallock Twice, Scores 7-4, 5-3

Locals to Meet Roseau, League Leader, in Game in Local Arena Tonight

The Thieves, winning a pair of games from the Hallock Lions, defeating Hallock, 7 to 4, at Hallock, and 5 to 3 here on Sunday afternoon, added four points to their league standings, and moved into second place.

The Thieves will play one of their schedule's "crucial" games this evening, meeting the Roseau Cloverleafs on the local rink, and a victory for coach Paul Bedard's club would give the Thieves the league lead.

The game against the Lions at Hallock last Wednesday night was in doubt until the last two minutes of the third period. Hallock, trailing by a 5 to 4 score, pulled their goalie, Bun Nicholson, out of the net, sending six forwards on the ice in an attempt to even the score. The strategy misfired when at 17:42, Ron Catelane slammed a long shot, from the Thief River zone, into the unprotected Hallock net. Church Russell, at 18:59, on an assist from Murray Balagus, added another goal, giving the locals a 7 to 4 win.

Russell's "hat trick" performance, with the smooth-skating winger getting a goal in each period, paced the Thieves to a well-deserved 5 to 3 win over the Hallock club here on Sunday afternoon.

In an interesting preliminary game, played preceding the Lions vs. Thieves game on Sunday, the Smiley and Silverton teams played to a 1 to 1 tie.

Warroad and Roseau High School Hockey Teams Win in Region

A tournament-wise Warroad sextet, on Roger Christian's goal late in the third period, ended the Prowlers' two-year reign as eighth region high school hockey champions by scoring a 2 to 1 win over the locals in a first round tourney game played at Warroad on Thursday night. Roseau, in a game that preceded the Prowlers vs. Warriors tussle, held off a rallying Williams team to record a 3 to 2 win.

In the regional finals on Friday night, Roseau, by a 3 to 1 score, defeated the Warroad Warriors; while the Prowlers, playing for the consolation honors, rolled up a 6 to 2 win over Williams.

The two regional finalists, Roseau and Warroad, earned berths in the state high school tournament that gets under way on Thursday afternoon on the Auditorium rink in St. Paul. Warroad, playing as the region three representative, will play St. Paul Humboldt, the region one entry, at 2:30 p. m. At 4:00 p. m., Roseau, the region eight champion, will play South St. Paul, the region two entrant.

Other first round games in the state tourney will pit the powerful Eveleth team of region seven against Southwest of Minneapolis at 7:30 p. m. on Thursday evening. And closing out the first day's program, St. Paul Johnson, of region four, will meet the St. Louis Park sextet. Semi-finals games are slated for Friday night, with the championship finals billed for Saturday night.

Much of the drama of this year's regional tournament was crammed into the first round games on Thursday night, with the two winners being awarded entry in the state tourney. Roseau, a team that has shown vast improvement in its play the past month, jumped into an early lead in its game against Williams, and then was forced to play stellar defensive hockey in order to hold off the third-period rush of coach Gene Kafka's club and gain a 3 to 2 triumph.

The Prowlers and the Warroad Warriors, playing the second game of the semi-finals, treated the tournament crowd to superb hockey. Warroad, on a goal by veteran Harlan Meek, gained a 1 to 0 lead in the second period, and coach Broderick's club held that advantage until the 2:00 mark of the third period when Bobby Helgeland beat goalie Bob Lewis to even the score at 1-all. The Warriors notched their winning goal at 8:35 when Roger Christian, on an angle shot from inside the blue-line, picked a corner of the net. The Prowlers had several opportunities to score goals during the game, but over-anxiety and tournament-tenseness produced erratic marksmanship. In the final minutes of the game, Warroad, with some stand-out defensive hockey, held the Prowlers scoreless as the locals threatened to send the game into overtime.

On Friday night, playing in the consolation game, the Prowlers, on a "hat trick" performance by Mike Hajostek, one of the two seniors on the local squad, the other being goalie Bill Maruska, turned in a solid 6 to 2 win over Williams.

The summaries:

Keeping Score with "Huck" Olson

Checking in Center-ice

The senior hockey Thieves will be making their "move" to gain the lead in the Northwest Hockey league standings when they meet the Roseau Cloverleafs on the Arena ice tonight. Paul Bedard's club, holding down second place and trailing the Warroad Lakers by one point, can take the top rung by defeating Bob Sykes' Leafs.

But defeating the Leafs has been a problem for the locals this year, and in the three previous games between the two clubs, the Thieves have been able to pick up but one point, that on a 6 to 6 draw played here in December. The other two games, played on Roseau ice, were wins for the Leafs by 7 to 3 and 3 to 2 scores.

The Thieves are on a three-game winning streak, but whether or not they continue that streak will depend upon how well the locals can "bridle" the Leaf "ponies." Those Roseau locals—Marv Markstrom, Ray Baumgartner, Jack Isaacson, and Del Hedlund—have been vital factors in giving the Leafs their two wins over the Thieves. Those youngsters, playing as a line, are always on the puck, and by their aggressive play they have been able to "spark" the Roseau "imports." And if the locals are able to "hobble" the Leaf "ponies," the Thieves will have to discover ways and means of maneuvering the puck past Roseau's agile goalie, Don Collins.

The league directors, at a meeting held at Karlstad on Monday night, upheld the protest of the Crookston Pirates. The Pirates, who were beaten by the Redwings at Grand Forks on Sunday, by a 5 to 3 score, protested the game on the grounds that Lynn Bend, playing with the Redwings, was an ineligible player. Bend played several games with Crookston early in the season, and then advised the Pirate management that press of business prevented him from playing any more league hockey. He was given his release on the understanding that he would not join any other league club.

An Accomplishment

The off-again on-again basketball Prowlers have put an accomplishment into the record book that future, and perhaps better, Prowler cage teams will have difficulty matching. When coach Bob Nick's squad defeated the Fargo high school Midgets, 59 to 52, on Saturday night, it marked the second time this season that the Prowlers had beaten the Fargo quint. Those two victories, together with the two triumphs over the Grand Forks Central team, gives the Prowlers a "sweep" of four games against North Dakota's two top-ranking high schools.

The Prowlers, having completed their district schedule, and have a record that gives the locals the number one ranking, will be playing a powerful out-of-district opponent on Friday night when they meet Marv Helling's Detroit Lakes team. The Lakers are rated as one of the sixth region's title contenders, and have a team that pressed the state champion Hopkins club, losing to Buzz Maetzold's by nine points.

Last year, in a game that kept a capacity crowd in an uproar, the Lakers edged out the Prowlers, 47 to 46, at Detroit Lakes. If the Prowlers can reach the form they exhibited against the Moorhead Spuds here a couple of months ago, the locals could make Friday night's encounter another bang-up contest. On the record, though, the Lakers are a dozen points stronger than the Prowlers.

Roseau Rules the Roost

Our congratulations are extended to Oscar Almquist and his Roseau Rams for winning the regional hockey crown, and they have our best wishes as they enter the state tournament tomorrow. The Warroad Warriors, too, who gained a berth in the state tourney by defeating the Prowlers, 2 to 1, in the regional semi-finals, are entitled to congratulations and best wishes. The two teams will give the eighth region able representation, and the probabilities are that one of the two will reach the finals.

The 1953 Roseau sextet is a typical Almquist-coached club, and that means that the Rams continued to show improvement as the season progressed. Almquist's clubs have always been noted for their ability to reach their top form by tournament time, and even during the years when they did not have the personnel to match the other regional teams, the Rams have always been a contender.

Our opinion as to the reason why there wasn't an all-regional hockey team selected this year is that it is a "kickback" on the naming of sophomore Fred McKenzie of Hallock as all-regional goalie in place of Johnny Umhauer of Williams last year. Umhauer, a former all-regional choice and a senior, was dis-placed, by a split vote, by McKenzie. The Williams fans were quite exercised by the choice of McKenzie over Umhauer, and it's probable that that incident had its effect this year.

Miscellany

That Grand Forks American Legion vs. Argyle-Newfolden basketball game played at Argyle on Wednesday night required an overtime period before the Grand Forks team was able to gain an 83 to 81 win. Maynard Johnson, playing with the Argyle-Newfolden club, scored thirty points, being the game's high point individual. Chuck Aakhus, the former Bemidji high school all-state selection and later a member of the West Point team, tallied 24 points for the winners.—Gerry Blaine, the sturdy youngster that played at a wing for the Hallock Lions here on Sunday afternoon, is reported as being one of Winnipeg's finest all-round athletes. Blaine, who wore Lion jersey number 8, will be remembered as the hard-hitting third baseman of the Winnipeg Maroons when that club played a two-game series against the baseball Thieves here last summer. According to referee Joe Vinet, Blaine is considered a top-notch hockey prospect, having one of the hardest shots in Winnipeg junior hockey. Blaine wasn't too impressive as a skater on Sunday, but that may have been because he had just returned from a baseball school camp and had not been on skates for a couple of months.—Center Jack Poole and wing Art Cloutier, members of the local PeeWee hockey team, were named to the all-state PeeWee team selected by the officials at the conclusion of the tournament held at Eveleth last week.

Farmers' Portion of Consumer's Dollar Is Smaller, Says 'U' Man

Minnesota farmers received slightly more from the sale of their products in 1952 than in 1951—$1,292 million as compared with $1,287 million—but this gain was more than matched by a 5 per cent increase in cash production expenses.

The 1952 income figure was about 3 per cent below the 1948 peak and twice the 1940-44 average, according to Rex Cox, associate professor of agricultural economics at the University of Minnesota.

Cash receipts from the sale of crops and dairy products increased substantially but those from livestock and livestock products declined in 1952.

Cash sales of crops amounted to $339 million in 1952 and $301 million in 1951; dairy products $252 million in 1952 and $233 million in 1951.

Cash sales of livestock—hogs, cattle and sheep—amounted to $534 million in 1952 and $566 million in 1951; other livestock products—eggs, chickens, turkeys, etc.—$186 million in 1952 and $187 million in 1951.

The gain in receipts from crops was due to the larger volume of marketings, says Cox.

A marked decline in receipts from sale of hogs, a drop from $276 million to $238 million, was due not only to a decrease in the number and total weight of hogs marketed but also to a 10 per cent price drop.

Although prices of both cattle and calves averaged 10 per cent lower in 1952 than the previous year, a big increase in the volume of marketings, particularly of cattle, boosted the value of receipts over any previous year. Receipts from sales of cattle and calves were $292 million in 1952 and $275 million in 1951.

Receipts from the sale of sheep and lambs decreased from $15 million in 1951 to $14 million in 1952. The volume of marketings was up, but prices were down.

Minnesota farms produced almost 8 billion pounds of milk in both 1951 and 1952. About 91 per cent of this milk was sold either as cream or whole milk to dairy plants.

In 1940, fourteen per cent of the milk sold at wholesale was in fluid form, compared with 55 per cent in 1952. Eighty-six per cent was separated on the farm and sold as cream to dairy plants in 1940, compared with 45 per cent in 1952.

In 1952, the amount of milk sold in fluid form to dairy plants was 6 per cent above the previous year. Prices received averaged $3.90 per cwt., an increase of 27c. Cash receipts from sales for the state were $155 million—13 per cent above those of the year before. The milk sold as cream to dairy plants last year contained 118 million pounds of butterfat, or 5 per cent less than a year earlier.

Prices received for butterfat averaged 80c, an increase of 5c. Cash receipts of $94 million for butterfat were about the same as in 1951. Total sales of milk and cream sold at both wholesale and retail amounted to $253 million, highest since 1948.

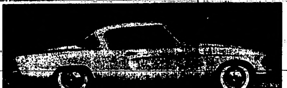
Sale of eggs from Minnesota hens was nearly 300 million dozen in both 1952 and 1951. But prices averaged 5c lower in 1952, resulting in a drop in the value of egg sales from $121 million to $105 million.

The ratio of the index of cash income from sales to the index of prices paid was 167 in 1952, just slightly above the average level of 160 in 1940-44 and substantially below the 1947 peak of 212, according to Cox.

He believes that Minnesota farmers are not likely to receive more for marketings in 1953 than in 1952. Domestic demand for farm products will continue high but export demand will decline.

If acreages recommended by the federal government are planted by farmers and if weather conditions are favorable, the total output this year may set a new record, the University economist says. If so, prices of a number of commodities will average lower than in 1952.

At the same time, Cox sees farm costs continuing to rise—probably by around 5 per cent. Therefore, farmers will receive a declining proportion of the consumer's dollar, and the net income of agriculture will be less than for many years, he says.



Setting a new trend of European styling in American production automobiles, the 1953 Studebaker Champion hardtop reflects the Continental influence by its low silhouette and graceful contours. The car is only 56 5/16 inches high, and has an overall length of 201 13/16 inches. Power steering, now available at extra cost in the Commander series, will be offered in the popular Champion line later in the year.

20th Easter Seal Drive Opens Mar. 5

The 20th annual Easter Seal appeal will take place in Minnesota from March 5 to Easter Sunday, April 5, H. B. Gough, St. Cloud, president of the Minnesota Society for Crippled Children and Adults, the Easter Seal Society, announced this week. Easter Seal committees are at work in each of the 87 counties of the state, Minneapolis, St. Paul and Duluth, to carry the story of the needs of Minnesota's handicapped men, women and children to the public and to show ways in which some of those needs can be met through Easter Seal funds.

Women's Program Is Arranged for Crookston Shows

Valley Garden Clubs to Conduct Their Annual Meeting Tuesday at 1:30

Programs of interest to women at the forthcoming Red River Valley Winter Shows in Crookston, are scheduled for Tuesday, February 24, and Thursday, February 26. The programs will be held in the Crookston high school auditorium.

The general Garden Club program on Tuesday, February 24, held in conjunction with the 9th District Horticultural Society meeting, will attract delegates from twenty or more affiliated clubs of the Red River Valley counties.

Mrs Jacob Rigg of Ada, president of the 9th District Society, announces that Eldred M. Hunt of St. Paul, secretary of the Minnesota State Horticultural Society, will be a featured speaker on the program.

Other speakers include O. C. Turnquist, extension horticulturist, University Farm, St. Paul, and B. C. Beresford, horticulturist, Northwest School and Experiment Station, Crookston. Colored slides of 1952 gardens of 9th District members will be shown at the meeting. The annual business meeting of the 9th District Horticultural Society will be held at 1:30 p. m, and the general program will begin at 2:00 p. m.

On Thursday, February 26, the women's program will feature an illustrated lecture on Norway given by Miss Margaret Larsen of the Northwest School's English faculty. Miss Larsen, who spent some three and one-half months in Norway this past summer, will show pictures in color of Norway from Oslo to Tromsoe in the Artic Circle. The mixed choir and triple trio from the Northwest School will sing on the afternoon programs at the Winter Shows. The Thursday program will begin at 2 p. m.

State to Observe University Week

Programs to Be Held in TRF and Other Cities

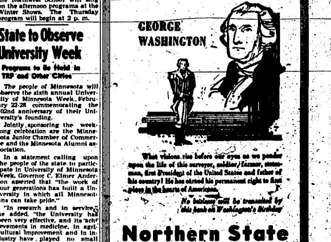
The people of Minnesota will observe the sixth annual University of Minnesota Week, February 22-28 commemorating the 102nd anniversary of their University's founding.

Jointly sponsoring the week-long celebration are the Minnesota Junior Chamber of Commerce and the Minnesota Alumni association.

In a statement calling upon the people of the state to participate in University of Minnesota Week, Governor C. Elmer Anderson asserted that "the work of four generations has built a University in which all Minnesotans can take pride."

"In research and in service," he added, "the University has been very effective, and its achievements in medicine, in agricultural improvement and in industry have played no small part in the continuing expansion of the Minnesota economy and of a fuller life for each Minnesotan."

During the week, alumni, Junior Chamber and various civic and social groups throughout the state will meet to hear reports by University faculty members on the University and its relation to the people of Minnesota. University representatives will address groups in Cloquet, Mankato, Marshall, Wadena, New Ulm, Detroit Lakes, Thief River Falls, Virginia, Moorhead, Chisholm and Pipestone.



What visions rise before our eyes as we ponder upon the life of this surveyor, soldier, farmer, statesman, first President of the United States and father of his country! He has earned his permanent right to first place in the hearts of Americans.

THE SAFETY COUNCIL

In our community we have an organization known as the Safety Council, which does not receive much publicity, but which is doing a very fine job in promoting safety in all forms. This Council is headed by Sheriff Art Rambeck, and Police Chief Ken Jady. The other members represent groups interested in safety education.

This organization meets once a month, and at that time the members report on and discuss unsafe practices and conditions which may have come to their attention. A discussion of the problems generally leads to a solution or recommendation for their correction. The Safety Council, however, has no enforcement powers nor financial budget; it makes corrective recommendations to the proper law enforcement officials or to the city council for final action.

Many of the recommendations made by this Council have been adopted, some of the most recent being stop signs on First Street and Kendall Avenue, on Horace Avenue and First Street, and on Pennington Avenue and First Street; traffic signals on the Third Street and Soo Line tracks crossing; stop-and-go sign on Third Street and Main Avenue; patrolman at the Tenth Street and Main Avenue crossing, protecting elementary school children; guard rails at the power dam; and no parking signs around the school grounds. There is no doubt but that these precautions have caused a decided reduction in accidents at the places mentioned.

The Safety Council is endeavoring to make this community a safe place in which to live, work, and play, but it must have the active cooperation of all residents to attain this goal.

The subject, slogan, or theme of the February safety program is "Know and Obey Traffic Laws." This theme covers a large field, including not only state traffic laws but also city ordinances and police regulations. National reports indicate that sixty-one per cent of the drivers involved in fatal accidents were violating a traffic law at the time. What the percentage is for drivers involved in accidents not resulting in fatalities I do not know, but I presume it is higher. Last year in the United States five million Americans appeared in traffic courts. According to one authority these five million committed one-third of the traffic violations reported for the year. All traffic violations do not result in accidents, but a driver who constantly violates regulations generally winds up in court, for he is a safety menace.

In so far as the state report is concerned the City of Thief River Falls, as of the third quarter of 1952, stands tenth in cities of from 5,000 to 10,000 population. The record is: No deaths, 13 non-fatal injury accidents, 17 persons injured, and 47 property-damage accidents. These totals will be increased for the year by the fourth quarter totals. Pennington county ranks second in counties having 10,000 to 15,000 population. This record is good; however, there is still room for improvement, since many accident involving property damage of less than fifty dollars are never reported. The accident rate is going down locally, but let's be concerned with keeping it down. . . and the only way we can do that is by "Knowing and Obeying the Traffic Laws."

The drivers of vehicles are not the only violators of traffic regulations. Pedestrians as well have definite regulations to follow. Although there are few laws or ordinances governing their behavior on the street and roadway, it is obvious that unsafe pedestrian acts jeopardize the safety of both pedestrians and motorists. The pedestrian death rate in traffic accidents is high, and unsafe pedestrian acts are a contributing factor.

Forty per cent of all pedestrians killed in 1951 were crossing between intersections—not at intersections where they are supposed to cross. This is sometimes called jay walking and is a very dangerous practice for those under fourteen and over sixty-five years of age; in fact, it would be far safer for everyone to cross the street only at the intersection. Where there are traffic signals, crossing is allowed only on the "green light." Five per cent of the pedestrians killed in traffic accidents were crossing against the signal. Perhaps you will make it against the light, but death is rather permanent . . . and you won't get a second chance!

Pause for a moment and think back over your busy day. Do you remember witnessing a traffic violation? . . . a car going through a Stop sign? . . . a case of illegal parking? . . . double parking? . . . or blocking off a parking space so that some other motorist could neither get in nor out of the spec? . . . a car coming out of an alley and not stopping before crossing the sidewalk to enter the street? . . . a motorist failing to signal a turn so that those approaching or following would know what he was going to do? . . . a car going too fast on slippery streets? . . . a car stopping on the cross walk at a Stop sign so that pedestrians had to walk around? . . . a car or truck parked on a public sidewalk? Did you see any of these things? They are all violations! . . . And there are others . . . like not staying in the proper lane when making a turn, driving too close to the car ahead, or cutting in too quickly when passing—all dangerous and conducive to accidents! Pedestrians complain at times, too, about motorists coming to Stop signs and stopping; then "gunning" their motor while the pedestrian is walking in front of the car. Timid or nervous people are especially bothered by this practice.

We can eliminate all these violations or bad habits if each of us will be just a little more courteous, walk a little farther, take a little more time, and give the other fellow a "break" even though we think we have the right of way. Let's not learn traffic rules "by accident"!

The Safety Council, with the cooperation of the "Times," will publish from time to time safety information and statistics relative to safety in Thief River Falls and Pennington county. We all have the responsibility to assist and cooperate with the council in its work, for it is our actions which will be reflected in the reports. Let's make them good reports!

Editor's Note:—County Attorney L. W. Rullen will write this column for the issue of February 25.

Capitol Chat

By Mrs. Coya Knutson
Rep. 63th District

Members of the House and Senate this week were fortunate to have as a visitor Elizabeth Deventer, a Professor of Law and Political Science, from Munster, Westphalia, Germany. Elizabeth who is 32 but looks 18, has had a bit of experience in her lifetime.

She was active against Hitler and made a name for herself in that movement. Now she is what one might call a "marked woman" in Germany. She is constantly on her guard so as not to fall into the hands of the Communists.

She said we intrigued her with our informality and friendliness. "Speaking to anyone of rank in Germany," she said, "one has to be extremely formal." It pleased her very much to have so many senators and representatives converse with her in her native language. Fraulein Deventer is in America by arrangement with the State Department to study political and social practices.

February 12, Lincoln's birthday, members of the Motor Vehicles committee and I by special invitation were entertained, educated and dined by the Minnesota Mining and Manufacturing Company. The purpose of this trip was to acquaint the members of the committee with a new and revolutionizing factor in the promotion of safety. The 3M Company in St. Paul has as its output mainly sandpaper and scotchlite reflective sheeting. However, their research division, one of the most interesting and progressive that we have in the State of Minnesota, is promoting scotchlite in various fields of highway safety, safety for motor vehicles, billboard advertising, and numerous safety items in other fields.

It is hoped, and no doubt it will come in the near future, that our license plates in this state will carry scotchlite. We were shown many demonstrations of how effective scotchlite plates are on automobiles, trailers, trucks, and so on. Several states in the East have already adopted them and we were shown demonstrations of those exact plates in use. Under this setup license plates will withstand hard and abusive wear for five years.

A sumptuous dinner was served us at Hastings, Minn., where they have their Chemolite Research Plant. The 3M Company employs 6000 people in its St. Paul plant. They have 700 technical personnel and they are constantly welcoming "young blood" into this enterprise.

A "Happy Valentine Wish" to each of four!

Political Roundup

By Arthur Naftalin

The opening of this week found the Minnesota state legislature at the one-third mark in the 90-day session. Operations were regarded as "about normal" as the committees dug deep into major problems, with the big decisions yet to come.

The hoppers in both houses wer busily churning, but there were busily churning, but there two-thirds of the anticipated 1,800 bills for the session. From each house came a trickle of minor and local bills, and leaders expected that the volume would increase now that the main lines of operations had been firmly established.

In thumbnail form, this is what had happened on almost a score of items having leading public interest:

Sales tax: A "package" tax program including a sales tax but reducing income taxes and eliminating the personal property tax was under study by important house leaders. But Governor C. Elmer Anderson repeated his opposition to a sales tax.

Redistricting: There was a vigorous clash in the house equipment committee over a bill written by Rep. Alf Bergerud of Edina, but it was sent to the full house "without committee recommendation." It would readjust the districts, keeping the house at 131 in number, but reducing the senate from 67 to 63.

Korean War Bonus: No action is likely on this item this session, Senator B. E. Grottum of Jackson, chairman of the senate although a bill giving a bonus to veterans who actually served in Korea since June 27, 1950, would probably be sent to the senate this week.

Teacher Colleges: Committee hearings on the requests of the five state teachers colleges for more maintenance money and new buildings were completed amid a flurry of some sharp questioning. The state teachers college board is under attack, and there is a bill in the hopper calling for its abolition.

Fair Employment: Hearings were yet to come on this controversial matter. Last week the house got a bill described as a "no-holds-barred" measure that would presumably legalize job opportunities for members of subversive organizations. This was aimed at killing F.E.P.C. altogether. The road ahead on this item appeared rocky.

New Regent: Death of J. Seneca Jones, who on January 28 had been re-elected a University regent, reopened the fight for a woman regent. Legislative leaders decided to postpone action for a while to let the situation "level off."

Veterans Preference: The senate civil administration committee heard spokesmen for the several executive departments argue in favor of modifying veterans preference to remove "absolute preference," as is provided under the existing law.

University Buildings: House appropriations committee members pressed hard on University spokesmen who testified in support of the University's request for $10,428,000 for new buildings. President Morrill described them as "high priority" needs.

Jobless Aid: Labor spokesmen were strongly displeased by an action of the senator labor committee in approving a bill which excluded from coverage 12,000 low-paid workers. The bill does, however, increase the range a worker may receive under unemployment compensation from $10-15 a week to $11-$30.

Monday Holidays: The proposal to have most official holidays fall on a Monday was killed, following full house debate.

Televising Football: University Football Coach Wes Fesler and Athletic Director Ike Armstrong pleaded with the house University committee not to adopt a bill requiring the televising of Minnesota football games. It will come eventually, President Morrill said, but right now would be a serious financial complication. The matter was laid over until this week.

Little Hoover Reforms: A series of bills having bi-partisan support and creating new departments of public safety, welfare, and legislative service were ready for introduction. This will provide the first real test of the prospects of governmental reorganization in this session.

Workmen's Compensation: The entire workmen's compensation setup is due for an overhaul in this session, based on the findings of an interim committee. The findings will be incorporated in a committee bill, to be reported out soon.

Vote at 18: Several bills on this subject are in the hopper, but they are given little chance of succeeding.

No "stooge" filings: The senate elections committee has a bill which permits political parties to identify their endorsed candidates on the primary ballot. This is aimed, its sponsors said, to discourage "stooge" filings in the primary.

R.R.W.C. Transfers: A tough fight was brewing over the proposal to remove the livestock and grain weighing divisions from the railroad and warehouse commission and give it to the department of agriculture. The RR-WC commissioner let it be known they would fight this move, recommended by the Little Hoover Commission, to the death.

Tax on Trucks: The motor transport industry was marshaling its forces to do battle against the proposal to impose a weight-distance tax on trucks. This would raise an additional $6,000,000 or more for state highways.

Co-op Health Bill: Once again the house killed the proposal that would permit the incorporation of voluntary non-profit medical and hospital insurance associations. The vote was 76 to 52 to uphold committee action killing the bill.

How It Started

Back in 1870 at Montrose, New York, the New York Central installed the first device which enabled locomotives to pick up water without stopping. Railroad men referred to this process as "jerking water" and Montrose became known in railroad lingo as a "jerkwater" town.

As more devices were installed along the line, the term "jerkwater" was used in a disdainful sense to describe places which were important only for the water picked up there.

Lifesaving
IN ONE EASY LESSON

"Come quick," screamed the frantic woman, "my baby is suffocating."

Telephone installer Don Franklin* had just entered the building on a service trip. Now, hearing the call for help, he rushed into her apartment, found three-year-old Jimmy Gilbert gasping for breath.

Checking the child's throat, Franklin found no obstruction. Immediately, he began artificial respiration. Within a few minutes the boy was breathing normally.

Jimmy recovered rapidly, thanks to effective first aid the doctor said.

"Sure glad I could help." Don said later, "I'd just finished the telephone company's class in artificial respiration that day. Never dreamed I'd need it so soon!"

Late Events in Middle River

By Carlyle Hanson, Middle River

John A. S. Hoff, County Commissioner from the 4th district in Marshall County for eight years, passed away Saturday February 7th in Middle River, following an illness of more than a year.

He spent most of the year in the hospital in Thief River Falls and at Ann's Rest home here. Funeral Services were held on Wednesday afternoon at 2 p. m. at the First Lutheran church with Rev. C. O. Hanson officiating. Burial was made in the Wold Cemetery. Pallbearers were the five Marshall County Commissioners, S. H. Bjertness of Grygla, Andrew Korgin of Newfolden, Ray Edman of Alvarado, Les Grange of Warren, John Rapacz of Argyle and Highway Engineer of Warren John Pearson and Kingsley Deyer of Newfolden.

John A. S. Hoff was born in Norway June 25th, 1879 and came to the United States. He moved to Marshall County in 1884, moving to Ada in 1903. There he engaged in the real estate business until 1930. From 1930 until his death, he farmed in Huntley Twp. He was elected Marshall County Commissioner from the fourth District in 1944 and served until Jan. 1st, 1953. He is survived by five sisters, Mrs. Lena Smodell of Bemidji, Mrs. Arne Borreson of Strathcona, Mrs. Celia Holmgren of Middle River, Inga Hoff and Mrs. Carl Ruud of Middle River; two brothers, Samuel and Ingvold of Middle River. He was 73 years old at the time of his death.

The big annual meeting of District No. 17 of the Land O' Lakes will be held in Middle River Wednesday March 4th according to information by mayor Vernon R. Stardig. The meeting will begin at 10 a. m. and continue through the day in the school auditorium. John Brandt of Minneapolis, president of Land O'Lakes creameries will be the main speaker. District No. 17 takes in a lot of territory, extending from the North Dakota border and east as far as Baudette and extends north from Crookston to the Canadian Border. Last year the meeting was held at Greenbush with between 12 and 13 hundred people attending. It is expected that all facilities in Middle River will be taxed to capacity to handle the crowd. A noon meal will be served by the Band mothers and music for the program will be furnished by the Middle River high school band directed by Mrs. T. V. Cleys. Plans are also going forward for a Wednesday evening banquet sponsored by the Middle River Commercial club at which time Middle River business men and others will be hosts to Land O'Lakes officials from Minneapolis and District No. 17 officers. Art Stenberg of Thief River Falls is chairman of this district.

How It Started

Back in 1870 at Montrose, New York, the New York Central installed the first device which enabled locomotives to pick up water without stopping. Railroad men referred to this process as "jerking water" and Montrose became known in railroad lingo as a "jerkwater" town.

As more devices were installed along the line, the term "jerkwater" was used in a disdainful sense to describe places which were important only for the water picked up there.

Lifesaving
IN ONE EASY LESSON

"Come quick," screamed the frantic woman, "my baby is suffocating."

Telephone installer Don Franklin* had just entered the building on a service trip. Now, hearing the call for help, he rushed into her apartment, found three-year-old Jimmy Gilbert gasping for breath.

Checking the child's throat, Franklin found no obstruction. Immediately, he began artificial respiration. Within a few minutes the boy was breathing normally.

Jimmy recovered rapidly, thanks to effective first aid the doctor said.

"Sure glad I could help," Don said later, "I'd just finished the telephone company's class in artificial respiration that day. Never dreamed I'd need it so soon!"

Late Events in Middle River

By Carlyle Hanson, Middle River

John A. S. Hoff, County Commissioner from the 4th district in Marshall County for eight years, passed away Saturday February 7th in Middle River, following an illness of more than a year.

He spent most of the year in the hospital in Thief River Falls and at Ann's Rest home here.

Funeral Services were held on Wednesday afternoon at 2 p. m. at the First Lutheran church with Rev. C. O. Hanson officiating. Burial was made in the Wold Cemetery. Pallbearers were the five Marshall County Commissioners, S. H. Bjertness of Grygla, Andrew Korgin of Newfolden, Ray Edman of Alvarado, Les Grange of Warren, John Rapoz of Argyle and Highway Engineer of Warren John Pearson and Kingsley Deyer of Newfolden.

John A. S. Hoff was born in Norway June 25th, 1879 and came to the United States. He moved to Marshall County in 1884, moving to Ada in 1903. There he engaged in the real estate business until 1930. From 1930 until his death, he farmed in Huntley Twp. He was elected Marshall County Commissioner from the fourth District in 1944 and served until Jan. 1st, 1953. He is survived by five sisters, Mrs. Lena Smodell of Bemidji, Mrs. Arne Borreson of Strathcona, Mrs. Celia Holmgren of Middle River, Inga Hoff and Mrs. Carl Ruud of Middle River; two brothers, Samuel and Ingvold of Middle River. He was 73 years old at the time of his death.

The big annual meeting of District No. 17 of the Land O'Lakes will be held in Middle River Wednesday March 4th according to information by mayor, Vernon R. Stardig. The meeting will begin at 10 a. m. and continue through the day in the school auditorium. John Brandt of Minneapolis, president of Land O'Lakes creameries will be the main speaker. District No. 17 takes in a lot of territory, extending from the North Dakota border and east as far as Baudette and extends north from Crookston to the Canadian Border. Last year the meeting was held at Greenbush with between 12 and 13 hundred people attending. It is expected that all facilities in Middle River will be taxed to capacity to handle the crowd. A noon meal will be served by the Band mothers and music for the program will be furnished by the Middle River high school band directed by Mrs. T. V. Cleys. Plans are also going forward for a Wednesday evening banquet sponsored by the Middle River Commercial club at which time Middle River business men and others will be hosts to Land O'Lakes officials from Minneapolis and District No. 17 officers. Art Stenberg of Thief River Falls is chairman of this district.

A meeting of Middle River residents and Band mothers and L O'L officers met at the school library Thursday evening Feb. 12th for the purpose of working out plans for the day. Quite a number of local folks were named to committees to handle the work.

SMILEY . . .

By Mrs. Jim McCrum, Rt. 3, city

(Crowded out last week)

Walter Lendobeja, Ted Belswenger, and Bert Vigen were the Smiley men among a large group that accompanied County Agent Ray Mitteness on a tour of inspection to the leading loafer dairy barns in McIntosh and Brooks Wednesday. They found some of the new methods of dairying quite interesting.

Supper guests at the Andrew Kisch home a week ago Sunday were Mr. and Mrs. William Sharmer and Adeline of St. Thomas, N. D., Mr. and Mrs. Vernon Kees, Vivian and Laverne.

Joe Belange spent the weekend with his family a week ago. He is employed in the mines in the Hibbing area.

The Helperettes had an enjoyable meeting at the Mark Olson home Wednesday. The women arrived in the morning and got busy making a delicious dinner as part of their home demonstration project "Beef Cookery." The leaders, Mrs. Christine Hallberg and Mrs. Freda Olson, did a good job in instructing the women on the lesson. A short business session was held. The members responded to the roll call by naming their favorite flower. Two contests were held with the winners being Olga Ranum, Lillian Anderson, Violet Knutson and Vivian McCrum. Coffee and cake were served by Clara and Freda Olsen in the late afternoon. The next meeting will be held in March at the home of Annie Olson. Each member is to bring one yard of material and rickrack to match for an apron, and a quotation for roll call.

Sunday afternoon visitors at the Jim McCrum home were Mrs. Art Waller of Viking, Mr. and Mrs. Mark Olsen, Wayne, Judeen and Phyllis, Clara Olson and Harry Waller of Brinsmade, N. D.

Gardovon Kisch, Marilyn Gulseth, Audrey Johnson and Tressie Nygaard were the girls in the vicinity that had the time of their lives at the St. Paul Winter-Carnival last weekend. They took in the huge parade as members of the Thief River Falls Drum and Bugle Corps.

Ten North Smiley women were present at the Adam Lendobeja home last Thursday at an all day demonstration project lesson on "Beef Cookery." Mrs. Norman Johnson and Mrs. Adam Lendobeja were the leaders. They showed the women how to prepare the dinner, using a new method of cooking potatoes and squash.

A whist party was sponsored by the Community club at the Hall Friday evening. Five tables were at play with high prizes going to Mrs. Walter Lendobeja and Mrs. Jim McCrum. The low prizes went to Melvin Torkelson and Adam Lendobeja.

Miss Yvonne Waller and John Halvorsen both of Thief River Falls were Friday evening visitors at the home of Miss Waller's aunt, Mrs. Mark Olson.

The Smiley 4-H entrants to the County 4-H Radio Speaking contest Saturday afternoon in Thief River Falls were Dianne Lendobeja and Marilyn McCrum. They were thirteen young people taking part and they all spoke on "What Responsible Citizenship Means to Me." The winner was Marilyn McCrum of Smiley, with Glen Koglin of Kratka as reserve champion and Dorothy Anderson of New Solum as third. Smiley congratulates these three, who will compete at the district contest at the Crookston Winter Shows Feb. 25.

Mrs. Rufus Olson and Mrs. Maurice Newton will entertain the Bethany Ladies Aid in the church parlors a week from this Thursday afternoon, Feb. 19. A welcome is extended to all.

VARIOUS WAYS OF BEATING THE ODDS

Born on Friday February 13, Linda Diane Udstuen is the 13th grandchild of Mr. and Mrs. Fred Darnell of Elmore.—Two Cobden ice fishermen built a swanky fish house in a barn; you guessed it—the door wasn't big enough and the fish house was rebuilt.—First run made by Ralph Thiede, new member of the New Ulm fire department, was to quench a chimney fire at his own home.—Milton Osterman, 51, has driven an M&O truck 28 years without an accident.

Save 12¢ a bird on feed

with

Land O'Lakes Chick Starter

In nine-week tests, with thousands of chicks, Land O'Lakes poultrymen found: chicks fed Land O'Lakes Chick Starter Granules gained one pound for every 2¾ pounds of feed.

To gain one pound, birds on ordinary chick starter needed 3½ pounds of feed. Three quarters of a pound more starter per pound of gain! Twelve cents a bird more in feeding costs!

All chicks tested were the same type. No difference in cost between Land O'Lakes Chick Starter Granules and ordinary starters used in the tests. Yet birds on Land O'Lakes Chick Starter cost 12 cents a bird less to feed! That's because it's built with every ingredient known to speed growth—plus antibiotics and sulfaquinoxaline to fight disease.

Hard of Hearing

The rector was visiting one of his parishioners, an elderly lady afflicted with deafness. She expressed her regret at not being able to hear his sermons.

Desiring to be sympathetic and to say something consoling, he replied, "You don't miss much."

"So they tell me," was the disconcerting reply.

Get On The Ball

The amateur golfer sliced his drive and the ball came to rest on the top of a large ant hill. The duffer picked up another club and swung. The ball remained still, but the iron plowed into the ant hill, inflicting great casualties among the inhabitants.

With more confidence than skill, the golfer swung around again, leaving the ball unmoved but sending the rest of the ants to their celestial glory. That is, all except two, one of which turned to the other to say:

"You know, if we want to survive, we'd better get on the ball."

BOOSTER-FED hens set amazing production average!
70.2% BOOSTER rate of lay
Compared with
56.4% U.S. average
No wonder more and more poultrymen are saying, "From now on, it's POULTRY BOOSTERS for me!"
Just look at their amazing performance record. Figures for the past season show BOOSTER-FED hens averaged a smashing 70.2% egg production during the four to five months they were in full production. Compare that with what ordinary feeds will do. The national average, for the four best laying months, was only 56.4%. Just imagine! That means an extra 35 dozen eggs—in each of those four months—from every 100 BOOSTER-FED hens!

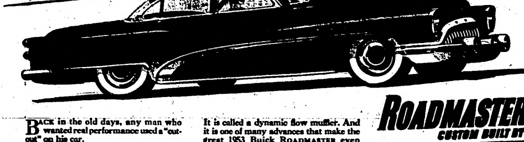
Runs Mine Elevator By Ear

NOTHING WRONG WITH HIS EYES, but Louis Tousignant of Chisholm never sees the "elevator" he operates—for he sits in a window-less room in a hoist-house 200 feet away from it. He is hoisting iron ore from an underground iron mine, raising or lowering the ore-skips as directed by a complicated system of bell signals from the underground miners. Unusual jobs like this are found all over Minnesota's iron ranges—year-round jobs which require able, competent workers. The ore industry can create more year-round employment for more Minnesotans if it is encouraged to develop all potential raw materials. A fair deal for Minnesota's iron mining industry means a good deal for you.



EVEN THE MUFFLER DOES THINGS TO THE POWER
World's newest V8
ROADMASTER
CUSTOM BUILT BY BUICK

BACK in the old days, any man who wanted real performance used a "cut-out" on his car.

It was a device that by-passed the muffler—because mufflers have always cut down on usable power. But it made a lot of noise.

Muffling that noise—and still getting rid of exhaust gases as fast as they come from the cylinders—has stumped the automobile people for years.

Now, Buick engineers have racked up another "first."

They have come up with a muffler of supreme quiet and *zero* power loss—first time in history.

It is called a dynamic flow muffler. And it is one of many advances that make the great 1953 Buick ROADMASTER even greater.

For this automobile—the greatest Buick in fifty great years—has a brilliant new V8 Engine that can turn up 188 hp. *And every one of its horsepowers can be delivered as usable power—since none is restricted in muffler passage.*

As you would expect, there is more to this magnificent motorcar than power, great though it is.

There's a still finer ride, better maneuverability, easier handling—*now with Power Steering as standard equipment,* and Power Brakes optional at extra cost.

And there's the amazing new Twin-Turbine Dynaflow bringing quieter, jet-fast getaway to complete and utter smoothness.

Why not come in and see for yourself just how great the greatest Buick in half a century really is?

680 Deer & 66 Moose Now in Mud Lake Area

Personnel of the Mud Lake Refuge have just completed the annual big game inventory on the 60,000 acre wildlife area. Six hundred eighty deer and 66 moose were counted. Just one year ago the count was 844 deer and 54 moose.

It is early to predict the status of the deer herd in Mud Lake and vicinity, but it can be stated that less than 10 deer were observed in the extensive brush areas south and east of the refuge—areas in which there is usually as many deer as in the refuge proper. This no doubt was due to the large fires which burned over these areas in early fall. If this condition is true for the whole general area, it might possibly mean a considerable decrease in the deer population in this locality.

At the present time Mud Lake deer are wintering in excellent shape. Average live weights of 15 deer trapped in the last several weeks show that fawns are heavier than in the past six years. Adult deer still have heavy reserves of body fat—a doe which was killed accidentally had heavy layers of body fat, that usually are associated with the physical condition of deer in early fall.

The increase in the moose population is welcome news. In spite of the annual losses thru deer hunting activities it appears as if the Mud Lake moose herd may yet build up to a number where the general public may be able to observe them quite regularly. The moose are a rare species considering the fact that Minnesota is one of the five or six state in the entire USA that can claim this huge animal as a resident big game species.

A total of 16 moose calves were counted—five sets of twins were observed, while the remaining calves were singles.

Schools Will Get Health Posters

To Be Supplied by County Christmas Seal Agency

Health posters designed for pupils from primary to high school ages will soon be displayed in schools of Pennington county. They are being provided by Christmas Seal funds of the Pennington County Tuberculosis and Health association, announces Mrs. George Erickson, Thief River Falls, secretary of the organization.

Poster messages concern tuberculosis, nutrition, cleanliness, rest, regular health check-ups and chest X-rays, and sensible dress suggestions.

A special group for the spring season emphasizes cold prevention. Created by Walt Disney productions, the posters stress the importance of bed rest, of covering coughs and sneezes, and of fighting cold germs with soap, water and sunshine.

High school social studies classes will be interested in a pictorial history of tuberculosis dating back to the time when TB was found in Egyptian mummies, the news release states.

Youths Called on to Register When Reaching Age 18

State Selective Service Organization Reminds Men of Obligation

Calling attention to the fact that failure to register is a violation of law and makes the delinquent liable to penalty, Colonel L. E. Lilygren, Minnesota state director of selective service, today outlined registration requirements under the universal military training and service act, as amended, which he said he believed were not thoroughly understood by all of the general public.

"The obligation to register," Colonel Lilygren said, "is a continuing obligation and must be fulfilled. It is imposed by the act on every male citizen in the United States between the ages of 18 and 26, with the general exception of members of the armed forces on active duty and certain aliens."

The young man who becomes 18 is required to register at a local board office within five days of the date of his 18th birthday, Colonel Lilygren explained, but if he happens to be away from home he need not return; he may register at the nearest local board convenient to him and the record will be sent to the local board having jurisdiction, even though it is in another state. If he is in a foreign country when he becomes 18, he registers with any U. S. diplomatic or consular office.

After he registers, it is mandatory that registrant keep his local board informed of any change in his address or change in status, the director pointed out. This applies after he becomes 26 as well as before. Registrants, generally speaking, who are deferred subsequent to June 19, 1951, are liable until they are 35.

Warren Council Plans Expansion of Diesel Plant

After a thorough investigation of securing additional power through outside sources, the Warren council has come to the conclusion that the logical choice will be to install an additional engine at the municipal power plant, Mayor R. H. Quanrud, announced following the regular meeting last week.

K. B. MacKichan, Grand Forks, consulting engineer, who had been retained by the city to secure facts and figures for the council, attended the meeting. He presented proposals for Otter Tail Power company and Minnekota Power Cooperative with the possibility of securing additional power through the Missouri river dam.

However, these proposals were somewhat indefinite and did not satisfy the council, said Mr. Quanrud.

Livestock Sales at Winter Shows February 26-27

Registered Bred Ewes and Gilts Will Be Sold Thursday, Cattle Friday

Sales of 198 head of registered foundation livestock will feature the last two days of the Red River Valley Winter Shows, Crookston, on February 26 and February 27. The Winter Shows sales committee has arranged to sell only bred ewes and bred gilts on Thursday, February 26; a total of 86 head of beef and dairy cattle will be sold on Friday, February 27. Sales will be held at 1:00 p. m.

In the cattle sale, a total of 48 bulls and 38 females of the six leading breeds of beef and dairy cattle will be sold. In the dairy cattle sale, all Holstein cattle consigned come from herds with known production records in the Dairy Herd Improvement Association.

Howard Schnell, nationally known auctioneer of Dickinson, North Dakota, will sell the cattle on February 27. Auctioneers of the Red River Valley will sell the sheep and swine and assist with the cattle sale.

Will Draft Youths Age 19 in April, State Chief Says

Minnesota will have to dip into the ranks of 19-year-olds to fill its April draft quota of 1,100, Col. Lloyd Lilygren, state draft director, said Friday.

He said the state had to take a few 19-year olds to fill its March quota, and certainly will have to go into that age group for the April quota.

The April national draft call is 53,000 men.

Lilygren said 19 yr.-olds were drafted for a short time immediately after the Korean war broke out, but their drafting was stopped by orders from Washington.

The April national call, same as for February and March, will bring to 1,361,430 the number of men drafted since the start of the Korean war in June 1950.

Take Delivery Now on Fertilizer, Is Advice of "U" Man

C. O. Rost, Head of Soils Division, Warns Shortage May Develop Next Spring

Fertilizer shortages may develop by planting time unless more farmers take delivery now and store the fertilizer on the farm, C. O. Rost, head of the University of Minnesota soils division, warned today.

While fertilizer is in good supply at present, it is not moving to farms, and warehouse space is getting short, said Dr. Rost. This means that manufacturers are forced to slow down and it may mean a shortage when the spring rush comes.

To those who may be holding off buying fertilizer because of the uncertainty of the farm price outlook in 1953, Dr. Rost pointed out that limiting fertilizer use is generally poor economy—using the right amount and kind of fertilizer will reduce the cost of crop production.

It is probable that the fertilizer will bring a substantial increase in yield, he stated. This increase may be obtained without increase in labor costs, as the cost of such operations as seedbed preparation, seed, planting and harvesting is essentially the same whether fertilizer is used or not, according to Dr. Rost.

"Stepping up the yield may actually reduce the cost of production and enable the grower better to meet the falling price situation," he said.

The nation's major railroads received more than one billion dollars for transportation of bituminous coal in 1951.

LOCAL GIRL MEMBER OF ST. OLAF SKATING CLUB

One of the 35 members of the St. Olaf Figure Skating club, who will present an ice review in Northfield tonight, February 18, is Darlene Solheim, Thief River Falls. The ice show, "Circus on Ice," is a part of St. Olaf college's annual Winter Sports Day which will be held Thursday.

Efficient Coal Use

At the present rate of consumption, the U. S. will need 50 billion tons of coal during the next 100 years, 20 per cent of which should be for metallurgical coke. years ago.

More than 50 million tons of bituminous coal were exported from the U. S. in 1952 to Canada and overseas.

Electricity From Atom

Has electricity been made from atomic energy? Yes, this was accomplished for the first time, as far as we know, at the Atomic Energy Commission's testing station in Idaho on December, 20, 1951. Heat, generated by splitting atoms in a reactor, was carried by a molten metal to a boiler where water was turned to steam. This, in turn, was used to drive a turbine generator, producing electricity. About a hundred kilowatts of electrical power were generated, which is very small compared with the output of tens of thousands of kilowatts by a central station. Power generation by this reactor was only incidental to the main experiments for which it is being used.

Bituminous coal is used in about 5,000 textile plants in this country.

LIVEWEIGHT TRACTION

gives farming a real boost!

When your field work calls for more real pull, liveweight traction will see you through.

The hydraulic TRACTION BOOSTER in the CA and WD Tractors changes deadweight to liveweight. Weight of both tractor and implement is automatically shifted to bear down on drive wheels when soil is stubborn and tillage is tough.

The hydraulic TRACTION BOOSTER reduces wheel slippage — enables the CA and WD to do drawbar jobs that normally would require heavier tractors.

Stop in and let us show you how it works.

MINNESOTA FARMERS RECEIVE MILLIONS FOR MALTING BARLEY

Minnesota is one of the leading states in the United States in the production of the world's finest malting barley. During 1952, Minnesota farmers sold an estimated 25 million bushels of malting barley at an approximate average price of $1.50 per bushel at the Minneapolis Terminal. This equaled $37,500,000. This barley was raised on approximately 1 million acres of Minnesota land. Minnesota farmers received a handsome premium for malting barley — for instance, in January, 1953, the price at Minneapolis of fancy mellow malting barley was 37¢ per bushel higher than for good feed barley.

In producing a barrel of beer, close to a bushel of barley malt and more than 9 pounds of corn are used. Every year Minnesota Breweries contribute substantially to the maintenance of the premium price paid for malting barley, which puts millions of extra dollars in the pockets of Minnesota farmers.

It is proposed that the State Excise Tax on 3.2 beer be raised to $2.10 per barrel, an increase of approximately 100 per cent. Other leading beer producing states encourage the production of beer with low state taxes. For instance, in Wisconsin the State Tax is $1.00 per barrel; in Missouri and California the tax on beer is only 62¢ a barrel. Few people realize the tax load that Minnesota beer now carries. On each barrel of 3.2 beer there is a total of about $11.60 for Federal, State and other taxes.

Is it fair to double the State Tax on beer . . . the equivalent of a sales tax . . . on a product which pays millions of dollars to Minnesota farmers and of which the lower and middle income groups are the principal consumers?

Here's Your Starting Team For a FINE FINISH!

Firzite
Brings out the full beauty of fir plywood and other soft woods. Helps you achieve dramatic, modern effects on hardwoods.

FIRZITE seals the wood pores, makes it possible for you to give fir plywood surfaces a first-class stained or satin-smooth painted finish.

FIRZITE tames the wild grain . . . virtually eliminates grain-raise and checking. In either white or clear . . . it's easy to use, takes only a few minutes to apply.

For today's exciting, modern blond or pickled effects, use white (or tinted) FIRZITE. Buy it in pints, quarts, gallons or 5-gallon cans.

Satinlac
Here's your best bet for getting a dramatically fine finish on hardwoods.

SATINLAC is a clear finishing material that preserves and enhances the charm of all woods. It can be brushed or sprayed.

Age cannot darken or yellow the clear, sleek finish you get with SATINLAC.

Ask for SATINLAC in pints, quarts, gallons, or 5-gallon cans.

For help on your wood-finishing problems, ask for our helpful, free leaflet "How to Use Firzite and Satinlac".

Nearly 55 per cent of all the heat and mechanical energy produced in this country from 1800 through 1950 was derived from coal.

Let us show you how good baled hay can be

The best way to judge hay quality is to examine it in the barn this time of year. Here are some things you will notice about rolled bales:

1 The hay is bright and green — just like it was baled.
2 Leaves are sealed inside the bale — almost no leaf loss during handling.
3 Bales that have been rained on are still good — they shed the showers.
4 Rolled bales handle without waste — won't buckle, break or fall apart.
5 Rolled bales are easy to feed — rolled out, cut open, or fed whole.

Let us show you why hay in rolled bales is winning blue ribbons for quality at leading shows. Your livestock needs the best.

Selective Service Rules Are Explained

SERIES VII

By Col. Lloyd Lilygren.
State Selective Service Director

(This article pertains to agricultural deferments.)

This is a complete and detailed explanation of the five suggested categories mentioned in previous articles. This suggested policy is not a directive but is to be used only as a guide or as an assistance in evaluating each registrant's importance in the national health, safety, or interest.

CATEGORY 1

It would seem logical that a hired man of military age who works on a large farm operated, for instance, by a corporation or a syndicate, and where several other farm hands are employed, should be considered in the first group for reclassification and induction.

CATEGORY 2

Next for consideration, we recommend the hired hand of military age who is working only for the season or less than the season, as the present employer would not be enjoying his services next year anyway, since he would be working for someone else as he had done in the past. (The farm employee who has worked continuously for the same employer year in and year out is not in this category.)

CATEGORY 3

(a) On a farm other than subsistence, operated by a father who is 60 years of age or over, regardless of his physical condition, (no doctor's statement necessary), we believe that the father is entitled to a deferment for one able-bodied son, even though he is of military age.

(b) Where there are two sons employed by an aged father and one of them is of military age, then the latter should be considered for reclassification in view of the fact that seasonal help, presumably, could be employed to aid in the work done by the son of military age, because the father, even though he might not be in the best of health, usually still possesses ability to manage and direct.

(c) Where two sons are employed by the father on the same farm operation, and both of them are of military age, then a greater problem presents itself as to which one should be processed for induction. The law is specific in that the registrant in the oldest age group must be processed first, and, that is what we recommend. However, should the younger registrant voluntarily enlist, that would be considered new information and the local board could then reclassify the older registrant, since that farm operation would be entitled to one able-bodied man.

(d) Where there are more than two sons, besides the father on the same farm operation, the son (or sons) of nonmilitary age should be considered to remain on the farm and those of military age should be processed for induction, starting with the oldest son of military age.

(e) Where a farm is operated by a widow and there are two sons operating the farm for the mother — one or both sons might be of military age. If only one is of military age, then that one should be processed for induction, leaving the one of nonmilitary age. Where there are two sons and both of them are of military age, a greater problem presents itself as to which one should be left on the farm with the widowed mother. The law does not deviate in this respect; the regulations provide that the older registrant must be processed first. However, if before the older son is inducted, the younger son voluntarily enlists, that would be considered new evidence; therefore, giving cause to the local board to reopen the case of the older son for reclassification to a deferred class, and that is what we recommend.

CATEGORY 4

A man of military age employed on a farm which may be described as a "subsistence farm" only, should never, we believe, be considered for a II-C deferment. If deferment is deserved, it may be on the basis of hardship, or for some other reasons, but the subsistence farm obviously does not entitle him to II-C.

There are two types of hardship: financial and physical. The [illegible] of the law, provides for government allowances to the dependents—$91.30 to one dependent and $117.10 to two dependents, which will, it is presumed, be greater than the amount of net income of the farm operation in question; in such cases where government allowances are approved, financial hardship could not be considered as cause for deferment. However, we do recognize and urge boards to give consideration where dependents are physically incapacitated where they are confined to a wheel chair, bedridden, or mentally unable to care for themselves to the extent where it would require the help of an able-bodied person to look after them, then we recommend a III-A classification.

CATEGORY 5

This category has reference to a registrant employed on the farm with a father who is in the age bracket 40 to 55 years of age, in good health, capable of doing a full day's work and carrying on the direction management of the farm in which case the father or employer could be considered as the ablebodied man to run the farm and the only son or registrant could be considered for a class available for service and so processed. This would not apply to the registrant employed on a farm where the file indicates that the father is old, infirm, or crippled, substantiated by a doctor's statement, where he would need the services of the only son on that farm.

State Jaycees Aid 'Save Your Vision' Week Observance

For the second successive year Minnesota Jaycees will cooperate with optometrists and others interested in the staging of the twenty-seventh annual Save Your Vision Week, according to Arnold E. Paulson, Granite Falls, president of the State Junior Chamber. Save Your Vision week will be celebrated in 1953 from March 1 to 7. "Because there is a growing need for education insofar as the visual aspects of child welfare are concerned, we have decided to help with the problem," Paulson said.

He maintains there is a general agreement among educators, vision specialists, architects and other authorities on the requirements for modern school lighting, decorating and furnishing, and the accepted principles should be followed in new building or remodeling projects.

Marshall County People Give Polio Fund over $5,200

Marshall county residents have contributed more than $5,200 to help fight polio, Robert A. Graham, chairman of the Marshall county chapter of the National Infantile Paralysis foundation, announced last week as reports were still coming in from soliciting districts.

Reports have been submitted from nearly all municipalities, said Mr. Graham. These include Alvarado $176.53, Argyle $342.08, Grygla $108.46, Holt $45.07, Middle River $220.18, Radium $39, Oslo $243.58, Stephen $387.35, Strandquist $54.38, Viking $71, and Warren $1,032.57.

The largest single contribution reported to date is from the Lakehead Pipeline company of Superior, Wis., with a donation of $75 to be credited to Viking township. Lakehead has a large plant in Viking township.

Ask Bids on Polk Co. Paving Work

Improvements to 56 miles of Minnesota's trunk highways are included in a call for bids to be received March 6, according to state highway commissioner M. J. Hoffmann. It is estimated that the proposed work will cost approximately $2,390,000. Included in the 10 projects are more than 31 miles of concrete paving.

The projects include:

Cass and Crow Wing Counties. T. H. 210—Concrete paving of 11.3 miles between Pillager and the west junction of T. H. 371, west of Brainerd.

Clay County, T. H. 75—Concrete paving of 16.3 miles between T. H. 10 in Moorhead and a point two miles north of Georgetown.

Polk County, T. H. 81—Concrete paving of 3½ miles between a point two miles south of Crookston and College avenue in Crookston.

B. Wichterman of Plummer to Aid in Caterpillar War

Malcom Manuel, president of the Minnesota Airport Operators association, announced today a campaign has been initiated to control the forest tent caterpillar epidemic which will infest the entire northern vacation land of Minnesota this summer. This program is in cooperation with the office of the state entomologist and is designed to bring relief from the millions of destructive worms which will attack the forest playground.

Manuel also announced the appointment of B. M. Wichterman of the Plummer Air Service of Plummer as responsible for the areas surrounding Walker, Longville, and Bemidji. Ray Glumack of Northwest Airways, Inc., Virginia, is the Minnesota Airport Operators' agent for the Arrowhead country. Gordon Newstrom of Mesaba Aviation has the Itasca county and Aitkin areas and John Reidel of Nisswa will organize the Brainerd and Mille Lacs lake area.

The Minnesota airport operators who own spray planes will cooperate and at an appointed time, as specified by the state entomologist, will fly to the focal points of infestation and go to work on the epidemic.

North Central Handles Big Air Traffic in 1952

North Central Airlines—formerly Wisconsin Central—set all-time records last year in passenger, mail and express traffic.

Figures released today by Frank N. Buttomer, vice president show that the local service airline flew 25,236,332 revenue passenger miles in 1952. North Central's 1952 mileage was an increase of 65 per cent over 1951 when the airline flew 15,302,378 miles.

The airline has maintained a perfect safety record since the start of operations.

Last year North Central carried 153,047 passengers, an increase of 58.4 per cent over 1951. The airline carried 94,696 ton-miles of mail and 137,608 ton-miles of express last year, increases of 57 and 28 per cent respectively over 1951. (A ton-mile is one ton flown one mile.)

North Central planes, 10 DC-3's, logged a daily average of six hours, 33 minutes each in 1952.

KRATKA . . .

By Mrs. Alvin Burstad, Phone [illegible]

The Kratka 4-H club is postponed until March 6. County Agent Mr. Mitteness will show movies. Demonstrators are Gary Johnson and Donald Breiland. Project report by Glenn Lendobeja. School District No. 11 has been wired so the meeting wil be held there with Mrs. Simon Breiland and Mrs. Palmer Johnson on the lunch committee.

Congratulations to Mr. and Mrs. Melvin Hesby of Fosston who are the parents of a 9½ lb. baby daughter, Marion Jean born January 20.

Mr. and Mrs. Ted Lendobeja, Glenn and Mary Ann were Sunday dinner guests at the Mr. and Mrs. Albert LaFrenz home in Thief River Falls. The men attended the hockey game at the arena. The S. K. Twins and Silverton Steiner game ended in a tie of 1 to 1 while the Thieves scored a 5 to 3 victory over the Hallock Lions. Much hockey enthusiasm is shown by the farmer lads so lets support them by going to the games.

The Kratka Homemakers Group I met at the Roy Elsbrener home last Wednesday at 11 o'clock. The ladies prepared and served dinner to Mr. and Mrs. Roy Elsbrener, Mrs. Ted Lendobeja, Mrs. Wallace Tieman, Mrs. John Keck, Mrs. Henry Anenson, Mrs. Sidney Wilson, Mrs. J. C. Lendobeja, Mrs. Albert Hanson and Mrs. Alvin Burstad. Our township chairman, Mrs. A. D. Hanson took orders for purse material to be used at a later meeting. Everyone agreed that our Home Agent Sylvia Olson really has given us a lot of worthwhile information and material.

Pauline Hanson of Bemidji Teacher's college spent the weekend with her folks, Albert D. Hansons.

Kenneth Szymanski and Patricia Jensen of Fargo spent last weekend at the Floryan Szymanski home.

Supper guests Saturday evening at the Mr. and Mrs. Ray Elsbrener home were Mr. and Mrs. Olaf Dahlen of Thief River Falls. Others who came to spend the evening at progressive whist were Mr. and Mrs. Ben Szymanski, Mr. and Mrs. Thad Szymanski of Mavie, Mr. and Mrs. Arnold Hammer and John of Smiley, Mr. and Mrs. John Keck and Donna, Mr. and Mrs. Johnny Elsbrener and Michael of Thief River Falls, Kenneth Szymanski and Patricia Jensen of Fargo. High score for ladies was won by Pat Jensen and she received a heart cake pan while high for men was won by Johnny Elsbrener and he received a plier. The low prize went to John Keck and he received a bar of soap. Mrs. Ray Elsbrener served a delightful lunch at midnight.

Mr. and Mrs. Karl Kollitz and family of Thief River Falls were Saturday evening dinner guests at the Julian C. Lendobeja home.

Mr. and Mrs. Sidney Wilson, James, Bernard and Jon visited Sunday afternoon with Grandma, Mrs. Ole Wedul and JoAnne.

Mr. and Mrs. Julian C. Lendobeja, Peter and Paul were Sunday dinner guests at the Ralph Galbraith home in Grygla.

Mr. and Mrs. Casper Hegerness and family and Mrs. Melvin Longavan, Donald and Yvonne were luncheon guests Sunday at the Knute Knutson home.

June Szymanski and Ray Efta of Greenbush visited briefly Saturday evening at the Ben Szymanski home.

Mr. and Mrs. Kenneth Breiland and son Jerold of Thief River Falls spent Saturday at the Andrew Breiland home.

Mrs. Simon Breiland and Donald were Sunday callers at the Andrew Breiland home.

Mrs. Annie Hemmestvedt and Joyce were Sunday afternoon luncheon guests at the Henry Waale home.

A farewell party dance was given at Smiley Hall Tuesday evening honoring Jerald and Gene Magnan who have enlisted in the paratroopers. They leave for Minneapolis this week where they will take their physicals.

A purse of money was presented the boys and lunch was served. Ben Szymanski furnished the music on his concertina and Robert Peterson played the drums.

MINNESOTA HISTORICAL SOCIETY

L.O'L. Dist. 17 to Meet Mar. 4 in Middle River

John Brandt to Report on 2 Conferences with Agriculture Secretary

John Brandt, president of Land O'Lakes Creameries in Minneapolis, will address the annual meeting of District 17, L. O'L., next Wednesday afternoon, March 4, in the high school auditorium at Middle River, it was announced today by Art Stenberg of Thief River Falls, district president, who will conduct the meeting.

Reports will be submitted at the morning session by John Lager, field man, and Morris Howick, assistant manager of the local L. O'L. plant. During the lunch hour at noon, music will be supplied by the Middle River high school band, directed by Mrs. T. V. Cleys.

The afternoon program will open at 1:15 with the invocation by Rev. C. O. Hanson, followed by welcoming remarks by Vernon Stardig, mayor of Middle River and a response by Ben Christianson, president of the Greenbush creamery.

Vocal solos will be presented by Walter Ekeren, accompanied by Mrs. Ekeren, and by Miss Glorlann Sillerud of Roseau, accompanied by Mrs. Art Stenberg. Mrs. T. V. Cleys will render a flute solo, and Marshall Johnson of Middle River will offer a tuba solo, while Joe D. Anderson of Greenbush will give a humorous reading.

Mr. Brandt's address will be of particular interest in view of the fact that he has recently attended two conferences on dairy problems in Washington with Secretary of Agriculture Ezra Benson.

Frank Crane of the Land O'Lakes feed department and Stuart McLeod, manager of the Thief River Falls plant, also will speak briefly. John Lager will award efficiency prizes to district creamery operators, and Morris Howick will award door prizes. The meeting will close with the election of officers to serve the ensuing year.

President Stenberg urged the attendance of junior and senior students in high school agriculture classes from high schools in the district, and asked that they make reservations thru him at Route 4, Thief River Falls.

Civil Air Patrol Called to Assist in Plane Search

Prepared to Start Hunt Saturday Morning When Missing Plane Is Found

The Thief River Falls unit of the Civil Air Patrol, under the direction of C. W. Pope, commanding officer, received Saturday at 7 a. m. from Col. Webber of Minneapolis a call to assist in a search for a plane that had disappeared en route from Grand Forks, N. D., to Topeka, Kansas.

Despite 20 below zero weather prevailing at the time, the call was responded to by Pope, C. P. Laahs, George Busse, Roy Peterson, Herb Jung, Martin Rantanen, Bill Kvalsten, Hans Anton and Lester Ringstrand.

Just as the local planes were ready to take off at 10 a. m., a long-distance call was received stating that the missing plane had been found near Watertown, S. D.

William A. McKissick, Tulsa, Oklahoma, the pilot of the plane which had crash-landed in a blizzard, was taken to a hospital after having spent the night in a granary. He was treated for frostbite and a back injury.

Local Jaycees to Sponsor Vision Week March 1-7

The local Junior Chamber of Commerce at its dinner meeting last Thursday evening in Inga's Cafe arranged to sponsor Save Your Vision Week in Thief River Fall March 1 to 7 as a part of a statewide Jaycee project. Dr. O. D. Beich and Dr. Edward L. Gilbert were named on a committee to arrange for the showing to social groups of a film dealing with correct vision.

Social Security Was Interesting Topic at Meeting of C. and C.

An informative discussion of various phases of the federal social security program was presented by a panel of six speakers to more than 125 members and guests of the Civic and Commerce association at a dinner meeting last Thursday evening in the Elks club rooms.

Alvin Christofferson served as moderator over the discussion, which was opened by John X. Lynskey, executive secretary of the Pennington county welfare board. Other speakers included Roland Winterfeldt, area supervisor for the state division of social welfare; R. S. Eldevik, manager of the local office of the state employment service; Lloyd N. Bennes, local insurance man; and County Auditor C. W. Rodekuhr.

The panel argued the merits of a proposal advanced by the United States Chamber of Commerce that social security or old-age survivors' insurance be extended to all persons over the age of 65, whether or not they have contributed to the fund.

It was pointed out that the present social security tax is three per cent, divided equally between the worker and employer, and that the tax is scheduled to rise to 6¼ per cent by 1970. Bennes cited figures supplied by insurance companies, indicating that to make the program sound from an actuarial standpoint, it would be necessary to increase the total tax to 12 per cent.

The U. S. Chamber also proposes that the present old-age assistance program, of which

Aeronautics Head at University to Speak Here Mar. 3

Dr. John Akerman Will Address U. of Alumni and Jaycees on Tuesday

The U. of M. Alumni club of Thief River Falls and the Junior Chamber of Commerce are joining forces to sponsor a dinner meeting in the Legion club rooms next Tuesday evening, March 3, in observance of University Week.

Guest speaker will be Dr. John Akerman, head of the aeronautical engineering department at the university and of the research laboratories at Rosemount. A native of Latvia, he served as a pilot in the first World War, flying on the French and Italian fronts.

He then came to this country and was graduated from the University of Michigan, coming in 1930 to the University of Minnesota to found the department he now heads. In 1944-45 he was granted a leave to serve as a special advisor to the U. S. Air Forces in Europe.

Ray Mitteness, president of the alumni group, will conduct the program, which also will include numbers supplied by the Lincoln high school music department.

An advance ticket sale will be conducted Thursday by Wallace Tunberg and Gordon Reierson. The public is invited to attend.

CONCORDIA BAND TO PLAY AT MENTOR SUNDAY NIGHT

The Concordia College band will appear at the Mentor high school auditorium Sunday, March 1, at 8:15 p. m. Advance tickets may be obtained from the Mentor school or from Mrs. G. M. Halmrast.

Pennington PMA Office Is Moving to Hartz Building

The Pennington county PMA office will be closed Thursday and Friday while the equipment is being moved from the second floor of the Thief River Falls creamery building to new quarters in the L. B. Hartz building on Horace av., formerly occupied by the Sportsmen's Store. Oscar J. Houske, PMA chairman, announced that the office will open in its new location Monday, March 2.

Municipal Liquor Dispensary Earns $86,176 Last Year

Net earnings of the Thief River Falls municipal liquor dispensary increased by $7,500 to a total of $86,176 in 1952, compared to $78,608 in 1951, it is revealed in an audit report submitted to the city council by the Cooperative Auditing Service.

Total sales increased from $467,899 in 1951 to $482,733 in 1952, and the percentage of profit rose from 16.80 in 1951 to 17.85 per cent last year.

The off-sale department accounted for approximately two-thirds of the volume, aggregating $319,477, while the on-sale department yielded $163,256.

Grygla Scene of Soil Conservation Meeting Saturday

Resident of Rocksbury Is Victim of Fire

John Arthur Erickson, Native of Community, Burns to Death Saturday

Tragedy struck the Rocksbury community Saturday morning when John Arthur Erickson, 67, lifelong resident of that township, burned to death in a fire that destroyed the house on his farm a mile and one-half southeast of the municipal airport.

Neighbors were attracted to the scene by flames which were first seen about 9 a. m., but the blaze had already made such headway that it was impossible to enter the building. Sheriff Arthur Rambeck, Police Chief Ken Judy and Fire Chief Roy Langevin also were called to the scene.

As soon as the flames had abated, the ruins of the dwelling were searched and the charred body of Erickson was found in the south part of the structure at 1:30 p. m.

An investigation revealed that Erickson, while the fire was in its early stages, had brought out the financial records of the Tarna Lutheran church of St. Hilaire, of which he was treasurer, and had deposited them in his car. He had then returned to the house to salvage more of his possessions, but apparently had been overcome by the smoke and heat.

John Arthur Erickson was born July 31, 1885, in Rocksbury township, and had lived there all his life. He farmed in partnership with his father until the latter's death in 1940, then continued to operate the farm until 1949. He had since that time been employed as a salesman for Rawleigh products. His mother passed away in 1947.

Surviving are a sister, Miss Hilda Erickson, of Thief River Falls, and a brother, Rev. Charles W. Erickson, of Carlton, Minn.

Funeral services were held Tuesday afternoon at the Tarna Lutheran Church at St. Hilaire, Rev. Marvin Chellberg officiating.

Town Officers to Meet on Saturday

Civic & Commerce Calls Session to Discuss Roads

The Civic and Commerce association has invited township officers from thruout Pennington county to attend a meeting in the Legion club room Saturday afternoon, February 28, starting at 2 o'clock.

L. A. Ihle, president of the association, announced that the principal purpose of the session will be to discuss county road improvements and means of raising taxes to finance the work.

Present to share in the discussion will be W. E. Dahlquist state senator from the 65th district.

Red Cross to Open Its Fund Drive Monday

Business District to Be Covered in First Phase of 1953 Campaign

The annual American Red Cross fund campaign will start its first phase in Pennington county Monday, March 2, when a canvass of the Thief River Falls business district will be conducted by teams of solicitors under the direction of Stanley Gibson and Philip Hess.

R. J. Dryden, general chairman of the drive, announced that the campaign in the residential districts of the city will get under way Monday, March 16, and that the rural areas will be solicited as soon as the organization of workers has been completed.

Dryden stated that the American Red Cross has assigned a quota of $4,624 to Pennington county, while the goal of the national campaign has been set at $85,000,000.

This is the largest goal since the war years, according to E. Roland Harriman, national president, who explained that additional funds are needed to finance expanded service programs, including the collection and processing of thousands of additional pints of blood for conversion into gamma globulin, new weapon against polio paralysis.

Dryden said that solicitors who will canvass the business district have been asked to report at the Hub Clothing store Monday morning at 8:30, when supplies will be distributed.

Stuart McLeod Is Renamed Head of Dairy Day Group

Directors Take Action to Arrange for Big Tent to Protect Calves at Show

Stuart McLeod was reelected president of the Northwest Dairy Improvement association at the annual organization meeting of the board of directors in this city Monday evening.

Irving Meade of Roseau was named vice president, while Glenn Carlson and Elmer Bratsch were respectively reelected secretary and treasurer.

The board voted to secure for the 1953 Dairy Day in Thief River Falls next June a fireproof tent measuring 60 by 120 feet, which will be set up on Second st. in front of the arena for the protection of dairy calves entered in the show.

Present to confer with the board was Lew Conlin, manager of the Minnesota dairy industry committee.

Mr. and Mrs. Martin Furan Mr. and Mrs. Peter Sagmoen and Percy left for their home at Slayton last Wednesday after attending funeral services for Chas. Sagmoen.

Rocksbury and North Vote on Fire Truck at Elections March 10

In connection with their annual elections Tuesday, March 10, voters of Rocksbury and North townships will be asked to make known their wishes in respect to a proposal that the two townships join forces to buy at a cost of not to exceed $8,000 a two-ton fire truck equipped with a 500-600 gallon water tank for fighting fires that may develop in the two townships.

The complete form of the contract into which the two townships would enter with the city of Thief River Falls appears in an advertisement inserted in this issue of the Times on Page 16 by the Township Fire Protection association, of which Albert Koop is chairman and Alfred Longren secretary.

Under the terms of the agreement, the city would equip the truck with hose, ladders and extinguishers, and would keep the truck in repair, as well as supplying men to operate it, in exchange for which the city would be permitted to use the truck on fires within the city limits when not needed in the rural areas.

Roy Langevin, chief of the Thief River Falls fire department, stated that fully one-third of the calls received last year came from beyond the city limits.

Feb. 28 Last Date to Pay Personal Property Taxes

Saturday, February 28, is the final day for paying 1952 personal property taxes without the imposition of a penalty, County Treasurer A. R. Johnsrud this week reminded Pennington county residents. He added that the treasurer's office will be open Saturday afternoon to receive last-minute payments.

Council Plans to Regulate Location of TV Aerials Here

Ordinance to Prevent Locating Antennae Too Close to Power Lines

With television reception from Station WDAY-TV in Fargo a possibility in Thief River Falls late in May, the city council, at an adjourned session Thursday night, arranged for preparation of an ordinance regulating the location of TV antennae in the city.

The principal feature of the ordinance will be to provide that the location of the aerial must be at least ten feet away from any city power line, in addition to a distance equal to the height of the antenna.

Receiving only one bid, the council granted to Olaf Homdrom, proprietor of City Cab, the franchise to transport passengers between the city and North Central Airlines terminal at the municipal airport at a charge of 75 cents.

No objectors appearing at a hearing on the matter, the council voted to proceed this spring with the construction of curb and gutter on Merriam av. from Mulsey to First sts.

The second reading was given an ordinance changing the date of the regular council meeting from the second Tuesday of each month to the third Tuesday.

Official Notice of Special Election Published Today

Published by the county board elsewhere in this issue of the Times is the official notice of the special election to be conducted in Pennington county Monday, March 16, when voters will be asked to make known their attitude on the question of issuing up to $225,000 in bonds to finance the construction of a new court house.

County Attorney L. W. Bullien, this week's guest editorial writer, discusses the court house project in the editorial column on Page 10.

School Boards of Area to Meet Here Saturday Evening

Will Confer with State Education Department Men and Sen. Dahlquist

Representatives of the state department of education and State Senator W. E. Dahlquist will meet Saturday evening, February 28, in Lincoln high school with members of school boards in this area for a discussion of problems affecting the schools.

It is anticipated that action will be taken on a proposal that the districts cooperate to arrange for a survey by the University of Minnesota research department to determine the feasibility of reorganizing some of the districts.

Expected to be represented at the meeting are school boards from Red Lake Falls, Oklee, Plummer, St. Hilaire, Goodridge, Grygla, Holt, Thief River Falls and several rural districts in Eastern Pennington and Eastern Marshall counties.

Two Fire Alarms During Past Week

A flooded oil burner Friday brought the fire department to the Thief River Falls potato warehouse on Atlantic av., no damage resulting aside from the heavy smoke. Firemen responded to another alarm turned in Saturday from the Jim Zavoral home at 618 Conley av. S., where a large amount of steam was generated by a broken hot water pipe.

Over 1,000 at Wool Growers Meeting Here

General Manager Cites Unsatisfactory Market for Product Last Year

Despite temperatures that dipped under the -20 mark in the morning, more than 1,000 people, most of them from this section of the state, attended the annual meeting of the Minnesota Cooperative Wool Growers association Saturday in the Thief River Falls Auditorium.

W. E. Morris of University Farm, St. Paul, secretary of the association, presided over the morning session, while President Tom Clark conducted the afternoon program. During the noon hour, lunch was served to the assemblage in St. Bernards dining hall, and the Lincoln high school band supplied music in the Auditorium.

Speakers at the morning session, in addition to Morris, included Rudy Gustafson of the Ottertail Power Co., who discussed the use of heat lamps during the lambing season; and Carl Spong of the Central Livestock Cooperative, who told how to prepare lambs for marketing. The morning session was completed with a sheep-shearing demonstration by Gordon Clow of Lancaster, state champion, and with a motion picture showing modern methods of sheep raising on the western range.

Carl Nadasdy, general manager of the association, was the principal speaker at the afternoon session. He discussed the current unsatisfactory market for wool, and stated that the 1952 price would have dipped to 25 or 30c had it not been for support prices.

He said that prices paid thru the wool pool ranged from 55c to more than 70c per pound, and that most of the wool received is still unsold, being held under government loans. He added that the outlook is for a price support of 54c per pound again this year.

Nadasdy pointed out that the

Tractor Clinic to Be Held Mar. 9 at Vocational School

Representatives from 3 Factories to Serve as Clinic Instructors

A farm tractor clinic for automotive instructors, vocational agriculture instructors, and farm tractor and implement mechanics and their employers, will be held at Thief River Falls on Monday, March 9, under the auspices of School District 18 and the area vocational-technical school, at which six factory representatives will be present to instruct.

The American Bosch, Delco-Remy, and Zenith Carburetor companies will each have two men present to carry on the instruction. There will be several local co-sponsoring dealers. The school is also being sponsored by the automotive section of the Minnesota Trade & Industrial association and the Minnesota Vocational Agriculture Instructors association.

Preliminary plans for the local clinic call for sessions from 1:00 to 5:40 p. m., then a dinner from 6:00 to 7:45, followed by an 8:00 to 10:00 p. m. closing session. Talks will cover tractor fuel injection systems, problems of fuel storage, tractor electric systems including regulators, generators, starters, ignition and battery, tractor carburetor service and adjustments, LPA conversions and answers to questions on field problems.

Invitations are now going out to implement dealers and their mechanics, vocational agriculture instructors, and automotive instructors of Northwestern Minnesota. The short course is intended for people with a background of trade and mechanical experience. Details of the one-day school are being worked out by a local committee, headed by C. W. Pope, local director of the Area Vocational-Technical School, and will be further announced.

Mrs. Mary Preston of Hollywood, Florida, recently spent three days here with her sister, Miss Terry Mack.

A Review

Nelson & Neal, Duo-pianists, Get Warm Reception in City

(by Mildred Engen Hamilton)

Music lovers of this community who attended the concert Monday night presented by the two-piano team Nelson and Neal, were given an inspiring and enjoyable evening of entertainment.

Beginning with the ever popular Fifth Hungarian Dance by Brahms as duet, Nelson and Neal immediately displayed their excellent team work with the sharp and brisk tempo of this number. The second number, the Rondo in C major by the much loved Composer Chopin, written for two pianos, brought out the lovely tone quality and ease which they both seemed to have throughout the entire program.

Schubert's Marche Militaire, which, of course, is familiar to all of us, was played as a duet, as was originally intended by the composer. Again the artists showed their excellent coordination in the very marked rhythm of this composition. The five improvisations on the Yankee Doodle theme were thoroughly enjoyed. This part of the program brought out the humor and more of the personal side of the artists, which always gives the audience a warm feeling.

Casselias Pupazzetti, which consisted of the Little March, Cradle Song, Serenade, Little Nocturne, and Polka, were very well presented. In fact, one could almost see the marionettes with their mechanical sway, and sometimes almost harsh tempo.

The next number was especially appreciated by those who like the more modern music. Three compositions taken from the Gayne Ballet Suite by Khashaturian, ending with the infamous Sabre Dance, received a fine reception as indicated by the round of applause.

The set of little verses presented by Mr. Neal during the presentation of the Carnival of the Animals, definitely added to the appreciation of this music. Again, the technique and tone quality of the artists brought out the rhythms and expressions necessary for the effect of this work.

The artists were seemingly pleased with the genuine applause and responded generously with several encores. The first one, The Little Fugue in G Minor by Bach, left the writer with the feeling that we should have had more of that kind of music. The Shostakovitch Polka and Jamaican Rhumba by Benjamin, also Hoe Downby Copeland, were delightful. The last encore, Beauty Dwells Within This Place, by Rachmaninoff, left an impression of seriousness and well being. Surely everyone will agree that we should have more of the kind of entertainment presented by Allison Nelson and Harry Neal.

Orthopedic Clinic Slated for Thief River Falls May 9

State Social Welfare Division is Arranging for Series of Clinics

Field clinic for Minnesota children who are in need of orthopedic attention were announced this week by the crippled children services, State Division of Social Welfare. The spring series starts March 7 with a clinic at St. Cloud, and includes one in Thief River Falls May 9 for Pennington, Marshall, Red Lake, Roseau and Kittson counties.

Young people under 21 years of age—if they have or may be developing crippling disabilities—are invited to report for examination by orthopedic specialists, according to F. W. Nichols, director of the social welfare division. Parents who wish to bring a child for the first time are advised to obtain a referral from their own family physician.

Several agencies and organizations cooperate in the clinic program, Mr. Nichols said. These include: Gillette Hospitals for Crippled Children, state division for vocational rehabilitation, Minnesota Tuberculosis and Health association, Minnesota-Dakota Orthopedic society, Northwestern Pediatric society, Minnesota State Medical association and local medical societies.

Store Announces New and Quieter Outboard Motor

Raymond Johnson of the Sportsman's Store revealed today that a new "quiet" outboard motor is being introduced to America's boating public by Evinrude Motors. Johnson announced the new development after conferring recently with Evinrude executives at Chicago's Morrison Hotel. The meeting was held in conjunction with the 20th Annual Chicago Motor Boat Show.

The new outboard, called the Super Fastwin, is a two cylinder, alternate firing motor developing 15 horsepower, and is a new kind of motor with primary engineering accent given to the reduction of noise factors.

Over 1,000 Attend Meeting of Wool Growers in City

(Continued from Page One)

United States produces only 25 per cent of the wool consumed in the nation. The remainder, he said, is imported from South America, Australia and New Zealand, and he asserted that currency manipulation in foreign countries prevents the U. S. tariff from protecting the domestic crop. He also cited increasing competition for wool from synthetic fibers.

Lyle Lamphere, public relations for the Central Livestock co-op, said that while cattle numbers are higher this year, the human population has shown a corresponding increase. The sheep population, he added, has declined 42 per cent during the past ten years, and the market outlook for lambs is excellent this year.

The program closed with an interesting panel discussion on questions relating to the sheep industry, led by Nadasdy.

In the annual election conducted at the close of the meeting, the membership voted to accept the report of the nominating committee submitted by Stanley Nelson of this city, chairman, and elected three directors, including Harry Cross of Brook Park, Minnesota; Wm. Ulrich of Audubon, and Wm. Wilson of Greenbush.

A large number of woolen garments were awarded as attendance prizes.

Fined for Leaving Accident Scene

Arrested by Sheriff Arthur Rambeck for failing to stop at the scene of an accident in which his car had been involved in St. Hilaire February 14, Bernard LaCoe Monday was fined $25 and $5.50 costs in municipal court. He was charged with having collided with a parked car.

Electricity Use Topic at Meetings

Suggestions Made as to Precautions to Be Taken

Approximately 150 people attended the homemakers' open meetings February 17 and 20 on the topic, "Safe Use of Electricity." Ed Leyden of Thief River Falls was the principal speaker. Discussed at the meetings were the safety measures that homemakers should practice when working about the home in order to prevent unnecessary accidents and the importance of making periodical inspections of appliances, lamps, extension cords, and other electrical equipment.

Periodical inspection of electrical equipment was especially emphasized because most of the homes in Pennington county have been wired for at least five or ten years. Within that time many minor defects may be apparent and in need of repair such as loose prongs, worn insulation and broken plugs on appliances or extension cords.

Many accidents are caused by faulty wiring and appliances which often result in electric shock, burns, damage to property and injury due to contact with moving parts. Most of these accidents, however, can be avoided by observing the following simple rules.

Do not run cords under rugs.

Do not run cords over radiators or steam pipes.

Disconnect heating appliances when not in use to prevent fires.

Do not use extension cords as a means of permanent wiring.

Do have all appliances and wiring inspected by an electrical inspector.

Mr. and Mrs. Robert J. Lund left Tuesday for Estherville, Iowa, to visit with Mrs. Lund's parents, Mr. and Mrs. H. H. Tosdal. They were accompanied to Minneapolis by their daughter, Louella Jean, who had spent the weekend here.

C. R. Waldera Is Attending S & L Managers Parley

C. R. Waldera, manager of the local S & L department store, is in Minneapolis, to attend the annual five-day S&L store manager's convention at the Nicollet Hotel.

Salkin & Linoff, Inc, owners and operators of forty retail department stores, of which two are to be opened soon, is holding its 32nd annual convention February 22 through 26. The convention will be attended by S&L store managers from eight upper midwest states and home office executives from the company headquarters at 7400 Excelsior Blvd., Minneapolis.

Samuel Salkin, president and co-founder of the business, will deliver the opening addresses dealing with the company policies and plans for 1953. He stated that all indications point to a good business year in 1953.

The annual banquet will be held in the ballroom of the Nicollet Hotel this evening.

Paul Perrault, Jr., a student at the University of Minnesota, spent the weekend here at his parental home.

Mercury Mounts After Hitting —23

Mild temperatures prevailed this week, reaching highs of 32 Monday and 27 Tuesday, following a series of subzero days late last week in which the mercury hit low readings of —14 Thursday, —12 Friday and —23 Saturday. This locality again was lucky Thursday and Friday in being bypassed by a storm that brought a heavy snowfall to Southern Minnesota and So. Dakota, petering out in the Detroit Lakes vicinity.

LOCAL MAN FINED $100 FOR DRUNKEN DRIVING

Picked up by the highway patrol in this city last Thursday on a charge of operating a motor vehicle while under the influence of intoxicating liquor, Carl Fabian Lindholm of Rt. 4 was fined $100 and $5 costs when he appeared in municipal court.

St. Paul Johnson Defeats Warroad in Hockey Finals

Wins 4 to 1 to Capture Ninth Annual State High School Hockey Tourney

A veteran St. Paul Johnson, with a sturdy defense and a fine passing attack, won the ninth annual state high school hockey championship by scoring a 4 to 1 win over Bernie Broderick's Warroad Warriors in the tournament finals played at St. Paul on Saturday night.

In the state tourney first round games played on Thursday, Warroad, playing as the region three representatives, defeated St. Paul Humboldt; Roseau, the region eight titleholders, were nudged out of the tournament by So. St. Paul, losing by a 3 to 2 score in overtime; Eveleth, from the seventh region, defeated Minneapolis Southwest, 2 to 1, scoring a pair of goals late in the final period to gain the win; and St. Paul Johnson, in a game that carried through four overtime periods, edged out St. Louis Park, 2 to 1.

In the semi-finals games played on Friday night, Warroad, after two periods of scoreless play, tallied twice in the third period, with Rog Christian and Jack Stoskopf doing the scoring to defeat South St. Paul, 2 to 1. And the St. Paul Johnson sextet, with a brilliant exhibition of teamplay, trounced Eveleth, 7 to 1.

State high school hockey tournament finals:

Warroad (1)

Goal — Lewis. Defense — Larson, Grover, Poole. Wings—Meek, Streiff, Stoskopf, Nash, Anderson. Centers — R. Christian, W. Christian.

St. Paul Johnson (4)

Heavy Snowfall Delays Soo Train

The heavy snowfall that fell last Thursday and Friday in central and southern Minnesota resulted in the Soo passenger train scheduled to leave Minneapolis for Winnipeg Friday evening being delayed about eight hours due to the fact that Train No. 6 from Enderlin, N. D., to Minneapolis was snowed in between Buffalo and Maple Lake. The Winnipeg-bound train reached Thief River Falls Saturday at 12:20 p. m.

Jorde Tops Hockey Prowler Scoring

Lyle Guttu Ranks Second in Past Season Scoring

Marvin Jorde, a junior, playing his first year on the Prowler varsity, was the high-point player of Coach Dennis Rolle's hockey squad this past season. Jorde, centering the line that had Lyle Guttu and Darryl Durgin on the wings, scored twenty goals and fifteen assists, for an aggregate of thirty-five points.

Guttu, also a junior, was the runner-up, having a thirty point total, accumulating eighteen goals and twelve assists.

Mike Hajostek, the team's co-captain, with goalie Bill Maruska, and one of the two seniors on the squad, connected for sixteen goals and had five assists, for a twenty-one point aggregate.

The individual scoring records:

	Goals	Assists	Pen.	Pts.
Jorde, c.	20	15	2	35

Red Cross Proclamation

WHEREAS, our country is now in a state of emergency, and

WHEREAS, the danger now facing us requires all-out mobilization of national resources and manpower for adequate defense, and

WHEREAS, there is a mounting need for whole blood and blood derivatives for military, civilian, and civil defense use, and

WHEREAS, the relentless war of the elements against mankind leaves in its wake destruction and suffering, and

WHEREAS, The American National Red Cross — under its Congressional charter — is serving the armed forces; is mobilizing for defense for the protection of the family, the community, and the nation and is aiding the victims of natural disaster; now

THEREFORE, I Harry E. Smons, Mayor of the city of Thief River Falls proclaim the month of March 1953 as Red Cross Month and do here and now urge all citizens of this community to contribute without reservation to the 1953 Red Cross Fund through our chapter; and I further urge that all men and women of good will remember that in these critical times this great humanitarian organization must be maintained at full strength.

half the cost is born by the federal government, become the sole obligation of the states and counties.

Rodekuhr stated that with more than 1,500 persons age 65 or over in Pennington county, the cost of this proposal would be confiscatory. Lynskey pointed out that only 177 county residents over the age of 65 are now drawing social security payments. Over a period of years, he added, the social security program should result in a notable decline in the number receiving old-age assistance, but he said the latter program will always be needed.

In a brief business session, President L. A. Ihle called on chairmen of several committees for reports. Morris Howick of the area trade committee urged businessmen to attend the Valley Winter Shows in Crookston, preferably on Thursday, February 26.

Alvin Christofferson of the convention committee stated that more than 1,000 registrations had already been received for the meeting of Minnesota wool growers in this city February 21.

Miss Joanne Wedul reported for the recently formed social relations committee that the group is planning to extend a welcome to new residents of Thief River Falls, and she asked local merchants to cooperate by donating small gifts to be presented to the newcomers.

Ward Nichols of the tourist committee announced that a concerted effort will be made this year to keep Canadian tourists coming to Thief River Falls, and he stated that the committee planned to solicit a fund of $800 or more to finance the promotion.

Store hours and holiday closings were announced by Gordon Ballingrud, chairman of the merchants committee, who also gave a preview of plans for a sales promotion to get under way Friday, March 27, marking the first Friday evening store opening of the year.

Thieves Lead in Northwest Loop

Four Teams Assured of League Playoff Berths

	W.	L.	T.	Pts.
Thief River Falls	11	5	3	25
Warroad	10	5	4	24
Grand Forks	10	7	3	23
Roseau	7	8	4	18
Crookston	7	11	1	15
Hallock	4	13	2	10

Results of the week's games:

Hallock, 0, vs. Warroad, 1, (forfeit)
Grand Forks, 11, at Crookston, 5
Roseau, 3, at T. R. Falls, 5
Grand Forks, 8, at Hallock, 12
T. R. Falls, 6, at Hallock, 1
Warroad, 3, at Grand Forks, 4
Crookston, 3, at Roseau, 2
Crookston, 3, at Grand Forks, 8

This week's schedule:

Feb. 28th—
Warroad at Thief River Falls
Hallock at Grand Forks
Roseau at Crookston

By the results of the week's games, Thief River Falls, Warroad, Grand Forks, and Roseau clinched berths in the Northwest Hockey league playoffs. According to present plans, the playoffs, with team number one meeting team number four, and team number number two playing team number three, will begin this weekend. The first round series will be determined on a best-of-three basis.

The Thief River Falls Thieves, by virtue of a five-game winning streak, moved into the league lead, holding a one-point advantage over the runner-up Warroad Lakers. The Lakers, receiving the benefit of a forfeited game when the Hallock Lions could not fulfill the date for the playing off of a postponed game, had had a one-point margin over the Thieves, but when the Grand Forks Redwings, on Prince Johnson's tally in the final minute of the game, edged Warroad, 4 to 3, on Sunday, the locals gained first place. A draw or a win by the Thieves in their windup game with Warroad this week will clinch the lague title for the Paul Bedard-coached locals.

From the State Capitol

By W. E. DAHLQUIST

By the end of this week the present session will be about half through from the calendar standpoint, but, of course, the job is not half finished. During March and to the end of the session late in April the schedule will become progressively heavier.

To date, however, this has been the workingest session I have known, and we are much farther along with our chores than we normally are at this time. There has been an unusual awareness of the fact that we are faced with a time limit—that there is a deadline to beat. But I would give odds that midnight of the last day will still find us with a few odds and ends of unfinished business to take care of and that we probably will be a day or two late in getting home, which to me is not a matter to become unduly exercised about.

If the alternative to putting in a few extra hours that last long day is an extra session with perhaps many legislative days to be paid for I will go along with the long hours of the last day. Extra sessions have been known to be excessively expensive. Taxpayers can get some comfort out of the observation that "When we ain't a-meetin' we ain't appropriating."

* * *

I am always baffled by the ease with which some people can draw a straight line between good and evil. For the fortunate few who possess this gift there is no middle ground. What is right is right and what is wrong is wrong. For me, too often, the two overlap.

And in government, as it so often is for us individually, the good things cause us a lot of trouble. That which is clearly distinguishable as preponderantly bad is rooted out with little argument. Trying to weed out the evils that go along with the good things is a more difficult chore.

There are evils for instance in such fine things as civil service and veterans preference. Ask almost any department head why in the blankety blank he can't get his work out with the help he has, and he will lead you back into a dark closet and behind a closed door he will whisper that if he just had the right to fire an employee occasionally he could increase his production with fewer people on the payroll. And if you ask him who he would fire first the chances are he would name a fellow with the special rights of veterans preference—probably one who has a disabled classification.

Civil service and veterans preference are good in theory. In practice they are abused and we now are going through the procedure of attempting to correct the abuses.

Main objective to the present law is the 10 point advantage and top-of-the-list rating for the so-called disabled veterans. Under the present regulations they are able to use this advantage not only to secure employment in the first place, but also to move ahead every time an opportunity for promotion presents itself. The result is that other employees, richer in both ability and experience, are by-passed and opportunities for advancement are practically denied them. This makes for very unsatisfactory working conditions.

Whether or not it will be possible to change this situation in this session is still doubtful. The pressure group that opposes reform is strong. It may be possible to limit the advantage to some extent, permitting the disabled vet to use his bonus points only once or twice. Such a limitation seems reasonable.

* * *

Speaking of the things in government that are both good and evil let me mention the many boards and commissions that have been *created by the legislature to regulate certain* activities. Because it is impossible, or at any rate not desirable, to enact laws to provide for all contingencies these boards are given broad powers to write rules and regulations.

By and large I think they do a pretty fair job in their ruling and regulating. Unfortunately many of them are created to protect the interests of some special group. Unjust rules and regulations are a greater evil than unjust laws. When the legislature passes a bad law that law is interpreted by a court and is enforced under the administrative branch of government. In this procedure an innocent victim may find some relief.

But the rules and regulations that are imposed upon us are interpreted and enforced by the same authority that writes them. The public is entitled to more protection from the abuses inherent in this arbitrary and dictatorial method of regulation.

Important gasoline savings!

The Thrilling New 1953 "Two-Ten" 2-Door Sedan

You go much farther on every gallon of gas in this great new Chevrolet...and you save on over-all operation and upkeep, too!

Ask new Chevrolet owners how this great new car squeezes extra miles from every gallon of gas—*and regular gas at that!* The reason for this wonderful increase in economy is Chevrolet's new high-compression power. The new 115-h.p. "Blue-Flame" engine in Powerglide* models is the most powerful engine in its field, with a compression ratio of 7.5 to 1. And there's a greatly advanced "Thrift-King" engine in gearshift models—108-h.p. with 7.1 to 1 compression ratio.

And, with all its advantages, Chevrolet for 1953 is the lowest-priced line in its field. See it in our showroom!

Hospital Director Asks Patients to Supply Policies

In order to increase the efficiency with which hospitalization insurance is collected for the benefit of patients possessing such insurance, Harold W. Peterson, administrator of Northwestern Hospital, has asked that all patients being admitted to the hospital bring along their insurance policies.

Those having Blue Cross or Blue Sheld should be sure to bring their cards with them so that the insurance coverage may be immediately determined. Patients with any type of commercial hospitalization insurance should bring their policies with them.

These policies should be left with the hospital office, Peterson said, so that the coverage may be determined while the patient is hospitalized.

Dr. John Aas, who had been visiting his parents at Hendrum, motored here Sunday to spend the day with his family at the Lars Hylden home.

From where I sit ... *by* Joe Marsh
Wrong "Train" of Thought
Most of us know the streamliner stopped about four miles from town last Thursday — but we didn't know why . . .
Seems the train was hurrying along, then came the screeching of brakes — some fellow had pulled the Emergency Stop cord.
When the conductor asked him why he did it, he said, "The train was just going too fast—I wanted to get you to slow down."
From where I sit, that streamliner has been going at that speed for the past seven years with a perfect safety record and the passengers have always been pleased. Now—along comes a fellow who wants the train to go at his speed. Some people are like that. Some still would begrudge another person's right to a temperate glass of beer even though that person wouldn't dream of flashing a "Stop" sign on their preference for, say, milk, coffee or tea. Respecting the rights of others is the only way we can keep "on the right track."

From the State Capitol

By W. E. DAHLQUIST

By the end of this week the present session will be about half through from the calendar standpoint, but, of course, the job is not half finished. During March and to the end of the session late in April the schedule will become progressively heavier.

To date, however, this has been the workingest session I have known, and we are much farther along with our chores than we normally are at this time. There has been an unusual awareness of the fact that we are faced with a time limit—that there is a deadline to beat. But I would give odds that midnight of the last day will still find us with a few odds and ends of unfinished business to take care of and that we probably will be a day or two late in getting home, which to me is not a matter to become unduly exercised about.

If the alternative to putting in a few extra hours that last long day is an extra session with perhaps many legislative days to be paid for I will go along with the long hours of the last day. Extra sessions have been known to be excessively expensive. Taxpayers can get some comfort out of the observation that, "When we ain't a meetin' we ain't appropriatin'."

I am always baffled by the ease with which some people can draw a straight line between good and evil. For the fortunate few who possess this gift there is no middle ground. What is right is right and what is wrong is wrong. For me, too often, the two overlap.

And in government, as it so often is for us individually, the good things cause us a lot of trouble. That which is clearly distinguishable as preponderantly bad is rooted out with little argument. Trying to weed out the evils that go along with the good things is a more difficult chore.

There are evils for instance in such fine things as civil service and veterans preference. Ask almost any department head why in the blankety blank he can't get his work out with the help he has, and he will lead you back into a dark closet and behind a closed door he will whisper that if he just had the right to fire an employee occasionally he could increase his production with fewer people on the payroll. And if you ask him who he would fire first the chances are he would name a fellow with the special rights of veterans preference—probably one who has a disabled classification.

Civil service and veterans preference are good in theory. In practice they are abused and we now are going through the procedure of attempting to correct the abuses.

Main objective to the present law is the 10 point advantage and top-of-the-list rating for the so-called disabled veterans. Under the present regulations they are able to use this advantage not only to secure employment in the first place, but also to move ahead every time an opportunity for promotion presents itself. The result is that other employees, richer in both ability and experience, are by-passed and opportunities for advancement are practically denied them. This makes for very unsatisfactory working conditions.

Whether or not it will be possible to change this situation in this session is still doubtful. The pressure group that opposes reform is strong. It may be possible to limit the advantage to some extent, permitting the disabled vet to use his bonus points only once or twice. Such a limitation seems reasonable.

Speaking of the things in government that are both good and evil let me mention the many boards and commissions that have been created by the legislature to regulate certain activities. Because it is impossible, or at any rate not desirable, to enact laws to provide for all contingencies these boards are given broad powers to write rules and regulations.

By and large I think they do a pretty fair job in their ruling and regulating. Unfortunately many of them are created to protect the interests of some special group. Unjust rules and regulations are a greater evil than unjust laws. When the legislature passes a bad law that law is interpreted by a court and is enforced under the administrative branch of government. In this procedure an innocent victim may find some relief.

But the rules and regulations that are imposed upon us are interpreted and enforced by the same authority that writes them. The public is entitled to more protection from the abuses inherent in this arbitrary and dictatorial method of regulation.

Supt. Claffy Talks at Lions Meeting

Discusses Expansion Plans of Local Schools

Introduced by John Anderson, program chairman, Supt. W. G. Claffy was the speaker at the Lions club luncheon meeting last Wednesday noon in the Rex Cafe.

He discussed the purchase of a new athletic field and playground near Lincoln high school, and said it is part of a long-range program involving the construction of a new Washington grade school and additions to Lincoln high school to accommodate the steadily increasing enrollment as well as the area vocational school.

Claffy also announced that members of school boards from numerous towns in this locality have been invited to discuss their problems in this city Saturday evening with representatives of the state department of education and State Senator W. E. Dahlquist.

CHEVROLET
Important gasoline savings!

The Thrilling New 1953 "Two-Ten" 2-Door Sedan

You go much farther on every gallon of gas in this great new Chevrolet . . . and you save on over-all operation and upkeep, too!

Ask new Chevrolet owners how this great new car squeezes extra miles from every gallon of gas—and regular gas at that! The reason for this wonderful increase in economy is Chevrolet's new high-compression power. The new 115-h.p. "Blue-Flame" engine in Powerglide* models is the most powerful engine in its field, with a compression ratio of 7.5 to 1. And there's a greatly advanced "Thrift-King" engine in gearshift models—108-h.p. with 7.1 to 1 compression ratio.

And, with all its advantages, Chevrolet for 1953 is the lowest-priced line in its field. See it in our showroom!

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional in "Two-Ten" and Bel Air models at extra cost.

Entirely NEW through and through!

Hospital Director Asks Patients to Supply Policies

In order to increase the efficiency with which hospitalization insurance is collected for the benefit of patients possessing such insurance, Harold W. Peterson, administrator of Northwestern Hospital, has asked that all patients being admitted to the hospital bring along their insurance policies.

Those having Blue Cross or Blue Sheld should be sure to bring their cards with them so that the insurance coverage may be immediately determined. Patients with any type of commercial hospitalization insurance should bring their policies with them.

These policies should be left with the hospital office, Peterson said, so that the coverage may be determined while the patient is hospitalized.

From where I sit ... by Joe Marsh
Wrong "Train" of Thought
Most of us knew the streamliner stopped about four miles from town last Thursday — but we didn't know why . . .
Seems the train was hurrying along, then came the screeching of brakes — some fellow had pulled the Emergency Stop cord.
When the conductor asked him why he did it, he said, "The train was just going too fast—I wanted to get you to slow down."
From where I sit, that streamliner has been going at that speed for the past seven years with a perfect safety record and the passengers have always been pleased. Now—along comes a fellow who wants the train to go at his speed. Some people are like that. Some still would begrudge another person's right to a temperate glass of beer even though that person wouldn't dream of flashing a "Stop" sign on their preference for, say, milk, coffee or tea. Respecting the rights of others is the only way we can keep "on the right track."

Prowler Quint Takes Detroit Lakes 67-59; Grafton Here Friday

Bob Christensen and Gary Smith were the "sparks" that lit the fuse for the 13-point Prowler scoring explosion in the overtime period to give the locals a "surprise" 67 to 59 triumph over a highly-rated Detroit Lakes Lakers cage squad in an exciting basketball game played here on Friday night. And in a nip-and-tuck preliminary game, the Prowler "B" team, with Dale Liggett and Lee Kjos each garnering ten points, edged out the Lakers "B" team, 38 to 36.

The Prowlers will conclude their 1952-53 schedule on Friday night when, on the local court, they meet the Grafton Spoilers in an inter-state game.

Friday night's dramatic game against coach Harold Ahlbom's Detroit Lakes Lakers, found the Prowlers moving ahead to a 16 to 11 first period lead, and a 28 to 23 margin at the intermission. The Prowlers maintained their point advantage over the Lakers in the third period, holding a 46 to 39 lead as the final period opened.

The Lakers, with husky Jack Campbell and shifty Dick Pettit doing the scoring, pared the Prowler lead in the fourth period, and with two minutes of play remaining, Campbell, on a lay-up shot, southpawed a goal into the west basket, tying the score at 50 to 50. Gary Smith drove into the lane and lofted a swisher into the net, giving the Prowlers a short-lived lead, for with 1:35 to play, Pettit, on a break, dribbled in for a set-up shot. And with twenty-five seconds to play, Pettit hit with another field goal, giving the Lakers a 54 to 52 lead. Smith, with ten seconds to go, pushed a one-handed shot into the net, forcing the game into overtime.

In the opening minutes of the overtime period, Christensen, on a foul by Lynn Parkel, made good on one of the two tries, giving the Prowlers a one-point lead. Christy then flipped in a field goal, boosting the locals into a three-point lead. Smith made a two-point conversion on Parkel's fifth personal, and, when the Lakers began to "press," Smith on a "sleeper," scored a field goal, giving the Prowlers a 61 to 54 lead.

After Jack Campbell had dunked a pair of Laker free throws; Christy came in with another field goal, and Art Johnson rolled in a two-pointer, and the locals led by a 65 to 56 lead with but a minute of the overtime period remaining. Campbell, the game's high-point player, added a free throw for the Lakers and after Johnson had scored his ninth field goal, LeRoy Gorne of the Lakers closed on the game's scoring with a field goal.

Campbell, a very fine and powerful forward, tallied twenty-four points, getting eight field goals and eight free throws, edging out the Prowlers' Johnson, who scored twenty-three points.

But the game's starring honors were earned by the locals' Smith and Christensen. Smith, held scoreless until the fourth period; rapped in a pair of free throws and two field goals in the fourth period, and couple of gift tosses and a field goal in the overtime stanza. Christensen, an agile and nimble floor man, came up with five vital points in the overtime period and his dribbling was instrumental in causing the Lakers' all-court press to "backfire" in the final minutes of the game.

Save 12¢ a bird on feed

with

Land O'Lakes Chick Starter

In nine-week tests, with thousands of chicks, Land O'Lakes poultrymen found: chicks fed Land O'Lakes Chick Starter Granules gained one pound for every 2¼ pounds of feed.

To gain one pound, birds on ordinary chick starter needed 3½ pounds of feed. Three quarters of a pound more starter per pound of gain! Twelve cents a bird more in feeding costs!

All chicks tested were the same type. No difference in cost between Land O'Lakes Chick Starter Granules and ordinary starters used in the tests. Yet birds on Land O'Lakes Chick Starter cost 12 cents a bird *less* to feed! That's because it's built with every ingredient known to speed growth—plus antibiotics and sulfaquinoxaline to fight disease.

Darkhouses Must Be Removed from Ice by March 2d

All spearing darkhouses, fish houses or other kinds of shelters used for taking fish will be burned by game wardens if they are found on the ice after March 2, Chester Wilson, conservation commissioner, warned Saturday.

Under the law fishermen are required to take all such structures from the ice within two weeks after the spearing and angling seasons closed, which was Feb. 15. This applied to all waters, whether open to year around angling or not.

PeeWees Defeat Warroad & Grand Forks Saturday

Coach Bedard's Team Wins over North Dakota State PeeWee Champions 5 to 4

Coach Paul Bedard's Peewee hockey team played a double-header on Saturday, against top-level opposition, and scored a pair of well-earned victories.

Playing here on Saturday forenoon, against Jimmy Doyle's Warroad juniors, the locals gained a 2 to 0 first period lead on goals by Duane Erickson and Jack Poole. In the second period, on tallies by Chip Strand and Art Cloutier, the Peewees boosted their lead to 4 to 0. The locals' third period scoring was done by Poole, Jimmy Hall, and Duane Glass. Warroad, battling to avoid a shutout, rammed in four tallies in the final period, with center Jim Axtill getting three of the goals.

Traveling to Grand Forks for a game against coach Manny Berlach' Peewees on Saturday night, playing as a feature on the annual Grand Forks hockey round-up, the locals, by a 5 to 4 score, *defeated the North Dakota state Peewee champions*. Coach Bedard's squad, trailing by a 4 to 1 score late in the second period, were forced to reveal their come-back qualities in order to record their win. Goals by Hall and Glenn Carlson pared the Grand Forks lead to 4 to 3 as the second period ended. Jack Poole's tally at 5:07 ended the score at 4-all; and Chip Strand's marker at 11:15 chalked up the winner.

Thieves Win 2 Games, Take Lead in League

The Thieves hockey team, putting games number four and five into their five-game winning streak, took over first place in the Northwest Hockey league standings on Sunday by defeating Hallock, 4 to 1, while the Grand Forks Redwings were subduing the Warroad Lakers, 4 to 3, at Grand Forks.

Sunday's triumph brought the Thieves' league record to eleven wins, three draws, and five losses, giving the locals a 25-point total, and a lead of one point over the runner-up Lakers who are scheduled to windup regular play by meeting the Thieves on the Arena rink this evening.

Playing here last Wednesday night against the ever-dangerous Roseau Cloverleafs, the Thieves, with Murray Balagus scoring three goals, defeated coach Bob Sykes' club, 5 to 3. Vic Love, playing as a replacement for Jerry Lavergne, who was ill with the flu, and Paul Bedard, who scored in the final seconds of the game on a breakaway and a solo into an open net, notched the Thieves fourth and fifth goals.

Roseau, trailing by a 4 to 3 score, pulled goalie Lorne Williams out of the net in the final minute, hoping to score the tying goal by sending six forwards on the ice, but Bedard, getting a loose puck at the Thief River blue-line, broke away for an unassisted goal. Roseau's Don Stay, after making a futile rush after Bedard, threw his stick in an attempt to break up the play, but Bedard scored the goal easily.

Playing at Hallock Sunday afternoon, and on slow ice, the Thieves held to a 2 to 1 score midway in the third period, hit with a couple of goals to bring home a 4 to 1 victory.

Keeping Score with "Huck" Olson

They're Still a Problem

We were among the near-capacity crowd that crammed into the BSTC gymn at Bemidji on Monday night to witness the basketball game between the Lumberjacks and the Detroit Lakes Lakers. Bun Fortier's Jacks gave edded evidence that they are the team to beat for the eighth regional title as they handed the Lakers a 72 to 56 lacing.

Bemidji proved that they are more than a "first half" team, for the Jacks had the odd experience of trailing by a 16 to 11 score *at the end of the first* period, and a 34 to 33 score at the intermission.

The Lakers, with Jack Campbell directing the play and doing the down-court passing, were quite successful in coping with Bemidji's all-court press. In fact, the Jacks abandoned the press maneuver in the second half and used an orthodox defense, and that style paid off in dividends, for the Jacks, having superior all-round speed, were able to garner more rebounds and free balls than the Lakers. It was noticeable, particularly in the third and fourth periods, that Bemidji was the more alert club, and possessed the better all-round team balance than the Lakers.

Incidentally, we imagine that the Detroit Lakers are glad to get out of the eighth region, having lost a pair of games and considerable prestige. On Friday night, in an overtime game here, the Lakers lost to the Prowlers, 67 to 59; and on Monday night the badly beaten team as the game-ending buzzer sounded out a 72 to 56 win for Bemidji.

And the facts of life, for the rest of the teams in district 29 and region eight, are that Bemidji continues to be a problem.

He Dood It

As far as Plummer bowlers and bowling have ben concerned, it's been a case of Wally DuChamp speaking to Jesse DuChamp, and Jesse speaking to Wally. But another fellow has earned his way into the DuChamp's bowling conversation, and that's Emil Larson.

On Monday night, bowling with the Plummer team in Service League competition, Emil racked up games of 207-189-218, for an aggregate of 614. It's a month or more ago that Emil had a six-hundred total coming up, but a couple of blows in the third game of the series snipped off Emil's ambitions that time. On Monday night, though, he was steel-nerved as he put his 614-total in the record book.

No Gripes

From all reports, it is pretty well agreed that the St. Paul Johnson hockey squad deserved the state championship they won on Saturday night when they defeated Warroad, 4 to 1, in the finals.

Ever since they participated in the first high school hockey *tournament in 1945, the St. Paul* Johnson teams have based the pattern of their play on a sturdy defense, and that was the case again this year. The Johnson coaching staff, realizing that, as a rule, that their team will not possess the breakaway skating ability of the clubs from the northern part of the state, have stressed defensive play. And it is not by accident that St. Paul Johnson has produced several all-state goalies and defensemen.

In the nine years that high school hockey has determined a state champion by playing a state league sanctioned tournament, St. Paul Johnson has won two titles, the other occasion being in 1947. And in those years, and in the other tournaments the Governors have participated, the Johnson club has featured a strong defense, never having been the victims of a rout.

Adjustments Due in the Dairy Industry, Says "U" Economist

(First of two articles)

Some painful adjustments in the years ahead for the dairy industry are sighted by a University of Minnesota agricultural economist.

A dairy market analysis received by County Agent Ray Mittenes from E. Fred Koller, professor of agricultural economics at the University, indicates that U. S. per capita consumption of butterfat in 1952 was 28 pounds vs. 32 pounds in 1935-39.

Some of the decreased usage of butterfat is part of an overall decline in the use of fat-type table spreads. Per capita use of butter and oleo combined in 1951 was 16.2 pounds vs. 19.6 *pounds in 1935-39. This* was probably due to declining consumption of bread and emphasis on low-fat diets, according to Dr. Koller.

Substitution of vegetable oils has made inroads in butterfat use. Production of oleomargarine in 1952 totaled about 1.2 billion pounds vs. 372 million pounds in 1935-39. The 1952 production of oleo was about equal to the total butter output.

To combat vegetable oleo inroads, it has been suggested that a low-fat dairy spread (perhaps 40 per cent butterfat) be produced to sell at half the price of butter. But such a product faces several problems, warns Dr. Koller. It cannot be called butter, and it must be promoted and sold as a new product. This is not easy.

Other imitations of dairy products are appearing. Imitation ice cream—vegetable oil substituted for butterfat—has been sold in many areas. Dairy products face serious price competition too. The new products sell at two-thirds to one-half the price of ice cream. The volume of imitation ice cream is not yet large, but its development over the years might parallel that of oleomargarine, cutting into another major outlet for butterfat.

Other imitation dairy products involving the use of vegetable fats include condensed milk and filled whipping cream.

Another trend cutting into the use of butterfat is the sale of more low-fat dairy products. There has been a large rise in recent years in the sale of sherbets and ice milks (a low butterfat imitation of ice cream usually sold in soft form at roadside stands and counters.) The 1951 output of these products was about 65 million gallons vs. 18 million gallons in 1946. More fluid milk and dried skim milk are being sold each year as more people follow weight-reducing diets.

In the past, the price of milk has been determined largely by its butterfat content. The reduced value of butterfat could result in greatly reduced dairy returns. The impact of relatively low butterfat prices would be most severe where dairying is still on a cream basis, as is true in some parts of Minnesota.

Chances are that the nonfat solid portion of milk—the part below the cream line—will gradually increase in value. The *1952 per capita consumption* of nonfat solids in milk was 47 pounds vs. 41 pounds in 1935-39.

Dr. Koller pointed out that if farmers could gradually receive more for the nonfat solids they might be able to take reduced prices for butterfat without greater returns for whole milk. This would give a new balance in the dairy industry and a fuller utilization of milk for human use.

"The shift to a new balance will not be simple," Dr. Koller emphasized. "Butterfat is likely to face price weakness for some time before nonfat solids can carry significantly more of the whole milk price load."

L.O'L. Creameries Annual Meeting Opens March 12th

Washington Speakers on Program at Annual Session in Minneapolis

Reports from Washington will highlight the annual meeting of Land O'Lakes Creameries, Inc., in Minneapolis, March 12 and 13, according to John Brandt, president.

Among speakers from the nation's capitol who will appear on the program are: Ivy W. Duggan, governor, Farm Credit Administration; Charles W. Holman, secretary, National Milk Producers Federation; and Mrs. J. Laning Taylor, director of the educational department, National Milk Producers Federation.

Several thousand farmer-producers are expected to attend the two-day session at the Land O'Lakes main plant.

Preceding the general program is a special meeting for creamery operators and managers on March 11. Highlight of that affair is the awarding of prizes to winners in the 1952 efficiency contest.

Dr. J. O. Christianson, superintendent of the School of Agriculture for the University of Minnesota, will be the main speaker at the evening session that climaxes the main meeting.

Governor C. Elmer Anderson will talk at the opening meeting at which time Brandt will welcome the visitors and Frank White, Land O'Lakes secretary, will review the last annual meeting.

More Seedlings Available from State Nurseries

Because of the heavy demand for all kinds of tree seedlings for planting on farm and non-forested private lands, Raymond Clement, forester in charge of nurseries and planting, division of forestry, has announced that additional stocks of trees totalling more than 4,400,000 will be made available immediately.

Clement said that requests will be accepted in the order they are received as long as the present stocks of trees last. The requests should be made through the local P.M.A. chairman, or the county agricultural agent.

About 2,861,000 pine, spruce, cedar and tamarac will be available at $10 per thousand. 1,024,000 deciduous trees, such as elm, ash, maple, cottonwood, birch, and black walnut seed will be sold for $8 per thousand. Prices quoted are FOB the nurseries, and trees will be shipped as soon as conditions are right for digging and planting. Money orders made payable to the state treasurer must be sent with the order.

Hartz Store at Bemidji Robbed of $2,500 Feb. 13

A break-in at the Hartz Super Market in Bemidji Friday night, Feb. 13, resulted in an approximate loss to the store of $2,500 in cash and checks. Lorentz R. Hegstad, co-proprietor with Robert O. Oas, estimated that better than half of the total amount was in cash.

Entry to the store was apparently made through an abandoned coal chute at the rear of the building. The chute was closed at the alley by a wooden door about eight feet from the ground and has not been used since installation of an oil furnace.

Plan Farm Forum In Minneapolis

Scheduled March 16-17 in the Radisson Hotel

Dr. Wallace E. Gordon, assistant director of sales, Grasselli Chemical department, E. I. Du Pont Co., has accepted an invitation to speak at the seventh annual Farm Forum to be held March 16-17 at the Radisson Hotel in Minneapolis, Lucian C. Sprague, general chairman, announced today.

He will speak on research and education in farm technology during the morning session March 17.

D. Howard Doane, chairman of the board of Doane Agricultural Services, St. Louis, Mo., and Charles E. Kellogg, assistant chief of the soil conservation service, U. S. department of agriculture, will also speak during this session.

During the afternoon session March 17, Dr. Gordon, Doane and Kellogg will take part in a panel discussion on building and maintaining agricultural production. Other members of this panel will be William A. Benitt, a farmer from Hastings, Minn., and Skuli Rutford, assistant director, extension service, University of Minnesota.

W. H. Kircher, managing editor of The Farmer magazine will serve as moderator of the panel.

"The morning and afternoon program March 17 should give farmers of this area some good ideas for improving their farm production," Sprague said.

Centennial Fund of Methodists to Total $1,250,000

Near completion of the million dollar goal set for the Minnesota Methodist Centennial was announced this past week by Bishop D. Stanley Coors of St. Paul. Collections stand at present at $835,446.

Two hundred twenty two churches are "over the top," one hundred more are just on the edge of success, and fifty-eight more are currently engaged in campaigns to meet their quotas. The fund is expected to be complete by June.

The total will finally stand at $1,250,000 raised, the bishop said, and the funds have been dedicated to founding and building new churches, student centers at the state college and university campuses, the pension fund for retired ministers, and the four youth camps Methodism owns in the state.

Legislature Gets Bill to Give State Aid to Libraries

Rep. Coya Knutson of Oklee introduced a bill last week in the State Legislature for the establishment of state aid to public libraries. The bill carries out the recommendations of the Minnesota department of education whose research recently focused attention on the fact that three-quarters of a million people in the state are without any library service at all, and another million have only poor and inadequate library service.

Mrs. Knutson's bill recognizes that local libraries are in need of help from the tax resources of the state, but sets up a program whereby the initiative for the establishment or improvement of libraries must come from the local community, itself.

Among the principal features of Mrs. Knutson's bill are the following:

If a county does not have a county public library it would receive $10,000 to establish one.

The state would also contribute 25% of the amount any county itself now levies for public library purposes. If, for example, the county levies $4,000, the state would contribute $1,000.

Villages, towns, and cities other than Minneapolis, St. Paul and Duluth would receive 10% of the tax proceeds which the town, village or city pays for library purposes. If a town now levies $2,000 annually, for example the state would add $200.

(By L. W. Hallen, County Attorney)

THE COURT HOUSE PROJECT

After long deliberation and extensive discussion, the County Board has finally taken unanimous action to submit to us, the voters and taxpayers, the question of whether authority should be given to issue bonds for the building of a much-needed courthouse. Technically and legally the Board determines whether a courthouse should be built, but from a practical standpoint the decision is in our hands because no building program could be contemplated without provision being made for payment of the cost.

I think that the need for a new building is so obvious that the point needs no elaborate treatment or extended argument. The present building, if you can even call it that, was constructed about 60 years ago and has been in use as a county courthouse for over 40 years. The second floor is so unsafe that it has been necessary to rent other quarters for the welfare offices and the District judges have declared it to be unsuitable for the trial of lawsuits. Court is now being held in the basement of the city Auditorium in premises that are entirely inadequate and improper for the hearing of judicial matters.

The state fire marshal has condemned the building as unsafe and dangerous and has so notified our county officials. Probably of greater significance and of more serious implication is the fact that the fire hazard jeopardizes the safety of permanent and valuable records in the various county offices. Many of these records could never be replaced and their destruction would result in incalculable loss. Without the records on file in the register of deeds office, for example, it would be difficult to prove ownership of any of the real estate in our county.

In this matter there are two fundamental considerations. The first has to do with the need for a building, and as to that it would appear that most of us are agreed that such a need exists. The second consideration has to do with our ability to pay for the needed structure. This is the "pocket-book" question and is of importance to all of us. In this connection a discussion of our past and present financial status might be helpful. Actually, our county is in splendid financial condition. In 1936 Pennington County was in debt to the extent of $665,000, represented by outstanding bonds bearing interest rates varying from 4½% to 6%. At that time a tax of one mill produced $3,588.17 in revenue.

Now consider our present position. We have a total bonded indebtedness of $84,000. In our Bond and Interest fund we have an accumulated balance of $21,169., or a net present debt of $62,831. A tax levy of one mill now produces $4,820 in revenue. During the current year $52,000 of the bonds will be retired and an additional $23,000 will be paid the following year, leaving only $9,000 in bonds to be retired in 1955.

From the foregoing it would seem that our balance sheet is such that the county is justified in giving serious consideration to a building program at this time and that the financing would not place an undue burden on the taxpayer. It is my feeling that we need not erect a marble monument nor need we build an extravagant building for the conduct of our local governmental affairs. Building costs are high and we should, I think, plan for a strictly functional building that would be sufficiently large to serve us for the next hundred years. The County Board, I know, is economy-minded and will keep construction costs at a minimum.

From tentative plans it would seem that we could build an adequate courthouse for approximately $325,000, and that it could be completely equipped for an additional $40,000. This would not give us a lot of fancy marble columns, but it would provide an entirely suitable building, pleasing to the eye, and of which we would all be proud.

As most of us know, the county has a building fund that is dedicated to new construction. Presently there is in this fund an available balance of $77,498.72 and additions thereto will be made during the year as tax revenues come in. At the present time we are levying 7.35 mills for our bond and interest fund and 2.08 mills for the building fund. These two levies total 9.43 mills and should produce $45,458 this year.

I believe that we should be able to build and finance a courthouse without any increase in taxation. In another year our present outstanding bonds will be practically retired. If we thereafter retain our present levy it will produce in excess of $45,000 per year which would pay the interest on a new issue of bonds and retire them in not to exceed ten years.

In this discussion I have not taken into consideration appropriations that may be made by the City of Thief River Falls to the County for a building fund. I do feel that the city is morally obligated to make such appropriations and I am reasonably certain that this will be done in the future as it has been in the past, but I prefer to present this matter without reference to such "windfalls" in the thought that we can build ourselves an adequate county building without increasing the burden of taxation.

In any event, the bond election is scheduled for March 16th. Whether we are in favor of or opposed to the contemplated program, I do submit that as taxpayers and citizens of this community it is our duty to go to the polls on that day and vote.

EDITOR'S NOTE—The Rev. G. S. Thompson will write this column for the issue of March 4.

FLOOD CONTROL

One of the big problems of vital concern in important areas of our state has been the huge losses resulting from the flooding of farm lands and cities and villages. I called attention in my inaugural address to this problem and the need to clarify the confusion that exists between federal, state, county and judicial authorities on water flow and drainage. I have now called a meeting of representatives of the various agencies interested in water control and Minnesota legislators whose districts lie wholly or partly in the Mississippi, Minnesota and Red River basins to discuss this problem. The meeting will be held at 8 p. m. on March 2 in Room 303 of the State capitol. After we have arrived at as clear an understanding as possible of the lines of authority and responsibility that ought to prevail, we should be in position to set up a state commission on flood control and take such other steps as may seem desirable to help relieve this problem.

Here's Your Proof—
There's None So New As Nash In 1953!
Styled by Pinin Farina, world's foremost custom car designer, the new Nash Airflytes have introduced the continental trend to America.
NEW CONTINENTAL STYLING! NEW LE MANS HIGH-COMPRESSION ENGINE!
NEW DUAL-RANGE HYDRA-MATIC! NEW LUXURY INSIDE AND OUT!
CONTINENTAL STYLING! Functional design of Pinin Farina styling means more interior roominess, more all-round luxury, more driving pleasure than in any other car built in America today.
NEW POWER, ECONOMY! Two great engines in the Ambassador—Super Jetfire or the custom-power option of the new "Le Mans" Dual Jetfire, top American engine in the Le Mans Grand Prix d'Endurance for past two years! In the Statesman there's the new Powerflyte Engine.
RECLINING SEATS AND TWIN BEDS! No other car in the world has them! Nash Airliner Reclining Seats are adjustable to five comfortable positions at the flick of a lever . . . and even become spacious Twin Beds in seconds!
AIRFLYTE CONSTRUCTION! Only Nash builds cars with the double rigidity of Airflyte Construction for greater strength, long, rattle-free life and higher resale value.
ROOM AND VISION GALORE! Here are the widest seats, front and rear, of any car. With the widest windshield and rear window, you enjoy the best eye-level visibility.

SMILEY . . .

By Mrs. Jim McCrum, Rt. 2, city

The Helperettes meet next Wednesday afternoon March 4 at the Carl E. Olson home. Members are requested to bring one yard of cotton material or a clean feed sack and rickrack for a clever apron, and a wooden plate for painting and finishing.

Miss LaVinia Martin of Minneapolis arrived Saturday noon by train after being marooned by the heavy snow storm many hours. She visited her cousins, Mark Olsen and Vivian McCrum and their families and Clara Olsen until Tuesday evening.

Nelda Lea Nelson was a birthday party guest of one of her classmates, Kathryn Kelly at the home of her parents James Kelly in Thief River Falls Wednesday after school.

Mr. and Mrs. Alfrd Olson and family were Thursday afternoon callers at the Roy Groven home near St. Hilaire.

Quite a number of local men journeyed to Euclid Wednesday to take part in the tour of the Strickler Angus Farm. Norton Nelson, Bert Vigen, Jim McCrum, Gote and Erland Anderson, Bruno and Ted Beiswenger were seen among the local groups.

Otis Miller was a business caller at the Frank Rose home in Pelican Rapids Friday.

Pvt. David Bruggeman spent the weekend with his wife and his folks the Fred Bruggemans. David was given an honorary three day weekend pass. It is a pass given to the best soldier of each company at Fort Leonard Wood, Mo., each weekend and he was selected last weekend. He is now an instructor in Heavy Maintenance at the camp.

Friday afternoon visitors at the Alfred Olson home were Mrs. Delman Cote and LaVerne, Mr. and Mrs. Roy Olson and family all of Thief River Falls.

Sunday dinner guests at the Jim McCrum home were Mrs. LaVinia Martin of Minneapolis, Mr. and Mrs. Mark Olson and family, Harry Waller of Brinsmade, N. D. Later visitors were Mr. and Mrs. Otis Miller.

Miss Connie Alberg of Hazel was an overnight guest of Marilyn McCrum Monday. The girls were guests at the F.F.A. sleigh ride party at the Banner School in Silverton.

Mr. and Mrs. Rudolph Hanson, Marlos, Lila and Lois visited with Mrs. Hanson's sister and family, Mr. and Mrs. Elwood Andersen (Signe Angell) and daughters, Ellen and Roberta of Minneapolis at the Elias Angell home Saturday. The Andersons were marooned at St. Cloud over night Friday due to the storm.

(Last Week's News)

The Smiley 4-H had an interesting meeting Friday evening at the hall. Roll call was responded to by each member giving their middle names. A business session was held followed by a program that began by Community singing led by Mrs. Norton Nelson. Gloria Johnson gave a project talk "Selection of Fabrics for Beginners," a vocal selection by five girls, Corrine Torkelson, Sharon and Yvonne Johnson, Sharon and Nelda Lea Nelson; Dianne Lendobeja gave a project talk on Curtains. Phyllis Beiswenger gave a demonstration Sewing a Button; Marilyn McCrum also gave a demonstration on making a Tailors Cushion. The highlight of the program was the excellent talk accompanied by movies slides given by Miss Norma Gustafson who was Minnesota's representative as an exchange student to Denmark. She was a former 4-H girl. Her talk covered a variety of interesting customs and methods of farming in Denmark. It was good. Due to the lateness of the hour the recreational games Marilyn McCrum learned at the district meeting in Crookston the previous Wednesday, will be taught at the next meeting in March. Marilyn represented Smiley as a junior leader at the Crookston rally. Refreshments were served by the Alvin Konickson and Norton Nelson families.

Jake Olson and H. O. Hanson of Thief River Falls were coffee time guests at the Andrew Kisch home Saturday.

Mrs. Vernon Kees and daughter Laverne returned home Sunday from a week of visiting relatives at Drayton, N. D.

Wednesday evening overnight visitors at the Mark Olson home were Robert Waller and Robert Hoff both of Harlow, N. D.

Mrs. Grace Cabot and Hugh of Minneapolis accompanied by Miss Cathryn Underwood of Russellville, Ala. spent the weekend with Mrs. Cabot's sister, Mrs. Harry J. Bragg in Thief River Falls and with a brother, Jim McCrum and family. Miss Underwood is from "way down south" and is spending several months as a polio nurse in one of the hospitals in Minneapolis. She is an expert in southern cookery.

Thursday coffee guests at the Andrew Kisch home were Mr. and Mrs. Palmer Johnson of Rocksbury; Roy Nelson and Olaf Listol of Thief River Falls.

Mrs. Bill Grundhaus, Jane and Cynthia, Mrs. Mark Olson and Miss Clara Olson spent Wednesday at the Gilfred Sannes home near Steiner.

A score of 1 to 1 made the S-K hockey team and the Silverton hockey team a close competitive game at the Arena in Thief River Falls Sunday afternoon prior to the main game between the Thieves and Hallock. The boys on both teams put on a good show. Those who played on the S-K team were Mark Olson, Wayne Olson, Milton Burstad, J. W. Lendobeja, David and Fred Wilde, Jerold and DeRay Sanders, Elwood Tieman, Glen Lendobeja, and Bob Poland.

Sunday dinner guests at the Charles Jones home a week ago were Mr. and Mrs. Art Stordahl and sons of Thief River Falls, Mr. and Mrs. Andrew Kisch.

Mr. and Mrs. Walter Lendobeja motored to Grand Forks Saturday afternoon to accompany their son-in-law and daughter, Don and Dolores Hoff, to Fargo for the weekend. At Fargo, Mrs. Hoff was the honored guest at a pink a blue shower given by her many friends and relatives there. The Lendobejas returned to their home Sunday evening.

Gust Hallberg has returned to his home from a local hospital. He had a prety tough two week bout with pneumonia. He is now convalescing nicely and his friends wish him a speedy recovery.

Mr. and Mrs. O. W. Johnson and Mr. and Mrs. O. W. Johnson and family were Saturday dinner guests at the Elmer Johnson home in Goodridge.

Bruce McCrum, A. A. is now stationed at the all weather Navy air base at Corpus Christi, Texas and reports he likes it there very much.

Mrs. Andrew Kisch attended a chairmen leaders meeting last week. She will have some interesting information on Wooden ware craft such as finishing and painting wooden bowls and plates for the next helperette meeting in March. She will have Tempera paints and patterns for those who bring the wooden ware and some fine steel wool for rubbing.

Mrs. B. B. Hammer, Mr. and Mrs. Roger Mickelson and children of Kratka were Sunday dinner guests at the Bruno Beiswenger home.

CORRECTION

Beverly Oski of Mavie won third place in the Radio Speaking contest instead of Dorothy Anderson as was stated in last weeks news.

HAMRE . . .

By Mrs. Frank Johnson, Grygla

The Carmel Ladies Aid was held on Feb. 12th at the church, with all members contributing toward the lunch. Rev. Erickson rendered devotion and prayer. Three readings were also read. Business meeting then followed. Minutes of last meeting were read and approved. Mrs. Harry Johaneson and Mrs. Lloyd Korstad were appointed to locate a parochial school teacher for next summer. Motion was made and carried to give $5 from the penny march fund to Foreign Mission in memory of K. O. Byklum.

Torjus Johnson and Knut Arenson were appointed to approve of the purchase of an oil stove for the church kitchen at the Grygla Co-op. store. Next meeting will be held in March at the Hans Hanson home.

Mr. and Mrs. Harry Johaneson motored to Thief River Falls on Saturday to meet Mrs. Aldon Hays and Mrs. Jorgen Jelle from Hibbing who had arrived in town by bus. They accompanied them home for a visit over the weekend.

J. T. Lillevold from Thief River Falls visited on Sunday at the Manley Anderson home, also did Mrs. Allard Morken and children.

Harry Johaneson, Mr. Aldon Hays, and Mrs. Jorgen Jelle visited on Sunday afternoon at the Fred Tresselt home.

Mrs. Olga Jelle and Oscar Overby visited Sunday at the Edward Jelle home.

The South side sewing circle met at the Edward Jelle home on Tuesday, with all members present. The afternoon was spent preparing strips for quilt blocks and some blocks were sewed. Lunch was served at the close. Next meeting will be anounced later.

Harry Johaneson took his mother Mrs. Aldon Hays and Mrs. Jorgen Jelle to Thief River Falls on Monday night. They left from there the next morning for Hibbing.

Mr. and Mrs. Enos Whitson were Thief River Falls shoppers on Monday.

Friends here hope little Lois Byklum recovers from her attack of virus pneumonia.

Mr. and Mrs. Gullick Byklum took their son Wallace to Thief River Falls Wednesday to a local doctor for a foot injury. Through examination no bone was broken, however it was bruised badly bruised and he has to give it hot baths for a while.

Mr. and Mrs. Enos Whitson were Wednesday evening visitors at the Frank Johnson home.

Marland Johnson and Dewane England came to their respective homes for the weekend and over the holiday on Monday from the Crookston A. C.

How To Make Money With Grass

Pennington County farmers can make as much or more profit from raising legumes and grass than from corn, oats or other crops.

Instead of thinking in terms of bushels-per-acre, however, the grass farmer think of pounds-of-milk or pounds-of-meat per acre.

One Illinois dairy farmer, for instance, got $218 worth of milk per acre from his fertilized pasture. Another raised 470 lbs. of beef per acre.

Pasture experts say 150 "cow-days' per acre from pasture is about equal to 50 bu. of corn or 100 bu. of oats. And, they point out, land able to produce such crop yields can easily produce more than 150 cow-days of pasture a year if it's handled right.

It's well known, too, that nothing can beat grass or legumes for maintaining soil condition, moisture holding capacity, fertility, and reducing erosion. Every time a legume is plowed under, you generally harvest more bushels from your other crops.

But theres' science in grass farming as in everything else. An excellent new 16 page booklet just published by the Flax Development Committee, 700 Baker Building, Minneapolis, tells how to increase grass yields. Write for free copy.

E. J. MITCHELL

More Flax Needed

All signs point to an increased demand for flax next year, according to E. J. Mitchell of the Flax Development Committee.

For the third straight year the U. S. has had to draw on reserves as it failed to grow enough flax to supply its own needs. Reserves are now lowest in six years and the government predicts consumption of linseed oil and other flax products during the coming year will exceed last year's crop by 30%.

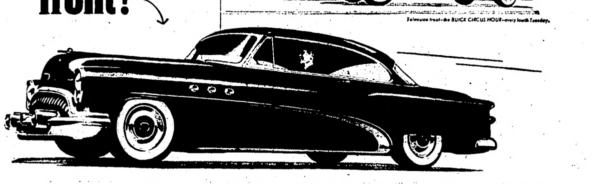
Television treat—the BUICK CIRCUS HOUR—every fourth Tuesday.



Look at you -way out front!
THE GREATEST BUICK IN 50 GREAT YEARS
The getaway of any 1953 Buick—Special, Super or Roadmaster—is, in one word, dazzling.
Two things account for this. First: increased horsepowers and compression ratios. Second: Buick's new Twin-Turbine Dynaflow Drive.*
In every Super and Roadmaster for 1953 is a new kind of V8 Engine—the first Fireball V8—and the world's most advanced V8, first in any passenger car to reach 8.5 to 1 compression. In every Special is a newly designed F-263 Fireball 8 Engine with the highest horsepower and compression ever offered in this Series.
To get fullest benefit from these brilliant engines, Buick engineers designed a new Dynaflow with two turbines instead of one.
Result: flash-fast getaway—less sound—and improved efficiency—added to the infinite smoothness of this power transfer. Getaway that brings the 1953 Buick Special up to 30 mph in fewer seconds than the mighty 1952 Roadmaster.
But these Golden Anniversary Buicks put you way ahead in more than time and distance.
You're way out front in style, in comfort, in ride, in handling ease—and, very definitely, in value.
We'd like to prove that to you—while you're sampling any one of the greatest Buicks in fifty great years. Why not drop in this week?
*Standard on Roadmaster, optional at extra cost on other Series.

SCARVES ADD COLOR

Pretty scarves not only add the spice of color to a wardrobe but they help to protect dress and coat collars from cosmetic and perspiration soil. To function properly, the scarf must, of course, be clean itself. Squeeze it often through rich, warm soapsuds and rinse thoroughly; roll in a towel; shake into shape; press with a warm iron while damp. It's flower-fresh, ready to be used again.

WATCH POSTURE

The first essential to healthy feet is an interest in the correct method of standing and walking. This will tend to increase the efficiency and lessen the fatigue of the average individual. In standing or walking the feet should point straight ahead of the body and be parallel to each other or slightly toed in.

10° Below IN AN IRON MINE
THE TEMPERATURE IS BELOW ZERO, but work is going on at this open-pit mine near Hibbing. Here, William Swift waits for an electric shovel to drop its load into his 8-ton capacity dumptor. The little truck is easily maneuverable in close quarters. Winter work like this is common all over Minnesota's iron ranges today. This year-round work assures steady jobs, steady income for the thousands of ore miners and their families—means benefits for all Minnesota. A fair deal for Minnesota's iron mining industry means a good deal for you.

By Mrs. Edwin Hanson, Rt. 2, city Phone [illegible]

J. Arthur Erickson lost his life on Saturday morning in a fire which destroyed the old homestead where he was living alone. Arthur was born in July 1883 and has spent most of his days on the place which was homesteaded by his parents, Mr. and Mrs. Karl J. Erickson and recently bought by Eugene Bondorf. The fire was noticed by Mrs. Edwin Hanson about 10 a. m. who immediately notified the neighbors who rushed to the scene but the fire was too advanced so it was impossible for them to enter the building. Funeral services were held Tuesday, Feb. 24 at St. Hilaire. He is survived by one sister Hilda at Thief River Falls and one brother, Rev. Chas. W. Erickson of Carlton, Minnesota. His parents and one sister preceded him in death. He will be sadly missed by his neighbors and friends. God Bless his memory.

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS, PENNINGTON COUNTY, MINN.

February 3, 1953.

Pursuant to Law, the Board of County Commissioners met at the office of the County Auditor at 10:00 A. M., February 3, 1953.

Members present: Anderson, Hanson, Lindberg, Olson and Tasa. None absent.

The minutes of the meeting of January 6 were read and approved as read.

Edwin Nelson et al with Mr. Chommie as Attorney appeared regarding drainage problems in Smiley and River Falls Townships. County Engineer was instructed to make survey of the various proposed corrections in drainage and to install floodgates which had been previously authorized by County Board. County Board to be advised further after survey is complete.

Commissioner Anderson offered the following Resolution and moved its adoption:

BE IT RESOLVED, that the Commissioner of Highways be and he hereby is authorized and requested to take such steps and perform such acts on behalf of the County of Pennington as may be necessary to have the construction and improvement of the roads hereinafter described properly approved by the Commissioner of Public Roads as a Federal Aid secondary project eligible for the expenditure of Federal funds thereon and eligible for present construction and the letting of a contract therefor.

Beginning at the intersection of State Aid Road No. 1, with State Aid Road No. 3 between Section 5, T152N, R43W, and Section 33, T153N, R43W, thence Westerly along State Aid Road No. 1 to the West boundary of Pennington County at the Southwest corner of Section 31, T153N, R43W, a distance of 2.23 miles and there terminating.

The foregoing resolution was seconded by Olson and carried.

Moved by Anderson seconded by Tasa that the following Resolution be adopted:

WHEREAS the County of Pennington and the County of Polk are both desirous that that part of the County line road lying between Bray Township in Pennington County and Belgium Township in Polk County be constructed as shown on the plans prepared by the Pennington County Highway Engineer from Engineer's Station 75-71 to 119-30.

NOW THEN BE IT RESOLVED, that the Chairman and the Auditor of Pennington County are hereby authorized and directed for and on behalf of said Pennington County to execute an agreement between the two Counties setting forth the conditions under which the construction of said road shall be done and paid for. A copy of which agreement was before the County Board assuming on behalf of said County all of the contractual obligations therein set forth.

Carried.

On motion by Anderson seconded by Lindberg the following Resolution was adopted:

WHEREAS, State Aid Road No. 1, is one of the most important and highly traveled roads in Pennington County, and

WHEREAS, due to its importance to traffic, especially heavy truck traffic, using it as a short cut between Trunk Highway No. 75 and Trunk Highway Nos. 32 and 59, the County Board of Pennington County passed a Resolution requesting the Commissioner of Highways to take proper steps to have the Federal Aid Secondary Route extended on State Aid Road No. 1 to the West Boundary of Pennington County, and

WHEREAS, the last 2.23 Miles of State Aid Road No. 1 is in very poor condition, trucks and cars are being stuck along this stretch of road during the Spring breakups and wet seasons and

WHEREAS, the maintenance on this portion of State Aid Road No. 1 is unusually high due to its poor and low grade, which should be graded up and graveled soon as possible, and

WHEREAS, the estimated cost of grading and graveling the above mentioned 2.23 Miles is $18,000.00, and

WHEREAS, due to the poor financial condition of Pennington County the County cannot undertake to let a contract for the grading and graveling of this 2.23 Miles of State Aid Road No. 1, without special assistance from the State.

NOW THEREFORE BE IT RESOLVED: that the Board of County Commissioners of Pennington County do hereby respectfully request the Commissioner of Highways and the State Allotment Board for a special grant of $5,000.00, to assist Pennington County in matching F. A. S. funds for the grading and graveling of State Aid Road No. 1, from the intersection with State Aid Road No. 3, between Section 5, T152N, R43W, and Section 33 T153N, R43W, to the West boundary of Pennington County, at the Southwest Corner of Section 31, T153N, R43W, a distance of 2.23 Miles.

Carried.

On motion by Tasa seconded by Anderson the following Resolution was adopted:

WHEREAS, State Aid Road No. 1, which is on the Federal Aid Secondary Route, is one of the most important and traveled County Roads in Pennington County, and

WHEREAS, 10.0 Miles of State Aid Road No. 1 have been graded to higher standard in 1952. It is desirable to place a gravel wearing course on a new grade the year following the grading operations, and

WHEREAS, the estimated cost to place a gravel wearing course on the above mentioned 10.0 miles of new grade is $17,000.00, and

WHEREAS, Pennington County was compelled, last Fall due to lack of funds, to delay final payments on F. A. S. Projects completed last year, and also on County work and culverts, the County obligations of which amounts to $47,300.00 to be paid from the County 1953 income,

WHEREAS, in view of the above mentioned County obligations and in addition the necessary regular Maintenance of County Roads and the long delayed regraveling needed on many of our roads, it would be difficult for the County to gravel surface the 10.0 miles of new grade on State Aid Road No. 1, without assistance from the state.

NOW THEREFORE BE IT RESOLVED: that the Board of County Commissioners of Pennington County respectfully request the Commissioner of Highways and the State Allotment Board for an additional Special grant of $3000.00 to assist in matching F. A. S. funds for the graveling of State Aid Road No. 1, from the Southwest Corner of Section 31, T153N, R41W, to the Southeast corner of Section 24, T153N, R40W, a distance of 10.0 miles.

Carried.

On motion by Olson seconded by Lindberg the following Resolution was adopted:

WHEREAS, due to the development of the Municipal Airport of the City of Thief River Falls, Minn. located 2.0 miles South of the City limits on State Aid Road No. 2, which is a designated Federal Aid Secondary Route, and

WHEREAS, State Aid Road No. 2, is in need of regrading and resurfacing. On the basis of the present traffic, plus the increase that may be expected from the regular operation of the Municipal Airport, a road of the Intermediate type will be required for economical transportation.

WHEREAS, the estimated cost of grading the 6.0 miles of State Aid Road No. 2 planned to serve the Municipal Airport is $60,000.00, and

WHEREAS, due to the heavy demand by the Public for regraveling County Roads left bare after the 1950 and 1952 floods, in addition to the large amount of unpaid Contracts carried over from 1952 for lack of funds, Pennington County will not be able to let a contract for the grading of State Aid Road No. 2, without additional assistance from the State.

NOW THEREFORE BE IT RESOLVED: That the Board of County Commissioners of Pennington County respectfully request the Commissioner of Highways and the State Allotment Board for an additional Special grant of $10,000.00 to assist Pennington County in matching F. A. S. funds for the Construction of grading State Aid Road No. 2, from the Northwest Corner of Section 3, T153N, R43W, to the Southwest Corner of Section 34, T153N, R43W, a distance of 6.0 miles.

Carried.

On motion by Tasa seconded by Lindberg the following Resolution was adopted:

WHEREAS, the County of Pennington appointed the Commissioner of Highways its agent to let a contract for the construction of a portion of State Aid Road No. 2 under Contract No. Agree-C309 and,

WHEREAS, said, Contract No. Agree-C309 has in all things been completed and the County Board being fully advised in the premises,

NOW THEN BE IT RESOLVED: That the Commissioner of Highways be and he hereby is advised that the work under said contract has been performed and completed in an acceptable manner, that the final estimate now prepared for said work is true, just and proper.

BE IT FURTHER RESOLVED that the Commissioner of Highways be and he is hereby requested for and on behalf of the County to accept said work and pay said final estimate.

Carried.

On motion by Lindberg seconded by Olson the following Resolution was adopted:

WHEREAS, the County of Pennington appointed the Commissioner of Highways its agent to let a contract for the construction of a portion of State Aid Road No. 1 under contract No. 7230 and,

WHEREAS, said Contract No. 7230 has in all things been completed and the County Board being fully advised in the premises,

NOW THEN BE IT RESOLVED: That the Commissioner of Highways be and he is hereby advised that the work under said contract has been performed and completed in an acceptable manner, that the final estimate now prepared for said work is true, just and proper.

BE IT FURTHER RESOLVED that the Commissioner of Highways be and he hereby is requested for and on behalf of the County to accept said work and pay said final estimate.

Carried.

On motion by Tasa seconded by Anderson the following Resolution was adopted:

WHEREAS, the County of Pennington appointed the Commissioner of Highways its agent to let a contract for the construction of a portion of State Aid Road No. 1 under contract No. 6834 and,

WHEREAS, said contract No. 6834 has in all things been completed and the County Board being fully advised in the premises,

NOW THEN BE IT RESOLVED: That the Commissioner of Highways be and he hereby is advised that the work under said Contract has been performed and completed in an acceptable manner, that the final estimate now prepared for said work is true, just and proper.

BE IT THEREFORE RESOLVED, that the Commissioner of Highways be and he hereby is requested for and on behalf of the County to accept said work and pay said final estimate.

Carried.

On motion by Tasa seconded by Lindberg the following Resolution was adopted:

WHEREAS, the County of Pennington appointed the Commissioner of Highways its agent to let a contract for the construction of a portion of State Aid Road No. 1 under contract No. 6782 and,

WHEREAS, said contract No. 6782 has in all things been completed and the County Board being fully advised in the premises,

NOW THEN BE IT RESOLVED: That the Commissioner of Highways be and he hereby is advised that the work under said contract has been performed and completed in an acceptable manner, that the final estimate now prepared for said work is true, just and proper.

BE IT FURTHER RESOLVED that the Commissioner of Highways be and he hereby is requested for and on behalf of the County to accept said work and pay said final estimate.

Carried.

Moved by Olson seconded by Lindberg that:

WHEREAS, bids have been called for and received for the publishing of the proceedings of the County Board of Pennington County, Minnesota for the year 1953, and the financial statement and other proceedings and publications and printed matter of the County during the year 1953, and

WHEREAS, the bid of the Thief River Falls Times, Inc. which has been submitted in writing and is now on file in the office of the County Auditor, is the lowest and only bid received,

NOW THEREFORE BE IT RESOLVED, that the Bid of the Thief River Falls Times, Inc. which is now on file, be and the same is hereby accepted as submitted, and,

BE IT FURTHER RESOLVED, that the Thief River Falls Times, Inc. be and the same is hereby designated as the official newspaper of Pennington County for the year 1953 wherein shall be published all of the official proceedings, financial statement and other notices and official matter of the County requiring publication, and

BE IT FURTHER RESOLVED, that the Bond of the Thief River Falls Times, Inc. for the performance of said bid and contract for the year 1953, be and the same is hereby set at the sum of $2000.00 for the printing of the official proceedings, financial statement, and other notices and matters requiring publication, and the Bond set at the sum of $1000.00 for the printing of the Delinquent tax list, and

BE IT FURTHER RESOLVED, that the Chairman of the County Board and the County Auditor of Pennington County be and they are hereby authorized and directed to enter into contract with the Thief River Falls Times, Inc. pursuant to written bid now on file in the office of the County Auditor and pursuant to this Resolution. Carried.

Application of Taxeraas Implement Co. for reduction of Assessed valuation of Motor Vehicles from $806 to $[illegible] or reduction of $405, was read and approved.

Application for Homestead classification on Real Estate by Frank Lull read and approved. Homestead application of Andrew R. Torgerson, Reiner Twp. read and approved.

On motion by Lindberg seconded by Olson, application by Dr. Borreson for transfer and subsequent surgery for Mrs. Emil Sabo read and approval given for the Statutory County's one-half of costs to be incurred.

Carried.

Moved by Olson seconded by Anderson that the County Treasurer be granted $[illegible] additional clerk hire for the year 1953.

Commissioner Don Olson introduced the following resolution and moved its adoption:

BE IT RESOLVED by the Board of County Commissioners of Pennington County, as follows: Sec. 1. It is hereby determined and declared that it is necessary and expedient and to the best interests of the said county to incur debt and borrow money for the purpose of erecting a suitable courthouse in and for said county at the county seat thereof, and that for said purpose said county board will need to issue bonds therefor. It is estimated by this county board that the cost of such erection and furnishing a courthouse will be not less than $295,000, and it is hereby determined and declared necessary to issue bonds in the principal sum of $295,000 therefor, as provided by the Constitution and Laws of the State of Minnesota. Sec. 2. For the purpose of submitting the question of issuing such bonds to the voters of this county for the purpose of erecting and furnishing a suitable courthouse in and for said county at the county seat there be and there is hereby ordered to be held and there is hereby called a special election to be held on Monday the 16th day of March, 1953, at the several polling places located in the election precincts of this county. Week's Events in Newfolden

Edith M. Lindbeck, Newfolden

Mrs. Edwin Nelson left for Baudette a week ago Sunday to visit relatives and help take care of her mother, Mrs. Anton Borgen, who was ill. Edwin and Duane went to Baudette to get her on Saturday. Mrs. Borgen returned home with them to spend a few weeks. Mrs. Nelson's sister, Mrs. Anna Lombard, had been taking care of Mrs. Borgen but came down with the flu, and was ordered to take a month's rest, so she is spending some time in Faribault with her sister and brother-in-law, Mr. and Mrs. Ingvald Lee, who are both well known in this community.

Saturday visitors at the home of Mr. and Mrs. George Anderson of Thief River Falls were Mr. and Mrs. John Doran, Rodney, Joann and Myrna. The occasion was Mrs. Anderson's birthday.

Mr. and Mrs. John Doran and children were Sunday dinner guests at the home of Mr. and Mrs. Elmer Doran of Greenbush. Other vistors there that day were Mr. and Mrs. George Anderson and Mr. and Mrs. Lynn Miller and family of Thief River Falls.

Mrs. Andy Bakke visited with Andrew Bakke at the home of Mr. and Mrs. Alfred Bakke in Thief River Falls.

Mrs. Alma Bring, who recently underwent surgery, is spending some time at the home of Mr. and Mrs. Oscar Oswald, while she is recuperating. At this writing she has improved quite a lot.

Mrs. Laddie Zahradka and Mrs. 'Bud' Mitchell of Hoople, N. D. were weekend guests at the home of Mr. and Mrs. Stuart Sethre. They also visited at the home of Mr. and Mrs. M. H. Johnson and at the home of Mr. and Mrs. Ralph Hanson.

Mrs. E. K. Sethre spent the week in Thief River Falls, Pelican Rapids and Detroit Lakes visiting relatives and friends.

The Grand Forks Legion team will play against the Newfolden Independents at Newfolden Monday, March 2 at 8 p. m.

Mr. and Mrs. Claude Franke and children of Greenbush were Sunday dinner guests at the home of Mr. and Mrs. Irv Tvedt.

Mrs. Lowell Anderson entertained a group of young friends of her small daughter, Connie, on Monday afternoon. The occasion was Connie's fourth birthday.

Kenny Hanson and his fiancee, Miss Doris Michaelis, both of Brainerd, spent the weekend visiting his parents, Mr. and Mrs. Hans Hanson and other friends and relatives in the vicinity.

Mr. and Mrs. Bill Strand, Sr., John and Jim spent the weekend visiting Mr. and Mrs. Bill Strand, Jr. at Mahnomen.

Mr. and Mrs. Art Nelson (nee Pearl Tvedt) are the parents of a baby daughter, Kathleen Diane, born Feb. 11. The Nelson's live in Pocatello, Idaho.

LaVonne Simonson and Lila Foss of Strandquist were Friday visitors at the high school. They were supper guests at the home of Mr. and Mrs. George Lindbeck and attended the Strandquist-Newfolden basketball game in the evening.

Mr. Orville Peter of Viking was a Friday afternoon visitor at the home of Mr. and Mrs. George Lindbeck.

Mr. and Mrs. Irwin Haugen were Saturday callers in Thief River Falls where Mr. Haugen attended the Wool Growers Association meeting along with other members of the Veterans Agriculture class and Mrs. Haugen consulted a doctor. Sylvia Lindbeck took care of the children spending Friday night and Saturday at the Haugen home.

Mr. and Mrs. Ray Sourdiff were Thief River Falls callers on Saturday.

Sunday visitors at the home of Mr. and Mrs. George Lindbeck were Gene Shern, Ronnie Alby, Sherman Robison, and Mr. and Mrs. Ray Sourdiff and children.

Mr and Mrs. Provencer Berg and baby daughter spent the weekend visiting relatives and friends in the vicinity. Mr. Berg is working in a factory in the cities.

Mr. George Lindbeck and Mr. Ray Sourdiff were Sunday afternoon callers at the home of Mr. and Mrs. James Dahlberg.

Mr. Chester Nelson was taken ill on Saturday and at this writing it is not sure what the trouble is. He seems to be partly paralyzed and the doctor was unable to say if it was a stroke or the after effects of the flu.

Bonnie Hodik, young daughter of Mr. and Mrs. Albert Hodik, was taken ill this weekend and it is feared the child might have rheumatic fever. We certainly hope not.

Among those who atended the Wool Growers association meeting in Thief River Falls on Saturday were Mr. Wally Johnson and Mr. Carl Gustafson.

Before returning home they were served lunch at the Banner school house.

Mr. and Mrs. R. W. Hanson of Grafton, North Dakota were overnight guests at the Caster Moe home last Monday. That evening they attended the Boy Scout Court of Honor at the Trinity Church parish education building with the Moe's.

Ingvald and Clarence Moe of Bradley, South Dakota spent from Monday to Thursday of last week visiting their brother, Caster Moe and family.

Anne Horachek and Tom Mutnansky of Goodridge visited on Sunday afternoon at the home of Mr. and Mrs. Caster Moe.

Many farmers from our community attended the tour of Strickler Brothers' farm near Angus on Wednesday afternoon.

Mr. and Mrs. Clifford Carlson of Duluth visted from Wednesday evening to Friday morning with the latter's parents, Mr. and hood.

Mr. and Mrs. Clebert Molstad, Mrs. H. B. Halvorson, and with other relatives in this neighbor- Earl and Linda, and Mr. and Mrs. Morris Halvorson and daughter Renae helped Debra Sue Halvorson celebrate her third birthday last Sunday afternoon. In the evening Mr. and Mrs. Alvin Larson of Thief River Falls came to wish her a happy birthday.

On account of the Crookston Winter Shows sheduled for this week the Steiner Community Club, will be postponed until Mar. 6th.

Mr. and Mrs. Caster Moe entertained on Saturday evening the following: Mr. and Mrs. Vernon Malberg and Arleen, Mr. and Mrs. Alfred Solem and family, James and Dorothy Muzzy, Philip and Carol Jacquette. The young folks enjoyed skating. Mrs. Moe served a delicious lunch including barbecues.

Alfred Solem, Odin Hanson, Carl Beiswenger, Arnt Wedul and Carl Spong of Fargo attended a Board of Directors meeting of the Central Livestock Association at the home of the secretary, Christ Nelson, of Thief River Falls. The annual meeting has been tentatively set for March 13th at the Legion Club Rooms.

We extend congratulations to the Pennington County 4-H General Livestock Judging Team, who received the plaque for winning first place at the Crookston Winter Shows. These boys were all from the Steiner 4-H Club, namely, Jerry Hunt, Arlen and Roger Solem and Orland Omlid. The Pennington County Dairy Judging team consisting of Jerry Vatsaas, Richard Burtness, Dale Svensgaard and Harlan Hanson, placed second. Much credit is due their coach, Ray Mitteness.

Congratulations to Mr. and Mrs. Morris Halvorson, who are the parents of a 9-lb. 5¾-oz. baby girl born Monday evening, February 23.

YARD TO A PAIR

The average pair of men's shoes requires a yard of welt. If all the welting used annually was placed in a single ribbon around the equator, it would circle the earth nearly three times, or a total of nearly seventy-one thousand miles.

TIES REFLECT "NEW LOOK" IN CLOTHES

The new seasons' neckwear echoes the slim new fashions and men's ties are narrower. The trend away from the flamboyant designs of yesteryear continues. There is strong interest in ties featuring a single motif directly under the knot.

Striped reps continue in favor. Patterns on the slimmer ties have a clean, crisp look, sometimes traveling up the tie to enhance the vertical look.

The average depth of coal mine shafts in America is 180 feet, while the average in British coal mines is 1,170 feet.

LIVEWEIGHT TRACTION

gives farming a real boost!

When your field work calls for more real pull, liveweight traction will see you through.

The hydraulic TRACTION BOOSTER in the CA and WD Tractors changes deadweight to liveweight. Weight of both tractor and implement is automatically shifted to bear down on drive wheels when soil is stubborn and tillage is tough.

The hydraulic TRACTION BOOSTER reduces wheel slippage — enables the CA and WD to do drawbar jobs that normally would require heavier tractors.

Stop in and let us show you how it works.

Voters of North and Rocksbury Townships

At the annual meeting March 10th the voters of the Townships of Rocksbury and North will vote on whether or not they want to purchase a rural fire truck.

According to the proposed contract between the Townships and the City this truck would be equipped with hose, ladders, extinguishers, etc. by the City at a cost of about $3,000. The City would also make repairs and maintain the truck and equipment for the life of the truck, which is estimated to be about 20 years, providing it could be used in the City when not needed in the Townships. The City would also man the truck.

The cost of a two ton fire truck and pumps with a 500 or 600 gal. water tank would be not over $8,000, the cost to be shared equally by the two Townships. This initial cost would be the last for the life of the truck.

For the past several years the City has made attempts to get the Fire Underwriters Inspection Bureau to lower insurance rates in the City. The Bureau tells them this would be impossible because the fire department has been answering fire calls out of the City, and it was felt that the City did not own enough equipment to go out of the City. The Inspection Bureau indicated that if the Townships wanted fire protection that they should endeavor to buy a fire truck and leave the City firemen answer calls out of the City with this truck. They also add that the type equipment now owned by the City is inadequate for rural fires due to the small quantity of water carried, pumps that freeze too easily, etc.

Following is the proposed contract between the City and the Townships of Rocksbury and North:

THIS AGREEMENT, MADE and entered into this .... day of........A. D. 19....., by and between the City of Thief River Falls, State of Minnesota, party of the first part, hereinafter referred to as "City" and the Townships of North and Rocksbury County of Pennington, State of Minnesota, party of the second part, hereinafter referred to as "Towns" both municipal corporations of said state.

Witnesseth. The said City agrees to furnish fire service and protection to the property in said Towns for the compensation and on the considerations and conditions set forth, and the said City further agrees that its firemen will make a reasonable effort to respond and attend such fires; provided however.

That in responding to fire calls in said Towns the fire department of said City will use the fire apparatus furnished by said Towns for such purposes, or if this apparatus is out of commission, then any available apparatus belonging to the City will be used.

That in the event of two fire calls from said Towns, the first shall have priority, and the second call shall be answered as soon as possible. That road conditions and weather conditions must be such that the fire run can be made with reasonable safety to men and apparatus, and the judgement of the fire chief of said City or other officer in charge of the fire department shall be final in such matter.

That said City shall not be held liable in any way to the said Towns or any inhabitant or property owner thereof, or to any other person or firm or corporation for failure of said City fire department to respond to and attend a fire in said Towns, or to put out a fire, for damage to goods or for any other cause.

Said City further agrees:

To house without charge the fire apparatus furnished for such use by said Town, equip with hose and all other equipment deemed necessary and to carry liability and property damage insurance as is carried on the apparatus owned by the City. To make no claims against said Towns for damage or compensation claims arising from personal injuries of said City while in the fire service of said Towns, but to carry insurance to protect itself against such liability, and to save both parties harmless so far as the negligent acts if the firemen of said City are concerned, and not otherwise.

The said Towns agrees:

To purchase and deliver to said City for housing and use as herein provided such motor driven fire truck and portable pumper. This apparatus to remain the property of said Towns.

That the supervision and control of the fire department shall be and remain in the governing body of the City.

That said Towns will pay to said City for the services of such fire department at fires the sum of $20.00 for each hour or part thereof and $10.00 for each succeeding hour or part thereof. This money to compensate the members of the fire department and to supplement their Relief Association. The total amounts to be billed the Towns semi-annually by the City Clerk and turned over to the Treasurer of the Relief Association of the fire department.

That said Towns consent to the use of said fire truck and portable pump at City fires when not called to the service of said Towns, such Towns calls always to have priority, the City agreeing to pay for replacement of parts and all repairs in apparatus due to damage or breakage while in the fire service of the City or Towns.

That said Towns further agree to make sufficient levy for Towns purposes to pay for said fire truck and portable pump and compensation of City firemen as herein provided.

It is further agreed by and between the said parties that this contract shall not be binding upon either party until Towns supervisors shall have regularly adopted said agreement in resolution form, shall have entered such resoution on its records of proceedings and shall have certified a true copy to the city clerk nor until the governing body of said City shall have passed a resolution embodying the terms of this contract, shall have made it effective by publication according to law, and shall have certified a true copy to said clerk of said Towns.

This contract shall be and remain in force for a term beginning on the .... day of.............19..... and ending on the ....day of..............19......

This contract is made in duplicate and signed on behalf of said Towns by its supervisors and attest by the Towns Clerks.

Witness the signatures of said officers this..........day of..............A. D. 19.....

R. L. Falls Opposes TRF Plan for Annual Municipal Election

Red Lake Falls citizens are definitely uninterested in changing the city charter to provide for annual instead of biennial municipal elections, as proposed by the Thief River Falls Civic and Commerce Association.

This was made evident February 16 when only a handful of voters attended the mass meeting called by the Red Lake Falls mayor and the city council, and when a vote was taken it was unanimous in favor of leaving city elections just the way they are, says the Gazette of that city.

The meeting was called to order by President George A. Thibert of the city council. Mayor Carsten Mead presided as chairman. He introduced Mayor Earl L. Enright and City Attorney Edgar Masse of East Grand Forks, who were present to explain East Grand Forks' attitude in regard to the change.

East Grand Forks, Red Lake Falls, Thief River Falls, Cloquet and Melrose are the only five Minnesota cities which are organized under the Act of 1895 and any legislative change affecting one of these cities affects all of them.

Mayor Enright said that the people of East Grand Forks were definitely opposed to annual municipal elections not only on account of the expenses which ran around $1,000 but because of the strain. He said he could not see that the benefit of the proposed change of staggering the terms of the aldermen would warrant the change.

Looking back over city elections for the past 25 years in East Grand Forks he said there never had been a time when all the aldermen were turned out of office at one time and that there was always some one left with sufficient experience to effect an orderly organization of government.

City Attorney Masse reiterated the objections raised by Mayor Enright and said that there had always been three or four aldermen re-elected in East Grand Forks at every biennial election. The people of his city were opposed to subjecting responsible people to the stress and strain and expense of annual elections.

George W. Christie, Sr. said the experience in Red Lake Falls the past 36 years showed no crying need of a change in annual elections but that if one were made municipal elections should be kept separate from state and national elections.

Carl A. Rankel said he saw no reason why Red Lake Falls should advocate annual elections. City Attorney J. A. Harren called attention to the fact that if the proposed change were made permissive instead of mandatory that the council might be unjustly blamed for not changing to annual elections.

Mayor Mead invited all present to express their opinions and when all who wished to talk had been heard he called for a vote which was unanimous for leaving the charter as it is and the council went into session for the purpose of passing a resolution asking Senator Wm. E. Dahlquist and Representatives Walter E. Day and Coya Knutson to oppose any change in the Act of 1895.

Mud Lake Refuge Offers to Show Movies to Groups

Have Exhibited Films to 57 Groups Past Year; Preparing New Movies

The Mud Lake Refuge colored movies have been shown to date to 57 groups, whose audience totaled 10,924 individuals.

Showings were commenced in March of 1952, and included grade schools, high schools, college students, sportsmen's clubs, 4-H clubs, PTA, and a variety of civic organizations.

New pictures are being taken as opportunities arise, and a revised film will be available by late 1953, or the winter of 1954.

In the meantime a series of colored slides has been gradually built up, and these will be available for showings sometime in April of this year. Altho there will be some duplication of scenes which are included in the refuge movie, there will be a number of entirely new pictures which should prove of interest to the general public.

Showings will be made free of charge to any organized club, group, or school. A 35mm projector and screen must be provided by the group wishing to see the slides.

Some one of the refuge personnel will show the slides and give short explanatory remarks concerning the various scenes.

Arrangements should be made well in advance of the desired date, and all inquiries should be addressed to the Mud Lake National Wildlife Refuge at Holt.

Save Your Vision Week to Be Noted March 1 thru 7th

The twenty-seventh annual Save Your Vision Week will be observed March 1 to 7, according to Dr. Harold L. Carlson, Mankato, president of the Minnesota Optometric association, which will sponsor the observance in this state.

Cooperating with the optometrists in celebration of the week will be the Minnesota Jaycees again this year and Arnold E. Paulson, president, Granite Falls, says that in many talks scheduled by his members before civic groups during the week, emphasis will be placed on the prevention of eyesight problems. Attenders at the meeting will be offered literature on the means of conserving and improving vision according to Paulson.

"Vision is our most precious sense, and neglect is the primary cause of blindness or impairment of vision," Dr. Carlson said. "By a better understanding of eye care, and of lighting, and other factors affecting vision, many eyesight problems could be avoided."

Spearing of Carp Banned This Year

Spearing of carp in Minnesota waters will not be permitted this year, according to rough fish spearing regulations announced by Game and Fish Director, Frank D. Blair.

Pointing out that there has been no closed season on carp spearing since 1949, Blair said that too much damage has been done to game fish during the spring run in April which is not compensated for by the amount of carp taken by the spearers. "Those who enjoy carp spearing spoiled it for themselves," Blair said.

Suckers, redhorse and bullheads may be taken by spearing for domestic use only from May 1 to May 31 in all inland streams except where taking of fish in specified waters is otherwise prohibited by law.

Propose Study of Roads and Streets

Bill Introduced Into Minnesota Legislature

An impartial survey of Minnesota's road and street problems at all levels of government—township, county, city, state—is being sponsored in the current legislative session by the Minnesota Highway Users Conference.

A bill providing for the study was introduced in the senate February 17 by Senators A. O. Sletvold, Detroit Lakes; Norman Larson, Ada, and Archie Miller, Hopkins. A similar bill will be introduced in the House.

The measure would set up a Minnesota highway study committee of 21 members composed of three each from the house and senate; 14 citizens representing all highway user groups including farm organizations, industry, automobile, bus and truck owners, resort operators, petroleum interests, and one representative each from county, town, and municipal organizations. The state highway commissioner would serve as an ex-officio member.

The study committe would be required to hold public hearings throughout the state to determine present and future traffic needs and recommend an equitable method of financing a long range program of improvement that will serve the best interests of both rural and municipal population.

Sponsors pointed out that until such needs are determined it will be impossible for either the legislature or the public to vote intelligently on recommendations for changing existing allocations of highway user revenues to the various units of government.

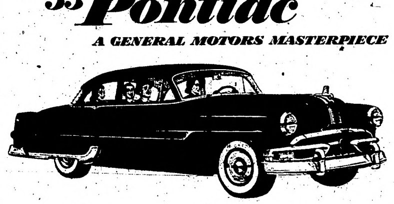
DOLLAR FOR DOLLAR YOU CAN'T BEAT A

'53 Pontiac

A GENERAL MOTORS MASTERPIECE



Solid Choice of Solid Citizens!

In its distinctive beauty, its size and comfort, its interior luxury and its all-around performance, Pontiac ranks high among America's quality cars—yet it's priced just above the lowest!

Thus Pontiac has an almost irresistible appeal to people who find it wise to keep their automobile investment at a minimum—without sacrificing quality. It is this unique combination of goodness and price which makes Pontiac the solid choice of those solid citizens who are money wise and quality conscious.

The reasons for this preference were never more obvious than in the 1953 Pontiac. But more important, it carries on Pontiac's tradition of long life and carefree, economical dependability.

Come in and see how this great new car offers wonderful proof that "Dollar for Dollar You Can't Beat a Pontiac."

try Cottage Cheese ham rolls

You can fix amazing new dishes . . . in 14 minutes with Cottage Cheese

Here's a quick dinner-table dish to antikipate and remember. And it's so easy to make Cottage Cheese Ham Rolls. Just cook 2 tablespoons chopped onion in hot fat until tender. Mix together with 1½ cups cottage cheese, 1 teaspoon salt, ¼ teaspoon pepper, 2 teaspoons prepared mustard, ⅓ cup bread crumbs, ⅓ cup of milk. Spread over boiled ham slices (enough for 8); roll up and secure with toothpicks. Place rolls on broiler pan; brush with ½ cup melted jelly (your favorite flavor) and broil until rolls are nicely glazed and warmed through. Good? . . . They're terrific!

TIP FROM FRANCE

Take a tip from the smartly dressed French woman, who regards her handkerchiefs as an important part of her accessory wardrobe. Often using two or more hankies to accent a costume she poses one at the belt, in the pocket or at the neckline, always keeping one in her handbag for a fresh, well groomed touch.

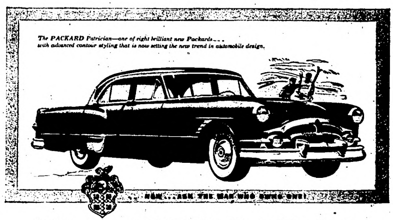
INTRODUCING . . .
America's New Choice In Fine Cars



The PACKARD Patrician—one of eight brilliant new Packards . . . with advanced contour styling that is now setting the new trend in automobile design.

NOW . . . ASK THE MAN WHO OWNS ONE!

PACKARD
Now Setting the New Trend in Automotive Design

NOW YOU HAVE a new choice in fine cars—today's truly distinctive new Packard—from the company that introduced quality to motordom 54 years ago!

PACKARD, the great name which has in years past distinguished three out of every five luxury cars, again represents the finest built, easiest handling and most distinctively styled cars you can drive.

In the new Packard Patrician, Cavalier, Mayfair, Convertible and custom-built models, yesterday's traditions of craftsmanship meet tomorrow's advanced engineering. This combination brings you everything you have desired in motoring comfort, convenience and pleasure—and probably much you didn't dream possible. The incredible smoothness of the famous Packard ride, for example . . . or the hush of Packard's high compression eight when "loafing" at sixty.

With more power than you will ever use . . . and with the amazing ease of Packard Power Steering, Packard Power Brakes—proved in more than a year of actual use—and the industry's finest no-shift drive . . . today's new Packards are engineered and precision-built to outperform all others!

If you want a really distinctive car, and want it now, see the luxurious new Packards . . . America's new choice in fine cars.

NEW! The Packard CLIPPER—another great Packard line. If you plan to buy a car in the $2500 price class be sure to see and drive the new Packard CLIPPER and compare it with other medium-priced cars. Surprisingly enough the CLIPPER costs only a few hundred dollars more than cars in the lowest-price field. Here's your opportunity to own a really fine automobile.

Mrs. Holger Hougard and Mrs. Otto Paulson called on Mrs. Lang Gund and Mrs. Ella Thun and Mrs. Bill Hanson on Wednesday. In the afternoon the Mmes. Hougard, Paulson, Thun, and Hanson went over to the Bethesda church for lunch.

Miss Melvina Peterson of Stephen visited with Mr. and Mrs. Ed Carlson on Monday.

Mr. and Mrs. George Wikstrom and family and Donovan, Richard and Douglas Wikstrom were Sunday afternoon and lunch guests at the Oscar Johnson home. Gweny had spent Saturday afternoon and Sunday there.

"Marvin At the Bench"

This is what you will see when you look into the window of the jewelry store in Karlstad, a little man, busy at his work, insistently repairing watches, never tiring of his work. This little man was created and carved by the jeweler, Carl Wikstrom, a masterpiece of handiwork, operated by a clock movement, which has been regulated to correspond with the movements of the man. Carl calls him "Marvin at the Bench" in honor of Marvin Larson, the young fellow who meets you across the counter every day at the jewelry store. Mrs. Warde of Strandquist tailored "Marvin's" clothes.

Mrs. Bill Warde attended the homemakers club at the Art Anderson home on Friday afternoon. The lesson during the afternoon was how to make or decorate ornaments, bags, vases, etc. from twisted crepe paper. This lesson was demonstrated by Mrs. Warde.

Mr. and Mrs. Bill Warde, accompanied by Frank and Tony Hodik of Strathcona, motored to Roseau on Sunday to see their father, Anton Hodik, who is confined in the hospital after an accident he had on his farm on Saturday afternoon. He fell off the sleigh, pulled by a team of horses as they were getting ready to pull their car out and hurt his chest and shoulder, also bruising his forehead.

KRATKA . . .

By Mrs. Alvin Burstad, Phone [illegible]

A week ago Friday evening dinner guests at the Albert D. Hanson home were Mrs. Judith Fast and Grayce Hafdahl of T. R. Falls, Audrey Hanson and Pauline Hanson of Bemidji.

Ralph Hanson attended the game between the Prowlers and Crookston Friday evening. Saturday Ralph Hanson accompanied Milton Hanson to Fargo where they visited and attended the game Saturday night.

Mr. and Mrs. Floryan Szymanski were Sunday afternoon visitors at the Sigurd Sigurdson home at Highlanding. Mr. and Mrs. Bill Rehm of Goodridge and Mr. and Mrs. S. S. Nelson of Smiley were also there.

Mr. and Mrs. Ed Rustan (nee Doloris Sigurdson) are vacationing in Florida.

Milton Burstad spent Sunday afternoon and evening with Gene and Jerry Magnan.

The boys left Monday evening for Minneapolis where they will undergo physicals for enlistment in the paratroopers. Jerald Sanders name was omitted from last week's news. He accompanied Bob Peterson and Ben Szymanski in a three piece orchestra last Tuesday evening when they played for a farewell party dance for the Magnan boys at Smiley Hall.

The Albert D. Hanson's spent Sunday at the Albert Balwin home in Thief River Falls.

Announcements have been received of the marriage of Mildred Brelland to Paul Hartlehen at the Little Brown Church in the Vale, Nashua, Iowa, Feb. 14. They are at home on St. Paul. Congratulations!

Mr. and Mrs. Floryan Szymanski visted Monday at the Emil Singer home. Mrs. Nick Luketich of Chicago had brought Aunty Radick back from Chicago. She had been visiting there since Christmas.

Mr. and Mrs. Elwood Anderson and Ellen of Minneapolis visited Monday evening at the Melvin Longavan home. She is the former Signe Angell, a sister of Mrs. Rudolph Hanson of Smiley.

Mrs. A. D. Hanson and Ralph accompanied Grayce Hafdahl to Alexandria over the week-end where they visited with Arthur and Willard Hafdahl's. Sunday afternoon they all attended a ski tournament at Glenwood.

Mrs. O. J. Peterson spent some time visting Mr. and Mrs. Ole Hafdahl at the home of Mr. and Mrs. Victor Martin in California.

A progressive whist party will be held Saturday evening, Feb. 28th at the Hafdahl School, Dist. No. 11 at 9:00 o'clock. A "pot-luck" lunch will be served. Everyone is welcome!

Mr. and Mrs. Alvin Burstad and Mila and Mr. and Mrs. Thad Szymanski and family of Mavie were Sunday afternoon callers at the Ben Szymanski home.

Due to Farm Crop Shows at Crookston the Kratka 4-H Club is postponed until March 6. Please remember the change of time.

Coke Production

Beehive coke ovens, which produce coke exclusively, consumed more than 10 million tons of bituminous coal in 1951, whereas metallurgical ovens in which the valuable gases and coal tars are captured, used 10 times as much.

WDAY Announces Television Plans

Broadcast of Programs Slated to Start in May

E. C. Reineke, president of Radio Station WDAY, Fargo announced that WDAY-TV plans to start telecasting programs as early as possible in May of this year. Test pattern service will probably precede actual commercial programming by about 2 or 3 weeks.

The proposed May date for television was in part made possible through the acquisition by WDAY of the former KVNJ tower, building and land located about 2½ miles south of Fargo between Highway 81 and the Red river. The transaction is subject to Federal Communication Commission approval and was made with S. W. Corwin who acquired the property from the North Dakota Broadcasting company.

The tower will enable WDAY to telecast on channel six from a height of about 440 feet. Effective radiated power will start at 13,000 watts and will later be increased to 65,000 watts. The coverage pattern will provide a good signal for a radius of more than 42 miles and this will be enlarged to more than 88 miles by full power. It is likely that a strong signal strength at more distant points will not be determined until after the test pattern is in operation.

A schedule of commercial and sustaining programs will be telecast right at the beginning according to Tom Barnes, manager of WDAY-TV. Barnes said these will include network kinescopes of some of the top-rated programs as well as many up-to-date film programs together with locally produced live programs which will include news.

The hours of telecasting have not yet been definitely established but Barnes believes that most of the early schedule will be run in the late afternoon and evening and increased as rapidly as possible.

Better Eating for Consumers Today, Authorities Say

The average Minnesotan—and American—is eating more food, pound-wise but not calorie-wise, than in the late 1930's, according to extension nutritionists at the University of Minnesota.

The average person's fare now includes more meats, poultry, and eggs, dairy products, citrus fruits, tomatoes and leafy green and yellow vegetables than in prewar years.

The shift has been from less expensive toward the more expensive foods. The consumer has also increased his intake of some of the most important nutrients. The average person now gets significantly more protein, calcium and iron, as well as more of the three B-vitamins, thiamine, riboflavin and niacin. He gets a little more vitamin C (ascorbic acid), about the same amount of vitamin A, but less carbohydrate.

People have been able to eat more food and more of the foods they prefer in spite of the increased population and increased exports and military takings of food. Because farmers produced 44 per cent more food in 1952 than in prewar years and incomes have been larger and more evenly distributed, the University nutritionists say, consumers have been able to buy more food, even at higher prices.

Trailer Park Here Given Approval by National Agency

Results of a trailer park inspection in this area were made known today by the Trailer Coach Manufacturers Association.

TCMA approval was given in Thief River Falls to the municipal trailer court on Highway 32 in the southwestern part of the city.

Using standards set down by the association, inspectors rated the parks on a scale of 100 points, based on such factors as space provided between trailers, electrical and water connections, type of sewage disposal, number and condition of utility buildings, type of driveways and general appearance.

Parks earning 80 points or more have received TCMA approval and are listed in the 1953 TCMA park guide, according to E. L. Wilson, managing director of the association. They will also be given certificates of approval, window decals and large metal outdoor signs.

536 People Die in Traffic Mishaps During Past Year

Residents of this area would be horrified if all of the 539 residents of Clearbrook were suddenly killed because of a storm, fire or other catastrophe.

But, says the Minnesota Safety Council, that is approximately what happened, day by day, during 1952 on Minnesota's streets, roads and highways, when 536 people were killed in traffic accidents.

Add Mankato's population of 18,809, and that does not even equal the 19,294 additional people who suffered injuries as a result of traffic accidents in 1952.

Data received by the Minnesota Highway Department through January indicate that there were 50,181 reported motor vehicle accidents during the past year.

The reduction of traffic deaths from 612 in 1951 to 536 in 1952, representing a decrease of 12 per cent, was accomplished despite a seven per cent increase in estimated motor vehicle miles travelled during the year.

N. W. Builders Show Opens Mar. 14 in Minneapolis

The largest home, flower, and building materials display in Northwest Builders Show history, combined with the antics of Spike Jones and his Musical Depreciation Revue, is expected to attract record throngs to the Minneapolis Auditorium, March 14 through 22.

Manager H. H. Cory said there will be no change in the Builders Show's low admission policy, despite the fact Spike Jones has always drawn "road show" admissions in previous Northwest appearances.

All available space in the 19th annual show has been sold out for a month. The main floor, Exhibition Hall, and Hall of Flame will be packed with displays of more than 400 lines of nationally-known lines of building materials, home furnishings and appliances.

Two cooking school classes will be held in the Exhibition Hall each day, just prior to stage shows.

Marshall County District Court to Convene Mar. 23d

Because a law passed by the legislature changes the annual dates of the district courts, the Marshall county district court will start its spring term on March 23 when the calendar will be called in Warren.

Ordinarily the jury would be called the following Monday, but because it is Holy week, the jury won't be called until April 6, according to Edwin K. Rokke, clerk of district court.

The new law changes the spring term of court to the fourth Monday in March and the fall term to start the fourth Monday of October. Previously court terms have commenced the first Monday in May and the fourth Monday in November.

LASTS TAKE TIMBER

About 900,000 pairs of men's and boys' lasts are made annually. Thirty-six pairs of rough blocks from which lasts are made can be taken from the average 16-foot maple log. 27,550 maple tres were axed and sawed in 1950 to supply the wood for lasts on which men's shoes were made in 1951. It takes six to twelve months to process a last.

MINNESOTA HISTORICAL SOCIETY

Defer Action on Survey of Area Schools

Question Is Discussed by District Schoolmen in City Saturday Night

Preliminary plans to arra for a survey of city, village rural school districts in this area were discussed at a meeting of more than 90 representatives of school boards at Lincoln high school Saturday evening. W. E. Dahlquist presided over the session.

Following the discussion, it was decided that those present should go back to their respective school boards and arrange for one member to be named on a central committee, which will meet within a month and decide whether or not to proceed with plans for a survey.

It was explained that the study, which would be made by the school survey division of the University of Minnesota, would deal with school finances, buildings, transportation, and any other subjects that the districts affected might wish to have included.

Speakers included Otto Domain of the University's survey division, and E. M. Weltzin, director of the division of graded and elementary schools of the state department of education, and John C. McKee of the school survey and reorganization committee of the department.

Communities represented at the meeting included Oklee, Plummer, Red Lake Falls, St. Hilaire, Thief River Falls, Goodridge, Grygla, Gatzke, Middle River and Holt.

Local Livestock Shippers Annual Meeting March 13

Legion Club Room to Be Scene of 37th Session of Thief River Falls Co-op

The 37th annual meeting of the Thief River Falls Livestock Shipping association will be held in the Legion club room in Thief River Falls Friday, March 13, at 1:30 p. m., according to Christ Nelson, secretary-treasurer.

Speakers for the occasion include Carl Spong of the Central Livestock association of South St. Paul and Ray Mitteness, county agent.

The livestock marketing film, "The New Chisholm Trail," will be shown. Lunch will be served and door prizes awarded.

Business to be transacted at the meeting includes the reports of the officers, and a review of the activities of the association during the past year.

Two directors for a term of three years will be elected at the meeting.

Guard to Conduct Recruiting Drive for 40 More Men

Warrant Officer Ivan Bundy Invites Young Men to Learn of Advantages

Company F of the National Guard in Thief River Falls is now ready to take in new members and approximately forty men will be taken into the company, said Warrant Officer Ivan Bundy. Company F meets at the City Auditorium every Monday night from 8 to 10, and for each meeting each man is given one day's pay.

In addition to the one night each week, the company will go to summer camp for 15 days each year. Camp will be held this summer from June 14 thru 28, and 15 days pay will be received by each man.

Bundy stated that enlistments between 17 and 18½ years of age will be free from the draft as long as they are members of the National Guard. Enlistments from 18½ years and on will, if called into service, enter with the rank they obtain while in the Guard.

The National Guard office is located in the veterans memorial room of the Auditorium, and Warrant Officer Bundy is on duty there from 8:30 a. m. to 5:30 p. m. Monday thru Friday. Anyone wanting further information is asked to either stop at the office or call 644. Lt. John Oven is commanding officer of the local unit.

100 Township Officers Hear Talks on Roads

W. E. Dahlquist and County Engineer Seidel Are Principal Speakers

More than 100 township officials, together with members of the Pennington county board and Thief River Falls city council, participated in a discussion of county road taxes at a meeting Saturday afternoon in the Legion club room, sponsored by the Civic and Commerce association.

Bill LaFave, chairman of the C & C road committee, presided over the program, and introduced the two principal speakers, State Senator W. E. Dahlquist and County Engineer Joseph Seidel. While no definite conclusions resulted from the discussion, much pertinent information was brought forth.

Dahlquist expressed the opinion that an increase from the present 15-mill levy for county road purposes up to 20 mills could be justified only by the adoption of a long-range road improvement program providing for the gradual blacktopping of federal aid secondary roads in the county.

Dahlquist also stated that he felt that taxpayers in the city of Thief River Falls should not be expected to help pay for strictly local rural roads any more than that rural residents should be asked to help pay for street improvements within the city.

County Engineer Seidel reported that he had drafted a tentative ten-year program for developing high standard roads in the county. He estimated that the total cost of federal aid secondary road system work for the ten-year period would be $900,000, with the county aid system costing an additional $902,000, or a grand total of $1,802,000, which would average approximately $180,000 per year.

A question and answer period followed the talks, and the meeting closed with the serving of lunch.

Cancer Fund Drive Slated for April

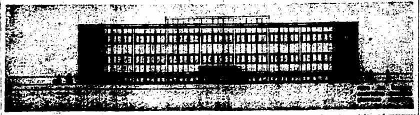
Architect's Sketch of Proposed New Pennington County Court House



Presented above is a sketch of the front view of the proposed new Pennington county court house, prepared by Foss & Co., architects of Moorhead.

Voters of the county will be asked on Monday, March 16, to approve a bond issue of $295,000 to complete the financing of the project. The architect have estimated that the building can be erected at a cost of $325,000, with equipment and furnishings requiring an additional $40,000. The county at present has $77,500 on hand in its building fund, with additional amounts due from other sources.

The proposed building is of three-story style and measures 142 feet in width with a depth of 62 feet, making a total of 290,000 cubic feet. It is planned to call for alternate bids on cement-faced and brick-faced types of construction.

While the location of all offices has not yet been definitely determined, the auditor, treasurer and a number of other offices will be located on the main floor, with the others on the lower and top floors. Plans also call for the location of the district court room and court chambers on the upper floor.

Fergus Falls Boy Winner of Valley Spelling Contest

Julia Ose Wins Second Honors and Sharon Tasa Fourth at Winter Shows

David Rund, eighth grader from Fergus Falls, came out on top in the annual Red River Valley rural school spelling contest at Crookston last Thursday. The contest took place in connection with the Red River Valley Winter Shows in Crookston.

David, a representative of Ottertail county, won a cash prize of $7.00. The award includes a bronze plaque and a certificate.

Winner of second prize of $5.00 was Julia Ose, eighth grader from rural Thief River Falls. Third prize of $3.00 went to Marian Holseth, Crookston, Polk county, also in the eighth grade. Tied for fourth, each receiving $2.00 were Sharon Tasa, Trail, Pennington county seventh grader, and Marilyn Erickson, Malung, Roseau county, eighth grader.

Other contestants, each of whom received $1.00 were: Jon N. Olson, eighth grader, Becker, Becker county; Beverly Audette, seventh grade, Red Lake Falls, Red Lake County; Cleo Fagre, seventh grade, Waubun, Mahnomen county; Lee Bowman, eighth grade, Baudette, Lake of the Woods county; Elaine Knutson, eighth grade Bagley, Clearwater county.

All awards for the contest came from the Red River Valley Development Association.

Other Pennington county contestants who, with their teachers, attended the contest in Crookston were Janice Johnson, Dist. 147; Jeanine Raymond, 127; Marlene Hanson, 42; and Alice Lawson, 29.

Mr. and Mrs. John VanDyke and Selvis Frosaker of Badger visited here Tuesday with Mrs. VanDyke's sister, Miss Gloria Jensen.

41 Adult 4-H Leaders Serve Pennington Co.

An increasing number of adults are volunteering their time and talents to help make local 4-H club work a success, reports County Agent Ray Mitteness.

Pennington county now has 41 adult 4-H leaders. In the state as a whole, nearly 6,500 rural men and women are volunteering their services as advisers to 4-H clubs. In time alone, these men and women spend what amounts to a total of 16 days a year in their 4-H club activities.

During National 4-H club Week March 7-15, these volunteer local club leaders will share the spotlight with their club members as attention is turned to achievements and objectives for the year.

Without their faithful interest, hard work and continual efforts, 4-H club work in Pennington county would not be the success it has been over the years.

Many of the club leaders are parents of 4-H boys and girls and share their problems. Those who are not parents are assisting with club work because they want to have a hand in helping boys and girls to become better farmers, homemakers and citizens. Credit for the longest service goes to these leaders:

Henry Oen, Rockbury club, 20 years; Mrs. A. Lendobeja, Smiley, 11; Mrs. I. J. Russell, Steiner, 10; Mrs. A. W. Oaki, Mavis, 8; Mrs. Alvin Peterson, Wyandriver, 6; Mrs. Lewis Carpenter, Double N, 6; Mrs. Ted Boese, Silverton, 5; and Mrs. Bert Kron, New Solem, 5.

In addition to the adult leaders in Pennington county, 41 4-H club members are serving as junior leaders. Together they work with members of 4-H clubs to make the best better in the home, community and the world.

Two FFA Members Guests of Lions

Jerry Vatsaas, Wm. Swick Describe Organization

Details of the program being carried out by the Future Farmers of America were presented by two members of the local chapter at the Lions club luncheon meeting in the Rex Cafe last Wednesday.

Elmer Bratsch, program chairman, introduced Stanley Nelson, Lincoln high school vocational agriculture instructor, who in turn presented the boys, Jerry Vatsaas and Wm. Swick, each of whom spoke briefly.

They said membership in the FFA is restricted to boys studying vocational agriculture and who plan to make farming their life work. The organization seeks to develop sound farming practices, as well as cooperation and leadership. Numerous awards, they said, are offered to members for outstanding work in various phases of farming.

Mrs. Anna Rodahl Dies Suddenly Sunday Morning

Mrs. Anna Rodahl, a resident of Thief River Falls for the past nine years, passed away Sunday morning at the age of 76 years. Funeral services will be conducted by Rev. Robert Abbott in the Assemblies of God Tabernacle at two o'clock Thursday afternoon March 5, and burial will be made at Holt.

Mrs. Rodahl was born March 5, 1876, in Mora, Sweden, and grew to womanhood there. In December, 1898, she married Carl L. Anderson and they came to the United tates five years later. They homesteaded in East Valley township, Marshall county, on the farm which had been the home of the deceased until nine years ago when she moved to this city. Mr. Anderson died in 1916 and in 1924 she married Anton Rodahl.

She is survived by the following children: Mrs. Paul Schenke and Mrs. Hilmer Lunke of Thief River Falls, Carl Anderson of Minneapolis, Levin Anderson of St. Paul, Ragnar Anderson of Hibbing, and Edwin Anderson of Thief River Falls. Other survivors are two brothers, Lars and Per Halvorson, in Sweden, 21 grandchildren and 12 great grandchildren.

John A. Peterson of Trail To Be Buried Saturday

John A. Peterson, a resident of Trail for the past 57 years, passed away at a local hospital March 1st at the age of 80 years. Funeral services will be held at the Oak Park Lutheran Church at Oklee Saturday afternoon, with Rev. Halvard Lie officiating. Pallbearers will be Arthur Gustafson, and Oscar, Emil, Herbert, Fred, and Floyd Londeen. Interment was made in Oak Park cemetery.

Mr. Peterson was born in Sweden December 22, 1872, and came to the United States at the age of 21 years. He lived for a time in southern Minnesota. In 1896 homesteaded in Johnson township, and in 1901 moved to Deer Park township which has since been his home.

He was a member of the Oak Park congregation and served as a trustee for a number of years. He also served on the school and township boards and for many years was a member of the creamery board. His marriage to Miss Esther Victoria took place at Crookston February 7, 1907.

Survivors include two daughters and three sons, Mrs. Palmer Johnson of Plummer, Mrs. Oscar Manderud, of Goodridge, Adolph and Joseph Peterson of Trail, and Melfred of Fergus Falls. A sister and two brothers live in Sweden.

Former Grygla Man Dies in Mill Valley, California

Elvin L. Anderson of Mill Valley, California, formerly of Grygla, passed away February 22 at the age of 29 years. Funeral services were held at the Peace Lutheran Church in Mill Valley February 25.

He is survived by his wife, Marjorie; a daughter, Thonie Gail; his parents, Mr. and Mrs. Emil Anderson of Thief River Falls; two brothers, Alexis and Arnold G. Anderson of San Francisco; and three sisters, Mrs. Edith Holden, Mrs. Myrtle Bakken, and Miss Mabel Anderson, all of San Francisco.

Mr. Anderson had lived in Mill Valley for the past year and a half and was employed in San Francisco as a dental technician.

Preliminary Work Going Forward on Hospital Project

Plans Due Here Shortly for Consideration by Local Board of Trustees

Harold W. Peterson, administrator of Northwestern Hospital, announces that all activities for the completion of Part III of the application for federal funds in connection with the construction of the hospital addition have been finished as per schedule.

Clearing of property titles and all phases of the property survey have been accomplished and all papers processed through the hospital architects.

It is expected that the architects will bring the preliminary plans of the hospital for consultation with the board of directors within the next ten days. These plans are based on all previous criticisms and when accepted by the board will be the basis for all work on the working plans and specifications.

The architects advise that it will take from between sixty to ninety days to complete these final plans. Definite progress is, therefore, indicated by these developments in the direction of construction of the addition to the hospital.

Services For John Sorum, 84, Held at Holt

Funeral services for John A. Sorum of Holt, who passed away on February 25, were held Saturday afternoon at the Nazareth Lutheran church at Holt, with Rev. Raymond Brandt and Rev. E. J. Vick officiating. Active pallbearers were six grandsons, Jerome, Donald, Willis, and Gardner Sorum, Orville Dahl, and Lloyd Gilbertson. Honorary pallbearers were Ed Furr, Oscar Knutson, Carl Lunke, Hilmer Lunke, Iver Larson and Herman Peterson.

Mr. Sorum was born November 3, 1868 in Alamakee County, Iowa. When 11 years old he came to Hillsboro, N. D. by covered wagon with his parents and nine sisters and brothers. On October 24, 1887 he married Annie Anderson and in 1189 they homesteaded in East Valley township, Marshall county, where he was active in organizing the township. He had served as county commissioner, school board member, township clerk, bank director, and had held a number of other offices. Mr. and Mrs. Sorum celebrated their 65th wedding anniversary last fall.

He is survived by his wife, Annie; five sons, Andrew of Crookston, Jesse of Grand Forks, Arthur of Mandan, N. D. Willie of Newfolden and Roy of Thief River Falls; five daughters, Mrs. Bertha Gilbertson of Hillsboro, N. D., Mrs. C. W. Marts of Minneapolis, Mrs. Albin Dahl of Goodridge, Mrs. Jesse Thorstad of Thief River Falls, and Miss Esther Sorum at home. A brother, Albert, of Hillsboro also survives as well as 35 grandchildren and 28 great grandchildren.

Death Claims Anton Kleven of Grygla Tuesday

Anton Kleven of Grygla passed away unexpectedly at his farm home early Tuesday morning. Funeral services are tentatively set for Friday afternoon at the Bethesda Lutheran church at Grygla, with Rev. J. M. Erickson officiating. The complete obituary will be published next week.

Fellowship Rally of Assemblies of God Held Monday

The monthly fellowship meeting of the Assemblies of God was held at the tabernacle here on Monday, March 2nd, with 25 churches in the Northwest area represented. Speaker for the afternoon was Rev. Rowland Dean of Mahnomen, and the evening guest speaker was Rev. Alex Karmarkovic of Moorhead. Members of the Sunday school classes presented a musical program at the six-thirty service. Valley Association Holds Annual Meeting During Winter Shows

Two directors were re-elected and one new director was named when the Red River Valley Livestock Association held its annual meeting in connection with the Red River Valley Winter Shows, Crookston.

Directors re-elected for three-year terms were Paul Engelstad, Thief River Falls, and Don Lawler, Crookston. Kenneth Visser, Ada, was named as a new director to succeed Wayne Ewing of Beltrami.

Advisory Board members elected for three-year terms from the different counties were: Ted Smith, Roseau county; Lawrence Sedlacek, Radium, Marshall county; Odin Hanson, Thief River Falls; Pennington county; Fred Purath, Red Lake Falls, Red Lake county; L. Spielman, Twin Valley, Norman county; Arthur Ladvig, Barnesville, Clay county; Eddie Gronseth, Rothsay, Ottertail county.

The Board of Directors were instructed to investigate the possibility of starting a building addition program. The committee appointed to revise bylaws of the organization consisted of: Wayne Ewing, Beltrami; Ben Strickler, Euclid; and Clarence Sargent, Crookston.

Present officers are: T. M. McCall, Crookston—President; Wm. Strickler, Euclid—Vice President; O. M. Kiser, Crookston—secretary; Don Lawler, Crookston—Treasurer.

Fabrics Will Be Topic Mar. 10-13

Homemakers Leaders Plan for Training Sessions

Pennington county homemakers will be interested in knowing that the lesson on fabrics will soon be available to all homemakers, Mrs. Sylvia Olson, county home agent, said today. Leader training meetings on the topic, "Fabrics You Buy" are scheduled for March 10, 11, 12, and 13 in the Civic and Commerce rooms in the Auditorium. All meetings are to begin at 10:30 a. m.

The lesson on fabrics is designed to give information concerning the many new fabrics found in today's yard goods and ready-to-wear departments. Special emphasis will be placed on the characteristics, finishes and care which are responsible for making fabrics desirable for specific purposes.

The lesson on fabrics will be especially helpful to the homemaker now as they are planning for garments to include in their wardrobe this spring.

Dr. and Mrs. G. W. Booren left Sunday for Denver, Colorado, where they will spend about four weeks visiting with their sons, Dr. Jack, Dr. Lynn and Dr. Douglas Booren and their families.

Mrs. Sig Quam returned Monday evening from Milaca where she had spent a few days with her mother, Mrs. Jeroma Anderson, who is ill.

Mrs. James Ramsey and Mrs. Clarence Dahlen of Goodridge were Tuesday afternoon coffee guests at the Mrs. Bella Kompelien home.

Miss Lois Ness left Tuesday to return to her work at Fargo after a weekend visit at the home of her parents, Mr. and Mrs. Harry Ness.

Thieves Take Two Starting Playoff Tilts

Defeat Grand Forks 9-2 Sunday and 6-1 Monday; Play Here Again Tonight

The senior hockey Thieves have been on a scoring rampage since they were upset by a bonus-baited Warroad Laker team last Wednesday night, winning a pair of playoff games against the Grand Forks Redwings by decisive margins, and are in a position to close out their first-round series by defeating the Redwings in the third game of the series here tonight.

The game tonight is a "must" for the Grand Forks squad, and if the aroused Redwings, who played a strong game on Monday night, can win tonight's contest, the fourth game will be played at Grand Forks on Friday night.

The Thieves, with Ron Castelane, Murray Balagus, Paul Bedard, and Jerry Lavergne each getting a pair goals, sifted through and around the Redwings' defense in the series-opener here on Sunday night, piling up a 9 to 2 win.

Monday night's game at Grand Forks was much closer than the 6 to 1 score would indicate, and it was only through some spectacular net-minding by the Thieves' Jack Peters that the Redwings were held to a lone goal. Peters had a shutout on the scoreboard until the 4:08 mark of the third period when Ken McKenzie, from twenty feet out, fired a skate-high shot at goal and which Odie Lowe, from in front of the net, tipped with his stick and deflected into the west goal.

The locals, on Ron Castelane's unassisted goal at 2:50; and Church Russell's breakaway at 11:23, held a 2 to 0 first period lead.

Paul Bedard, scoring on a rebound of Woody Lundgren's shot at 10:36; and Castelane's tally at 13:20, gave the Thieves a 4 to 0 advantage moving into the third period.

Lowe's deflection shot, giving the Redwings their final and only goal, fired up the Grand Forks club in the opening minutes of the final stanza, but Castelane's "hat-trick" goal at 5:22 damped the blaze; and Jerry Lavergne's nifty goal, taking a centering pass from Lundgren and skating in on the Redwing goalie and, after pulling the Grand Forks net-minder out of the cage, flipping a shot into the net.

The game, though, was a Jack Peters contest, for it was through the efforts of the former Saskatoon Quaker that the Thieves were able to garner their second successive playoff triumph.

Pick Nurse Crop That Pays Best

Flax is generally known to be the best companion or nurse crop for legumes and grasses. New seedings usually grow thicker, stronger, and healthier when started with Flax than with denser-growing crops that cut out too much light.

Government figures also show that good years and bad, Flax brings more per acre than any other commonly grown nurse crop.

Despite this fact, many Pennington County farmers still use oats as a nurse crop because they need the feed which oats provides them.

Dr. W. W. Brookins of the Flax Development Committee has an answer to this. He points out that the man who raises Flax can usually haul his Flaxseed to market and buy a lot more oats with the money he receives than he could have raised on the same land.

For the livestock feeder, this is an easy way to increase one's total feed supply.

Under normal price relationships, Flax brings about five times as much as oats. This means that the man who can grow 15 bushels of Flax on an acre will have to harvest about 75 bushels of oats per acre to do as well. If he can raise 20 bushels of Flax, it will take 100 bushels of oats to match it.

FREE BOOKLET ON GRASS

How to make more money through grassland farming is the subject of a new booklet published by the Flax Development Committee. It includes the latest information on how to obtain better pasture and more hay per acre. The Committee is interested in grass since Flax is so often used to help start new seedings.

Copies may be obtained without charge by writing to the Flax Development Committee, 700 Baker Building, Minneapolis.

First round playoff pairings

T. R. Falls vs. Grand Forks

Warroad vs. Roseau

The Warroad Lakers, by turning in a surprising 9 to 5 win over the Thief River Falls Thieves here on Wednesday night, won the Northwest Hockey league title, edging out coach Paul Bedard's team by one point.

Warroad, the league's number one team, is slated to play the Roseau Cloverleafs, the league's number four team, in a first round best-of-five series, but the two teams are marking time while awaiting the outcome of the Fort Frances vs. Fort William Canadian Allen Cup series. Six members of the Warroad Lakers team are playing with the Fort Frances club, and will not be available for the Northwest Hocky league playoffs until the latter part of the week.

While the Warroad and Roseau clubs are "enjoying" a recess, the second place Thieves and the third place Grand Forks Redwings will be moving into the third game of their best-of-five series, with the contest being slated for the Arena rink here tonight.

Sportsmen's Club Hears 3 Speakers

Dick Willems, Roy Jesme, Liemandt Address Club

Three speakers addressed the March meeting of the Pennington County Sportsmen's club Tuesday evening in the Civic and Commerce room.

Dick Willems of Warroad, area forest supervisor, spoke on reforestation practices, and Roy Jesme, resort operator at Baudette, discussed the water pollution problem in Rainy River and Lake of the Woods.

Game Warden J. P. Liemandt spoke on several bills affecting sportsmen now under consideration in the Minnesota legislature. John Anderson showed movies of fishing in Alaska.

Ole Ness had charge of the lunch which was served at the close of the evening.

This showing is sponsored by the Young People's society of the Newfolden Evangelical Free church, E. J. Vick, Pastor.

Four Boys Admit Three Burglaries

Confess to Thefts in City, St. Hilaire and Greenbush

Sheriff Arthur Rambeck and Police Chief Ken Judy last week picked up on burglary charges four youths, two of them from Thief River Falls and two from rural St. Hilaire. Two of the quartet are 19 years old, and the others are respectively 15 and 16.

The youths admitted breaking into the St. Hilaire school and taking $35, as well as stealing six batteries from the Phillips Auto Wrecking Co. in Thief River Falls and breaking into a filling station at Greenbush.

The two older boys were brought into district court Tuesday, and sentence was stayed pending an investigation by the parole agent of the Youth Conservation Commission. The two juveniles will be brought later into juvenile court.

From the State Capitol

By W. E. DAHLQUIST

A quick trip home over the week-end satisfied me that it isn't only up here at the Capitol that people are concerned about taxes. The one question asked most as I visited with the folks who pay the bills was about the possibility of a general sales tax being adopted by the present legislature. It gave them some encouragement when I assured them that there isn't a chance for such a tax in this session.

But I tried to put heavy emphasis on that qualification, "in this session." Without actually adopting a sales tax we could spend ourselves into a position in this session that would lead to a general sales tax later on. That, definitely, is a possibility.

We will not adopt a general sales tax this session mainly because there is no need for it. There is no need for it because we have a savings account. Our expenditures during the next two years will far exceed our revenues, according to official estimates, but by drawing on our savings we will come through this next two year period without a serious tax problem.

That is not good management. Paying current costs out of savings, which means we are living beyond our means, leads inevitably to trouble later on, when, with our savings washed out, we will face the alternative of reducing expenditures or finding more revenue. Neither of these alternatives is ever easy. It will be easier to curb spending at this time if we realize that those who tell us we can spend more now without additional taxes are enjoying the temporary bliss of a fool's paradise.

A large portion of our savings are in the balance of the income tax fund. At the beginning of the next fiscal year there will be a balance of more than 50 million dollars in this fund. During the next two year period, without any increase in aid to schools, this balance will be reduced nearly one-half. To whatever extent we draw on this fund with increased expenditures the balance will be further diminished. If we increase basic aid to $100 per pupil unit, as the school men request, the fund will be more than washed out in the next two years.

There probably are schools that need additional financial help. As a matter of fact I know there are. But I also am satisfied that many of our public schools will be able to continue to operate without hardship if they do not receive additional aid from the state. Some of them, by our standards, are wasteful now. And to distribute more money to schools in the form of basic aid, is a shameful thing when we realize that it will accelerate unnecessarily our approach to a tax crisis. To provide for the minimum needs of the districts that actually are in need will cost the state but little.

In a recent argument on the need for more basic aid we had cited to us the deplorable condition of the St. Paul schools and their underpaid teachers. From what I believe to be a dependable source I have obtained the current salary schedules in St. Paul and a few other representative cities of the nation. St. Paul compares favorably in these figures.

St. Paul classroom teachers this year are receiving an average (median) salary of $4,390. This average in Seattle is $4,246; in Louisville $4,300; Kansas City $4,100; Indianapolis $4,550; Houston $3,986; Dallas $3,600, and Columbus elementary grades $3,860 and junior and senior high school $4,390. St. Paul doesn't look bad in this company.

Nor does the State of Minnesota look bad in comparison with other states. A recent national survey placed Minnesota in 22nd position from the top in the ability of its people to support education, measured in total personal income per enrolled pupil. In actual expenditures per pupil, however, Minnesota is 12th from the top. I think we are doing a pretty fair job of making it tough for the Joneses to keep up with us.

When we think in terms of the increased tax burden that present increased spending will eventually lead to we know we will not be doing a kindness to the people of valuation—rich St. Paul by giving them more basic aid now. If they wish to increase their expenditures for schools they have the means to do it. There is no reason why we should force increased spending upon them—and increased taxation.

After spending a weekend at home and meeting with city, township, county and school officials, I am satisfied that the most difficult political offices to fill satisfactorily are those involving problems at the neighborhood level. As you get a greater distance away from the neighborhood you become less accessible and farther removed from complaints. Also your shortcomings are less noticeable. So from 300 miles away, hats off and a round of cheers to the good citizens who give generously of their time and effort to maintain necessary public services at the local level. It is not easy to disagree with the pressure groups when they are your friends and neighbors—or perhaps customers.

Grygla Creamery Members Told of Successful Year

Total of 383,023 Pounds of Butter Was Produced in 1952, Report Reveals

About 350 people attended the annual meeting of the Grygla Cooperative Creamery Assn. which was held in the Grygla Hall on February 23rd. Arthur Nordby, president presided at the meeting and Robert Sundberg served as secretary.

Principal speaker was Lew Conlon of Minneapolis, who told of the work of the American Dairy Assn. in advertising dairy products, and he also showed slides. Other speakers were Irving Meade, of Northwest Breeders at Roseau, who also showed slides, John Lager, Land O'Lakes fieldman, and Robert Qual, manager of the creamery.

The report for the year was read by the treasurer, Mrs. Adolph Erickson. A total of 383,023 pounds of butter was manufactured, an increase of 25,469 pounds over the previous year. Returns from dairy products sold were $271,821, sales from sidelines were $13,061, gross income from locker dept. was $6,614 and from trucking, $5,281.

A net balance of $9,326.56 will be allocated to the patrons as equity reserve, making an average net price paid for sweet cream butterfat of 82.67c, compared to 78.75c for the previous year. In addition, $2,061 was received from Land O'Lakes during the year as patronage dividend for 1951 and was allocated to the patrons for that year. Expenses averaged 5.362c per pound of butter made, compared to 5.211c for the previous year.

In the election of directors, Robert Sundberg, Kernel Paulson and Arne P. Nelson were re-elected. Other directors are Arthur Nordby and Fleet Gilbert. At the organization meeting of the board, held later in the day, the same officers were re-elected.

A free lunch was given at the close of the meeting, which was served by the St. Olaf Ladis Aid.

Johnny on the spot!

That's me—your State Farm agent—when you have a claim. I'm right there when you need me—to give you a fair claim settlement and fast, efficient service. My company actually pays a claim at the rate of one every 15 seconds of every working day! That's how speedy our claim service is!

Yet State Farm rates are remarkably low! Let's talk it over. Come in or give me a ring!

Ward Nichols on Bemidji College Advisory Board

Ward F. Nichols, Thief River Falls theatre manager, has been named to the Bemidji state teachers college area advisory board and was made a charter member of that organization at Bemidji Friday, announces Dr. C. R. Sattgast, president of the college.

The group met on the BSTC campus Friday for a tour of inspection, organizational meeting and a dinner, after which they were guests of the college at the Bemidji-St. Cloud basketball game.

The board will serve without pay, meeting several times yearly at the college to formulate plans for improving the services of the college to the area, increasing interest in students in teacher education, and assisting in any area-college relations projects which might arise.

Other charter members of the board are Erling M. Wallin, Walker, chairman; Ralph H. Nordquist, Park Rapids; E. V. Hallock, Littlefork; and Chester E. Westerlund, Baudette.

College officials state that they hope to eventually increase membership on the board to at least 30 representatives from Northern Minnesota communities.

Here's Your Starting Team For a FINE FINISH!

Firzite
Brings out the full beauty of fir plywood and other soft woods. Helps you achieve dramatic, modern effects on hardwoods.

FIRZITE seals the wood pores, makes it possible for you to give fir plywood surfaces a first-class stained or satin-smooth painted finish.

FIRZITE tames the wild grain . . . virtually eliminates grain-raise and checking. In either white or clear . . . It's easy to use, takes only a few minutes to apply.

For today's exciting, modern blond or pickled effects, use white (or tinted) FIRZITE. Buy it in pints, quarts, gallons or 5-gallon cans.

Satinlac
Here's your best bet for getting a dramatically fine finish on hardwoods.

SATINLAC is a clear finishing material that preserves and enhances the charm of all woods. It can be brushed or sprayed.

Age cannot darken or yellow the clear, sleek finish you get with SATINLAC.

Ask for SATINLAC in pints, quarts, gallons, or 5-gallon cans.

•

For help on your wood-finishing problems, ask for our helpful, free leaflet "How to Use Firzite and Satinlac".

56.4% U.S. average

No wonder more and more poultrymen are saying, "From now on, it's POULTRY BOOSTERS for me!"

Just look at their amazing performance record. Figures for the past season show BOOSTER-FED hens averaged a smashing 70.2% egg production during the four to five months they were in full production. Compare that with what ordinary feeds will do. The national average, for the four best laying months, was only 56.4%. Just imagine! That means an extra 35 dozen eggs—in each of those four months—from every 100 BOOSTER-FED hens!

So get POULTRY BOOSTERS. They're Super treated with amazing Archer Boostryn—to boost production, boost poultry income!

Warroad Six Defeats Thieves 9 to 5 to Win League Championship

The Warroad Lakers, with their "lend-lease" line of Ken Little, Hec Bourgeois, and Bill Reichart scoring eight goals, defeated the Thieves, 9 to 5, here Wednesday night in a game that ended the league schedule and gave the Lakers the Northwest Hockey league championship. By their triumph over the locals, the Warroad club boosted their point total to 36, gaining a one-point lead over the runner-up Thieves.

Little, Bourgeois, and Reichart, the Canadian imports who had been playing with the Crookston Pirates; and goalie Don Collins, center Wally Stefaniw, and defenseman Gordy Simpson, the Canadian imports who are members of the Roseau Cloverleafs, played with the Warroad team on Wednesday night by permission of the league directors. Because Warroad's Fort Frances imports—Harry Barefoot, Sambo Fedoruk, Rich Bicard, Mike Hupchuck, Willie Toninato, and Walt Christianson—were not available for Wednesday night's game, being with the Fort Frances team in the Allen Cup playdowns against Fort Williams, the league directors, at a meeting held at Karlstad on Tuesday night, gave sanction to the Lakers to use the Crookston and Roseau imports.

The championship game was even-up as the two teams entered the final period, with the score at 5-all. At the 3:29 mark, Billy Winters was given a holding penalty, and, with a one-man advantage, the Lakers applied the "power." At 4:13, during a melee around the Thieves' cage, Hec Bourgeois nudged the disc past goalie Jack Peters and into the south net.

With the locals trailing by a goal, the Thieves were forced to play "open" hockey, and the Lakers, with speedy Ken Little and nimble Bill Reichart breaking away for goals, scored at 13:28 and 14:31 to build up an 8 to 5 lead. George Guilbault picked up a goal at 15:13 to wind-up the scoring, giving Warroad a 9 to 5 victory.

Prowler Quint to Enter District Tourney Thursday

Coach Bib Nick's basketball Prowlers, boasting a season's record of fifteen wins and five losses, and record in district competition of six victories and one defeat for first place in the conference rating, will begin defense of its 31st district championship in the tournament that opens on Thursday afternoon in the fieldhouse of North Dakota University at Grand Forks.

The Prowlers are scheduled to play coach Darroid King's Red Lake Falls Eagles in a first round game at 2:00 P. M. on Thursday. Other first round games will find Warren playing the sub-district champions, Plummer; Crookston meeting Alvarado; and East Grand Forks playing the Climax Vikings.

In defeating the Grafton Spoilers by a 51 to 45 score in an inter-state game here on Friday night, the Prowlers boosted their year's point-scoring total to 1009, marking the second time that a Prowler squad has reached the thousand-point mark. Last year's Prowler squad, which reached the regional finals, established a school record by scoring 1167 points.

Keeping Score with "Huck" Olson

Trying for Number Fifteen

Since 1913, when high school basketball was organized on a district basis the Prowlers, winning their first title in 1916, have won fourteen district championships, and on Thursday afternoon, against Red Lake Falls, the locals will be making their first start in the tourney that could bring the blue-and-gold their fifteenth district championship.

That 1916 team, coached by Albert Johnson and captained by Roy Brown, had such players as Al Holzknecht, Chuck Connor, Carl Hoyle, and Coleman Linde on its roster. In those days, and the system was in use until 1925, the district champion gained a berth in the state tournament, and the Prowlers, by a 27 to 25 score, were defeated by Fergus Falls in a first round game.

This year's district tourney, which for the second time, is being played on the court of the North Dakota University fieldhouse, has the finest all-round balance of the last several years. While the Prowlers and East Grand Forks, on their record and their previous tournament tradition, have been installed as favorites to reach the district finals on Saturday night, the possibility isn't too remote that Red Lake Falls, Plummer, Warren, Crookston, Alvarado, or Climax will reach the finals.

In their last two starts, against Detroit Lakes and Grafton, the Prowlers have shown an improving brand of basketball, due, perhaps, to Bobby Christensen's presence at guard. And if the locals can continue to play the basketball that gave the Prowlers that 67 to 59 overtime win over Detroit Lakes, coach Bob Nick's should win district title number fifteen.

Incidentally, those four first-round games, Thief River vs. Red Lake Falls, Warren vs. Plummer, Crookston vs. Alvarado, and East Grand Forks vs. Climax, all shape up as contests, for there isn't a pushover in the bunch.

You Can't Win

The Thieves' management has been condemned and demned by the local fans for agreeing to the arrangement whereby Warroad Lakers were permitted to use Hec Bourgeois, Bill Reichart, and Ken Little from Crookston's team, and Wally Stefaniw, Gordy Simpson, and Don Collins from Roseau's team, in the league-deciding game here last Wednesday night and which, by the superlative play of these imports, was won by Warroad, 9 to 5.

The Thieves could have claimed that game on a forfeit by insisting that the Lakers fulfill that playing date and use their Fort Frances imports. The players from the Fort could not be here on Wednesday because of previous committment to play in the Allen Cup playdowns. The local management, and the players, too, do not believe that league championships should be won on forfeited games, and they believed that the local fans were entitled to a game of championship caliber. That's what they witnessed on Wednesday night.

It is rumored, though, that the Warroad imports were promised a bonus if they won Wednesday night's game, and we believe that factor had much to do with the trend of the game. Those imports with a fury that they had never exhibited before, scoring eight goals, and it's believable that a bonus was riding on the outcome of the game.

From the Warriors

Bernie Broderick, coach of the Warroad Warriors hockey team, runners-up in the recent state high school tournament forwards a letter to the fans in this vicinity and which reads as follows: "On behalf of the Warroad High School Hockey team and myself I wish to express our sincere appreciation for the interest shown and the encouragement extended by your greetings that were received while we were at the Minnesota State High School Hockey Tourney in St. Paul. Even though we did not win the championship we did our best for you. It makes it more worth while when people like you are behind us. For your faithful support, from the bottom of our hearts we say, thank you very much."

Well, to Bernie and his Warriors we can say that their performance added prestige to the high regard with which eighth region hockey is held.

Miscellany

Billy Bye and Bud Grant, both of whom are former Minnesota athletic stars, made a noon-time stop here on Saturday, being enroute from Winnipeg to Minneapolis. Bill and Bud have signed contracts to play foball with the Winnipeg Blue Bombers this fall. Bill, in addition to playing a backfield position, will assist in the coaching of the Blue Bombers. —Chester "Buck" Lundsten, an all-state wing on the Williams high school hockey team in 1949-50, is now with the Alaska Air Command. In a tournament played at Anchorage, Buck, playing with the Commando's, was named to the all-tournament team and selected as the tourney's most valuable player. Lundsten will be due out of the Air Force in a year or so and will be quite a prospect for some college squad.—Lloyd Harney, one of the local club's championship flight golfers, has been transferred to Willmar, and the local club's loss will be Willmar's gain. Lloyd promised, though, that he would return to participate in the Invitational tourney here in July.—Reports are being circulated, and they apparently are well founded, that North Dakota U is in the market for a new hockey coach. Cliff Fido Purpur, who has been tutoring the club, has the hockey know-how to coach a college club, but Fido does not possess the educational qualifications to hold the North Dakota job. Crookston Cathedral's Sergio Gambucci has been mentioned as a possible successor to Purpur, and the personable Sergio would be a fine choice.

Kelly Hardware Will Be Host to Paint Men Mar. 11

Kelly Hardware will be hosts Wednesday, March 11, to a special crew of paint experts from Minneapolis, Harley Kelly, manager said today. Facts and problems pertaining to both the exterior and interior use of paint will be discussed.

Dealers and personnel representing fourteen stores are coming here to discuss new paint products being introduced by the Our Own Hardware stores as well as new styles and trends in modern decorating in the home. Actual demonstrations of various Supermix paint products and new methods of application will be demonstrated.

Officials of the paint division of the Our Own Hardware company will conduct the meeting here.

Region 8 Tourney to Open at Grand Forks on Tuesday

Champions of Districts 30 and 31 Will Compete in First Round of Event

The fieldhouse on the University of North Dakota campus at Grand Forks will be the focal point for 31st district and eighth regional basketball this week. On Thursday, Friday and Saturday, the teams of the 31st district will play their tournament. On Tuesday and Wednesday, March 10th and 11th, the eighth regional tournament will be played.

The pairings for the regional tourney will find the champion of district 29 playing the 32nd district champion in a first-round game, and the 30th district winner meeting the 31st district titleholder; in the other semi-finals game on Tuesday evening. On Wednesday night the consolation and championship games will be played.

The eighth regional tourney games have been advanced to Tuesday and Wednesday in order to avoid conflict with the North Dakota state high school tournament that is scheduled to be played on the fieldhouse court on March 12th, 13th, and 14th.

$300 Damage to Car in Collision with Truck Mar. 1

A car driven by Eugene Kulm of Leola, S. D., collided Sunday afternoon with the rear of a Gamble Robinson Co. truck driven by Lawrence Manning on Highway 32 at the southwest edge of the city. The truck which was turning off the highway at the time of the collision, escaped damage, but the Kulm car was damaged to the extent of $300.

While traveling south on Crocker av. last Thursday, a car driven by Josie Young of Middle River collided at Gulf st. with another car driven by Emil Dostal. Police estimated damage to the Young car at $200, and to the Dostal car $25.

Prowler Quint Whips Grafton Spoilers 51-45

Local Team Concludes Schedule; Goes Thursday into District Tourney

Coach Bob Nick's Prowler cagers concluded their 1952-53 schedule on Friday night by defeating Ed Claussen's Grafton Spoilers, 51 to 45, in a game played on the local court.

This week, on Thursday afternoon in a game that is slated to tip-off at 2:00 p. m., the Prowlers begin the defense of their 31st title in the tournament that is being played in the spacious fieldhouse of the North Dakota University at Grand Forks.

The locals will meet the ever-dangerous Red Lake Falls Eagles in the tourney opener on Thursday afternoon. The district semi-finals will be played on Friday night; and the championship finals are scheduled for Saturday night.

Playing against the Grafton Spoilers here on Friday night, the locals held the lead throughout most of the game, holding a margin of 15 to 8 at the end of the first period, and a 26 to 18 advantage at the intermission.

Coach Nick's squad, in spite of some red-hot scoring by Grafton's Jarl Pederson, who tallied nine points, held a 39 to 32 lead at the end of the third period. In the opening minute of the final period, Grafton, on a rebound shot by Pederson; a field goal, on a rebound, by burly Jon Hills; and a free throw and a field goal by Pederson, had tied the game at 39-all.

At 1:35, Art Johnson notched a Prowler freethrow, but the locals' lead was only for seconds for at 1:50, Bill Kennedy, on a two-shot foul, dropped in a pair of points, giving Grafton a 41 to 40 lead.

Pederson's gift shot boosted the Grafton lead to two points, but Johnson hitting with a one-hand shot at 3:10, evened the score at 42-all. Kennedy popped in a field goal on the loft from the right, and Grafton again hid a two-point lead. LeRoy Aasland's free throw whittled the Spoiler lead to a point, and when Bob Christensen, driving into the lane, took a pass from Johnson and whipped a goal into the east basket the Prowlers, at 5:10, went into the lead. Duane Rafteseth recovered a rebound to score at 5:40, and then added another two-pointer on a drive-in shot at 6:45. After Pederson had chalked up a Grafton free throw, Art Johnson closed out the game's scoring with a lay-up just before the game-ending buzzer.

Grafton's Jarl Pederson, who turned in a remarkable exhibition of all-round basketball in spite of having the handicap of a crippled left hand, earned the game's high point honors with 24 points. Art Johnson was the runner-up with 22 points.

'U' M. Man Discusses Dairy Market Trends

(Second of two articles)

What about dairy farmers shifting to grade A milk production?

This matter is dealt with in a dairy market analysis received by County Agent Ray Mitteness from E. Fred Koller, professor of agricultural economics at the University of Minnesota.

Demand for grade A milk has been increasing. But if too many rush into grade A production, there are likely to be surplus supplies in the near future and prices may not compensate for the extra investment grade A requires, according to Dr. Koller.

He advised farmers to check their market outlets before going into grade A—to be sure that these outlets are available and are more than temporary. Over the long pull, states Dr. Koller, more grade A milk will be needed. "We need to improve the quality of our milk right along in order to improve our market opportunities."

The University economist also called attention to the growth of distribution of fluid milk from large central bottling plants in the state. The bottling of milk in paper containers has widened the area over which fluid milk may be distributed economically. A number of plants distribute milk in 50 to 100 different communities. This involves new competition for local distributors, and efficiency and service will need to be improved in many cases to meet this competition.

Other new developments in the dairy industry of Minnesota cited by Dr. Koller include:

The canning of fresh milk by one large dairy plant. This is a new product. Its development will be watched with interest as to its market possibilities.

Starting of bulk pickup of milk at farms by a plant in southeastern Minnesota. The method involves important economies and improved quality of product.

Developments such as a further shift from cream to milk, grade A output and bulk tank pickup involve additional capital outlays for farmers, pointed out Dr. Koller. To make these outlays pay, farmers will need larger herds and milk volume dairy production will need to be more specialized and in large volume to be profitable under these conditions. It will be difficult to adjust to new market trends with 4, 6, or 8-cow herds.

Junior Leaders Are Honored at Winter Shows

Twenty-four junior 4-H club leaders from 12 Northwestern Minnesota counties were presented with sterling silver junior leadership pins by the Crookston Elks club during the Red River Valley Winter Shows in Crookston, it was announced today.

The honored leaders were nominated by county extension agents for their oustanding work in the 4-H junior-leadership project.

Among those who received the pins were: Marshall, Dorothy Edman, Alvarado, and Wayne Lunsetter, Gatzke; Sebeka; Pennington, Eva Mae Armstrong and Wayne Gunderson, both of Thief River Falls; Red Lake, Arlene Ellickson, Oklee, and James Emanuelson, Mentor.

St. Hilaire Group Health Unit Meets

Therval Kolden Is Reelected Chairman

The cooperative health movement of Minnesota and Wisconsin is growing at the rate of one thousand families every month, heath cooperators in the St. Hilaire area were told at the well-attended annual meeting of Group Health Mutual 654, held February 23rd at the school gymnasium.

The meeting was presided over by Chairman Therval Kolden. In a report prepared by the secretary-treasurer, Raymond O. Grumbo, it was revealed that the local group members had received more in benefits than they had paid in through insurance premiums.

Elected to represent the group at the district meeting in Thief River Falls, March 24 and state meeting in Minneapolis April 11 were Paul Anderson, Robert Black, and Harold Holmes. Alternate delegates selected were Mrs. Emil Larson, Frank Bothman and Conrad Swanson.

The following group officers were also elected: chairman, Kolden; vice chairman, Paul Anderson; and secretary treasurer, Raymond O. Grumbo.

Philip Paulson, field representative from Detroit Lakes, was principal speaker on the afternoon program. Following the meeting lunch was served by the ladies aid of the Evangelical Lutheran church of St. Hilaire.

Traffic Mishaps Take Tremendous Toll in Injuries

36 Civilians Injured for Each Serviceman Wounded in Fighting in Korea

Thirty-six civilians are injured in motor vehicle accidents on the home front for every U. S. serviceman wounded in battle in Korea, the Association of Casualty and Surety Companies announced today.

Over the two and one half years of war in Korea, official Department of Defense figures listed 93,000 servicemen in the wounded column of the casualty lists. For the same period of time, the association reports that injured victims of automobile accidents totaled 3,350,000, or 3,602 percent more than those injured in battle.

The Association, which first discovered that the millionth victim of the automobile would die in December, 1951, took a daily average for the 30 months since the Korea War began and found that 102 servicemen have been wounded to 3,073 civilians who suffered injuries in automobile accidents.

Starting with the first battle of the Revolution in April, 1775, and continuing through the major and minor wars in which the United States has fought, approximately 1,270,000 men have been wounded in battle. It took 177 years for non-fatal war casualties to reach that number. However, in the little over 50 years since the automobile became a means of transportation, 33,000,000 men, women and children have been injured in traffic accidents.

Beef Is Plentiful on Today's Market

Cattle Population Rise Accounts for Big Supply

Beef roasts and steaks are finding their way back on shopping lists of Minnesota consumers.

Beef has become so plentiful that the U. S. Department of Agriculture is featuring it in its Plentiful Foods program for March. This will be the first time in the history of the program that beef has been so abundant it could be included in the USDA's list of plentiful foods, according to Mrs. Eleanor Loomis, extension consumer marketing agent at the University of Minnesota.

This is the background of the plentiful beef story: Cattlemen have been building up their herds for three years. The first of this year there were more cattle on farms and ranches than ever before. They numbered about 94 million head.

Many of these animals are coming to market now. Last week, production of beef, under federal inspection, was 27 per cent heavier than a year ago, totalling 163 million pounds. Last year, total beef slaughter rose 8 per cent above 1951, but it was smaller than for any other year since 1943.

Because of the large numbers of cattle farmers have to sell, prices have fallen recently. Prices paid to farmers for cattle last week were a fourth to a third lower than a year ago.

Cattle on farms and ranches at the beginning of this year outnumbered hogs by about 2 to 1. That fact is being reflected at the markets now as beef prices fall and pork prices climb. Pork production under federal inspection last week fell 11 million pounds below that of beef.

The Department of Agriculture emphasizes that this situation will continue through March. Consumers will be paying more for pork than will have up until recently but will get the best bargains in beef they have seen in several years, Mrs. Loomis said.

THE CHALLENGE FOR TOMORROW

By the Rev. G. S. Thompson

So deeply entrenched is the habit of viewing the conduct of youth with alarm that it must have been going on for many generations. It does not require a supercharged imagination to picture Adam and Eve clicking their tongues and shaking their heads as they watched the behavior of their children and grandchildren. Whatever language they spoke, I am quite sure that they lamented the certainty illustrated so clearly by their young folks: that "the world was fast going to the dogs." Their own part in that regretful judgment was more readily forgotten, in fact, if attention could be diverted to others. And the kids, God bless them, were not enough concerned to object to the primeval villification.

At any rate our own generation speaks so often and so loudly of its "youth problem" that it becomes difficult for many to use one of these words without attaching it to the other. We have been ready to believe preposterous stories of delinquency about young people in general, simply because certain extreme cases were given publicity. So the clicking of tongues and the wagging of heads has gone on and on. I suppose that on the last day the angelic trumpeters will interrupt many a morbid conversation in which the behavior of youth is being lamented!

What is wrong with us adults anyway? Do we really mean that we shall have to list the young people of our community as liabilities? Or is there some truth in the utterances of our Commencement speakers and other platform prophets that the hope of our nation is in its youth? Was ex-Governor Youngdahl correct when he listed the youth of Minnesota as a primary resource of our state, along with our iron mines and fertile soil?

The fact is that very few of us put much faith in the validity of the lamentations about our youth, even if we are doing the groaning. But it is our opinion that it would be far more wholesome and constructive to try to speak well of our young people than to gloat over their depravity. We have observed that most young people, and adults, tend to live up to what is expected of them.

In recent months this writer has found opportunity to observe the behavior of many of the young people of our community in the Youth Rooms of the new Parish Education Building at Trinity Church. They have come singly, in pairs and in groups,—scores of them filling the available space with good-humored, if boisterous, clamor. Of course they had inconspicuous adult supervision. But this has been at a minimum because of the fundamentally thoughtful and grateful attitude of the kids. Sure, they get black marks on the floors, and of course they break ping-pong balls. But there have been almost no examples of vandalism or disrespect for the premises.

We have been led to the conclusion that, by and large, the youth of our community are fine young people who will justify the confidence we must place in them for the future. And if, now and then, one or two of our kids become a matter of concern to our law-enforcement officers, wouldn't it be much more to the point to recognize that we may have failed them in some way and try to rehabilitate them with wholesome fellowship, than to criticize and avoid them?

Most of our young people are reared in Christian homes. The Christian example of the parents may often leave much to be desired. But our kids, for the most part, are receiving some kind of Christian training at home, at some Sunday School, in parochial schools, "released time classes," and even, indirectly, from Christian teachers, scout leaders, companions and from a basically Christian society. That does not make them all Christians. But it ought to enable us to expect from them more than we are ready to see.

No one should wear blinders to prevent seeing instances of wrong because it is also our duty to correct. But all of us can be a little more ready to see good in our young people. They are, ultimately, the finest raw material which our community processes, for use thruout the world. Let's do more boosting and less criticizing. Our young people are not so much a problem as a challenge, a challenge to give guidance which is intelligent, up-to-date, affectionate, patient and above all, Christian.

EDITOR'S NOTE—Mrs. Rudolph Sagmoen will write this column for the issue of March 11.

Looking Backward

1923—THIRTY YEARS AGO

The council granted Louis De Cremer a permit to erect a store building on Main av. N.—Plans for a new Great Northern depot in this city were received by W. E. Baker, local agent.—Mrs. F. S. Report to the People

By Governor C. Elmer Anderson

WHEN A PAPER CLOSES

An editorial in the Herman Review calls attention to the number of weekly papers that have closed in recent months. Says the Review:

"It is getting to be a common story. There is a shortage of printers; those who go into the business now-a-days do it for monetary returns; not for their health or because it is a proud profession—as has been the case in years past. As the old timers in the small shops die off, there is no one to take places and one by one the smaller papers are folding up. A paper salesman told us recently that he knows of at least eight such towns on his route where, when the present publishers can no longer do the work, the doors will be closed forever."

I can't help feeling a pang of regret when one of those envelopes comes back from the post office marked, "Out of Business." The weekly paper becomes so vital a part of our community life and does so much to bind people together and stir them to one common enterprise that few persons appreciate fully how great is the service it renders. Then one day the paper closes. Something seems to go out of the community. Soon the Commercial Club begins advertising for someone to "revive our weekly paper, with good community backing." I wish everybody would appreciate the value of the weekly paper to the community while it still is functioning and help support it.

UP GOES THE POWER OF EVERY BUICK-

Special Super and Roadmaster!

It's more than pride that makes a man want a lot of horsepower beneath the hood of the car he owns.

For the real point in reaching record horsepowers and compression ratios goes beyond miles per hour. *It steps up performance and economy in normal driving.*

That's what Buick engineers did when they upped the power and compression of each 1953 Buick—SPECIAL, SUPER and ROADMASTER—to the highest figures in Buick's fifty-year history.

In the SUPER and ROADMASTER, they put a new kind of V8 Engine—first passenger-car V8 with 8.5 to 1 compression, and a long list of other major engineering advances.

For the SPECIAL, they redesigned the F-263 Fireball 8 Engine—gave it shorter flame travel, faster firing, higher horsepower and compression.

And to these spirited engines they coupled the new Twin-Turbine Dynaflow Drive* that adds flash-fast, quiet getaway to utter smoothness.

Just to give you an example of what all this means: *The 1953 Buick SPECIAL with Dynaflow can beat the mighty 1952 ROADMASTER on getaway—can reach 30 mph (when the law allows) with a combined speed and jerk-free smoothness no other car can equal.*

Of course, there's far more to these new Buicks for 1953—some seven dozen *new* features alone.

But why not come in and see for yourself that these are the greatest Buicks—and the greatest values—in fifty great years?

**Standard on Roadmaster, optional at extra cost on other Series.*

The Co-op Rally Day held in Gully on Saturday was very well attended. Extra seats had been packed into the community hall and even then the "late-comers" couldn't even find standing room. Edvin Christianson, Pres. Minn. Farmers Union was the speaker and spoke on farm prices and farm business. Movies were shown and lunch served to the large crowd. Door prizes were given away. These were a pak of dry gas won by Jerry Carlson, 50-lb. bag of flour by Walter Handy of Trail, a carton of Penfel won by Floyd Berg, and a three gallon thermos jug won by Janice Sorby. The large turnout indicated we are fast becoming aware of the cloudy future for farmers, especially those who have sold cattle during the past week. The awareness will not help to relieve the situation. We need to get our letters written and sent to our leaders in Washington and St. Paul to let them know of our problems and that we depend on them for legislation to relieve us from the squeeze between dropping farm prices and rising cost of production.

Let us show you how good baled hay can be

The best way to judge hay quality is to examine it in the barn this time of year. Here are some things you will notice about rolled bales:

1. The hay is bright and green — just like it was baled.
2. Leaves are sealed inside the bale — almost no leaf loss during handling.
3. Bales that have been rained on are still good — they shed the showers.
4. Rolled bales handle without waste — won't buckle, break or fall apart.
5. Rolled bales are easy to feed — rolled out, cut open, or fed whole.

Let us show you why hay in rolled bales is winning blue ribbons for quality at leading shows. Your livestock needs the best.

BURNING HOLES THROUGH ROCK

THE SIX-INCH BLAST HOLE Clyde Helmer is pointing to was *burned* through this section of hard taconite rock. A jet-piercing machine, like a giant blow-torch, bores through more than 30 feet of rock an hour. Holes are then loaded with dynamite and the taconite blasted out—this section miraculously survived such a blast. With reserves of good ore decreasing, Minnesota's mining industry is doing everything it can to develop low-grade ore and taconite production. If successful, America will have an ore supply for generations to come—with increasing prosperity for Minnesota. A fair deal for Minnesota's iron mining industry means a good deal for you.

Taxes are Half the wholesale price of BEER

Do you know that taxes make up one-half the price of a barrel of beer delivered to the retailer?

On a barrel of 3.2 beer the Federal Excise Tax is $9.00 and the State Excise Tax is $1.10, making a total of $10.10; on strong beer the total Excise Taxes are $11.20. In addition, Minnesota's breweries pay real estate, personal property, unemployment, auto, truck, gasoline, income taxes, and license fees that bring the total taxes on all beer to approximately $11.60 per barrel.

Inasmuch as the average wholesale price of a barrel of 3.2 beer is $23.00, it is obvious that over half the price paid by your retailer is taxes.

Here is the common man's beverage carrying this load of taxes — and now there is talk of more beer taxes — of boosting the State Tax from $1.10 to $2.10 a barrel, or about a 100 per cent increase.

Minnesota is among the ten leading states in the production of beer. Other states encourage their brewing industries — for instance, in Wisconsin the State Excise Tax is only $1.00 per barrel, and in Missouri and California it is only 62 cents.

Is it wise to discourage Minnesota industry by increasing taxes? Is it fair to impose excessive taxes on beer, of which the lower and middle income groups are the greatest consumers?

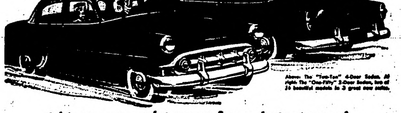
Again in 1953 . . .

Chevrolet is lowest priced!



Above: The "Two-Ten" 4-Door Sedan. At right: The "One-Fifty" 2-Door Sedan, two of 16 beautiful models in 3 great new series.

It brings you more new features, more fine-car advantages, more real quality for your money . . . and it's America's lowest-priced full-size car!

Farther ahead than ever in quality . . . yet the *lowest-priced* full-size car . . . with sharply greater economy of operation!

Imagine — the most *beautiful* car in its field, with new Fashion-First Bodies by Fisher that set the standard of styling, inside and out. The most *powerful* car in its field, with your choice of a new 115-h.p. "Blue-Flame" high-compression engine* or greatly improved 108-h.p. "Thrift-King" high-compression engine.

Yet, with all these new and exclusive advantages, there is *no increase* in Chevrolet prices, and it remains the *lowest-priced line* in its field!

Yes, indeed, only Chevrolet gives such excellence with such economy. Come in and prove it at your earliest convenience!

**Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on Bel Air and "Two-Ten" models at extra cost.*
